Married at First Sight Chapter 2359—“Miss Hunt, I came here today to apologize to you. I’m sorry, I’m really sorry. I will also come to the door to apologize to other people who were scared by me.”

Antonio had a plan to pursue Liberty, but he couldn’t just tell the truth after meeting.

So he used the apology as an excuse to drag other people along, lest Liberty would become suspicious and not accept his apology.

Liberty poured Antonio a glass of warm water, and she said, “Mr. Giles, I accept your apology. Mr. Giles, you can wake up and no longer be immersed in the pain of the past. I am also happy for you.

There is no fragrant grass anywhere in the world.”

Antonio smiled and said: “Yes, there are no fragrant grasses anywhere in the world, and they don’t belong to me. I can’t force them to come.”

Liberty didn’t take Antonio’s bouquet of flowers, she said: “Mr. Giles, your apology, I accept it, but I don’t accept this bouquet of flowers, please take this away.”

Antonio didn’t force himself, he withdrew his hand, and placed the bouquet on the desk.

He looked at Liberty, hesitated a little, and said, “Miss Hunt, besides apologizing to you, I have one more thing I want to ask you to help you with.”

“Please tell me, Mr. Giles.” Liberty didn’t agree to him or reject him, and wanted to know what kind of favor he asked her for.

“My girlfriend is with the boss’s son, so I not only lost my girlfriend, but also lost my job. Now I am unemployed, and my savings have been spent. In two months, even I can’t even pay the rent. I desperately need a job, but the son of my former boss said that if I can’t find a job in Wiltspoon, I will be in a mess, like a beggar, and then I will not be able to retaliate against him.

Who is going to take revenge on him? I admit that when I first learned about them, I was very sad. I thought about taking revenge on them. Later, I figured

it out. They are rich and I am just a part-time worker. How can I beat rich people.

I don't want to talk about revenge or not, but if that person threatened me, he took action. It really made me unable to find a job. It was because of multiple blows that I drank too much every day. Drunk, which scared a lot of people.

Ms. Hunt, I see that your restaurant business is very good. I don't know if you can arrange a job for me. I will work hard and never be lazy. The salary, I don't dare to ask for too much."

Antonio thought about going to work in a restaurant where All You Can Eat first, and then get a month if he comes to a place near the water.

"Miss Hunt, your younger sister is the eldest wife of the richest man's family. I work in your restaurant, and those people dare not do anything to me. Only then can I gain a foothold in Wiltspoon."

Antonio also confessed one of the reasons why he wanted to work in All You Can Eat Restaurant.

Other than wanting to get close to Liberty and pursuing Liberty, everything else he said was true.

Liberty said apologetically, "Mr. Giles, I'm sorry, I have invited enough people in the restaurant, and I don't need to invite any more for the time being. Mr. Giles, What kind of work did you do before? Let me see if I can introduce you to York Corporation or Stone Group."

The York Corporation was owned by her brother-in-law's family, and the Stone Group was owned by her aunt's family. As long as Antonio was capable, she would make an exception and cause trouble for her brother-in-law or cousin.

Hearing this, Antonio blushed embarrassingly. He said, "I'm just an ordinary worker with a little skill. I'm in the mold department. I'm a mold master, so I'm a skilled worker. I don't dare to want to join a big group."

Antonio was still self-aware.

A skilled worker like him was not suitable for the York Corporation.

Liberty: "Then, I really can't help you, Mr. Giles."

After Antonio was silent for a moment, he stood up, "Thank you, Miss Hunt, for the trouble."

Without waiting for Liberty to reply, he pulled back his chair and turned around, walking very fast, but in the blink of an eye, he had already disappeared from Liberty's sight.
