

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Aternative

Chapter 2634

The

four old people listened to tears.

The next morning, Christopher went to the company early and met with several other directors of the company for a morning meeting. After confirming the plan for the next month, Christopher took the morning plane to the north.

He didn't see Galia again.

He knew that as long as Galia was placed in Nancheng and handed over to Suzi, Suzi would definitely take good care of Galia.

Besides, Galia herself is someone who can take care of herself.

Christopher called Galia just before boarding the plane: "Galia, my brother has already left Nancheng by plane. You are fine, but I am waiting for you to pay me back."

At the other end, Galia was still Slightly surprised: "Brother Christopher, why did you leave in such a hurry?"

Christopher sighed: "I can't find my sister one day, so I don't worry about one day, so I can't delay."

"I understand Christopher. Brother Kuan, don't worry, I will definitely work hard, and I will never be too ambitious. You wait for my good news. I will pay you back 10,000 yuan if I earn 10,000 yuan. You have a smooth journey." Galia said on the phone.

Christopher said gently, "Goodbye."

After closing the line, Galia found a noodle restaurant to prepare some meals.

After arriving at the youth hostel last night, there happened to be a party in the hostel. She had no choice but to not participate. The party came at one or two o'clock at night, so that she woke up a little late in the morning.

It was nine o'clock in the morning before she had breakfast.

The breakfast is very simple, just five yuan a bowl of Yangchun noodles. She bought another pack of mustard greens herself, and she ate it with relish. While eating, she has been thinking about finding an Internet cafe and submitting her resume online. Haitou The kind, as long as someone wants her, as long as the salary is high, it doesn't matter if the work is dirty or tiring.

As for office work, she didn't even think about it.

After submitting hundreds of resumes, Galia glanced at her phone, and it was already past three o'clock in the afternoon.

Only then did I feel hungry again, with my hungry chest on my back.

Galia came out of the Internet cafe, bought the cheapest fast-food lunch on the street, and sat outside the youth hostel to eat with relish. After eating, she raised her head and was about to throw the lunch box into the trash when she saw two women standing in front of her.

"Fu, Mrs. Fu Shao, you...how did you find this place?" Galia was extremely surprised.

Suzi looked at Galia gently: "Galia, this is my friend Rayna, you can just call her Rong Rong, I used to have a good relationship with Rong Rong and that Galia, the three of us were so good that we wore a pair of Pants.

Rayna heard that another person named Galia came, she had to come with me to see you, do you mind?"

Galia shook her head: "No... I don't mind, How could I mind, you're all such noble people, I...how can I afford you to see me in person, I...I'd really be flattered."

Saying this After speaking, Galia was so nervous.

She didn't even know what to do next.

She never imagined that Brother Christopher's background was so big, and now she also fully understands why Christopher was so confident when he was in his hometown, and no one was afraid of it.

She also understood why Christopher would give out 50,000 yuan to support her at once.

However, now Galia is already very self-aware. She knows who she is. The kindness of others to you and their help to you cannot be the object of your dependence. Otherwise, one day, the person who helps you will also hate you.

After going through so much Galia, she still fully understands what dignity is.

What is the backbone.

That is, you have to live your own life!

"I, I'm sorry Mrs. Fu Shao, I just think..." Galia blushed and didn't know what to say, after a pause, she simply said bluntly: "I... I just want to rely on myself to find a stable job, I don't want to rely on you... I'm sorry."

Suzi and Rayna looked at each other and smiled.

After laughing, Suzi asked Galia gently: "Galia, would you like to hear a story about me?"

Chapter 2635

Galia looked at Suzi in a daze; "Mrs Fu, you, what story do you have?"

She was very puzzled.

The richest man in the country, such a pampered rich wife, wants to tell a story about the rich wife to a poor working man?

In her heart, Galia wanted to ask Suzi, is she going to tell the story of how she was promoted from a Cinderella to the first wife of Men Kuo in Nancheng?

To be honest, Galia didn't really want to hear it.

She will no longer fantasize about being a rich wife in this life.

Not to mention Mrs. Kuo, she is an ordinary white-collar man in a big city, and Galia would never imagine marrying him again.

Because I feel I am not good enough.

Moreover, I don't want to be forced anymore, I don't want to be vain for vanity.

