I'm A Quadrillionaire chapter 721

"Amelia? Why are you here?" David asked suspiciously.

"David, I'm looking for you," Amelia replied.

"If you needed to see me, you could call me or send me a message. If you kept waiting here, what if I didn't come back?"

"It's okay, if you didn't come back, I'd just go back to campus," Amelia said with a smile. However, her smile was a bit bitter no matter how he looked at it.

"It's so late, it's not safe for you to go back alone, right?"

"There is a temporary police office next to this residential area where I can wait for a taxi and go back to campus."

David did not know what to say to her for a while, so he walked over and opened the door before saying, "Let's talk inside."

Amelia followed David into the house.

David poured a glass of water, handed it to Amelia, then sat on the leather sofa and asked, "Amelia, what do you want from me?"

"David, do you think I'm promiscuous?" Amelia asked.

"Why do you suddenly ask such a question?" "Because I think you've been avoiding me since you ran away in the middle of the night last time. Did my

initiative make you think I'm just a promiscuous woman?"

"No way! I'm really busy lately so that's why I rarely come back to campus."

"Being busy is just an excuse for you, I know you must think so in your heart, otherwise you wouldn't even be reluctant to text me. Although I used to hang out with rich kids like Leo and Jacob, I never let them take advantage of me. I'm still chaste, so please don't think of me like that, okay? I really like you," Amelia said suddenly with a sob.

David was at a loss for a while.

This chapter is provided by . Visit for daily update.

He had seen a lot of great upheavals and he had killed a lot of God Rank guardians.

However, when it came to women, he was really at a loss.

That was why he would always avoid them as much as he could.

The last time, something almost happened between him and Amelia.

Luckily, he was saved by his aunt.

If not, he would not have accepted Celia's confession. In his opinion, he needed to be responsible if something happened.

In the end, he tried his best to avoid interacting with Amelia. However, he did not think that she would come to him.

He just sent Ava away and now Amelia was here.

This was such a pain in the butt for him.

He did not have the qualifications to become a scumbag. How many men out there dreamed of having so many top-notch goddesses come to their door?

It stood to reason that after Sarah cheated on him, he should have a vengeful mentality.

He would just say yes without thinking when he encountered this kind of thing.

It was a pity that he had been cured by Celia.

This girl who had waited for him for so many years was the person he could not let down, matter what.

Therefore, he could only say sorry to all the other fish in the sea.

"Amelia, I really didn't think about it that way."

"Then tell me, what do you think of me?"

"You're excellent and gorgeous."

"Then why don't you like me? Even when I come to you, you want to run away. At South River University, I consider myself no worse than Luna and Ava," Amelia said, sobbing.

"Amelia, I already have a girlfriend, so please don't do this. We can be friends," David thought for a while and said.

“Impossible! You’re lying to me, right? I know you think I’m filthy, so that’s why you say that to enrage me and try to get me to give up, but I’m really not what you think! You can try if you don’t believe me.” Amelia stood up while crying. Then, she came over and hugged David.

“Amelia, calm down,” David said helplessly. “David, I can’t calm down. I like you and I want to give myself to you to prove that I’m clean. You ran away last time but this time, I won’t let you run away.”

After she finished speaking, she kissed David on the lips while he was caught off guard.

## I’m A Quadrillionaire chapter 722

I’m A Quadrillionaire chapter 722

David only felt a sweet fragrance wafting over his face.

Then, Amelia’s sweet red lips were pressed against his.

David felt a little lost.

‘Am... Am I being forcibly kissed?’

Before he could come back to his senses, his mouth was filled with sweetness.

At this time, Celia’s crying face suddenly appeared in David’s mind.

‘No!

This is not Celia!

‘No!

'I can't do anything to let her down!

'She is my official girlfriend.'

David came back to his senses and Amelia was still kissing him.

David shivered and Amelia suddenly flew backward before sitting on the ground.

Amelia, who had finally reacted, found herself sitting on the ground and cried loudly with a sharp pain in her buttocks.

"Boohoo!"

This chapter is provided by . Visit for daily update.

David was at a loss.

After a while...

He got up and went to squat next to Amelia before saying softly, "I'm sorry, Amelia." "Boohoo!"

What greeted him was Amelia's cries getting louder. Clearly, she was startled by David's sudden burst of energy.

"Amelia, you know I was dumped by Sarah last semester and I haven't recovered.

"Sarah and I have been together for four years and I've always been her errand boy. If she said she's hungry in the middle of the night, I'd buy food and send it to her dorm even if there was a storm.

"For her birthday, I bought the latest mobile phone for her with the money I made after working part time for three months.

"In the end, she dumped me because Leo was richer than me and was willing to buy bags for her and bring her to eight-star hotels.

"Our four-year relationship was nothing compared to a rich kid who was willing to spend money on her.

“She said she wanted to give me the most wonderful thing on our wedding day during those four years. Thus, I never touched her, but in the end, she slept with Leo after only a few days!

