

## Chapter 1385 A Long Night

It was already evening. Brandon arrived punctually at the studio to fetch Janet from work.

The two enjoyed a romantic dinner at their usual rooftop restaurant before checking into the newly opened hotel.

When Janet opened the door, she was surprised to see the room filled with roses. "When did you book this? Why wasn't I aware?" she exclaimed.

Brandon held Janet in his arms and whispered alluringly into her ear, "Not knowing is part of the fun. Do you like your surprise? I purposely chose this place to relive our wedding night. What do you think?" 2

Janet's delicate cheeks slowly turned a bright shade of pink. Feeling shy under Brandon's intense gaze, she shifted her eyes away and murmured, "Yes. I... I like it very much."

Brandon felt desire raging in his heart as he looked at Janet's delicate and shy demeanor. He couldn't control his eagerness any longer.

Janet gasped as Brandon picked her up and threw her onto the massive soft bed.

Brandon ripped his tie off and exposed half his chest. He then pressed on the bed with Janet underneath him, his figure engulfing her completely.

"Brandon... I love you," Janet mumbled with her lips slightly parted, her soft voice filled with her love for him.

Brandon responded to her with an overwhelming kiss that left her breathless.

He trailed his hands eagerly from Janet's plump breasts down to her vagina. She was already wet.

Pushing her panties aside with his slender fingers, he went straight to her clit. He moved his fingers in and out, stirring up the most sensitive part inside her.

Brandon knew the exact spot to stimulate her as they had already done it many times.

"Ah..." Janet moaned uncontrollably while clutching the sheets tightly.

"Babe, relax," Brandon whispered hoarsely. Janet was already fully aroused when he sucked hard on

her perky nipples.

Brandon had expertly stimulated the two most sensitive spots on her body. Janet couldn't contain her pleasure and tensed up, nearly reaching her climax.

However, before she climaxed, Brandon stopped moving.

"Brandon..." Janet muttered in annoyance. She couldn't help wriggling her waist as if asking for more.

Janet was almost crazy with desire as she was forced to stop when she was just about to climax.

"Don't... Don't stop..." she pleaded as she hugged Brandon's head, bewitching him with her sweet and tender voice.

However, Brandon ignored her pleas. He slowly straightened up and smiled slyly at her. "Babe, help me unbutton my pants, and I'll give you what you want," he said in a deep and hoarse voice.

Desire had taken over Janet's senses. She obediently kneeled down and hastily undid his pants.

Brandon's pants gradually slipped down, revealing

his massive dick.

Janet bit her lip and tilted her head back, gazing at him lustfully as if she were longing for something.

Brandon smirked as he leaned down and held her slender legs, wrapping them around his waist.

He rubbed his hot dick against her wet clit, arousing a new wave of passion and desire.

"Come inside..." Janet said greedily as she hooked her arms around Brandon's neck, yearning for him to fill the emptiness inside her body.

Brandon did not hesitate any longer. He pushed Janet onto the bed and lifted her butt, thrusting his dick into her vagina.

He penetrated deep inside her, causing her insides to tense up and squeeze his hot dick.

Janet felt her body heating up and becoming more sensitive from the pleasure. She lifted her chin and cried out in pleasure with every thrust.

Brandon felt his desire growing when he heard Janet's moans. He pushed harder and harder, and soon, he penetrated all the way inside her.

Brandon's thick and firm dick pressed against her

deepest spot, filling Janet's body up instantly and bringing a mix of pleasure and pain.

Janet clung tightly to Brandon's neck, savoring each of his thrusts.

When Janet's body gradually relaxed a little, he thrust his hips again with all his might, penetrating her all the way again.

The last thrust sent an indescribable pleasure all over her body, causing her toes to curl and her body to tremble uncontrollably.

"You've climaxed? The night is long, and we're just getting started..." Brandon whispered hoarsely into Janet's ear as he continued to move in and out.
