

An Understated Dominance Chapter 1141 - 1150

Chapter 1141

Watanabe Tenaki was surrounded by ninja masters. Their numbers were so large that even the strongest killer team in the shogunate had difficulty breaking through.

Even if Lu Chen is very powerful, he still can't kill everyone in one second.

“Stop talking nonsense! If you don't want your daughter to have an accident, come here and help!” Chase Lu urged.

“let me help you!”

Dong Yulan was the first to react and quickly ran forward and started to untie the rope.

The dragon-tying rope is so tightly wound that it cannot be broken with force, so it can only be untied in circles.

“one.....”

At this time, Watanabe Tianming gave his final voice and said with a ferocious smile:

“Since you won't put down your weapons, don't blame me for being cruel!”

After finishing speaking, he raised his knife and chopped at Murong Xue's arm.

“stop!”

Murong Cheng roared angrily, holding back the pain and rushed forward, but was quickly stopped by the ninjas of the Golden Crow Kingdom.

“call out!”

At the critical moment, a silver needle shot out and hit Watanabe Tenming's knife accurately.

“Qiang!”

There was only a sound of gold and iron colliding.

Watanabe Tenmei's knife was hit by the silver needle and flew out of his hand. After spinning twice in the air, it hit the ground with a clang and a ball of sparks shot out.

“who?!”

Watanabe Tianming was shocked and angry, and quickly shrank behind Murong Xue. At the same time, he waved his hand to let the ninjas stand in front of him to prevent him from being attacked.

“Watanabe Tenmei, your death has come. Kneel down and execute me. I will keep your body intact!”

Lu Chen slowly untied the loose dragon-tying rope and hid it close to his body.

This kind of treasure is something that can only be found but not sought. Maybe it will be used in the future.

“Oh it's you!”

Watanabe Tianming poked half of his head from Murong Xue's shoulder and said with a smile: “Mr. Lu, the Murong family has been targeting you for all kinds of reasons, but you still want to help them. What's the matter? If you join our Golden Crow Kingdom, I promise to make you prosperous. Wealth and honor are endless!”

“I'm not trying to help the Murong family, I just want to see you unhappy.”

Lu Chen said straightforwardly: “If the dogs of the Golden Crow Kingdom dare to run wild on the territory of the Dragon Kingdom, I will kill every one I see!”

“So, we don’t have to talk anymore?” Watanabe Tianming’s face darkened.

“If you die, we have to talk.”

As soon as he finished speaking, Lu Chen stepped forward suddenly, his whole body turned into a white light, and he rushed forward.

“Hurry and stop him!”

Watanabe Tianming was startled and yelled quickly.

“Ba Ga, Road!”

When the ninjas from the Golden Crow Nation saw it, they immediately raised their swords and struck at Bai Mang one after another.

“Bang, bang, bang...”

When the ninjas’ attacks hit the white light, they would be bounced away by a huge repulsive force.

No matter how many people there are, no matter what weapons, they can’t stop the impact of the white light.

Wherever the white light passed, the ninjas of the Golden Crow Kingdom were smashed to pieces and turned upside down.

There is no single enemy.

Seeing this scene, Watanabe Tianming was so frightened that his liver and gallbladder split, and his legs became weak.

“Wait! I have a hostage in my hands! If you dare to go forward again, I will break her neck!”

Watanabe Tianming reached out and grabbed Murong Xue’s throat, shouting crazily.

“Lu Chen! Stop it! Don’t hurt my daughter!” Murong Cheng shouted.

“The surname is Lu! If anything happens to Xue’er, you will die forever!” Liu Yannan and the others shouted repeatedly.

“call out!”

At this time, a silver needle suddenly shot out, flew close to Murong Xue’s ear, and hit Watanabe Tenming’s forehead accurately at a tricky angle.

Watanabe Tianming trembled all over, with a look of fear on his face.

The next second, his head “hit” and exploded on the spot like an exploding watermelon.

Chapter 1142

Looking at Watanabe Tenaki whose head exploded, the scene suddenly became silent.

Murong Cheng’s roar stopped abruptly.

Liu Yannan, Chu Jie and his party were also dumbfounded.

Everything happened so suddenly that they didn’t even react.

Watanabe Tianming had hostages as shields and a large number of ninja masters to protect him.

Under such circumstances, Lu Chen could actually kill with one strike, which was simply appalling!

“Boom!”

Watanabe Tenaki’s headless corpse collapsed.

Murong Xue, who looked confused, was grabbed by the shoulders by Lu Chen and thrown directly out of the encirclement, falling into the Murong family’s camp, thus resolving the crisis.

“Tianming!”

Looking at his grandson’s body, Watanabe’s face was distorted, and he suddenly became furious: “You bastard! How dare you kill my grandson? I will cut you into pieces! Kill him – kill him!”

Following his order, a large number of ninja masters immediately swarmed forward.

Various hidden weapons, poisonous darts, and shurikens were shot out continuously.

It was so densely packed that it was hard to guard against, just like a violent storm.

