### Chapter 151 - You're Not Allowed To Kiss Me Anymore

Yun Xin Er had guessed that something like this would happen to her. However, because they have kissed before, Yun Xin Er didn't feel nervous. She even wished that Xiao Tian would kiss her immediately. Of course, Yun Xin Er didn't start it because she was too shy to kiss him. But because she wanted him to kiss her, Yun Xin Er gave him a sign by closing her eyes.

When Xiao Tian saw Yun Xin Er closing her eyes, he smiled and flicked her forehead. "Why are you closing your eyes? Are you thinking that I'm going to kiss you?"

Xiao Tian then stood up. Because he had succeeded in teasing her, a smile appeared on his face. Even though he also desired to kiss her, but because his primary purpose was to tease her, Xiao Tian decided not to kiss her.

Yun Xin Er immediately opened her eyes. She didn't expect that Xiao Tian would do this to her. Not only did he not kiss her, he even smiled happily. Because Xiao Tian only teased her and didn't kiss her either, a hint of disappointment could be seen in her eyes. But it was only appeared for a second before the expression on her face turned into a feeling of annoyance.

Yun Xin Er then got up and hit his chest. "Little brother, I hate you!"

"Hahaha" Xiao Tian laughed happily when he saw the expression on her face. But because he still hasn't satisfied, Xiao Tian wanted to tease her again. "Do you still want to take off my trousers?"

"Hmf! I will take off your trousers right here right now" because Yun Xin Er was still unhappy, she squatted down in front of him. Without thinking twice, Yun Xin Er unbuttoned his trousers and pulled them down.

Xiao Tian's eyes widened in disbelief. He had never thought that Yun Xin Er dared to take off his trousers. Earlier, he thought Yun Xin Er would run or hit his chest like she usually did. Because Xiao Tian was still in a state of shock, he didn't cover his underwear and only looked at Yun Xin Er. At this time, the distance between Yun Xin Er's face and his penis was only about ten centimeters.

Yun Xin Er, on the other hand, was shocked too. She found it hard to believe what she had done. Earlier, because she was unhappy, she unconsciously unbuttoned his trousers and pulled them down. Now that she saw his underwear, Yun Xin Er just realized what she had done.

And because Xiao Tian wore pretty tight underwear, Yun Xin Er was able to see the shape of his cock.

'What have I done! And this is the shape of his...'

When Yun Xin Er saw the shape of his penis, she couldn't help but gulp. And because she had never seen a cock before, Yun Xin Er looked at the shape of his penis for several seconds. Her eyes were locked on his underwear, and she was unable to take her eyes off his underwear as if his underwear had a magnet on it.

The longer she stared at the shape of his penis, the bigger her desire to touch it. Her heart suddenly started beating faster, and she unconsciously raised her right hand slightly as if she wanted to feel his cock.

Yun Xin Er suddenly realized that she had been staring at his underwear or, more precisely, at the shape of his cock for a while. She then raised her head to see his reaction. And when she noticed his shocked expression, Yun Xin Er's face turned red.

At this time, Yun Xin Er didn't know what she should say or do. Even though she always teased or seduced him and behaved as if she was an experienced lady, actually, she was still a virgin. For this reason, she acted strangely when she saw the shape of his cock.

"I...I will wait in your office" with a blushing face, Yun Xin Er walked out of the bedroom, leaving Xiao Tian alone. Yun Xin Er didn't know what she should do. That was why she chose to run away.

Xiao Tian came to his senses after hearing the sound of the door being closed by Yun Xin Er. But because he was only shocked, Xiao Tian immediately changed his clothes without thinking about it anymore.

'I didn't expect that she dared to pull down my trousers'

Because Xiao Tian was confident with the shape of his body and his little brother, he didn't mind it. He even planned to use the event that had just happened as material to tease her later.

After changing clothes, Xiao Tian looked at himself in the mirror. He was wearing a jacket, paired with a T-shirt underneath and matching black jeans; he looked so dazzling.

'Good! As expected of myself, I'm so handsome!'

After praising himself in his head, Xiao Tian walked out of his room and headed to his office.

When he was in front of his office, Xiao Tian opened the door and said, "Big sister Yun, let's go."

Yun Xin Er was stunned by this. Not only did he not tease her but he behaved as if nothing had happened to them. This was different from what she had thought earlier. But Yun Xin Er decided not to discuss that because she didn't want him to tease her again.

"Un" with a blushing face, Yun Xin Er rose from the couch and walked closer to him.

"Eh! Why are you blushing, big sister Yun?" even though Xiao Tian knew the reason, he pretended as if he knew nothing "Are you thinking something dirt-"

Before Xiao Tian had finished his words, Yun Xin Er covered his mouth with her hands, "Little brother, don't say anything, and let's just head to your car."

Yun Xin Er was happy earlier because he behaved as if nothing had happened to them. But when he wanted to tease her, she immediately tried her best to stop him. Yun Xin Er was still shy about what she had done to him earlier, and she didn't know how to respond if he teased her with the even that just happened.

"Alright" Xiao Tian decided not to tease her for now, but he would tease her again when the right moment came.

After arriving in the parking lot and entering his car, Xiao Tian said, "Big sister Yun, where do you want to go? Today, we will go wherever you want."

Because last night Xiao Tian tried to make his mother and aunt happy, he didn't have time to look for a romantic place. For this reason, he said that they would go wherever she wanted.

"Let's have breakfast first" In her view, rather than eating alone at home; it would be better to eat with him in a restaurant. That was why she didn't eat breakfast on purpose.

"I just had breakfa-. Wait, don't tell me you haven't had breakfast yet?" because Yun Xin Er came to his company early, he thought she already had breakfast. Xiao Tian held her hands, and his expression softened, "Sigh. I've told you to eat breakfast before working or going out. You're hurting your body, you know."

"That's why let's eat breakfast together. I'm hungry," Yun Xin Er was pleased when she saw his soft expression. Coupled with his loving voice, it made Yun Xin Er smile happily. Then she thought it was not a bad idea to come to his company with an empty stomach because she could see his caring attitude.

Yun Xin Er grabbed her hands and made a cute face, "Little brother, you will eat breakfast with me, right?"

Xiao Tian flicked her forehead and smiled beautifully. "Fine. I will eat breakfast with you."

Even though he had breakfast thirty minutes ago, but because today he wanted to make her happy, Xiao Tian decided to eat again.

A dazzling smile spread across her face after hearing his words. "Thank you. You are the best."

"So, where do you want to eat? At Autumn restaurant? At Bamboo restaurant? Or..." Xiao Tian spoke and paused for a second before he continued, "at Ha restaurant?"

When Yun Xin Er heard the words of Ha restaurant, suddenly a time when they kissed appeared on her mind. Yun Xin Er's face suddenly turned red.

Seeing this, Xiao Tian thought that it was the right time to tease her again, "Eh! Why are you blushing? Don't tell me; you remember what had just happened in the bedroom before?"

"You want to tease me again, huh?" Yun Xin Er pinched his nose with her right hand, "This big sister will punish you if you still want to tease this big sister again."

"Oh! Is that so? Then I will gladly accept the punishment. I don't mind being punished by a beautiful lady like you." Xiao Tian believed that she wouldn't punish him because she often said that she would punish him, but until now, it was only empty words.

"Oh! You want this big sister to punish you, huh? Fine" Yun Xin Er then grabbed his jacket and pulled her toward her until their nose almost touch again. However, when his face was so close to her face, Yun Xin Er suddenly forgot to punish her and only looked into his black eyes intently.

At this time, Xiao Tian didn't do anything because he wanted to know what she would do to him. And when he noticed that she only looked at him, Xiao Tian touched her cheeks and brought his face closer.

Once again, Yun Xin Er closed her eyes because she thought Xiao Tian wanted to kiss her.

"Pfff" Xiao Tian covered his mouth, trying to hold back his laughter. But after two seconds, he couldn't hold himself anymore, and he laughed, "Hahaha."

Upon hearing his laughter, Yun Xin Er opened her eyes. She was annoyed because this was the second time something like this had happened to her. "Little brother, you are not allowed to kiss me today!"

"So, I can kiss you again tomorrow" Xiao Tian was still laughing. Today, he succeeded in teasing her twice. For this reason, Xiao Tian couldn't stop laughing

"No! You're not allowed to kiss me anymore" Yun Xin Er found it hard to believe that he didn't kiss her again. Many men out there wanted to kiss her but didn't have the chance to do so, and here, when she wanted a kiss, not only did she not get it, but the person who she hoped would kiss her even laugh happily.

Xiao Tian then grabbed her waist and made her sit on his lap, "Here, you can kiss my cheeks as an apology."

"I don't want to" even though Yun Xin Er wanted to kiss him, but because he teased her two times, Yun Xin Er decided to reject it.

### **Chapter 152 - Stop It, Or I Will Punish You Again**

8-10 minutes

---

"Really? You don't want to kiss me? Not all women have a chance to kiss me, you know." Xiao Tian touched his right cheek with his left index finger, giving her a sign that she could kiss him. Usually, Yun Xin Er often acted as if she was the person most desired by everyone. For this reason, Xiao Tian wanted to use her ways to tease her.

