I am a quadrillionaire chapter 2166-At this time, the little girl stood up suddenly. She turned around to glare at Thor, stretched out her little hand, and pointed at him before saying, "You meanie!"

Thor's expression turned a little awkward after he was accused.

'You f\*cking stole my stuff but are calling me a meanie?

'Is there any justice in this world?'

"Brat, hand over all the things you stole and I'll let you go, or else I'll notify everyone. You will suffer if I do that," Thor threatened.

Even though the little girl in front of him caused him a lot of losses, he did not dare to go too far.

The same went for the rest of the trading street victims.

They injured the little girl without knowing the first time. In the end, she still managed to escape while being seriously injured.

However, it did not take long before she reappeared fully recovered.

Her young age, coupled with her unpredictable speed and terrifying recovery speed, showed everyone that this little girl was not that simple.

She might even be downright scary.

What if her parents came to avenge her after they hurt her?

The victims could not bear the other party's anger.

So, everyone could only keep a close eye on their own treasures, and at the same time, set a trap for her. However, they did not dare to go overboard with it.

They decided to wait for the little girl's family to show up and then they would ask for compensation.

"I didn't steal it! I just borrowed it, and I will repay you double in the future," the little girl said righteously.

"It's only borrowing if you have my consent. If you don't, that's stealing, got it"

"I don't care! I just know that my body needs these things, so I have to eat a lot of them!"

'You... You ate all the treasures you stole?' Thor felt his blood pressure rising.

"Yeah, they're so yucky too! But it's good for my body, so I have to eat it even if it's bad," the little girl said aggrievedly.

"Where's your family? Get them to come here right now!"

"I forgot," the little girl whispered.

"How did you come here then?"

"I forgot too!"

"What do you remember?"

"I just remember that I need to eat a lot of things," the little girl thought for a while and said.

Thor slapped himself on the forehead. He felt as if he was going crazy.

In truth, he wanted so badly to slap this little brat in front of him.

However, he dared not!

After the analysis of many victims of the trading street, the little girl probably came into The Spirit Cage by mistake, and she surely had Leila's top power standing behind her.

No one could beat or kill her under this kind of circumstance.

Hence, it seemed that there was really no other solution except to take care of their belongings.

Everyone could only hope that the little girl's family would find her one day, take her away, and at the same time compensate them for the treasures she stole.

David looked at the little girl in front of him.

He was also very curious as to who she was and how she became so powerful at such a young age.

The little girl's nose twitched suddenly, and she took two deep breaths. Then, with a relaxed expression on her little face, she turned to face David as if she smelled something she liked.

Then, she rushed over, hugged David's thigh tightly, and said with a look of enjoyment, "Sir, you smell so good!"

Meanwhile, David stood in place with a confused look on his face.

He knew that he was very popular with women, but he had not reached the point where he appealed to both the young and the old, right