Be down-to-earth, don't take too much psychological burden, and do it well. Remember that the website

might have finished paying off the money. When you return to your hometown, you can still find a second-married man. As long as the person is

honest, the couple can live a normal life and go out to work together to save money.

But Galia just didn't want to listen, so she had to listen.

Because the lady in front of her is a friend of Brother Christopher, and because such a noble lady can come to see her Galia, she has already given Galia a lot of face, so of course Galia has to listen.

She smiled humbly and said, "Okay."

"Let's go, take it to a cafe, let's drink and chat." Suzi said.

Galia nodded: "Well, thank you."

The three of them came to the nearby cafe, and after ordering coffee, Suzicai asked with a gentle smile, "Galia, isn't it strange, why did I take the initiative to tell you my story?"

Galia shook her head first.

Then he lowered his head and pursed his lips and took a sip of coffee to relieve his embarrassment.

She was wearing too dirty, the collar of her upper body was open, and she was washed white, and her hair was greasy and dirty.

One of the biggest benefits of living in a youth hostel is saving money.

The bed fee is only 40 yuan a day.

Since it is cheap, there are disadvantages. Bathing is the biggest trouble.

There is only one toilet in one corridor, and the bathing time is fixed. After she came to the youth hostel yesterday to pack herself up, she went to take a bath and it was too late for the open shower time.

Originally, I would have thought that everyone should stop despising her for being dirty and smelly.

Who knows the young girl with six beds in one room, everyone is dirty.

Only Galia came to Nancheng to find a job, and the other five girls were backpackers.

Several girls smiled cheerfully and said to Galia, "It's okay, we are all used to being dirty, and living in a youth hostel is already a good treatment. I haven't taken a bath for half a month. I

can rub off a thick layer of ash from my body.

It's nothing."

Hearing the girls say this, Galia was relieved.

Also, I feel a lot happier.

Yes, young people, it is to be informal.

But now, Galia was sitting in front of the two extremely delicate women on the opposite side. She felt that she stinks all over her body. She was really embarrassed to look up at people, so she could only hide her discomfort by drinking coffee.

But, after drinking this cup of coffee, she almost spit it out.

too bitter!

It was bitter, even more bitter than the traditional Chinese medicine boiled at home.

Chapter 2636

Mom!

Do rich people take money like this to find guilt?

Galia closed her mouth tightly.

"It's bitter, isn't it?" Rayna asked with a smile.

Galia nodded: "I'm sorry Mrs. Fu, Miss Min, I... It's not that I haven't drunk coffee, even the coffee I drank before can only be regarded as a coffee drink. The kind with a lot of sugar, like this kind of pure bitter coffee with nothing added, this is the first time I drank..."

Rayna smiled again: "Then you can taste the root of your tongue now, Is it still... bitter?"

When Galia was talking, she already felt it, why did she feel a little fragrance slowly seeping out from the base of her tongue?

Also...there's a hint of sweetness.

It's not the kind that is too stubborn, but it seems to be absent, which makes people aftertaste, but when you really go to the aftertaste, you can't catch it.

It feels so good.

It can make people... dizzy.

It will also make people change slowly and feel happy.

very nice.

Galia opened her eyes wide and looked at Rayna and Suzi: "This... what brand of coffee is this, why is it so delicious?"

Suzi smiled: "Do you think it's bitter first and then sweet? Is the sweetness in the back or the aftertaste?"

Galia nodded: "Hmm, yes."

Suzi let out a long sigh and said, "This coffee is called... cat shit."

Galia: "Ah..."

After a while, she wrinkled her face and asked, "What kind of coffee can be called so ugly... name, cat shit?"

Suzi smiled : "It's not that the barking is ugly, but this coffee is really cat shit. The cat... the shit pulled out."

Galia: "..."

She didn't know what to say. .

He could only look at Suzi with big eyes, waiting for Suzi's next words.

"This is really the shit of a cat. This kind of cat is a wild cat in Indonesia, called civet, and the coffee beans here are also Indonesian coffee beans. This kind of civet likes coffee. After eating coffee beans, there are Part of it is not digested in the stomach, and then excreted. The complete coffee beans are called cat feces coffee.

After the coffee beans are dissolved by the cat's gastric juice, they have a semi-fermented effect, and the taste and aftertaste are unexpectedly high. It 's better than the one without the cat's digestive tract.