While the hidden weapons were being fired, the ninjas showed off their various methods. Some jumped high and dropped pieces of barbed wire, while others jumped out from the ground and launched a surprise attack.

For a time, Lu Chen seemed to be the target of public criticism and was surrounded by overwhelming siege.

“Hurry up and provide support! Kill all the ninjas of the Golden Crow Nation!” Murong Zhenguo immediately gave the order.

The killer squads carefully cultivated by the General Mansion were not to be outdone at this moment and rushed forward one after another.

Soon, the two sides broke out in melee again.

But this time, the situation is completely different.

The assassin team of the General’s Mansion was strong in itself, and with Lu Chen’s help, it became even more powerful. In a short time, they killed the ninjas of the Golden Crow Country and were defeated.

“Good! Good kill!”

Seeing this scene, everyone was in high spirits and excited.

“Ba Ga, Road!”

Watanabe Ou cursed angrily, and finally couldn’t bear it anymore. He stepped on his clogs suddenly, and his whole body turned into an afterimage and rushed directly into the battlefield.

His palms slapped continuously, as fast as lightning. Every time a palm was struck, a black-clothed killer was killed.

“presumptuous!”

Murong Zhenguo was angry. Just as he was about to step forward to help, his body suddenly trembled and he spurted out a mouthful of blood again. His whole body was shaking.

The injury was too serious, and now he has no strength to fight anymore.

“It’s broken! If we keep fighting like this, we’re probably going to lose!” Dong Yulan looked nervous.

Watanabe Yuo’s appearance completely turned the entire situation around.

“Watanabe Yuono is the sword master of the Golden Crow Kingdom. He is too powerful. Now that my father is seriously injured, no one can stop him. We can only avoid the edge for the time being.” Murong Cheng looked solemn.

“Temporarily avoid the edge? Are you saying... you want to give up the General’s Mansion?” Dong Yulan frowned.

“We can keep the green hills without worrying about having firewood. Only by saving our lives can we have a chance to make a comeback.”

Murong Cheng glanced around and whispered: “Call a few people and send father away quietly first. Be sure not to alert Watanabe Xiong.”

“With my father’s temper, I’m afraid he won’t be a deserter.” Dong Yulan shook his head.

“I don’t care what method you use, even if you knock him unconscious, you have to take him away!” Murong Cheng shouted.

He knew very well that as long as his father was fine, the General’s Mansion would be rebuilt soon.

“Okay, I’ll try.” Dong Yulan nodded and could only compromise.

“Wait! We’re leaving, what will Brother Lu Chen and the others do?” Murong Xue suddenly said.

Now on the battlefield ahead, Lu Chen is leading the crowd to fight, and the situation is precarious.

“They can’t care about so much anymore. They can just ask for their own blessings.”

Murong Cheng was very decisive.

“Dad! Brother Lu Chen is saving us. Isn’t it too much to just run away like this without us caring about him?” Murong Xue frowned.

“Silly girl! People who don’t care for themselves will be punished by heaven and earth. Now we can’t protect ourselves and can’t care about outsiders!” Murong Cheng was a little anxious.

Time is running out, if it continues like this, once Watanabe Xiong solves Lu Chen and others, it will be their turn.

“No! I can’t leave!”

Murong Xue shook her head again and again: “Brother Lu Chen just saved me, I can’t leave him alone and run for my life!”

“Confused!”

Murong Cheng was worried: “Lu Chen and the others can’t last long. If we don’t leave, we won’t be able to leave in a while!”

Chapter 1143

As he spoke, he grabbed Murong Xue’s wrist and pulled it out forcefully.

“No! I won’t leave! Let me go!”

Murong Xue began to struggle wildly.

She had already owed Lu Chen once and didn’t want to owe him a second time.

Otherwise, she would never be able to feel at ease in her life.

“Xue’er! Your dad is right, time is tight, let’s go quickly!”

“Yes, Xue’er! Human life is at stake, don’t be willful anymore!”

“Lu Chen will die if he dies, as long as we can save our lives, it will be an honor for him to sacrifice for the General’s Mansion!”

At this time, Chu Jie and Liu Yannan also began to persuade him.

If Lu Chen’s life could be exchanged for their safety, it would be a huge bargain.

“If you want to leave, you go, I won’t leave anyway!” Murong Xue did not listen to the advice at all.

“Asshole!”

Murong Cheng became angry and slapped his daughter directly, scolding: “You can’t be willful now! You must listen to me today! Someone! Drag her away!”

Murong Xue was stunned and covered her face at a loss.

Chu Jie and Liu Yannan looked at each other, then took Murong Xue’s arm and dragged her out.

At this moment, it is in ruins.

The two forces continued to fight, and both sides suffered heavy losses.

Bodies fell one by one, and the battle was very tragic.

“Get out of the way! You are no match for him, let me deal with him!”

Seeing the assassin team of the General’s Mansion brave and fighting without fear of death, Lu Chen couldn’t help but feel a little moved and quickly stopped him.

Although the people in the Shogun’s Mansion are all innate masters, they still have no ability to resist against a martial arts master like Watanabe Yuu.