"I don't want to" Yun Xin Er showed no reaction of rejection when Xiao Tian put her on his lap or when he embraced her with one arm. However, because she was still unhappy, she only crossed her arms over her chest.

Xiao Tian touched her chin and turned her face, "Are you sure?"

"I'm sure" this time, despite the distance between their faces so close, Yun Xin Er behaved normally. She didn't want to make the same mistakes again. However, Yun Xin Er did nothing when he turned her face.

Xiao Tian realized that he had gone too far in teasing her, so he had to stop it for now. Actually, he also desired to kiss her. For this reason, Xiao Tian rubbed her cherry lips with his left thumb.

Yun Xin Er let him do whatever he wanted and only looked into his black eyes. Yun Xin Er even did nothing when she saw his face getting closer to her face because she thought Xiao Tian wanted to tease her again.

Yun Xin Er didn't close her eyes like she did before because she had learned from her mistakes. But when she felt his lips on hers, she was a little happy and shocked at the same time. She had no idea that he would kiss her.

At this time, their eyes were locked while they also felt the softness of each other's lips. Three seconds after Xiao Tian pressed his lips against hers, Yun Xin Er slowly closed her eyes as if she wanted to feel the kiss and saved it in her mind. They were kissing for about six seconds before finally, Xiao Tian broke the kiss.

"Little brother..." Yun Xin Er wrapped her hands around his neck and leaned her head on his right shoulder. She was delighted because he finally kissed her. And not only that, but her voice also turned into a soft loving voice.

"What is it, big sister Yun?" Xiao Tian was thrilled after hearing her loving voice because it meant she was not angry anymore.

Yun Xin Er didn't answer him because she also had no idea why she suddenly called him. As she was leaning her head on his shoulders, Yun Xin Er was able to see the right side of his neck clearly. At first, she felt nothing, but after several seconds looking at his neck, she suddenly desired to kiss it.

With a little courage, Yun Xin Er brought her face closer and kissed the right side of his neck. When she pressed her lips on his neck, Yun Xin Er could feel the fragrance of his body getting more vigorous every time she breathed. For this reason, Yun Xin Er didn't separate her lips from his neck.

Her actions made Xiao Tian widen his eyes for a second. He had no idea that Yun Xin Er suddenly kissed his neck. And not only that, he could still feel her lips on the right side of his neck. But because this wasn't the first time a lady kissed his neck, Xiao Tian could behave normally again in a second.

"Eh! Why did you kiss my neck, big sister Yun?" Xiao Tian spoke and paused for a second before he continued, "Do you want to kiss me so badly? Hehehe"

"What? You want to tease this big sister again? It seems this big sister needs to punish you." Yun Xin Er separated her lips from his neck. Then, she kissed his right cheek for two seconds.

Xiao Tian was a little shocked by this. He didn't expect that the punishment was a kiss from her. "Oh! So, the punishment is a kiss. If so, then please punish me again."

Yun Xin Er pinched his nose and smiled happily, "I don't want to. Hehehe"

"If you don't want to punish me, then I will do this," because he wanted to be punished by Yun Xin Er, Xiao Tian squeezed her right breast. Even though he has four ladies, he could kiss whenever he wanted, but in his view, getting a kiss from a beautiful singer was not bad too.

"Ahhhh. Little brother, stop it. Kisses are the limit for us." Even though she told him to stop, Yun Xin Er did nothing to him. She thought that Xiao Tian would listen to her, but she was wrong because he kept squeezing her right breast. For this reason, Yun Xin Er let out a seductive moan.

Because he wanted Yun Xin Er to punish him, coupled with her not trying to stop him, Xiao Tian didn't stop what he was doing and enjoying the softness of her breasts.

Yun Xin Er's head fell on his right shoulder because Xiao Tian kept squeezing her breasts, "Little brother, stop it, or I will punish you again."

Upon hearing her words, Xiao Tian was delighted because he has achieved his goal. That was why he stopped squeezing her breasts. "Big sister Yun, I'm a bad person, so please punish me again."

"Eh! What is this? Earlier, you didn't kiss me when I gave you the chance twice, but now you want a kiss from me. Don't tell me, earlier you desired to kiss me too, but you just pretended you didn't want to kiss me." Yun Xin Er was happy because she finally got the right moment to tease him. Today, he kept teasing her until it made her unhappy because he always succeeded in teasing her. That was why when the opportunity to tease him arose, she didn't let it slide.

Xiao Tian didn't expect that she would say something like that. He suddenly felt like his action backfire him. But if she let her win easily, his real name wasn't Xiao Tian, no, what he meant was, his real name wasn't Huang Chen anymore. Xiao Tian suddenly thought for a counter-attack. "But didn't you suddenly close your eyes when we just stared at each other for a few seconds. Didn't that mean you wanted me to kiss you too? Oh! Don't forget the event that just happened just now where you kept kissing my neck for several seconds."

This time, it was Yun Xin Er turn to feel that she was teasing him in a wrong way. She wanted to deny it but what he said was the truth. Earlier she wanted him to kiss her until it made her unhappy because in the end he didn't kiss her. But of course, like Xiao Tian, Yun Xin Er didn't want to lose too. She tried to find an excuse or a way to counter-attack him.

"Ahhh...Little brother, kisses are the limit for us. Ah...." before Yun Xin Er found a way to tease him back; she felt Xiao Tian's hands squeezing her breasts again, making her unable to think anymore and only let out a moan of pleasure.

Because Yun Xin Er was leaning her head on his right shoulder, Xiao Tian could hear her moans clearly. Not only that, but he could also feel her breath on his neck.

'This is dangerous!'

Xiao Tian was worried that he couldn't hold back anymore. Even though he has a lot of experience with women but hearing the moan of a beautiful lady on his lap could still make him feel aroused. Xiao Tian believed that any man would feel the same.

Even though Xiao Tian could do more to her, but Xiao Tian decided not to do it because he knew that she was still not ready for it. That was why Xiao Tian decided to stop squeezing her breasts.

Yun Xin Er was still breathing heavily because the lust within her had almost taken over her body. Even though she had no idea why Xiao Tian suddenly stopped playing with her breasts, Yun Xin Er was happy because he finally listened to her words. But at the same time, Yun Xin Er suddenly felt the emptiness in her body.

Xiao Tian suddenly decided to make her face him. And when she was facing him, Xiao Tian could see a hint of lust in her eyes. But because she kept saying that kissing was the limit for them, Xiao Tian did nothing and only looked at her lustfully face.

"Little brother, you're a bad boy!" Yun Xin Er said while still breathing heavily

"Yes. I'm indeed a bad boy." Xiao Tian touched her cheeks and pulled her face to him. In a second, their lips met again.

This time, Yun Xin Er immediately closed her eyes, but when she felt that something soft was trying to enter her little mouth, Yun Xin Er was shocked and opened her eyes. Yun Xin Er had done a French kiss before, so she knew that it was his tongue.

Yun Xin Er wavered whether she should open her mouth or not. At this time, Yun Xin Er still hasn't opened her mouth and only looked into his black eyes. If she opened her mouth, this would be the first time for them to do a French kiss because usually they only kiss without using a tongue.

Because she was unable to decide whether to open her mouth or not, Yun Xin Er stopped the kiss. Once again, her eyes were locked on his black eyes as if she wanted to find an answer in his eyes, whether she should agree to do a French kiss with him or not.

### **Chapter 153 - Little Brother, I'm Hungry**

8-10 minutes

---

Xiao Tian wasn't disappointed when Yun Xin Er refused to do a passionate kiss. He only stroked her hair while locking his eyes on hers before finally, he kissed her forehead. Xiao Tian kissed her forehead for about two seconds before working his way down to her eyes, nose, and finally, his kiss landed on her beautiful pink lips again.

Yun Xin Er really liked what he was doing. The feeling of his lips pressing against her forehead, eyes, nose, and lips was something which she couldn't describe in words. She liked it, no, she loved it very much and wished that he would do something like this again in the future.

As his lips were pressing against hers, the desire to do a passionate kiss reappeared within him. For this reason, Xiao Tian tried to put his tongue in her mouth for the second time. And like before, Yun Xin Er didn't open her mouth and only looked at him.

But it only lasted for four seconds before Yun Xin Er finally opened her little mouth. Upon seeing the opportunity has arisen, Xiao Tian didn't wait for another second and immediately put his tongue into her mouth.

Xiao Tian thought Yun Xin Er would only stay quiet when he put his tongue into her mouth, but he was wrong because she immediately welcomed his kiss.

They began to kiss passionately, where their tongues were intertwined. Each of them didn't want to lose and tried to be dominant as if it was a kiss competition. Soon, saliva began dripping down from their mouths, and of course, they also drank each other's saliva.