It's just that this coffee has a very bitter taste.

You can only taste the indescribable long-lasting aroma after you can bear the bitterness at the beginning." Suzi looked at Galia very gently.

At this moment, Galia was very moved: "Mrs. Fu, I understand, you are trying to tell me that in fact, everything in this world is bitter and sweet, only after a certain amount of suffering, you can bear it, then It will usher in a bright future, right?"

Suzi nodded: "Well, yes."

"Thank you, young lady, I really appreciate you, it's just... this stink on me smell, and my greasy hair, my clothes are dirty, none of them, you... don't mind?" Galia was afraid that the stench on her body would penetrate Suzi and Min again. Poured nose went inside.

Suzi shook his head gently and said, "Galia, I used to be much more embarrassed than you are now. Not only do I smell bad, but I am like a group of big men, standing in the mud of the construction site and digging out the feces with others. What about the pool? My stench can't be removed for half a month."

Galia: "You...what are you talking about? You...the dignified Mrs. Fu Shaozong, you... ...Did the big dung?"

Suzi nodded flatly: "Not only did I dig out the big dung, I also worked as a construction worker moving bricks on the construction site, and I even swept the streets for people, and I did all the dirty and tiring work. I did.

Not only did such hard work.

I was also treated like a street rat by people in the whole city. Everyone was beaten up.

I also... made a fake resume, and I still have it to this day. He is a student who has no college degree and has only attended college for more than a year."

Galia's tears fell instantly: "The friend Christopher told me about was actually your wife?"

Chapter 2637

Suzi nodded: "It's me."

Galia: "Madam..."

Suzi smiled He said calmly: "Galia, when I was in that situation, compared to your experience, my situation was... I couldn't survive at all, so no matter where I went, people were chasing and fighting. Me.

I walked down the street with a snakeskin bag, people would recognize me as a scavenger girl.

I used to live on the run for five or six years. My biological father, my stepmother, and my stepsister, they I kept looking for someone to chase me down and chase me...

I could only carry bricks on the construction site to support the family.

I was still pregnant with a child.

At that time, before the child was a full month, I would go back to work again. Standing in the silt ground with those hard-working laborers against the mud wall."

Hearing Suzi say this, Galia burst into tears, sobbing hard: "Madam...you... What have you been through?"

Although Christopher had told her that he had a friend who also faked a degree, not only did he fake it, but he also went to sabotage other people's weddings.

As for the others, Christopher didn't say anything else.

Only at this moment did Galia know that the so charming and noble rich lady in front of her had also endured hell-like pain.

She just sat opposite Suzi and Rayna.

She looked at Suzi without blinking, and quietly listened to Suzi tell about her past life in the past thirty-five years.

From Suzi's birth, to Suzi's primary school, to Suzi's parents, to the abuse Suzi received when he was an exchange student when he was a teenager, and to Suzi's arrival at his biological father's house and being tortured by his biological parents. The father, the stepmother, and the stepsister, as well as the domestic helpers in the family look down on it.

and later incarceration.

The key point is that from the moment she met Arron for the first time until Arron came back, she made a fake resume to find a job, and helped the company solve problems many times during her work.

Etc., etc. " After

Suzi's story was told, Galia was so sad that she burst into tears.

After listening to the story, the coffee was cold.

Suzi's face always had a flat smile.

"Look at you, what are you crying for, my own Stories, my past experiences, I don't cry, why are you crying?" Suzi looked at Galia with a gentle smile.

Galia choked with a heavy nasal voice and said, "Sister Suzi..."

She couldn't help but stop calling Mrs. Chief Young Master.

She was calling Sister Suzi.

"Sister Suzi, I feel so sorry for you, so much, woo woo..." Galia only felt distressed, only distressed.

After calming down a little, she looked at Suzi with a smile: "Sister Suzi, this Now I have fully understood your intention.

You are using your story to tell me that in this world, it is not others who can defeat me, but myself.

You have been in such an embarrassing situation, and you have never surrendered to anyone.

And what makes me think you are most valuable is that you never thought about your own success, never clinging to the powerful, even if the person standing in front of you is President Fu, you still don't give him a second look.

Your arrogance is inherent in your bones.

You made me understand, people, only if you have pride, self-esteem and hard work, others will favor you.

Moreover, when you should be proud, you are very proud and never bow your head.