“Who understands the hurt in my heart? So can you please give me some time?” David was sincere when he said that. To be honest, it was just to comfort Amelia. If not, he did not know what else would happen:

tonight.

He felt that after he left this time, he should not go back to campus so often.

He could not afford to offend any of these women.

If they were his enemies, he would just kill them.

However, what should he do to these women who were badly crushing on him?

He could not use violence.

Thus, he could only comfort them and then think of a plan later.

Today he just joked with Ava saying that he had to protect himself outside as a man.

Now, he was forcibly kissed by Amelia.

### **I'm A Quadrillionaire chapter 723**

I'm A Quadrillionaire chapter 723

After hearing what David said, Amelia stopped crying and raised her head to reveal a delicate crying face. She looked at David and asked, “Really?”

“Of course, Amelia, you are very beautiful and bold. It’s not wrong to strive for your own happiness, but Sarah’s incident has hit me hard, so I’m not ready to accept my next relationship, please understand,” David pretended to be deep and answered.

He could only try to appease Amelia as best he could.

He did not even dare to tell her about Celia.

Otherwise, he was afraid that Amelia would do something extreme.

It was said that women in love had negative IQs and they were especially crazy.

David finally saw it today.

“Will you choose me when you get over it?” Amelia looked at David and asked seriously.

“Um... I don’t know either, because I am not in the mood to think about these issues yet, and I don’t know how long it will take me to accept the next relationship, Amelia. If you meet the right one, please don’t waste your time on me, okay? Because I can’t give you any promises, and it might end up in vain,” David advised.

“David, I will wait for you. No matter how long, I will still wait. I just hope you can give me a chance after forgetting Sarah. I will definitely cherish you because I will never meet a better person than you,”

Amelia said sincerely.

“Amelia... Why are you doing this? I’m not as good.” as you think. Otherwise, I wouldn’t have been dumped by Sarah,” David said with a wry smile.

“That’s because she’s stupid. You’ve done so much for her, and she doesn’t know how to cherish it, but I won’t be like her. I’m easily satisfied.”

“Get up first and we’ll talk about this later. Planning cannot overtake change. Now I am really not in the mood to think about it.”

David helped Amelia up. “Ah, it hurts!” Amelia screamed. Then, she stumbled. Her knees were weak and she almost fell, so she leaned her whole body on David.

This chapter is provided by . Visit for daily update.

David could only support Amelia and slowly move to the sofa.

“How are you? Where is the injury? Let me take a look. I have some knowledge of traditional medicine so I can treat some minor problems,” David asked apologetically.

Amelia was also the goddess in the hearts of many boys at South River University.

Although she took the initiative to kiss David and David was the victim, in the end, he still got some benefits out of this.

As a result, he even hurt Amelia with his burst of energy, so he felt a little apologetic. Fortunately, he knew about Somerland Ancient Traditional Medicine and this small injury should be nothing.

"I'm fine. It's... just a little pain in the buttocks. I might have hurt it when I fell on the floor after you pushed me," Amelia said softly with a blushing face.

David was speechless when he heard about Amelia's injury.

How was he going to treat this special part? He needed to use the needle treatment so he could not do it through clothes. However, if she took off her clothes, it would be even more inappropriate. "How about I take you to the hospital?" David said embarrassedly. "Don't you know some traditional medicine? Why should I go to the hospital? You can just treat me directly."

"This location of this injury is a bit special, so I'll just take you to the hospital."

"I don't want to go to the hospital. If a male doctor sees me, won't he be taking advantage of him? You should just treat me. I'm okay with you taking advantage of me."

"Amelia, we're still just friends, it will ruin your reputation if word got out. I can't do that," David shook his head and said.

"I'm not asking you to do anything. Right now, you are a doctor and I am a patient. Plus, you are just helping me treat my injuries. There are also male doctors in the obstetrics and gynecology department! What's the matter? I can't even walk now. How am I going to go to class tomorrow if you don't help me? Also, you're the one who hurt me so you're responsible for this," Amelia said angrily.

"But..."

David still wanted to say no.

However, he was interrupted by Amelia before he could finish his sentence.

"There's nothing wrong with it. If you don't help me, then send me back. I won't go to the hospital in any case."

"Fine, I'll help you take a look," David said helplessly.

This was not the first time he had examined a woman.

As a doctor, David slowly corrected his mentality.

“Then what should I do?” Amelia asked with a blushing face.

The tear streaks on her face were still there.

“Just lie on your stomach,” David said.

“Don’t I need to remove my pants?” Amelia asked, blushing “Let me see if it’s serious first.” “Alright then,” Amelia said in disappointment.

## I’m A Quadrillionaire chapter 724

I’m A Quadrillionaire chapter 724

David refused so sternly just now that she thought she needed to take off her pants.

Amelia lay down on the sofa.

She was clenching her teeth while moving.

She was genuinely in pain.

When she got pushed away by David, she felt like she was flying

Immediately afterward, she felt a sharp pain on her bottom.