It has been twenty seconds since they began to kiss passionately, but they showed no sign of stopping. And not only that, they even began to tilt their heads to the left and right repeatedly as if they were trying to make it more passionate.

As they were kissing, Xiao Tian hands wrapped around her waist. Xiao Tian suddenly desired to feel her two heavenly mountains and play with it again. With this in his mind, Xiao Tian raised his hands and landed it on her breasts.

Yun Xin Er was shocked by this, and it made her stop the kiss. Then, she stared at his hands, which were on her breasts, for about two seconds before looking at his face again. At this time, Yun Xin Er didn't tell him to stop and only looked at him before finally she brought her face closer to his face and kissed him again.

All she had in mind was wanting to kiss him again. Yun Xin Er loved kissing with Xiao Tian. Coupled with the scent of his mouth, which she really liked, made Yun Xin Er's desire to kiss him again and didn't want to end it.

Xiao Tian didn't expect that she would ignore it. He thought, Yun Xin Er would tell him to stop squeezing her breasts like she usually did, but not only did she not ask him to stop, she even kissed him hungrily again. Of course, Xiao Tian was delighted by this because he could feel and play with the breasts of a beautiful famous singer. Xiao Tian let her be dominant in a kiss because he wanted to play with her breasts.

While Yun Xin Er, on the other hand, busied herself by kissing him. But this didn't last long before she broke the kiss and started to moan.

"Hmmm," Yun Xin Er thought that she could still kiss him while he played with her breasts, but she was wrong because she felt as if electricity was flowing all over her body when Xiao Tian squeezed her breasts.

While Yun Xin Er was letting out a moan of pleasure, Xiao Tian, on the other hand, continued playing with her breasts while feeling the tenderness of her bosom too. This only lasted for several seconds before he stopped and looked into her eyes.

As if she understood what he wanted, Yun Xin Er opened her mouth and kissed him again. Once again, they kissed passionately. But because they both liked kissing passionately, this time, the kiss lasted longer than before.

They kissed for almost a minute before finally Yun Xin Er broke the kiss and leaned her head on his right shoulder. "Little brother, I'm hungry."

Even though Yun Xin Er would love to continue what they were doing, but because she was starving, she decided to stop the kiss. Yun Xin Er thought that the kiss could be delayed but not for breakfast because she was feeling ravenously hungry.

"Hungry?" his eyes suddenly shone because he found an exciting idea to tease her, "Why don't you eat me? Hehe"

"What? You want me to eat you? Fine," Yun Xin Er started to smirk. Then she raised the sleeve of his jacket to the elbow and bit his right hand.

"Ah! Big sister Yun, what I mean by eating me is not like this but the other meaning." Xiao Tian didn't expect that Yun Xin Er would bite his right hand. He thought Yun Xin Er would hit him because he believed Yun Xin Er understood what he meant by eating him.

"Eh! Didn't you say I can eat you? Now stay quiet and let me eat you" Yun Xin Er opened her mouth and was about to bite him again.

Seeing this, Xiao Tian immediately stopped her and said, "No, no, no, stop it. Let's find a restaurant right now,"

'Hehehe. I won.'

Yun Xin Er covered her mouth and smiled happily. An exciting idea suddenly appeared on her head. Yun Xin Er then touched his chin and looked at his lips. "Little brother, before we look for a restaurant, let me eat you one more time."

"Sure," Xiao Tian knew what she wanted to do. That was why he immediately agreed to her request.

In less than a second, Yun Xin Er kissed his lips again, but it was only for about two seconds before finally, she bit his lower lip a little hard. At this time, while biting his lips, her eyes were focused on his black eyes.

Xiao Tian had guessed that she would do something like this, but he let her do whatever she wanted because he found it exciting to see a beautiful lady desiring him more and more.

When Yun Xin Er noticed that Xiao Tian did nothing, she suddenly wanted to bite his lower lip harder, but she wavered whether she should do it or not. She was afraid that it would hurt him, but her desire to bite his lips harder grew bigger and bigger, causing her almost unable to hold back anymore.

Because she was unable to decide, Yun Xin Er stopped biting his lips and broke the kiss. While still looking at his eyes, Yun Xin Er touched his cheeks and pulled his face closer to her face until their noses almost meet.

As if Xiao Tian understood what she wanted, he nodded his head, giving her a sign that she could do whatever she wanted.

Seeing this, Yun Xin Er was thrilled. Without waiting for another second, she kissed his lips again, and she immediately bit his lower lip, but this time, she bit his lips harder than before.

Even though he felt a bit of pain in his lower lip, but Xiao Tian still did nothing. Today, although he still intended to tease her, he would let her do whatever she wanted. Xiao Tian only locked his hands around her waist. He loved to embrace her because the size of her body was perfect for him to hug.

After biting his lower lips for two seconds, Yun Xin Er stopped it. Then, Yun Xin Er touched his lower lip with her right hand. She wanted to know whether she hurt his lips or not. And when she saw that his lips were fine, Yun Xin Er smiled and kissed his forehead for about two seconds.

"Little brother, let's eat now" because earlier she wanted to bite his lower lip, Yun Xin Er forgot that she was starving. Now that she didn't bite his lips anymore, she just realized that the worms in her stomach were doing a concert.

"Big sister Yun, how about we buy food and bring it to the Rainbow Garden. I think it's better to eat at Rainbow Garden than at the restaurant" Xiao Tian thought that eating at Rainbow Garden was better because they could see the beautiful flowers while, of course, acting lovey-dovey again. "We can act lovey-dovey again at Rainbow Garden."

"What is this? You want to act lovey-dovey with this big sister again?" Yun Xin Er also thought that eating at Rainbow Garden was better. "Fine. Let's buy food and eat it at Rainbow Garden."

Xiao Tian touched her cheeks and gave her a peck on her lips as a reward for agreeing with his idea, "Good! Then, that settles it"

When Yun Xin Er saw his smile, her face blossomed into a smile, "Un."

"Big sister Yun, if you still sit on my lap, I won't be able to drive the car." even though Xiao Tian loved it when she sat on his lap, but driving in that position was dangerous. Not only for them but for other people too. That's why although Xiao Tian still wanted her to sit on his lap, but she needed to move for now. Of course, Xiao Tian wasn't disappointed because he could make her sit on his lap again at the Rainbow Garden.

"I will return to my seat," Yun Xin Er replied.

### **Chapter 154 - Do You Want To Hug Me Again?**

7-9 minutes

---

However, when Yun Xin Er was about to sit in the passenger seat, Xiao Tian embraced her tighter, making her unable to move her body, "What is this? Didn't you say that I need to return to my seat? Why are you hugging me tighter?"

"Let's kiss one more time before you sit in the passenger seat, or at least kiss my cheeks." Xiao Tian suddenly desired to kiss her for the last time before driving the car. He had no idea why he suddenly wanted to kiss her. Earlier, they had kissed a lot, but he suddenly felt that it wasn't enough. For this reason, Xiao Tian wanted a kiss again. He even planned to kiss her at Rainbow Garden.

"You want me to kiss you again? Didn't we kiss a lot just now?" Yun Xin Er covered her mouth and smiled. She was pleased when she knew that he desired a kiss from her again. That meant not only her who enjoyed the kiss, but him too. "Do you like kissing me? Or maybe you're already addicted to kissing me?"

"Yes. Kissing you feels so good. It was as if my mind were in the ninth cloud when I kissed you. The fragrance of your mouth and the tenderness of your lips makes me want to keep kissing you" even though Xiao Tian's words seemed like he was seducing her, but it was the truth. Xiao Tian loved kissing her. The feeling of her tender lips pressing against his lips made him want to kiss her again and again.

"I don't want to. Hehe" Yun Xin Er leaned her head on his right shoulder and made a circle on his chest. Even though she didn't mind kissing him, but if they kissed again, it would end in a long time just like earlier. Yun Xin Er was starving and she wanted to eat so badly. That was why even though she would love to kiss him again, she had to reject it. "Little brother, I'm starving."

"Alright. Let's buy food so that we can eat immediately" when Xiao Tian heard her voice; he knew that she was ravenously hungry. Xiao Tian didn't want to be a selfish person. For this reason, he pushed away his desire to kiss her.

Yun Xin Er was delighted when he immediately gave in. With a happy face, she gave him a soft peck on his right cheek before sitting in the passenger seat, "Let's go buy food."

Xiao Tian's face broke into a smile when he saw her happy face. Because he knew that she was starving, Xiao Tian immediately turned on the engine and drove away.

Along the way, Xiao Tian and Yun Xin Er were chatting, joking, and of course, teasing each other too. They decided to buy food in the center of Shanghai because there were many restaurants at the Shanghai Centre.

At that time, Xiao Tian and Yun Xin Er were thrilled. Not only that but they also often laughed together along the way. For this reason, without realizing it, they had reached the center of Shanghai. They immediately looked for a restaurant that has a variety of delicious food.

And after searching for about ten minutes, they finally decided to buy food at Fa restaurant. And like when they were in the Rainbow Garden, Yun Xin Er kept locking arms with Xiao Tian from the time she got out of Xiao Tian's car until they returned to his car.