However, due to the melee between the two sides, he was unable to unleash his true strength, otherwise it would be easy to accidentally kill him.

So let’s just let the people in the General’s Mansion disperse, so that they won’t be tempted.

“You guys also stand down! I’m going to kill this kid with my own hands!”

Watanabe Yuichi waved his hand, and the ninjas of the Golden Crow Kingdom dispersed.

Soon, the original melee turned into a duel between the two.

“Is that guy Lu Chen crazy? He actually dares to challenge Watanabe Yuu in a duel? Is he because he doesn’t want to die fast enough?”

Liu Yannan looked back with a strange expression.

“Hmph! You are really overestimating your abilities! Watanabe Xiong is one of the top ten swordsmen of the Golden Crow Kingdom, and his strength has already reached its

peak. If Lu Chen wants to challenge Watanabe Xiong, he will undoubtedly be a moth to the flame!”

Chu Jie shook his head, looking like an idiot.

“This kid is so stupid! In the melee just now, Watanabe Yui threw himself into a trap and didn’t dare to use his full strength. Now that he is without restraints, he is even more powerful. He may not be able to withstand a single move!” Murong Cheng looked annoyed.

Obviously it can last longer, but I just like to be a hero.

Once killed, their hope of escape will be greatly reduced.

“You bastard! You killed my grandson and ruined my good deeds. Today I will skin you and cramp you!”

Watanabe Yuo slowly pulled out the sword from his waist, with murderous intent in his eyes.

The lion fights the rabbit with all his strength, even if the opponent is very young, he will not hold back at all.

“Old thief Watanabe! You shouldn’t have come to the Dragon Kingdom to run wild, and you shouldn’t have been encountered by me. Today, I will use your head to pay tribute to the many heroic souls of the General’s Mansion!” Lu Chen Leng spoke loudly.

“Bagayalu! Go to hell!”

Watanabe was furious, kicked his wooden clogs, and suddenly jumped up, holding up the Taidao, and slammed down on Lu Chen’s head.

Before the blade even reached, its sharp blade had torn the ground apart, forcibly cutting a deep mark.

“It’s over...this kid is dead.”

Seeing this scene, everyone shook their heads and sighed.

There are not many people in the world who can stop Watanabe Yu’s full blow.

“The sky!”

Lu Chen stretched out his hand.

“Buzz~!”

Just heard a roar.

Among the ruins, an ancient black sword shot out suddenly, like a black lightning, directly piercing Watanabe’s chest with the force of Cui Lu.

Chapter 1144

“Whoosh!”

The Sky Sword turned into a black lightning, and after penetrating Watanabe Xiong’s chest, it returned to Lu Chen’s hands.

The blood slowly flowed down the blade, gathered at the tip of the sword, and then dripped to the ground, splashing with blood flowers.

“Boom!”

Watanabe Yuo’s body trembled and he fell directly from the air, his knees hitting the ground heavily.

He froze in place in a kneeling posture.

The entire scene suddenly fell into dead silence.

All the sounds disappeared, and you could hear needle drops all around.

Whether it was the General's Mansion, the guests, or the ninjas of the Golden Crow Nation, they were all stunned at this moment.

Shock was written all over their faces.

They never dreamed that Watanabe Xiong, the majestic swordsman of the Golden Crow Kingdom and a powerful god, would be pierced through the chest by Lu Chen's sword.

The whole process was so unpredictable and without any warning that no one could react.

They saw a flash of black lightning, and then the majestic Watanabe Yuo knelt down.

“Well.....”

Watanabe Xiong lowered his head, his face full of disbelief.

At this moment, he had a big bloody hole in his chest.

He could even see the scenery behind him through the hole, including Murong Zhenguo's shocked old face.

This perspective is a bit strange and a bit scary.

“Why? Why can you... hurt me?”

Watanabe Xiong raised his head with difficulty and squeezed out a sentence in a hoarse voice.

Murong Zhenguo was seriously injured and had no fighting power. Normally, he should be invincible here.

He really didn't expect that such a change would happen.

“Why? Go down and ask the Lord of Hell...”

Lu Chen didn't say anything nonsense. He stepped forward, raised his hand and struck out with a sword, directly cutting off Watanabe Xiong's head.

“Boom!”

When Watanabe’s head fell off, everyone was like waking up from a dream, and an unprecedented sensation erupted.

“Dead...dead? Am I right? This kid actually killed Watanabe?!”

“My god! This is the sword master of the Golden Crow Kingdom, a top-notch martial arts master, so it’s too outrageous to kill him with just one sword strike?!”

“What’s the origin of this kid? He’s so scary? He’s just a monster!”

“Slaying the Sword Saint of the Golden Crow Kingdom with one sword, is this a human? When did such a monstrosity appear in our provincial capital?!”

“...”

After a brief silence, the entire scene exploded.

All of them looked at Chase Lu, as if they were looking at a monster, full of shock and horror.

Originally thought that the general’s mansion was about to face a catastrophe today, and they were even ready to run away.

