Married at First Sight Chapter 2296-In front of the woman he loved, Remy made no secret of his dislike of red, which was too dazzling.

When it came to red, the two people had different views. Elisa liked the dazzling red, but Remy hated it.

Elisa: "Then, I'll change it to another color later."

Remy looked at her, and then whispered a few words in her ear. Elisa blushed, but her eyes were full of anticipation, and said with a smile: "That's all right, you just keep it, I'll take care of it next time I will pay attention, I will not buy you red ones.

It would be even better if you were willing to show me wearing women's clothes once. You are so handsome, you must look good in women's clothes."

Remy immediately solemnly reminded her: "Elisa, I'm a man, how can a serious man wear women's clothing? I just want to be a husband with you, but I don't want to be a sister with you."

Elisa laughed, "It seems that none of you are willing to wear women's clothing."

Remy: "Serenity or Jasmine asked them to do?"

"It's impossible for Zachary and Josh to wear women's clothing." Elisa didn't answer directly. In fact, Serenity and Jasmine never said that to their men.

Elisa deliberately made fun of Remy on a whim.

Remy thought he was being compared, so he struggled and said: "I actually dress like a woman. When I was little, my mom was excited to have a daughter, but when I came along, I was a woman with handles. My mom said that she would treat me like a daughter. When I was just walking, my mother bullied me and would not resist. In summer, she would wear small skirts for me every day and grow my hair long. She really raised me as a daughter."

Elisa became interested and said with a smile: "I haven't heard you say this before."

Remy: "That's my embarrassing history, how dare I tell you about it."

Elisa: "How long have you been wearing a skirt? Does your family object?"

Remy said: "I'm young, so I'm sure I don't remember it, but my mother's album has a lot of photos of me wearing a princess dress and pigtails when I was a child. I thought I had an older sister or younger sister who was hidden by my mother.

I woke up and pestered my mother to ask for my sister and sister, my mother said it was my photo."

My brother also told me many things. He has a good memory and is a few years older than me, so he still has a vague impression.

"My brother said that I am a boy like him, don't wear skirts every day, don't grow long hair, and said that even if I wear princess dresses every day, I can't become a princess. Later, I refused to wear skirts, and my mother let me go."

Remy laughed at himself: "I think it's because my mother raised me as a daughter, which made me the most useless. Among my brothers, I was the one with the worst boxing skills. To be safe, I had to bring bodyguards with me when I went out."

His brothers only used bodyguards when they were showing off, but generally they didn't.

They could punch and kick, and they're all pretty good.

Unlike him, he could only defeat a gangster who had not learned boxing.

"Where are you useless? In my heart, you are a very good man. You have the worst boxing skills among brothers, and I don't know it at all. If you say that, wouldn't I be even more useless?" Elisa didn't like Remy saying he was useless.

She said confidently: "There are many people who can't martial arts, but there are very few people who know martial arts. Even if I don't know martial arts, others can't bully me."

It's fine if she didn't bully people.

Anyone who dared to bully her would be courting death!

Elisa: "You see Seren knows martial arts, but sister Liberty doesn't. You can't say that sister Liberty is useless, can you? Sister Liberty missed the time to learn martial arts and exercise, and she doesn't like it, Seren likes it."