Of course, Xiao Tian was pleased by this. He just didn't expect that Yun Xin Er would hook arms with him in front of people. She even ignored all the people who stared at her as if they were air.

After returning to Xiao Tian's car, they immediately went to the Rainbow Garden, and several minutes later, they arrived at Rainbow Garden.

With food and drinks on his right hand, Xiao Tian got out of the car. And like before, Yun Xin Er immediately hooked arms with him. Xiao Tian only smiled and let her do whatever she wanted. Then, with a smile on their faces, they looked for a place to eat.

After walking for about seven minutes, they finally decided to eat at the wooden building. The wooden building was around 3x3 meters, with wooden walls as high as half a meter. Coincidentally, there was no one in the building so that no one would disturb their time. Xiao Tian and Yun Xin Er immediately entered the building and sat on the floor.

Because the building was built for the purpose of resting only, there was no chair or table inside it, so they had no choice but to put the food and drinks on the floor. But because the janitors took care of the building well every day, the floor was clean, so they didn't mind putting the food and drinks on the floor.

Xiao Tian and Yun Xin Er began eating the food. At this time, they were like a couple who was in love. They were eating while joking, laughing, and of course, feeding each other too.

Yun Xin Er didn't feel shy when Xiao Tian fed her because it wasn't the first time he had done it. She even accepted it with a smile on her face. And not only that but Yun Xin Er also fed him without feeling shy as if it wasn't her first time to feed him.

By the time they finished eating, it suddenly rained heavily. After seeing this, a hint of disappointment could be seen on her face.

'It's pouring! Look like it will take a long time until the rain stops.'

Today, she wanted to go to many places with Xiao Tian, but because of the heavy rain, she believed that she couldn't go to all the places she wanted to visit.

When Xiao Tian saw disappointment on her face, he could only sigh because he was unable to do anything about it. But because he wanted to make her happy, Xiao Tian tried to think a way to make the atmosphere enjoyable for her.

Xiao Tian suddenly found an idea which he thought could make her happy. With his back leaned on the wooden wall, Xiao Tian said in a soft loving voice, "Big sister Yun, come here and sit in my embrace."

"Hehe. Little brother, do you want to hug me again? It seems like you really are addicted to my body. Earlier you desired to kiss me and now you want to hug me again. It looks like you can't live without me anymore." Yun Xin Er said as she giggled. But despite saying that, Yun Xin Er still approached him and sat in his embrace.

"Oh! This position is not bad too. How is it, little brother? Are you satisfied now that you can embrace a beautiful lady when it rains like this?" Yun Xin Er's face broke into a smile when he immediately wrapped his hands around her waist. Yun Xin Er really loved it when he embraced her like that.

Even though she couldn't go to all the places she had planned to visit, but in her view, it wasn't bad either it rained at this time.

"Of course. I'm sure many men also want to embrace you, but they can't do it. I like hugging you because the size of your body is perfect for me to embrace. I even want to hug you forever." When Xiao Tian noticed that Yun Xin Er was feeling cold, he took off his jacket and placed it on her body so that it could reduce the feeling of cold in her body.

Yun Xin Er was pleased by this. She didn't expect that he would put his jacket on her body. After realizing Xiao Tian cares about her well-being, a soft smile spread across her face. Then Yun Xin Er looked at him for two seconds before finally, she kissed his right cheek, "Thank you, little brother."

"My pleasure, beautiful" Xiao Tian kissed her cheeks too before leaning his head on her right shoulder.

"Hehehe" Yun Xin Er was pleased when he addressed her beautiful. Even though many men had called her beautiful before, but when she heard it from Xiao Tian's mouth, she didn't know why she loved it very much. "Little brother, call me beautiful again."

"Do you like spending time with me, beautiful?" Xiao Tian inquired

"Yes. I love spending time with you," Yun Xin Er replied as she nodded her head.

### **Chapter 155 - Beautiful Moment At Rainbow Garden**

8-9 minutes

---

After that, they began to talk about many things. Because they were enjoying their time together, they didn't realize that it had been two hours since they arrived at Rainbow Garden.

Of course, Yun Xin Er was still sitting on his embrace because she loved it when he embraced her while they were chatting about many things. At this time, it was still pouring, and it seemed that the rain wouldn't stop in about an hour or so.

"Little brother, I'm sleepy" because the atmosphere was perfect for sleeping, it made Yun Xin Er feel sleepy. But if she slept, Xiao Tian wouldn't have anyone to talk to. For this reason, she tried to stay awake, but the atmosphere still made her feel sleepy.

"You're sleepy?" when Xiao Tian knew that Yun Xin Er was sleepy, he made her sleep on the floor with her head rest on his lap. And because he didn't want her to feel cold, Xiao Tian covered her front body with his jacket. Then Xiao Tian stroked her hair gently and smiled lovingly, "Do you feel comfortable in this position? If so, you can sleep now if you are feeling sleepy."

"But if I sleep, you wil-" before Yun Xin Er had finished her words, she was interrupted by Xiao Tian.

"It's fine." Xiao Tian understood what she wanted to say. Xiao Tian didn't mind even if he has no one to talk to. For him, seeing Yun Xin Er sleeping in his lap was enough.

"Alright," Yun Xin Er then closed her eyes. With the atmosphere which was perfect for sleeping, coupled with Xiao Tian stroking her hair gently, it made Yun Xin Er sleep in less than five minutes.

Seeing this, Xiao Tian only smiled while still stroking her hair. He just didn't expect that Yun Xin Er would sleep this fast. Then, Xiao Tian took his smartphone out of his pocket and looked for a romantic place to have diner on the internet. After finding it, he put his smartphone back in his pocket.

An hour and a half had passed since Yun Xin Er slept, and Xiao Tian suddenly felt sleepy too. But Xiao Tian tried his best to stay awake. However, it only lasted for about fifteen minutes before he fell asleep.

Xiao Tian was only sleeping for about ten minutes before he suddenly awake. Xiao Tian then looked at Yun Xin Er to make sure that she didn't feel cold and slept in a comfortable position. After that, Xiao Tian dozed off again.

An hour after Xiao Tian nodded off, Yun Xin Er suddenly woke up. When she saw Xiao Tian was sleeping, Yun Xin Er's face broke into a soft smile. She didn't expect that because he didn't want to wake her, Xiao Tian decided to sleep while still sitting with his back leaning against the wooden wall.

'For my sake, he is sleeping in this position. He must feel uncomfortable.'

Yun Xin Er immediately sat next to him. With a smile on her face, Yun Xin Er made Xiao Tian sleep on the floor with his head on her lap. And like what Xiao Tian did to her, Yun Xin Er immediately stroked his hair and looked at him lovingly. Yun Xin Er also put his jacket on his body so that he didn't feel cold.

'What a handsome young man! I'm sure that even his sleeping face can still captivate any woman.'

Yun Xin Er suddenly remembered the moment when she first saw him. At that time, he was only a good-looking young man in her eyes, but now it was different. Yun Xin Er really enjoyed the time when she was with him and wished that they could still often spend time together now or in the future.

At this time, Xiao Tian was still sleeping deeply. He had no idea that Yun Xin Er was awake or that he was asleep on her lap. And from seeing his sleeping face, everybody could tell that he slept comfortably as if he had not slept for several days.

An hour had passed since Xiao Tian fell asleep. But Yun Xin Er was still stroking his hair while sometimes looking at him to make sure that he was sleeping in a comfortable position.

Two minutes later, Xiao Tian opened his eyes. Xiao Tian was surprised when he realized that his head was on Yun Xin Er's lap. Xiao Tian remembered that she slept on his lap before he dozed off.

"You're awake?" Yun Xin Er said while still stroking his hair. A dazzling smile appeared on her face when she looked at him.

"Un" because he loved the feeling of her hands stroking his hair gently, Xiao Tian didn't get up and continued leaning his head on her lap. "How long did I sleep?"

"About an hour" Yun Xin Er didn't mind when she knew that Xiao Tian was still placing his head on her lap because seeing his handsome face on her lap or stroking his hair while chatting made Yun Xin Er feel happy too.

When Xiao Tian noticed that it was still raining heavily, he immediately said, "Big sister Yun, it's still pouring down so we can't go anywhere right now. I also parked my car far from here, and I'm sure if we ran to my car, we would get wet before even reaching my car, so we have no choice but to wait until the rain stop."

Xiao Tian suddenly felt sorry for her. Yun Xin Er was looking forward to going to many places with him. She came to his company so early because of it. More first, she even told him all the places she had planned to visit with him today, but because the rain hasn't stopped, they were unable to visit all the places she wanted to visit.

"It's fine" even though everything wasn't like what she had planned, but she was still happy because, in her view, spending time with him in a wooden building while looking at the rain wasn't bad either.