Unexpectedly, at the last moment, Lu Chen turned the tide and killed Watanabe with a sword.

For a while, they were a little overwhelmed.

Especially Chu Jie, Liu Yannan and the others looked in disbelief.

They really couldn’t accept that Lu Chen was so powerful.

Aren’t you a stinky dick selling insurance?

Isn’t he a small character with no identity or background?

Why? Why can he defeat the Juggernaut of the Golden Crow Kingdom?

Could it be that Lu Chen has been hiding it all this time?

What they saw before was just superficial? Just a disguise?

If this is the case, the consequences are a bit serious.

A strong man who can instantly kill the sword master of the Golden Crow Kingdom is admired by thousands of people and highly sought after wherever he goes.

Chapter 1145

Even the major official agencies have to treat it seriously.

It is no exaggeration to say that with Lu Chen's age and demonstrated strength, he can be on an equal footing with the veteran general in the future.

Such a proud man is someone they need to look up to throughout their lives.

The biggest problem is that they had all kinds of contempt for Lu Chen before, looked down on him in every way, and even said bad things to him.

Once the other party wants to retaliate, the consequences will be unimaginable.

Thinking of this, Chu Jie, Liu Yannan and the others felt creepy and frightened.

While they were afraid, they were also very remorseful.

On the one hand, he regretted offending Lu Chen. On the other hand, he also regretted that he was too stupid and looked down on others and did not discover the treasure in time.

If you establish a good relationship with Lu Chen in advance, wouldn't it be easy to rise to prominence in the future?

“What a good boy, you actually hid it so deeply, I didn't even notice it for a moment.”

After the shock, Murong Zhenguo also breathed a long sigh of relief.

Although the General Mansion has a strong foundation, it cannot withstand these successive attacks.

Fortunately, Lu Chen turned things around, otherwise, the General's Mansion would have been filled with blood today.

“We win...Brother Lu Chen wins! We don't have to run away!”

Murong Xue cheered and cried with joy.

Murong Cheng's expression was a bit complicated, he didn't know whether he should be happy or worried.

It's really good to be happy that the General's Mansion can survive this disaster, but Lu Chen's performance is too good and too evil, and there have been conflicts between the two parties.

Now, he doesn't know how to face it.

“Kill all the remnants of the Golden Crow Kingdom, leaving no one behind!”

After killing Watanabe Xiong, Lu Chen did not give up. With a wave of the Sky Sword, he led the people from the General's Mansion and began to slaughter the ninjas of the Golden Crow Kingdom.

Without Watanabe Yu, these ninjas had no resistance. In just a few blows, they were killed to pieces and disintegrated.

This killing spree, which had been planned for five years, finally ended with a tragic victory for the General Mansion.

Although all the invaders were killed, the General's Mansion also suffered huge losses.

Not only did it consume a lot of elite power, but many guests were also affected.

These guests are all the connections that have spread out from the General's Mansion and are spread across all walks of life.

With so much damage, it will take three to five years to recover.

The only good thing is that Murong Zhenguo is safe.

As long as Murong Zhenguo survives, the General's Mansion will not fall and it will only be a matter of time before it regains its former glory.

When the battle ended, official forces from the provincial capital began to arrive one after another.

A large number of soldiers swarmed in to protect the general's mansion and clean up the scene.

It was only then that everyone's hanging hearts finally settled.

“Little guy, it's all thanks to you this time, otherwise my life would have been lost.”

Murong Zhenguo stepped forward and thanked Lu Chen.

“You're welcome, old general. It's just a little effort.”

Lu Chen smiled slightly and didn't take credit for it.

Because of Qicai Ganoderma, he owed Murong Zhenguo a favor, and now he has paid it off.

“I really can’t tell. I didn’t expect that your boy is so powerful. He is no worse than your mother back then.” Murong Zhenguo looked pleased.

“The old general has won the prize.”

Lu Chen smiled, then took out a elixir and handed it over: “This is the amber pill I refined, it has miraculous effects on healing internal injuries, the old general can try it.”

“Oh, is it so?”

Murong Zhenguo was a little curious. After looking at it twice, he swallowed the pill directly.

After a while, he showed a surprised expression, and praised: “It really is a panacea! My meridians that were blocked just now, and the stagnant Qi and blood are all unblocked now, which is really amazing!”

“I didn’t expect that your kid not only has amazing martial arts attainments, but also has master-level skills in elixir refining and pharmaceuticals. He is really good at both civil and military skills!”

“It would be great if an outstanding young talent like you could be my grandson-in-law.”

As soon as these words came out, Murong Xue, who had just come closer, instantly blushed with embarrassment.

Chapter 1146

Murong Zhenguo’s words were naturally intentional.

On the one hand, he really appreciates Lu Chen very much. He is both civil and military, and has a bright future, but he has a very good personality.

There are only a handful of young talents like this in the entire Dragon Kingdom.

If the other party can be his grandson-in-law, then the general's mansion will be guaranteed in the future.

On the other hand, it was for the sake of his granddaughter Murong Xue.

