

Chapter 606

At that moment, all shackles and unhappiness vanished into thin air.

Luna was free, like a bird breaking out of its cage. From now on, she would soar freely like an eagle in the sky!

The Crestfalls stayed in the capital for the time being, Waiting for Andrius' verdict.

Meanwhile, Luna drew on all her connections, trying to help him get a reduced sentence.

However, Laurent was firm on a severe punishment for Andrius.

This made Luna very distressed.

“Luna, I think this news might be helpful to you. The reason why King Laurent and Princess Yule came to Florence is to find an exceptionally talented doctor at the Grand Medicinal Competition and bring them back to Bardan to treat Catherine, Laurent’s wife!”

After some twists and turns, Luna finally obtained a very useful piece of information.

“Thank you!”

Luna’s mind became active after hanging up the phone

Since King Laurent needed something, she still had a chance. As long as her performance at the Grand Medicinal Competition was impressive enough, there was a possibility of being King Laurent’s invitee.

This could turn things around for Andrius!

She had to work hard to improve her medical skills!

While Luna studied diligently, she also asked her grandmother about well-known doctors in the capital.”
Grandma, the Grand Medicinal Competition is approaching. I want to study more. Do you know any particularly famous doctors? I want to learn from them!”

She had to make an effort. This was the only way she could think of.

“A doctor...”

Luna immediately thought of Manson York.

However, after the incident last time, Manson held Andrius in high regard. If he were to teach Luna, he might talk about how good Andrius was. That would be counterproductive.

Thus, Jane did not mention Manson and only said, “Since it concerns your performance at the Grand Medicinal Competition, I’ll have Lester ask around.”

Meanwhile, Lester was having a great time in 'Paradise', a famous gambling den in the capital. It was also - a favorite spot for people who claimed to swear off drugs and gambling.

Lester enjoyed his drinks and listened to music while embracing beautiful women. He felt like he was living a life envied by all. It was comfortable and satisfying.

He was enjoying the most joyful moments of his life!

It was all thanks to Andrius. After his scandal with the princess, Jane's mood improved, and she doubled Lester's allowance. Naturally, he had to go enjoy himself!

The lady on his left groped him while saying coquettishly, "Lesty, did you strike the lottery lately? You called two of us at once. Can your body even keep up with us?"

Lester clicked his tongue and said confidently, "Fifi and Gigi, even if I added Trixie to the mix, I could still handle all three of you!"

A man had to handle everything!

Besides, Lester did indeed have money.

"Oh my..." Fifi giggled charmingly and playfully poked Lester's chest. "Lesty, are you still not satisfied when you already have us two? You want Trixie too?"

Trixie was the most popular lady in Paradise. She was a beauty with both talent and looks, and her charming soul could steal a man's soul. She was the dream lover of countless patrons at the club. Unfortunately, she did not sell herself.

Naturally, everyone knew that was just what was said on the surface. After all, who came to a club without the intention of engaging in physical business?

It was just a matter of doubling or tripling the money...

Lester understood this very well. Although he was still joking with the two escorts, there was disappointment in his eyes. "Trixie is drop-dead gorgeous. Who wouldn't want to have a look at her? Unfortunately, my pockets aren't deep enough..."

The two escorts saw his disappointment and exchanged glances.

Gigi blew into his ear and said sweetly, "Actually, there's a way for you to make big bucks. It just depends on your guts!"