Xiao Tian then sat next to her and made her sit on his lap before wrapping his hands around her waist, "From my point of view, spending time in this building is good too, and because we are the only one here, we can do anything we want. Hehe"

"Oh! It seems you have a dirty mind right now." Yun Xin Er pinched his right cheek before she leaned her head on his right shoulder. "Yes, you're right."

"Big sister Yun, how about we continue what we did in my car before. Because no one around us right now, we can do whatever we want. Do you know that kissing when it rains feel so good?" Xiao Tian was saying this half-serious and half-joking. If she agreed, it meant his luck was good, but if she refused, he wouldn't force her.

At this time, Yun Xin Er didn't hit his chest or tease him like she usually did. She kept leaning her head on his shoulders without saying a single word.

Xiao Tian was surprised by this. Because he had no idea whether she agreed with his opinion or not, Xiao Tian grabbed her head and kissed her lips. With this, Xiao Tian would know whether she agreed or not.

To his surprise, Yun Xin Er immediately welcomed the kiss. And not only that, she even tried to put her tongue in his mouth.

Her action made Xiao Tian widen his eyes for a second. Today was the first time for them to have a passionate kiss. At first, she even refused to do it, and now, not only did she not deny, but she also tried to put her tongue in his mouth, trying to have a French kiss with him. Because Xiao Tian didn't want to disappoint her, he opened his mouth and welcomed the kiss.

Without waiting for another second, Yun Xin Er put her tongue into his mouth and began looking for his tongue.

As soon as their tongues met, they intertwined their tongues lewdly, which made them exchange saliva and drank it with lustful faces.

Because Yun Xin Er had difficulty kissing him, she turned around to make her face him. Now that it was easier for her to kiss him, her kiss suddenly became more aggressive than before.

They were kissing passionately for several seconds before finally Yun Xin Er stopped the kiss and once again she leaned her head on his right shoulder while locking her hands around his neck.

Xiao Tian also wrapped his hands around her waist. They remained in that position for several seconds without saying a single word.

### **Chapter 156 - People Call Me A Devilishly Handsome Pervert**

9-12 minutes

---

At this time, Yun Xin Er wished that she was able to stop time so that she could embrace him forever. Because no one around them, Yun Xin Er kept embracing him. She showed no reaction of stopping even though it had been more than a minute since they hugged each other.

Even though Xiao Tian desired to have another kiss with her but because Yun Xin Er kept hugging him, he pushed that thought. Xiao Tian decided to keep embracing her until she stopped it.

Xiao Tian didn't mind Yun Xin Er wanting them to keep embracing each other because by hugging her, not only could he feel the warmth of her body in a cold atmosphere, but he was able to smell the fragrance of her body too, which made him feel as if he were not in a wooden building but under the cherry blossoms tree in autumn.

They kept hugging for about three minutes before finally, Yun Xin Er stopped it. Yun Xin Er immediately turned around and sat on his embrace again. Yun Xin Er then grabbed his hands and placed it around her waist.

Xiao Tian's face broke into a smile when she did this. He had no idea that she loved sitting in his embrace, but he didn't deny that he also liked it.

"Little brother, do you like spending time with me?" earlier when he asked her about this, she forgot to ask back, so she didn't know whether he liked being with her or not. But deep in her heart, she hoped that he would say he loved spending time with her.

"I love spending time with you, beautiful" of course Xiao Tian loved to spend time with her because not only was he able to embrace the famous beautiful singer, who was adored by many people and always appeared in the dreams of many men, but he could kiss her passionately too.

Xiao Tian believed that almost all men would die just to be in his position. Xiao Tian was also convinced that if he treated her lovingly, he could do more than French kiss. But, of course, Xiao Tian didn't tell the reasons why he loved spending time with her because he was sure if she knew the reasons, she would hate him later.

"Really?" when Yun Xin Er learned that he also loved spending time with her, a soft smile spread across her face. Coupled with him calling her beautiful again, made her mind in the cloud nine. Yun Xin Er even began to like being called beautiful by him. She was thrilled by this and decided that she would make today a special day for him so that he would never forget it until he died.

"Un. I'm so happy" Xiao Tian was relieved when he knew that she didn't ask the reasons why he loved spending time with her. Earlier, he had prepared a reason for her, but it seemed he didn't need to use it.

'It seems she likes being called beautiful. Should I call her beautiful from now on? But if I call her beautiful every time we talk, I'm afraid that it will not feel special anymore. Alright, I will still call her beautiful but only at some moment.'

In his past life, he also called his women with nicknames such as sexy, cutie, beautiful, or beauty. But what he had learned from his experience was not all women love being called with these nicknames every time they talked, even though some of them loved it.

And in his view, the word would lose its special meaning if he addressed Yun Xin Er beautiful every time they spoke.

Xiao Tian leaned his head on her left shoulder and said, "Big sister Yun, you're like a lucky star to me. Because you helped me in promoting my clothing design, my company is growing rapidly. And not only that, you even helped me find a place for my first offline shop. I feel fortunate to know you in this life."

When Xiao Tian said this, the words came out from the bottom of his heart. He really felt lucky for knowing her in his second life because of her help; he was able to become a successful person in a short span of time. And not only that, she even promised to help him in promoting his clothing design for next season on TV too.

'Should I buy something for her?'

Xiao Tian suddenly felt guilty for always taking advantage of her and wanted to give her something as thanks.

"Why are you suddenly silent? Are you thinking about dirty things again? Hehe" Yun Xin Er looked at him and smiled.

"Yes. I'm thinking about dirty things again. For example, like this." Xiao Tian then squeezed her breasts. Because she said that he was thinking about something dirty, he decided to do dirty things to her, like squeezing her breasts. However, Xiao Tian preferred not to call it dirty things but good things because Xiao Tian felt good when he was squeezing her breasts.

"Ahh," Yun Xin Er's cherry lips opened, letting out a seductive moan. "Little brother, kissing is the limit for us."

"It's your fault for saying that I have a dirty thought" Xiao Tian kept squeezing her breasts even though she wanted him to stop. As a punishment, Xiao Tian decided to squeeze her breasts for fifteen seconds, "I actually thought how to improve our relationship, but because you said that I have a dirty mind, I decide to punish you."

"Mm.... It's good if you think...mm.....about.....mm.....how to improve our relationship. I...mm...agree with that...mm..." when Yun Xin Er learned that he wanted to improve their relationship, she tried to tell him that she agreed and was happy with that. However, because Xiao Tian was squeezing her breasts, it took about twelve seconds for her to say it.

Yun Xin Er didn't expect that Xiao Tian dared to squeeze her breasts at that place. Luckily, at that time, no one around them. Even though her moans weren't loud, Yun Xin Er was relieved that heavy rain helped reduced her moans as well.

As fifteen seconds has passed, Xiao Tian stopped squeezing her breasts. Xiao Tian then realized that he shouldn't squeeze her breasts in public places. However, because no one around them, coupled with heavy rain, made Xiao Tian dare to squeeze her breasts. Now Xiao Tian was curious about what she would do to him after he squeezed her breasts in public a place.

"Bad boy! You shouldn't squeeze my breasts in public pla-"Yun Xin Er stopped and corrected her words, "I mean, you can't squeeze my breasts. Please remember that kissing is the limit for us."

Xiao Tian was stunned by this. Not only did she not angry, but she only told him that he couldn't squeeze her breasts. Xiao Tian smiled after hearing her words because he knew that even though she said he was not allowed to squeeze her breasts, but she never tried to stop him every time he squeezed her breasts.

But Xiao Tian would try his best not to squeeze her breasts in public places again because if the picture about it exposed to the public, it would destroy her carrier. And it wasn't only bad for her, but for him too because it could ruin his company's good reputation and he also believed that his harem would be in a mess.

Xiao Tian brought his face closer to her ears and whispered, "Alright. I will not squeeze your breasts in public places but..... Hehehe"

"What a pervert!" Even though Xiao Tian didn't finish his words, but Yun Xin Er understood that he would still squeeze her breasts if they were in private places or places with no one around it. For this reason, Yun Xin Er covered her breasts with her hands. "It seems I need to always on guard when I'm with you."

"I'm indeed a pervert. People call me a devilishly handsome pervert." Xiao Tian then placed both of his hands in hers. "But, you like a pervert like me, right?"

"No. I hate a pervert, and I also hateeeee you very much" when Yun Xin Er said this, she didn't mean it.

"What? So, all this time, you hate me." Xiao Tian then made a face as if he was about to cry. Of course, Xiao Tian knew that she was joking, but he still wanted to pretend that he was sad because of it.

Yun Xin Er patted his head and said, "Alright, don't cry. This big sister doesn't hate you anymore."

Of course, Yun Xin Er knew that Xiao Tian was pretending, but still, she was pleased after seeing the expression on his face. For this reason, Yun Xin Er decided to play along with him. Yun Xin Er was only surprised that Xiao Tian could behave like a child too.

She thought Xiao Tian was only a gentle, romantic, teaser, and caring person, but she was wrong because Xiao Tian has a childish side too. Yun Xin Er didn't hate this side of him because, for her, his childish behavior was cute, making her want to pinch his cheeks.