This child is kind-hearted and innocent, so he is easily deceived and needs a strong backer to protect him.

Lu Chen is undoubtedly the best choice.

The two of them together can be regarded as a talented man and a beautiful woman.

At this moment, Murong Xue stood quietly behind, without saying a word.

Her pretty face was a little red, shy and expectant.

She was waiting for Lu Chen's answer and hoped to hear the answer she wanted.

"Thank you for your love, old general, but a commoner like me is really not worthy of Miss Murong." Lu Chen shook his head and declined.

"Little guy, I know your identity very well, so don't say such unreasonable words. I just want to ask, do you have a good impression of my Xue'er?" Murong Zhenguo asked again.

"Old General, Miss Murong and I are just ordinary friends, nothing more." Lu Chen answered decisively.

"normal friend?"

Hearing this, Murong Zhenguo couldn't help but frown slightly.

Why does this sound a little awkward?

Didn't you think of me as a younger sister before? Why did he suddenly become a stranger?

When she heard the words “just friends”, Murong Xue’s expression froze, and her eyes were filled with disappointment.

“Little guy, why don’t you think about it again?” Murong Zhenguo was a little reluctant.

In order to fight for his granddaughter’s happiness, he was willing to risk everything.

“Old General, it’s not sweet to force yourself, so let’s forget it.”

Lu Chen shook his head again, his eyes very firm.

“Oh...that’s all, I won’t get involved in the affairs of you young people.”

Seeing that his persuasion was fruitless, Murong Zhenguo no longer forced himself.

“Old General, I think I have nothing to do here. I’ll take my leave now.”

Lu Chen bowed respectfully and prepared to leave directly.

“Brother Lu Chen...”

Murong Xue couldn’t help shouting.

“Um?”

Lu Chen looked back and said with some confusion: “Miss Murong, what’s the matter?”

“Brother Lu Chen, I misunderstood you before. I’m sorry. I sincerely apologize to you.”

Murong Xue looked guilty and bowed deeply as she spoke.

“Miss Murong, you didn’t do anything wrong, and I never blamed you, so you don’t need to apologize.” Lu Chen shook his head.

Some things have nothing to do with right or wrong, they are purely a matter of trust. Murong Xue has made his choice and he has no dissatisfaction.

“Brother Lu Chen, can we meet again?”

Murong Xue pinched the corner of her clothes, a little nervous and a little hopeful.

Chase Lu behaved very politely and gentlemanly.

But for some reason, she always felt that the other person had become strange and indifferent.

The former Xueer has become Miss Murong.

The change of title represents the distance between the two parties.

“We are destined to meet each other. Say goodbye.”

Lu Chen smiled faintly and walked straight out of the general’s mansion.

“Brother Lu Chen...”

Looking at the departing figure, Murong Xue felt empty in her heart, as if something important was slowly passing away.

“Girl, what happened between you two?”

Murong Zhenguo couldn’t help but asked curiously.

“I.....”

Murong Xue hesitated for a moment, and finally told the story simply.

After listening to this, Murong Zhenguo couldn’t help being a little annoyed: “Girl, why are you so confused? You can’t tell right from wrong? You believe in the villain’s slander, and the person who helps you, you speak harsh words to each other instead, you, you, you ... You’re really going to piss me off!”

“Grandpa, I know I was wrong. Is there any way you can help me?” Murong Xue said weakly.

Chapter 1147

“well.....”

Murong Zhenguo sighed softly: “The more excellent a person is, the more arrogant he is. It is really difficult to redeem him. You have already made a choice between friends. He may not blame you, but he will never blame you.” It will go back to the past.”

“Ah? What should we do?” Murong Xue panicked.

“Let nature take its course. Time will smooth everything out. Maybe you will have a chance to meet again in the future.” Murong Zhenguo shook his head.

Even so, he knew in his heart that it would be difficult to recover from the overflowing water.

Once there is a rift in the relationship between the two parties, no matter how to repair it, the rift will not disappear.

...

After leaving the General’s Mansion, Chase Lu drove back to Fengyu Villa.

As soon as he entered the gate of the villa, he saw Lao Zhang running out in a panic.

While running, he shouted: “Master Lu! Something happened! Something big happened!”

“Um?”

Hearing this, Lu Chen immediately frowned: “Why are you so nervous? Tell me carefully.”

“Yes... the Hongying God of War has arrived!” Lao Zhang said with sweat on his head.

“What’s all the fuss about? It’s not like you’ve never seen it before, so what?” Lu Chen rolled his eyes.

After all, I have experienced some big winds and waves, so why can’t I be stable on this little thing?

Really useless!

“And...and...”

“What else? Say it in one breath. Don’t act like you have never seen the world. It’s embarrassing!” Chase Lu said with some contempt.

“Not only is Hongying God of War, but Miss Cao is also here. The two of them have already met!” Lao Zhang said in surprise.

“ah?”

Lu Chen was startled and immediately lost his composure: “Why didn’t you tell me earlier?”

“Isn’t that what I’m telling you?” Lao Zhang looked strange.