The wooden floor was so hard, and one could imagine how she felt after falling from such a high place.

She cried so loudly just now partly because David rejected her, on the other hand, it was also caused by the severe pain in her buttocks.

A girl's tolerance for pain was very low.

"Alright," Amelia said, lying on her stomach.

The moment David put his hands on her to get ready to rub the injured area, Amelia let out a loud scream.

"Ah, it hurts!"

"Alright, I can't look at it and I can't even touch it. How am I going to treat it?"

With Amelia's consent, David lifted her clothes a little to reveal the injured part.

Then, he started the needle treatment.

This chapter is provided by . Visit for daily update.

Amelia was indeed injured.

Fortunately, her bones were undamaged.

Otherwise, it would be a little troublesome.

If her bones were injured, even if he was a genius doctor, it would take at least a week to heal. David started to promote blood circulation within Amelia.

As long as her bones were fine, this small problem could be described as a piece of cake for David, who had studied Somerland Ancient Traditional Medicine. Soon after, the redness and swelling dissipated.

David removed the needles and said after turning around, "It's done. See if you can walk."

Amelia's face was red. 'Huh? It doesn't hurt as much now!'

She stood up and took two steps.

Even though she was not completely healed, it was still much better than before.

Moreover, it did not affect her walking at all.

'How amazing!

'I didn't know that David knows medicine.'

"How is it?" David asked. "I'm cured! David, you're so amazing!" Amelia said happily. "It's good that you're fine. At the end of the day, I'm still the one to blame. I shouldn't have pushed you so hard and I'm responsible for causing the injury to you."

"I don't blame you. I... I'm also responsible."

David did not want to continue this topic, so he said, "Let me send you back."

"Alright," Amelia answered, feeling a little sad. She was happy just now, but now that David was so urgently sending her back, she immediately felt down.

David could see the changes in Amelia's emotions and his heart softened.

David could kill his enemies without hesitation, but when it came to his friends, he could not be so savage.

He figured that this was his weakness, but he could not change it in the short term.

## **I'm A Quadrillionaire chapter 725**

### **I'm A Quadrillionaire chapter 725**

I'm A Quadrillionaire chapter 725

"It's late, so why don't you stay here? The room you stayed in has not been occupied since the last time you came over," David said with a sigh.

"Okay," Amelia replied instantly.

Her sadness immediately changed into happiness. David had no choice but to sigh ruefully. A woman would change her mood as fast as turning a page.

She had a different mood every second.

“Then I’ll go up first, rest early,” David said and went upstairs.

Amelia looked at David’s leaving figure and did not turn around until he disappeared into the stairwell. Then, she stared at the night scene outside the window in a daze.

David went up to the upper floor of the loft.

He was going to take off his clothes and jump into the swimming pool to take a bath, but he only remembered when half of his clothes were off that he was not staying alone tonight.

Amelia was still down there!

It would be bad if she walked up and saw him.

Thus, David put his clothes back on again. After that, he walked back to the room, changed into a pair of tight shorts, and came out.

With that, he jumped into the pool.

The water in the swimming pool was changed every day, so there was no problem with the water quality, and it was also very clean.

After a few laps, David got up and rested on a chair by the pool.

This kind of life was something he could not even imagine before he got the system.

This chapter is provided by . Visit [for](#) daily update.

Endless wealth and countless stunning women around him.

Even though he already had Celia and he did not want to be a scumbag who would fall in love with every woman he laid eyes on, it still felt nice to be liked by beautiful women.

His strength had also reached peak God Rank, which put him at the top of the world.

It could also be said that he had reached the point where he could do whatever he wanted.

Now he only needed his mind power to break through, then raise it to the God level limit and reach the peak God Rank under the double limit.

When that happened, he would be truly standing at the top of the world.

At that time, even if all the peak God Rankers in the world joined forces, he would not be scared of them at all.

This was probably what all men dreamed of.

Yet, it had been realized by a poor student like him.

However, it would take 10 thousand lavish points for his mind power to break through and nine thousand

points to raise the mind power to peak God level.

A total of 19 thousand lavish points were required.

David turned on the system and looked at his lavish points.

He had reached 5247 points.

He believed that it would reach 10 thousand soon.

As long as his mind power reached God level, David felt that his strength would not be far from Mason.

'The future is promising!

David lay on the chair next to the pool and sighed as he looked at the stars in the night sky.

The roof of the pool was made from tempered glass so he could look up at the starry sky.

As expected of a house worth 400 million.

There was a reason why it was so expensive.

David looked at the gorgeous view in the sky and closed his eyes slowly. Then, he fell asleep.

Perhaps he was too tired during this period.

This was his first house, and this was where he felt most attached too.

He could only sleep soundly and have peace of mind when he was here.

While he was feeling groggy, David felt wetness and warmth on his lips.

He did not pay any attention to it. "Ah!"

A scream interrupted David's dream.

When he opened his eyes, he saw a delicate face in front of him.