From her point of view, a man who has a lot of attitudes was interesting. Of course, as long as they knew when or how to use it.

"I won't stop crying until you kiss me" because Yun Xin Er chose to play along in his game, Xiao Tian decided to take advantage of her.

Yun Xin Er pinched his nose and smiled, "Oh! So, you pretended to cry because you wanted a kiss from me? Good move, little brother. But I won't kiss you. Hehe"

"Oh! If so, then I will kiss you" Xiao Tian then tilted his head to the left side and kissed her left cheek.

A beautiful smile appeared on her face when he was kissing her cheeks.

After kissing her, Xiao Tian's face broke into a smile.

"Little brother, you have kissed a famous singer, you know? Are you happy now?" Yun Xin Er didn't mind when Xiao Tian kissed her left cheek because they had done more than that. "You have kissed me a lot today, so what will you do to pay for this? Just for information, not everyone can kiss me, you know."

After hearing her words, the corner of Xiao Tian's lips twitched.

'Big sister Yun, you also kissed me earlier, but why are you acting as if I'm the only one kissing you? That's not fair, you know.'

Of course, Xiao Tian didn't say this because he decided to make her happy today. "I will do whatever you want today."

"Good!" Yun Xin Er smiled happily because she was satisfied with his answer.

## **Chapter 157 - I've Kissed Your Lips. Are You Happy Now?**

6-8 minutes

---

At this time, Yun Xin Er and Xiao Tian talked about many things again, and without realizing it, an hour had passed.

And because it was still raining, a hint of sadness could be seen on Yun Xin Er's face again. Even though Yun Xin Er loved spending time with Xiao Tian in the wooden building, but still, she wished the rain would stop soon so that she could spend time with Xiao Tian in other places as well.

Xiao Tian, who was seeing the sadness on her face, could only embrace her tighter. "Don't be sad, big sister Yun. If we can't go anywhere today, we can go to all the places you want to visit in the near future."

'It's already 2:20 pm, so it's normal if she is sad again.'

Because Xiao Tian wasn't God, he could do nothing with the rain. Xiao Tian only hoped that the sadness in her heart would disappear quickly.

"Really?" Yun Xin Er's mood suddenly became brighter. Earlier Yun Xin Er thought she wouldn't be able to spend the entire day with Xiao Tian again in the future.

But after hearing his words, Yun Xin Er smiled again and the sadness, which could be seen on her face earlier, immediately disappeared.

"Un. If today the rain doesn't stop until evening, in a few days we will spend all day together again" Xiao Tian was delighted when he saw her smiling face again. He also had no idea why the rain didn't stop from morning until afternoon.

With a smile still on her face, Yun Xin Er looked at Xiao Tian and said, "Hehe. Good! If you forget what you just said, this big sister will come to your company and bully you in front of your employees so that you will lose face."

Even though Yun Xin Er was threatening him, Xiao Tian still smiled softly and embraced her tighter. "Yes. You can do that if I forget my promise again."

Actually, Yun Xin Er didn't intend do that to him. She was only joking when she threatened him. Yun Xin Er knew that if she bullied him or did something like that in front of his employees, Xiao Tian would lose face.

Yun Xin Er understood that as a boss, Xiao Tian needed to maintain his good image but of course, she would still angry or bully him if he forgot what he just said. It's just that she would do that in a place where no one around it.

After thinking that Xiao Tian cared about her feeling, happiness appeared within her. She then grabbed his hands and removed it from her waist.

Xiao Tian didn't know why she suddenly removed his hands from her waist. He thought Yun Xin Er loved sitting on his embrace and being hugged by him at the same time. But to his surprise, the reason she removed Xiao Tian's hands was that she wanted to sit on his lap and leaned her head on his right shoulder again.

A slow smile spread across his face when she did that. Xiao Tian then hugged her in one arm and kissed her hair for two seconds. While his right hand embracing her, Xiao Tian left hand held her hands.

Yun Xin Er suddenly giggled when Xiao Tian kissed her hair and said, "Little brother, it seems you really like kissing me. Today, you have kissed my forehead, eyes, nose, cheeks, lips and just now you also kissed my hair. What will happen to you if I suddenly leave Shanghai and never return again? Hehe"

"Then I will be sad or maybe cry. And every day, I will look at the sky with a sense of sadness on my face while hoping that you will come back to me again." even though Xiao Tian didn't mean it, his expression

and voice matched his words as if he really loved her and would do something like he just said if she really left him. "That's why don't ever think about leaving me because you can ruin my life if you do that."

Yun Xin Er smiled at his mushy words, but she didn't deny that she loved hearing those words. Because his expression and his voice matched his words, Yun Xin Er had no idea that Xiao Tian's words didn't come from the bottom of his heart.

Yun Xin Er thought that Xiao Tian started to have a feeling for her. Coupled with his loving and caring attitude made Yun Xin Er even more sure that the seeds of love began to appear in his heart. "If so, then don't ever make me sad or make me leave you. Hehe"

"Did I ever make you sa-" Xiao Tian then realized that he made her sad and disappointed yesterday, so he corrected his words, "I will try my best not to do that."

"Good! This big sister is happy to hear that" after saying that, Yun Xin Er kissed the right side of his neck.

"Eh! Why did you kiss my neck, big sister Yun?" this wasn't the first time Yun Xin Er kissed his neck. Xiao Tian even wondered why she liked kissing his neck, but of course, Xiao Tian didn't hate it. "Do you really like kissing my neck? It's not fair for the other part of my body if you only kiss my neck. You should kiss my forehead, neck and lips too."

"I don't want to. Hehe." Yun Xin Er spoke and paused for a second before she continued, "And your neck is also a part of your body so treat it as if I kiss the other part of your body too."

Xiao Tian pinched her nose and said, "It's not same. The neck is the neck, so if you kiss my neck; I can't feel it on my forehead, cheeks or lips."

Yun Xin Er then touched his lips with her index and middle fingers, "Muah. Now, I've kissed your lips. Are you happy now? Hehe"

"Yes. I'm happy now" Xiao Tian didn't expect that Yun Xin Er would kiss him with her fingers, but instead of making him disappointed, her action made him happy and smile.

They were talking for about half an hour before what Yun Xin Er had hoped since morning finally happened.

Yun Xin Er's face blossomed into a smile when she noticed that the rain had stopped. Even though it was already 03:03 pm and she couldn't go to all the places she wanted to visit, but Yun Xin Er was still happy because with this, she was able to spend time with Xiao Tian in other sites as well.

Earlier, Yun Xin Er thought that the rain wouldn't stop until evening because they had waited for several hours for the rain to stop, but the rain showed no sign of stopping. For this reason, when the rain finally had stopped, a smile of happiness appeared on her face.

Even though she would love to keep sitting on his lap and hug him, but because she wanted to visit other places, Yun Xin Er rose from his lap and said, "Little brother, the rain has stopped. Let's go."

Xiao Tian stood up and took food wrappers "Un."

After throwing the food wrappers into a trash can, they headed to Xiao Tian's car.

## Chapter 158 - Shanghai River

7-8 minutes

---

Because it was already 03:03 pm and they were unable to go to all the places that Yun Xin Er wanted to visit, they decided to go to Shanghai River.

Shanghai River was a very famous and beautiful place, especially in the afternoon. It was a 120 kilometers long river with 500 wide and an average depth of ten meters.

Shanghai River also has clean water without any scattered rubbish, but you wouldn't find any food or beverage sellers there because the government didn't want the place to be soiled by food wrappers or leftovers.

Shanghai River wasn't only the biggest river in Shanghai, but it was also the river which separated Nanli district and Wanhui district.

In Shanghai city, there were three districts; Jiazu district, Nanli district, and Wanhui district.

Jiazu district was located in the west of Shanghai. The people who lived in the Jiazu district came from lower-class families with only a few middle-class families.

Xiao Xiao's home and his company, Ye Xueyin's coffee shop, Lin Xing Xue's house, Shi Fei's apartment, Yon restaurant, were also located in this district.

The Nanli district was located in the middle of Shanghai or better known as the center of Shanghai. This district was famous for its shopping centers and restaurants because many big malls, delicious and luxury restaurants, and others were located in this district, such as Autumn restaurant, Bamboo restaurant, Yuwen Mall, and many more.

Xiao Tian's offline shop, Couple Café, and Yonhan beach were also located in this Nanli district.

And Wanhui district was located in the east of Shanghai. This district was known as a special district because all of the upper-class families lived here.

After driving for several minutes, they finally arrived at the Shanghai River. With a smile on their faces, they came out of the car and marched toward the Shanghai River.

"As expected, this place is so popular. It's still 03:20 pm, and many people have come to this place" even though Yun Xin Er knew that many people would come to Shanghai River, she still wanted to visit it because Shanghai River was a good place for a date.

"Well, because this place is famous. Many people even said that if you go to Shanghai, but you don't visit the Shanghai River, that means you haven't gone to Shanghai." Xiao Tian didn't know why Yun Xin Er decided to visit the Shanghai River.