Wasn’t it tough just now? Who is embarrassed now?

“What happened? The two of them didn’t fight, did they?” Lu Chen quickly asked.

He knew Zhao Hongying’s temper very well. He would take action if he disagreed with her, and no one could stop her.

“I haven’t knocked him down, I just feel a little bit creepy.” Lao Zhang shrank his neck, a little scared.

“Where are they now?” Chase Lu asked again.

“The living room.” Old Zhang said truthfully.

“Go! Follow me to see!”

As Lu Chen said, he rushed to the living room in a hurry.

Lao Zhang had no choice but to keep up honestly.

At this moment, in the living room.

Concubine Cao Xuan sat on the main seat, drinking tea leisurely.

Zhao Hongying fell into the deputy position and was busy reading the military manual.

Some senior members of the Qilin Gang stood on both sides respectfully, not daring to take a breath.

The atmosphere in the entire hall seemed very depressing.

“Miss Zhao, I would like to ask you, how long have you known Lu Chen?” In the end, it was Concubine Cao Xuan who spoke first.

“We’ve known each other since childhood.” Zhao Hongying said coldly.

“Oh? So you are still childhood sweethearts?” Concubine Cao Xuan raised her eyebrows.

“Not only that, we still have an engagement.” Zhao Hongying was very calm.

“Engagement? Heh... What year is it? Is that kind of thing still useful?” Concubine Cao Xuan smiled.

“The family friends of the two families are married by fingertips, why is it useless?”
Zhao Hongying glanced coldly.

“It’s just a facade, it’s nothing. The most important thing is, will Chen Lu agree?”
Concubine Cao Xuan smiled.

“How do you know that brother Chen won’t agree?” Zhao Hongying asked back.

“Because I am Lu Chen’s woman.” Concubine Cao Xuan puffed her chest out.
Show your proud parts to the fullest.

“You are not worthy of him.” Zhao Hongying shook her head.

“Whether you deserve it or not is not up to you.” Concubine Cao Xuan curled her lips.

“I’m warning you, stay away from him, otherwise, I will kill you.” Zhao Hongying said coldly.

“Really? I don’t believe it.”

As soon as Concubine Cao Xuan finished speaking, she heard a “clang” sound, and a Qingfeng sword was already pressed against her throat.

Chapter 1148

“Say it again?”

Zhao Hongying had a cold face, holding a sword in one hand, and the tip of the sword was pressed against Concubine Cao Xuan’s throat.

As long as she moved forward an inch, she could easily kill him.

“Um?”

Looking at the sword edge under her neck, Concubine Cao Xuan couldn't help but frown slightly.

She didn't expect Zhao Hongying to be so irritable and draw her sword whenever she disagreed.

And she was sure that the other party was not joking.

If she continues to verbally provoke, she will really be killed.

It seemed that she had met a powerful enemy.

The woman in front of him was even more difficult to deal with than Li Qingyao.

“stop!”

When they were in a stalemate, Lu Chen suddenly ran in in a hurry.

“Brother Chen, are you here?”

When Zhao Hongying saw him, she immediately sheathed her sword. She changed her previous indifference and showed a smile like the girl next door.

“Hongying, what were you doing just now?”

Lu Chen frowned, a little unhappy.

“It's nothing, I was just joking with Miss Cao.”

Zhao Hongying said with a smile.

“joke?”

Lu Chen turned his eyes to Concubine Cao Xuan and asked softly: “Are you not injured?”

“It’s okay, I just felt bored, so I wanted to see Miss Zhao’s sword. She just handed it to me.” Concubine Cao Xuan smiled.

These words surprised Zhao Hongying.

She thought the other party was going to complain, but unexpectedly he came to her rescue.

“It’s okay. The sword has no eyes. Be careful in the future. I don’t want any of you to get hurt. Do you understand?”

When Lu Chen said the last three words, Lu Chen’s eyes swept towards Zhao Hongying, with a hint of knocking and warning.

“Oh, got it.”

Zhao Hongying lowered her head, like a student being scolded by the teacher.

If an outsider saw this, they would probably be shocked.

Looking at the entire Dragon Kingdom, who dares to teach Hongying God of War such a lesson?

“Lu Chen, come out with me for a moment.”

Concubine Cao Xuan showed a professional fake smile and walked out of the living room first.

Lu Chen’s eyelids twitched, feeling inexplicably uneasy.

But there was no way to avoid this kind of thing, so he had no choice but to bite the bullet and follow it.

When the two of them walked to a remote place, Concubine Cao Xuan suddenly stopped, then turned around, the smile on her face became even brighter.

However, the more this happened, the more guilty Lu Chen felt, always feeling that the other party had a sense of hidden knives in his smile.

“Ahem... Concubine Xuan, if you have anything to ask, just ask and I will tell you everything you know.” Lu Chen was a little timid.

“Don’t be so nervous, I won’t eat you again.”

Concubine Cao Xuan reached out and patted the dust on Lu Chen’s shoulder, and said with a smile: “Explain, what is the background of this Miss Zhao? She looks very complicated.”

