I am a quadrillionaire chapter 2321-Celeste also saw David crush Blue to death when she rushed over.

As an elder of the Iridescent Sect, she had long sensed that something important was happening here. Then she received news from the head of the sect, Nova.

After telling Celia and the others not to go out, she came here.

She saw Blue, a strange middle-aged man, arrogantly saying that he would trample all of Star Kingdom to force David to come out.

Just when Celeste was worried about David and was about to ask the disciples of the Iridescent Sect to find out what had happened to him, David appeared with unbelievable momentum and killed Blue in seconds.

The whole process was over quickly.

Seeing how Sid and other Saints could only stand aside just now, and the middle-aged man saying that he was from the Feather family, Celeste could guess Blue's identity.

She was also a senior in the Iridescent Sect, so she had talked to Nova about these things before.

Since she understood what was happening, she felt incredible.

'Is this the Eternal Realm boy I brought back from level 3 civilization in the Milky Way?'

'When did he grow to this?'

'I thought David was only a partial Deity, although that itself was shocking enough.'

'Who knew that was just the beginning?'

'The real surprise was yet to come.'

Celeste could not help wondering what kind of genius she had brought back.

'If I didn't bring David back, Star Kingdom be finished by now?

'In other words, I also have a share of the credit for allowing Star Kingdom to survive these two catastrophes.

'Otherwise, David might still be in that little level 3 civilization, the Milky Way!'

After David crushed Blue to death, the scene fell silent.

It was so quiet that one could hear a pin drop.

Everyone held their breath as all eyes fell on David.

"Don't worry, everyone! I, David Lidell, assure everyone that as long as I am here, no one will dare to come to Star Kingdom to make trouble. It doesn't matter if they're from a level 8 or 9 civilization because it will be the same. I will destroy whoever comes. You just need to live here with peace of mind and leave the other things to me. I, David Lidell, will definitely protect the safety of Star Kingdom and drive out anyone who dares to target Star Kingdom. They

will never dare to step foot into Star Kingdom." David looked around and solemnly promised.

The silence continued.

After about a few seconds, someone cried, "Master David is so mighty! I believe in Master David."

"I also believe that Master David can do what he says. He is the patron saint of Star Kingdom and he will protect us all."

"Master David! Master David!"

"Patron Saint! Patron Saint!"

All the female disciples of the Iridescent Sect showed crazy admiration in their eyes.

David smiled bitterly on the inside on seeing this.

This was the situation he disliked the most.

The madness in their eyes was like those ignorant young people on Earth pursuing their favorite stars.

David raised his hands and with a downward move, motioned everyone to stop.

As soon as he did that, everyone shut their mouths immediately and the scene became quiet again.

They were waiting for instructions from David.

“You don’t need to be so grateful! I am also a member of Star Kingdom and this is what I should do. As the saying goes, the greater the strength, the greater the responsibility. I also hope that everyone will train hard so that in the future, you can protect your homeland with your own hands. Any evil force that wants to invade Star Kingdom will be driven out by us, and I am looking forward to the day when I will fight side by side with you all.”

David’s words were not only for the people around him but also for the entire Star Kingdom.

He knew what happened here would soon spread throughout Star Kingdom as an encouragement to everyone.

After half an hour.

Inside the Iridescent Sect’s meeting hall.