Even though it was a beautiful place, but because many people visit Shanghai River every day, Xiao Tian thought that it wasn't the best place for them to spend time together.

Actually, Xiao Tian preferred a place with fewer people because he believed in an area with fewer people; it would be more enjoyable for them to spend time together.

However, after seeing her happy face, Xiao Tian had no choice but to agree because he didn't want to make her sad by refusing it.

But still, Xiao Tian thought Yun Xin Er chose the wrong place. It wasn't because he didn't like Shanghai River or something like that, but it was because they were famous people. Xiao Tian guessed that soon, they would be surrounded by their fans.

"Little brother, do you like this place?" while holding both of his hands, Yun Xin Er was walking backward.

"Yes. I like this place." Even though Xiao Tian thought that it would be better to visit other places, but he didn't say it. "Big sister Yun, don't walk backward. It's dangerous. Not only for you but others as well."

"It's fine. You will protect me, right?" because it wasn't crowded, Yun Xin Er decided to keep walking backward. At this time, she wanted to continue looking at his face. That was why she kept walking back.

Xiao Tian could only sigh when he knew that she didn't want to listen to him. Xiao Tian only hoped that nothing would happen to her later.

And what Xiao Tian had guessed before was right because many people began to realize Yun Xin Er's whereabouts.

"Hey, isn't that Yun Xin Er?"

"Where?"

"Over there."

"Ah! You're right. it's the famous singer Yun Xin Er."

"Let's take a picture with her and get her autograph."

"Let's go."

Then several people walked toward Yun Xin Er and Xiao Tian. And not only that, but the people in other places also began to aware of her existence. For this reason, more people approached Yun Xin Er.

Yun Xin Er, who was smiling happily and enjoying her time with Xiao Tian, didn't know about this. But when she saw that many people walking toward her, Yun Xin Er knew that her wonderful time with Xiao Tian would get disturbed by her fans. For this reason, Yun Xin Er wanted to run, but she was late because her fans were already close to her.

Yun Xin Er had no choice but to give autographs to her fans and also take a picture with them. Yun Xin Er suddenly apprehended that she shouldn't choose a place with many people around it. But because she was late in realizing it, she only hoped that Xiao Tian would help her quickly.

Xiao Tian knew that she needed his help. Earlier, because Yun Xin Er's fans wanted to take a picture with her or get her autograph, Xiao Tian was pushed back by them.

But when Xiao Tian wanted to save Yun Xin Er, several women also noticed him. For this reason, he was also surrounded by them. Because Xiao Tian didn't want to be rude, he planned to take pictures with them three times or four times before helping Yun Xin Er escape from her fans.

When Yun Xin Er saw that Xiao Tian was surrounded by many women, a sense of jealousy could be seen on her face.

Yun Xin Er knew that Xiao Tian was a famous person too, but she didn't expect that all the people who surrounded him were female.

Today was a day for them to spend time together, not him with other women. For this reason, Yun Xin Er wanted to walk toward him and drag him to somewhere else. However, because her fans also surrounded her, she could only look at him.

After giving three autographs and taking pictures four times, Xiao Tian told his fans that they could get a signature or take a picture with him again in the future.

Xiao Tian then walked toward Yun Xin Er, and with great effort, he could take her hands and help her escape from her fans.

As they were running from their fans, Yun Xin Er's face broke into a smile. Even though she was jealous when he was surrounded by many women earlier, but when she saw Xiao Tian trying to help her, the feeling of jealousy turned into happiness.

At first, their fans ran after them, but because Xiao Tian and Yun Xin Er kept running, their fans finally gave up and stopped chasing them. When they saw that their fans didn't chase after them, they decided to stop running.

"Big sister Yun, let's find for a place with fewer people," Xiao Tian said.

"Un" Yun Xin Er nodded her head

Then they looked for a place with fewer people, hand in hand.

### **Chapter 159 - Do You Dare To Bet?**

7-9 minutes

---

While still walking hand in hand, they began chatting again. It had been seven minutes since they ran away from their fans, but they still haven't found a place that they thought was the best place for them to spend time together.

This time, because she didn't want her time with Xiao Tian to be disturbed by her fans again, Yun Xin Er put Xiao Tian's jacket on her head while also using some part of it to cover her lower face.

While covering her lower face with Xiao Tian's jacket, Yun Xin Er was able to smell the fragrance of his jacket.

'His jacket has the same scent as his body.'

Yun Xin Er suddenly remembered the time when she kissed his neck while also smelling the fragrance of his body. Yun Xin Er then glanced at his face before looking down to his right hand, which was holding her left hand.

Yun Xin Er suddenly felt happy and smiled beautifully, but because her mouth was covered by his jacket, Xiao Tian didn't know anything about this.

As if Xiao Tian had a sixth sense, he turned his head and looked at her. Even though Xiao Tian knew the reason why she put his jacket on her head while also covering her lower face with it, he pretended as if he knew nothing and teased her, "Big sister Yun, you seem to enjoy sniffing my jacket. Does my jacket smell nice?"

'Oh! Little brother, you decide to start teasing me again, huh? It seems you really love teasing me until it makes you want to tease me every time.'

Yun Xin Er then decided to play along with him and said. "Yes, you're right. Your jacket smells nice, but it doesn't smell as good as your body."

'Oh! It looks like she is back to being a teaser again. Because her teasing attitude has returned, this will be interesting.'

Xiao Tian suddenly stopped his footsteps and faced her, "If so, why don't you smell the fragrance of my body again right now?"

With several people around them, Xiao Tian guessed Yun Xin Er wouldn't dare to do that, but he was wrong because what she did next was beyond his expectations.

Yun Xin Er then stopped holding hands with Xiao Tian, and in less than a second, she grabbed his T-shirt and pulled him toward her, making the distance between their faces very close.

Without giving him a chance to tease her again or do something to her, Yun Xin Er covered their faces with his jacket and immediately kissed his lips. Yun Xin Er kissed his lips for about two seconds before finally, she broke the kiss.

Her sudden action surprised Xiao Tian for a second. Even though it was normal for lovers to kiss everywhere as long as they didn't do a passionate kiss, but Xiao Tian had never thought that she dared to kiss him.

Earlier, Xiao Tian planned to tease her again if she didn't dare to kiss him, but because she had already kissed him, Xiao Tian was at a loss for words.

"Are you surprised? Did you think I dare not kiss you in this place?" when Yun Xin Er saw his surprised face, a satisfying smile appeared on her face. "As I thought, smelling the scent of your body directly from its source is better than smelling your fragrance from your jacket."

"This is indeed beyond my expectation, but do you dare to kiss me without covering our faces with my jacket?" even though Yun Xin Er did surprise him with her braveness, but of course, Xiao Tian didn't stop trying to tease her.

Xiao Tian was happy with their conversation because not only could he tease her, but there was a possibility that he would get a kiss from her again.

"Do you dare to bet?" although Yun Xin Er had never kissed anyone in front of many people openly, if she were interested in the bet, she would agree to kiss him. "How is it? I'm game."

'Is she serious about this? Or...'

Because Xiao Tian thought that Yun Xin Er was only bluffing, Xiao Tian accepted it. "Fine. What do you want as a bet?"

Yun Xin Er touched her chin with her left hand and began to think something that could make her happy. Suddenly a mischief idea appeared on her mind. Thinking that Xiao Tian wouldn't dare to accept her opinion, Yun Xin Er smiled and whispered in his right ear, "How about you let this big sister see your naked body as a bet?"

Xiao Tian didn't expect that Yun Xin Er wanted to see his naked body as a bet, but because Xiao Tian wasn't a shy person, and he also confident in his body shape, Xiao Tian accepted it without thinking twice.

"Eh! I didn't know that you're a pervert, but I agree with it. If you dare to kiss me here, I will let you see my naked body. But what will you do if you don't dare to kiss me?" because Yun Xin Er wanted to see his naked body as a reward, Xiao Tian decided to ask for the same prize. "How about you let me see your naked body? With this, we will have the same prize if we win, so I think this will be a fair bet. Do you dare to accept it?"

Yun Xin Er suddenly began to think twice about the bet. Even though their relationship had gotten closer and they had done a lot of kisses, but to show her naked body to him was still an impossible thing for her.

Yun Xin Er wavered whether she should accept it or not. But when she saw the smile on his face as if he had won the bet, Yun Xin Er decided to accept it. "Fine. I accept it"

'Eh! She dares to accept it?! Does she dare to kiss me in this place?'

Xiao Tian thought Yun Xin Er would try to avoid it. Xiao Tian even decided that if she refused the bet, he wouldn't do anything to her. But to his surprise, she accepted the bet. This was different from what he had thought before.

After turning her head to the left and right, Yun Xin Er placed Xiao Tian's jacket on her shoulders. And when she was sure that no one looking at them, Yun Xin Er grabbed his T-shirt and pulled him closer to her again.