“To be honest, Hongying is the legitimate daughter of the Zhao family in Yanjing and the female war goddess of the Dragon Kingdom.” Lu Chen said truthfully.

“Zhao Hongying? Hongying God of War?” Concubine Cao Xuan raised her eyebrows, quite surprised: “I didn’t expect it to be her.”

Of course, she has heard of the name of the Red-tasseled God of War.

She was the proud daughter of Yanjing, the leader among the younger generation.

Regardless of identity or status, he is the top existence in the Dragon Kingdom.

“What’s your relationship with her? Why did she come to you?” Concubine Cao Xuan became even more curious.

She had always thought Lu Chen was extraordinary, but she never expected that the man in front of her was actually involved with a genius like Zhao Hongying.

“Her mother and my mother are good sisters, so I have known her since childhood. However, I left Yanjing ten years ago. Since then, we have never seen each other again. It was not until we suddenly met by chance some time ago.” Chen said casually.

“So, you guys are really childhood sweethearts?”

Concubine Cao Xuan said with some sourness: “So, the engagement she just mentioned is all true?”

“What kind of engagement? It’s just a baby kiss, it can’t be taken seriously.”

Lu Chen shook his head: “Since my mother left, the relationship between the two families has weakened. Moreover, I only treat her as a sister and never have any other ideas.”

“younger sister?”

Concubine Cao Xuan said with a look of resentment: “You treat her as a sister, but she seems to treat you as more than just a brother. She is so beautiful, can you stand it?”

“Look at what you said, no matter how beautiful she is, can she still be better than you?”

Lu Chen said seriously.

“That’s true.”

Concubine Cao Xuan curled up her lips, and she was visibly happy: “I really didn’t realize that you, a piece of wood, can actually say sweet words?”

“I just told the truth.” Lu Chen said righteously.

“Keke...Okay, okay, you have passed the test.”

Concubine Cao Xuan immediately beamed: “I won’t argue with you about Zhao Hongying, but you have to pay attention. That girl seems to be a little too dependent on you. If you don’t handle it properly, you may destroy her.”

Although she had never met Zhao Hongying before, she had heard rumors about him.

That is a cold and ruthless female war goddess who kills without blinking an eye.

Ever since he became famous, he has always been unique and never put color on anyone.

Even the official family did not give any face.

However, today, Zhao Hongying acted like a good girl in front of Lu Chen.

Not only was he honest, but he was also a little nervous and fearful, for fear that Lu Chen would be unhappy.

Completely two extremes from his previous personality.

As a woman, she naturally knew that Zhao Hongying liked Lu Chen very much and was even extremely dependent on him.

People who are naturally indifferent like this will fall deeply into it and be unable to extricate themselves once they fall in love.

So she was worried that if Lu Chen hurt Zhao Hongying, the other party would go crazy!

“Hongying is my sister. Her impression of me is still that of her childhood. It is difficult to change for a while. However, I believe that as time goes by, she will gradually recognize the reality.” Lu Chen didn’t think much about it.

The current status of both parties is not on the same level.

As time goes by, there will naturally be a generation gap.

“I hope so.”

Concubine Cao Xuan nodded thoughtfully.

“Brother Chen, are you finished talking?”

At this time, Zhao Hongying’s voice came from afar.

After waiting in the living room for a long time, she still walked out uneasy.

“What’s wrong?”

Lu Chen turned around and asked.

“Hungry.”

Zhao Hongying touched her flat belly.

“Since Miss Zhao is hungry, let’s go out for something to eat. It happens that a new restaurant has opened in the provincial capital. Let’s go over and try it out together.”

Concubine Cao Xuan said with a smile.

“Okay, let’s go out to eat.” Lu Chen nodded.

Then he said hello and drove out with a few people.

However, as soon as they left Fengyu Villa, two commercial vehicles followed them secretly.

Chapter 1149

Half an hour later, at the entrance of Tianxiang Building.

The two luxury cars stopped slowly, the doors opened, and Lu Chen and his group stepped out one after another.

Tianxiang Restaurant is a newly opened Chinese restaurant with a very good reputation for its environment, service, taste and reputation.

Many dignitaries came here because of its reputation.

Since they had reserved their seats in advance, Lu Chen and others quickly went up to the second floor under the guidance of a senior waiter after entering.

The second floor is the VIP area. Ordinary VIPs sit in the lobby, with screens separating the seats.

Higher-level VIPs have corresponding private rooms.

Both the environment and service must be upgraded to a higher level.

“Miss Cao, please come this way.”

The senior waitress in white led the way with a smile, and finally led several people to the private room No. 3 in Tianzi.

When he opened the door and was about to go in, a woman wearing a black business suit suddenly stood in front of him.

There is a sign hanging on his chest with the words “Deputy Manager” written on it.

“Wait! This room is already occupied. Find another room for the guest.” said the female assistant manager.

“Sister Fang, are you mistaken? Room No. 3 in Tianzi was booked by these guests in advance.” The waiter in white was a little surprised.

“Something has happened. Some big shots are coming. They want room No. 3 in Tianzi. It must be vacated immediately!”

