I am a quadrillionaire chapter 2150-After he found a place to sit, David figured there should be no one around.

Then, he opened the system panel, found the option to exit The Spirit Cage, and selected it.

After a whirlwind, David opened his eyes and saw that he had already returned to the Iridescent Sect in Star Kingdom where he was living in seclusion.

Then, he found Celia and others and told them that he would go into seclusion for a while.

After that, he went back to The Spirit Cage.

He was still in the exact same position.

The successful shuttle caused David to lament the power of the system.

This completely changed the rules of The Spirit Cage.

Everyone who entered The Spirit Cage could only shuttle back and forth at the descending point.

On the contrary, David could leave anytime and anywhere. It showed that the system was above The Spirit Cage.

Not long after he came back, there was a knock on the door.

Knock knock knock!

David opened the door and Beanie was standing outside.

At this moment, Beanie's face was flushed, and she looked a little excited.

After discussing with the head of the Nacht family, they decided to sell the Beast Crystal for money.

Life in the real world for the Nacht family had been rough for a while.

If this Beast Crystal was sold, it could definitely help the Nacht family survive longer.

If they wanted to sell Beast Crystal, they should not do it in Nightingale City.

In other words, she would go to Sole with David to find a buyer.

She could stay with David for half a month, so of course, she was elated!

And this time, she only needed to find a few guards to escort the body of Silver Flood Dragon. She did not even need to consider the safety issues.

With David around, it would be very safe.

At the same time, she would have saved money on protection, killing two birds with one stone!

“Master David, sorry to keep you waiting,” Beanie said apologetically.

“It’s okay! What’s your decision?”

“Master David, you should just stay here for one night. I’ll go

get ready and head to Sole with you tomorrow morning, what do you think?” Beanie asked cautiously.

She was afraid that David would not be able to wait for a night and wanted to leave immediately.

“Okay, I’ll rest here for the night. Let’s go to Sole tomorrow.” David agreed without thinking.

It would be good to have someone lead the way.

Although it would be slower than him doing it alone, it would also be a good time to take this opportunity to learn more about The Spirit Cage from Beanie.

After all, adventurers were just people at the bottom, and their knowledge was limited.

No matter what, Beanie came from a small family that was not that weak.

Hence, she had to know more than the adventurers.

“Thank you! Thank you, Master David, thank you so much.” Beanie was very excited.

“Ms. Beanie, you’re welcome! When we get to Sole, I need your help too.”

“Don’t worry, Master David! When we get to Sole, I will definitely help you buy whatever you like.”

Beanie bade farewell to David with excitement and got ready to go.

It would take at least half a month to travel from Nightingale City to Sole in a carriage.

The food and clothing during that time needed to be considered.

Plus, Beanie would also need to select some guards to escort the goods.

Meanwhile, David returned to the courtyard to rest.

He was not going to spend the night here tonight.

Wouldn't it be better to go back to the real world to spend the night with Celia?

He could still make it back tomorrow morning.
