I am a quadrillionaire chapter 2309-“Lady Dream, this is Lord Blue of the Feather family. He came all the way to Star Kingdom from level 9 civilization just to find Mr. David. This is their matter, something we nobodies shouldn't get involved in, please call Mr. David out so they can resolve it themselves! By the way, I forgot to tell you, Lord Blue is a Divine Rank master,” Sid could not help but emphasize.

He was afraid that Nova would go against Blue's request, and knowing Blue's cruel personality, there was no guarantee that the man would spare Nova and everyone else in Iridescent Sect for disobeying him.

Nova felt her mind go blank after hearing what Sid had to say, and her complexion paled.

'This middle-aged man is from the Feather family? And he is a Divine Rank master? But how is that possible?'

David told her that it would be another three hundred years before the Feather family would arrive at Star Kingdom, yet it had only been a year since then.

'What do I do now?' Nova was frantic.

The Feather family had sent over a Divine Rank master when David was just a partial deity. He had no chance of winning this fight.

'No! I cannot call him out, he won't win!'

However, if David did not show himself, Blue had also sworn to destroy Iridescent Continent. By then, David would be forced out of seclusion.

'What do I do now?' Nova began to berate David in her mind.

She had told him to go into seclusion and cultivate to breakthrough to Divine Rank long ago, but the younger had refused to listen.

Time to time, he would even leave to visit his girlfriend.

Now, their enemy had arrived at their doorstep and the only thing Nova could do was pretend to agree and bring David over.

Once David had arrived, she would then tell him to be prepared to escape immediately.

Only with the element of surprise would David be able to flee from the hands of a Divine Rank master like Blue.

As long as David was still alive, there would be hope for Star Kingdom.

However, doing so also meant sacrificing many innocents, but that was the only option they had.

If David died, it would truly be over for the Star Kingdom.

The Feather family would give up on a level 7 civilization. Immediately, Nova made her decision.

“I see, so it’s Lord Blue from the Feather family. Mr. David is indeed in seclusion in our sect. Please wait for a moment

while I call Mr. David out, Lord Blue.”

“If he’s here, then have him out to meet me immediately before I will force him out myself. My time is precious, and I do not have the patience to wait,” Blue urged.

With the confirmation of David’s presence, Blue relaxed.

It did not matter what tricks David had up his sleeve, for Blue was confident that he would be able to deal with them.

The entirety of the Iridescent Continent was already under his control.

Now, Blue found himself curious about David, he wanted to know how this partial Diety managed to evade detection of his mind power.

“Of course, Lord Blue. Please wait, I’ll be right back,” Nova said before flying off towards where David was secluded.

Everyone else waited patiently.

Members of the Iridescent Sect looked at Blue with curiosity.

This man was a Deity, which made him more powerful than a Saint.

They knew that Mr. David had broken through the Saint Realm, but they wondered who was more powerful, Blue or Mr. David.

None of them were aware of how dangerous their current situation was.

Blue had just threatened to destroy Iridescent Continent, and with his power as a Deity, Blue could easily annihilate all life if he wanted.

Nova arrived where David had secluded himself and landed.