The female deputy manager had a cold face and a commanding tone.

“Sister Fang... isn’t this against the rules? All the guests have already booked, so it’s really hard to explain the temporary change of rooms.”

The waitress in white was a little embarrassed: “Besides, there are only four Tianzihao rooms, and the other three rooms have customers, and there are no rooms to change now.”

“There are no rooms in the Tianzihao. Aren’t there also rooms in the Dixiahao? Just find one for them? Where does all the nonsense come from?” The female deputy manager was a little impatient.

Although her voice was very low, Lu Chen could hear her clearly.

“Sister Fang, there is a big difference between a room with a ground-level name and a room with a sky-level name. I’m afraid the guests won’t agree.” The waitress in white said weakly.

I spent a lot of money for a high-end room, but I could only get a low-end room. Whether it was the treatment or the environment, it was a whole grade lower.

Who would agree to such a rude request?

“Useless things! Let me tell them!”

The female deputy manager glared, then walked up to Lu Chen and others, and said with a smile: “Guests, our people made a mistake just now. Room No. 3 in Tianzi is not accepting guests now. How many guests can you please?” Move to the other side, where there are several ground-sized rooms to choose from.”

“We already booked the room half an hour ago. Isn’t it a little too late to say we won’t accept guests now?” Lu Chen said calmly.

If there was a real situation, he could understand it, but it was obvious that they were treated differently.

You spend money to eat, so why should you be shorter than others?

“Sir, the restaurant has its own rules. I hope you won’t embarrass me.” The female assistant manager’s smile slowly faded.

“Am I making things difficult for you, or are you making things difficult for me?”

Lu Chen raised his eyebrows: “If I heard you correctly, you want to give the room we booked to someone else, right?”

“Um?”

The female deputy manager frowned, quite surprised, but she quickly regained her indifference: “Since you all heard it, I will open the skylight and tell the truth. We have several distinguished guests in Tianxiang Building, and they must take the Tianzi room. Some of you may be more sensible, hello, hello, hello to everyone.”

“Fun?”

Chapter 1150

Lu Chen was a little amused: “Is this the kind of service you have at Tianxiang House? You ask us to change rooms for no reason, and you don’t even have a good face? What are you going to do? Are you trying to bully customers?”

If a few random people show up and they are forced to change rooms, how can they still eat the meal?

“Sir, what do you want?”

The female assistant manager was a little displeased: “What do you mean, do you want compensation? OK, as long as you agree to change rooms, I will personally pay for it and give you a free fruit plate. Is that okay with the head office?”

After saying that, he put on a very disgusted expression.

“First of all, I don’t want any compensation. Secondly, a fruit plate will send us away. What do you think of us? Beggars?” Lu Chen said with a cold face.

In restaurants, customers come first, but this woman in front of her didn't take them seriously at all.

“Sir, you'd better not be messy. Our restaurant has restaurant rules. If you don't like it, you can leave. I won't force you!” The female deputy manager was very impatient.

Nowadays, the restaurant business is booming. One more person is not a big deal, and one less person is not a big deal.

Losing a few unscrupulous customers is nothing at all.

“Oh? You're going to kick people out if you just say a few words, right? Your Tianxiang Tower is really quite majestic!”

While Lu Chen was talking, he pushed the female deputy manager away and walked straight into the third room of Tianzi. Then he sat down and said coldly: “I'm just sitting here eating today. I want to take a look, you guys?” Who can drive me away!”

“You...you are so unreasonable!”

The female deputy manager was a little angry: “We don't welcome you in Tianxiang Building. I'm warning you to leave immediately, otherwise I will call the security guard!”

“Scream, you can scream, but I want to see how you can still do business after this matter becomes a big deal.” Lu Chen poured a cup of tea to himself.

“You trash, you really don't have any shame, get out! Get out of here!”

The female deputy manager became angry and rushed forward to grab Lu Chen.

As a result, as soon as she raised her hand, she received a heavy slap on the face.

“Snapped!”

Concubine Cao Xuan slapped the female assistant manager so hard that she was completely stunned.

Covering his burning face, he didn't react for a moment.

“Who do you think you are? How dare you shout here?”

Concubine Cao Xuan had a cold face and exuded a queen-like aura, which was extremely oppressive.

“You...you dare to hit me?”

The female deputy manager's eyes widened and she couldn't believe it.

Her boyfriend is the boss of Tianxiang Tower. He is not only rich and powerful, but also has a wide range of connections. He usually makes friends with high-ranking officials.

In this Tianxiang Tower, no one dared not give her face.

How dare you hit this woman in front of you?

How audacious!

“What's wrong with hitting you? A dog's eyes look down on people, so even a slap on your face is light!” Concubine Cao Xuan was not polite.

“You...you wait for me! I must make you pay the price!”

After the female deputy manager left her words, she was about to go out and call for someone.

As a result, Zhao Hongying made a sudden move, grabbed her by the neck, lifted it up easily, and asked very seriously: “Brother Chen, do you want me to kill her?”
