Chapter 2479 Like The Back Of His Hand

Despite his irritation, Kai couldn't turn down a chance to see Arthur. Mr. Sanders told me he only had one month to live, and it's already nearly one month since then. I should see how he's doing!

Kai followed Xavier to the Department of Justice and into Arthur's office. Upon arriving, Xavier left tactfully.

"Have a seat," Arthur said when he saw Kai.

Kai sized Arthur up and noticed how healthy the latter looked. Mr. Sanders' aura seems stable, and he doesn't look sick. As a matter of fact, he doesn't look like he's dying!

"Mr. Sanders, you look very healthy. One month is almost up, no? That means you should be fine, right?" Kai asked.

"Who told you I would die of illness?" Arthur chuckled.

"Huh? How will you die, then? You're strong enough to defeat anyone in the mundane world. No one is capable of killing you, right?" Kai asked.

"Haha! Well, it's true that no one in the mundane world is capable of killing me. However, it's my fate. When the time comes, I'll meet my maker." Arthur laughed.

Kai was confused when he saw Arthur laughing. How can Mr. Sanders still laugh? Is he not afraid of dying?

"Mr. Sanders, since you already know when you're dying, why don't you defy your destiny? Can't you just stay put on that fateful day?" Kai questioned.

Arthur shook his head in response. "That's my destiny, though. If I don't die that day, chaos will be brought upon the world, and others will die. Sometimes, we should just accept our fate."

Kai was rendered speechless. I don't get it. Destiny? What did Mr. Sanders mean by that? Why will chaos be brought upon the world if he lives on?

I shouldn't let this miserable topic affect Kai's mood. Arthur quickly changed the topic when he saw Kai keeping mum.

"Have you just returned from Ethereal Realm?" Arthur asked.

Kai nodded and asked in disbelief, "How did you know I was in Ethereal Realm?"

"Haha! That's easy. Your body is filled with the aura from Ethereal Realm! Besides, you have the energy of a gold apatite in your body." Arthur laughed out loud.

Upon hearing that, Kai could only glance at Arthur in astonishment. Mr. Sanders is incredible! He was in the mundane world the entire time! No matter how strong he is, he shouldn't know so much about Ethereal Realm.

"Mr. Sanders, how do you know so much about Ethereal Realm? Also, do you know about the gold apatite as well?" Kai queried.

"I know Ethereal Realm like the back of my hand." Arthur flashed a faint smile.

Kai was stupefied when he heard those words.

"A-Are you from Ethereal Realm? If that's the case, why did you come to the mundane world?" Kai asked.

Arthur merely chuckled in response. Instead of answering Kai's question, he said, "Seven days later, the Spiritual Energy Restoration Formation will be activated, so you ought to be prepared. As of now, there are still certain things you shouldn't know about. When you become the strongest one day, perhaps you'll be able to see the things you can't see today."

Kai fell into deep thought when he heard those words. I feel like no matter how hard I work and how strong I get, I'll never be Mr. Sanders' match. In the end, I'll still need him to protect me. I've known him for a long time, but I still don't know who he really is. Heck, I don't even know if his name is real! It's as though Mr. Sanders is a familiar stranger. Nevertheless, I know he has been looking after me all this while.

After chatting with Arthur for a while more, Kai left the Department of Justice and returned to Deragon Sect.

Chapter 2480 Night Of Passion

The sky was already dark by the time Kai returned to Deragon Sect.

As a result, he was even more surprised when he saw Beatrice waiting for him at the door.

“Mom, why are you standing out here...” he uttered before promptly helping her back into her room.

“I was worried that you wouldn’t come home today... I’d disown you if that were the case!”

“Why wouldn’t I, Mom? I always keep my promises to you,” Kai reassured.

“That’s good to hear. Cecilia and the others are in the room next door, and they’ve already taken their baths. Everyone’s waiting for you,” Beatrice replied. “By the way, don’t even think about fooling me. I’ll be listening from here!”

Upon hearing that, Kai sighed helplessly. “Mom, I’ve been busy the entire day and haven’t even eaten anything. Could you at least let me have some food first? Otherwise, how would I have the energy?”

The next second, Cecilia strode into the room with a sumptuous dinner spread.

She was dressed in a s*xy outfit that exposed her snow-white skin, and it was clear from the water droplets clinging to her skin that she had just stepped out of the shower.

“I knew you’d say that! That’s why I already had dinner prepared for you,” Beatrice said smugly.

Cecilia set the dishes down and glanced at Kai. “Eat up. We’re all waiting for you...”

With that, she turned crimson with embarrassment and left.

Seeing Cecilia behaving so coyly drove Kai crazy with excitement. After all, he was just like any other hot-blooded male! He had merely suppressed his s*xual urges in the past because it didn't feel right to act on them when his mother was still stuck in a hellhole.

Now that he had rescued his mother, Kai could no longer control his inner desires. Besides, he had already gotten a taste of it with Feenix, so how could he not want more?

Perceptive as always, Beatrice noticed the way her son looked at Cecilia and smiled. As someone who had been there and done that, she knew very well what was running through the young man's mind.

"Go on. Eat up," she urged, "Don't keep the ladies waiting..."

Without further ado, Kai nodded and scarfed down the food before him.

Once he had his fill, Beatrice quickly led him into the adjacent room.

The room had clearly been redecorated to make it warm and cozy, and a handful of scantily-clad ladies sat inside waiting for Kai.

As soon as they saw the latter, the women blushed and fell silent. Even Lyanna, who was always boldly seducing Kai, didn't dare to look up at him then.

She often teased him in the past because she knew he'd never lay a finger on her, and that made her want to mess around with him even more.

Tonight, however, was different. No one was going to escape Kai's clutches, so Lyanna couldn't help but feel some trepidation. After all, she was still an innocent young lady!

After looking around the room, Kai spoke up. "I know you were all forced into this by my mother. We've never established formal relationships, and you won't be getting an official civil status, either... Therefore, I won't force you to do anything against your will. I'm sure you know what it's like to be with me. There will be countless dangers, and I'll be away from home for long periods. Feel free to leave now if you don't wish to spend the night with me. I won't blame you."

After hearing that, the women looked up and gazed fondly at Kai.

“Kai, we’re here on our own accord because we like you. We don’t care about getting an official civil status. All we want is to be with you,” Cecilia said firmly. “Let us be your women tonight...”

“Yes! We want to do this...” the other ladies chimed in.

Unable to suppress his burning desires any longer, Kai threw caution to the wind and made his move.

What followed soon after was a night of passion and an endless cacophony of moans and grunts.

When morning came around, the women were so exhausted and sore that no one could muster the strength to get out of bed...
