I am a quadrillionaire chapter 2312-In the vast universe, there were many ruins and forbidden places.

Even a Deity like him dare not go to many of those places.

Although they were dangerous, they also had rich rewards.

Many who entered these places, but managed to escape narrowly, gained many benefits.

David was probably one of those.

So, he was very lucky.

Blue was very interested in David's secret techniques and his adventures.

It would be best if he could take those things for himself.

That was why he did not rush to make a move.

From Blue's point of view, as long as David was still a partial Deity, he would not be able to escape.

So, it would be fine for Blue to see him first and find out what he had to say.

If David could hand over his secrets, maybe Blue could save him some hardship and bring him back to the Feather family immediately so they could deal with him.

If he was unwilling, then he could not blame Blue for using special means.

However, Blue was enraged that David was ignoring him.

"Hmph! You punk, you can't even recognize others' good intentions. Since you're still so stubborn, then don't blame me!"

After Blue finished speaking, an energy that was exclusive to the Deities radiated from him.

Boom!

The entire Iridescent Continent shook as if it could not bear this huge force.

Even in a level 9 civilization like Leila, a Deity was not a nobody, but a major force.

Sid, Zenon, and the others immediately stopped and did not dare approach further. They could only watch from afar.

Just the energy emanating from a Deity made all the Sacred Saints despair.

Blue was simply not an existence that they could contend with.

“David, since you won’t come out, then I can only go in myself.”

Blue stretched out a finger and pressed it lightly against the ground.

The wind and cloud gathered in the air, and immediately, they formed a colossal finger that pressed down.

It was terrifyingly powerful.

A hurricane immediately appeared on the Iridescent Continent. Coupled with Blue’s imposing manner, it felt like the end of the world on the crumbling Iridescent Continent.

People living on the continent could only kneel and pray in horror.

Facing such a horrifying phenomenon, they could do nothing but pray.

Even Sid and the Sacred Saints in the distance felt a chill go straight to their heads when they saw the finger in the air that contained Divine Power.

Everyone understood that they had no hope of surviving this blow.

The attack launched by a Deity with divine power was not something a Saint could resist.

Only powerhouses with the same Divine Power could.

Even if David, a partial Deity survived this blow, he would still suffer.

Seeing Blue’s attack about to hit the ground, Sid wanted to help but was unable to.

So, he could only turn around and let out a long sigh.

“Sigh!”

He did not want to see what would happen next.

In the secret room, Nova was lying on the ground, unable to move. The pressure from a Deity was too strong and it was

difficult for her to breathe.

Feeling the growing pressure from above, she knew that Blue’s attack was about to come.

Maybe she would be crushed into a pile of minced meat in the next moment.

For Star Kingdom, for the creatures on the Iridescent Continent, for David and his girlfriends, and herself, Nova took a deep breath, and with her last remaining breath, she cried, “David, wake up! Celia, Selena, Pearl, and the others are all waiting for you! If you don’t wake up soon, it will be too late. Your girlfriends won’t be able to escape this and they are going to die here. Please, wake up!”

She knew that even if David woke up, he would not be able to resist Blue.

However, she still had a little bit of hope.

It would be better to die without knowing why.

David could always create miracles.

So, Nova put her last glimmer of hope on him.