Because Yun Xin Er was afraid that the people around them would look at them later, she immediately gave a peck on his lips.

After kissing him in less than a second, Yun Xin Er smiled happily because she thought that she had won the bet.

And after putting his jacket on her head again, Yun Xin Er said, "Little brother, I've won the bet so I will wait for the reward. Hehe"

The corner of Xiao Tian's lips twitched when she said that she had won the bet. "Big sister Yun, I don't accept this. You only gave a peck on my lips, and it was even less than a second"

"But you never said that I couldn't kiss you in less than a second. You said that I only needed to kiss you, and I've kissed you just now, so I won the bet. Hehe," of course, Yun Xin Er didn't agree with his opinion because the bet was about whether she dare to kiss him or not.

Xiao Tian also never stated that she has to kiss him for several seconds to win the bet, so she thought it was his fault for not being clear about the bet.

Xiao Tian then realized that he didn't make everything clear and blamed himself for that.

"Don't tell me that you still don't accept the fact that you have lost the bet?" actually, Yun Xin Er never had the intention to see his naked body. She accepted the bet and kissed him because she didn't want to see him succeed in teasing her.

"Fine. I accept it and will keep my words" even though Yun Xin Er only kissed him in less than a second, but it was still counted as a kiss. Xiao Tian, as a man, would accept if he lost to someone.

When Yun Xin Er heard that he would keep his words, her face suddenly turned red. But because she covered her lower face with his jacket and immediately turned around, Xiao Tian didn't know anything about this. "Good! This big sister will wait for the reward."

## **Chapter 160 - Do You Want To Enjoy The Beautiful Scenery While Holding Hands?**

8-10 minutes

---

Xiao Tian then ran after her and stopped on her right side. "Big sister Yun, do you want to see my naked body today? I'm fine with it."

Because Yun Xin Er had chosen to behave as if she wanted to see him naked, she had no choice but to continue acting. "That would be great. I have kissed your forehead, cheeks, neck, lips, and I also have seen you in underwear, but I have never seen your naked body, so I want to see it."

"Don't tell me because you have seen me in underwear, and we did a lot of passionate kiss in my car and Rainbow Garden; you're still feeling aroused until now? And because of this, you want to see my naked body, right?"

Yun Xin Er suddenly stood in front of him again. Then, she rubbed his lips with her right hand and said, "Look like I need to punish your mouth by biting your lower lips again."

"Please do it" if the punishment were to bite his lower lips, Xiao Tian would gladly accept it because he was sure if she bit his lower lips, they would end up having a passionate kiss again. In his view, enduring a little pain meant nothing if the prize was to be able to do a French kiss with a beautiful famous singer.

Yun Xin Er grasped what was on his mind. That was why she pinched his right cheek before turning around and walk forward, "This big sister is young, pretty and famous. Do you think you can get a kiss from this big sister whenever you want? Hehe"

Xiao Tian ran after her again, but this time, he stopped in front of her. Without giving her a time to say anything, he grabbed her by the waist before finally, he carried her.

Yun Xin Er was startled by his sudden action and instantly grabbed his shoulders. While gazing at his face, Yun Xin Er beamed and said, "Bad boy, why did you often do something out of the blue?"

While carrying her, Xiao Tian turned around and marched forward, "But, you like it, right?"

"Well, being carried by you at a time like this is not bad too" Yun Xin Er wrapped her arms around his neck before finally, she leaned her head on his right shoulder.

Because Yun Xin Er believed that it was fine not to cover her face anymore, she took Xiao Tian's jacket, which was on her head, and held it with her right hand.

While looking at the people around her, Yun Xin Er, who was being carried by Xiao Tian, felt happy and suddenly a smile that could outshine a moon and stars appeared on her face.

"Why did you suddenly silent?" Xiao Tian thought Yun Xin Er would continue teasing him, but he was wrong.

"Nothing" earlier, Yun Xin Er had the intention to tease him again, but after he carried her and she felt the warmth of his body, Yun Xin Er decided to push that thought.

After walking for about seven minutes, Xiao Tian finally found the right place for them to spend time together. Then, Xiao Tian stepped toward the public seating and sat on it. "Big sister Yun, I think this area is a good place for us to spend time together because there are only a few people here. From the way they are behaving, it looks like all of them come to this place with their lover."

Even though they had found the place for them to spend time together, but Yun Xin Er still wrapped her arms around his neck and placed her head on his shoulders. And from seeing the happiness that radiated on her face, anyone could tell that she really loved what she was doing, and she also showed no sign of stopping.

At this time, Xiao Tian only smiled and immediately wrapped his arms around her waist. Even though Yun Xin Er remained in the same position, but Xiao Tian didn't mind it because it meant she felt comfortable when he was embracing her.

They remained in the same position for about five minutes before finally, Yun Xin Er stood up and walked toward the safety fence. "This place is really beautiful."

Xiao Tian then rose from the public seating and approached her. With a soft smile on his face, Xiao Tian hugged her from behind and said, "Yes, you're right. This place is indeed beautiful, but not as beautiful as you."

Yun Xin Er turned her head to look at him and said, "Really?"

Yun Xin Er thought Xiao Tian wanted to tease her again, but when she knew he was trying to seduce her, Yun Xin Er couldn't help but smile.

"Yes. Didn't I often say that you are beautiful? This is also the reason why I called you beautiful earlier." although Xiao Tian himself knew that he only said this when he wanted to tease her or take advantage of her, in his view, it still counted as he said that.

"I can't seem to remember it" Yun Xin Er pretended as if this was the first time Xiao Tian said that she was gorgeous. But when she remembered the time he called her beautiful, she suddenly wished that he would call her beautiful again.

Xiao Tian then grabbed her waist and turned her body around to make her face him. Then, He held her hands and said, "Then from now on, I will make sure that you will hear those words from my mouth every time we meet or communicate through our smartphones."

"Then I will remember your words." even though Yun Xin Er doubted that he would remember his words, but still, she was pleased by it.

"Don't worry because you will hear it every day, my beautiful lady" Xiao Tian replied

After hearing his words, a soft smile spread across her face.

Then, they talked about many things again. This time, they never teased each other and behaved as if they were lovers who came to Shanghai River to enjoy their time together.

Without realizing it, a few hours had passed, and finally, it was time for the sun setting. Yun Xin Er and Xiao Tian stopped speaking and looked at the sunset.

The beautiful place became more impressive when the sun cast its orange-colored rays down upon the clouds.

The gentle breeze that makes their hair dancing along with it, and the silhouettes of birds flying home across a sky, created a beautiful moment for both Xiao Tian and Yun Xin Er.

After looking at the stunning landscape in front of her eyes, Yun Xin Er's face blossomed into a smile. Because she was busy with her carrier, Yun Xin Er almost had no time to enjoy the beauty of nature like a sunset, sunrise, or many other things.

Of course, Xiao Tian also enjoyed it. Even though he liked spending time with women, but he also loved enjoying the beauty of nature because it could make his mind feel calm.

Because the scenery was so beautiful, Yun Xin Er kept looking at the orange-colored sky and sun. Suddenly Yun Xin Er wanted to take a picture with Xiao Tian so that she could remember the beautiful moment at the Shanghai River in the future.

Without waiting for another second, Yun Xin Er took her smartphone out of her pocket and said, "Little brother, let's take a picture."

Xiao Tian had no idea why she suddenly wanted to take a photo with him, but because he promised today he would do anything to make her happy, he smiled and nodded his head, "Alright."

After she positioned the camera phone at the right angle, Yun Xin Er locked arms with Xiao Tian. And when she thought that everything was perfect, Yun Xin Er took a selfie.

"The result is good." Yun Xin Er was satisfied when she saw the result.

The radiant smile on their faces while hooking arms, coupled with the beautiful scenery, made the picture look so perfect. And because Yun Xin Er was a gorgeous lady and Xiao Tian was also a good-looking young man, Yun Xin Er didn't need to edit the image to make it look better.

"Let me see it" Xiao Tian then looked at the picture, and after that, he nodded his head in satisfaction.

"Yes. the result is good."

After she was satisfied seeing the photo, Yun Xin Er put her smartphone back in her pocket. Because the sun was still setting, Yun Xin Er put her hands on the safety fence and continued looking at the beautiful scenery.

Seeing this, Xiao Tian stood next to her before finally, he took her left hand. Without waiting for another second, Xiao Tian unfurled his fingers and slipped it around hers until he could feel the heat of her palm pressed against his.

Yun Xin Er glanced at his hands and face for about two seconds before finally, she giggled and said, "Do you want to enjoy the beautiful scenery while holding hands?"

"Isn't something like this very romantic?" Xiao Tian spoke and paused for a second before he continued, "Don't all girls dream of seeing beautiful scenery while holding hands with the special person in their lives?"

Yun Xin Er didn't deny that she also loved it. For this reason, she pinched his right cheek while smiling. She was really happy spending time with Xiao Tian

And with that, they were tightly interlocking all of their fingers while looking at the beautiful sunset with a smile on their faces.
