

An Understated Dominance Chapter 1271 - 1280

Chapter 1271

At this moment, all the Cao family members were shocked.

Mr. Cao's words were like thunder, hitting everyone's hearts.

No one expected that the high-ranking old man in fine clothes in front of them turned out to be the powerful Duke of the Dragon Kingdom!

Among the five titles of duke, marquis, uncle, son, and male in the Dragon Kingdom, the duke ranks first. He is the chief noble, a super-class existence.

His status is so high that he is even above the first-rank ministers of the Dragon Kingdom.

He is a big shot who truly stands at the pinnacle of power!

The Shangguan family became the leader of the three most powerful families in the south of the Yangtze River with just one earl title.

It would be unthinkable if it were the Duke.

So the question is, why did the majestic Duke come to the Cao family in person?

Who can invite such a supreme being?

"Why are you still standing there? Hurry up and salute Chen Guogong!"

Mr. Cao turned around and roared, sweat breaking out from his body.

The old man in front of me is none other than Concubine Cao Xuan's grandfather, Chen Guogong, the famous Duke of Long Kingdom—Chen Xueliang!

"Bye...meet Chen Guogong!"

As if waking up from a dream, everyone in the Cao family knelt down and kowtowed.

Everyone was frightened and nervous.

You know, a powerful figure like the Duke of Guo can destroy the entire Cao family with just a few clicks.

”Duke Chen Guo is here. We missed the welcome, so please atone for our sins.” Mr. Cao bowed his head.

”Hmph! If it weren’t for my granddaughter, why would I come to this shabby place like yours?” Chen Xueliang had a cold face and showed no appreciation.

When his daughter wanted to marry into the Cao family, he had always opposed it.

How could the Cao family, a small family, be worthy of the daughter of the Duke of the country?

But it happened that the daughter was not allowed to stay. For the sake of so-called love, his daughter actually chose to elope with Cao Guan, which made him so angry that he immediately severed the relationship between father and daughter.

It was not until the birth of their granddaughter that the relationship between the two parties eased.

As for Cao Guan, his nominal son-in-law, he had always looked down upon him.

”Grandpa, why are you here?”

Seeing Chen Xueliang’s sudden visit, Concubine Cao Xuan couldn’t help but be a little surprised.

As long as she can remember, her grandfather has been very different from her father and has never been to the Cao family.

”Grandpa?”

Upon hearing this, everyone was shocked again and looked horrified.

what’s the situation?

Concubine Cao Xuan turned out to be the granddaughter of the Duke?

After being together for so long, they actually don’t know anything?

"I heard something happened to the Cao family, so I came here to see you. How are you, girl? Are you hurt?"

Chen Xueliang turned his eyes and immediately changed his appearance, revealing a kind and gentle face.

The coldness and domineeringness just now are completely two extremes.

"I'm fine, but my dad..."

Concubine Cao Xuan hesitated to speak, feeling sad.

"I have already heard about your father. The murderer has been executed. Please bear with me and submit." Chen Xueliang sighed softly.

Although he has always looked down on Cao Guan, no matter what, he is his son-in-law.

Now that he died suddenly and suddenly, it was impossible for his father-in-law not to come forward.

"Girl, what are your plans next?" Chen Xueliang changed the subject.

"I don't know either." Concubine Cao Xuan shook her head.

She is now distraught and confused.

"Since you don't know, then come back with me."

Chen Xueliang advised softly: "A small place like this is not worthy of you at all. Yanjing is your best destination."

Chapter 1272

"What will happen to the Cao family when I leave?" Concubine Cao Xuan looked back.

Her father had just died and the Cao family was on the verge of being broken up. She just walked away with a guilty conscience.

”The Cao family is the Cao family, and you are you. Why put more burdens on yourself? Grandpa only hopes that you can live a happy life, and other things are not important.”
Chen Xueliang said.

”But...” Concubine Cao Xuan was a little embarrassed.

She had lived in the Cao family for many years, how could she just let it go?

”Forget it, see you are so entangled, I will make an exception and help the Cao family once.”

Chen Xueliang said seriously: “As long as you agree to come back to Yanjing with me, I promise to restore the Cao family to its heyday within one year, and within three years, let the Cao family go one step further and directly replace the Shangguan family and become the How about the head of the three peaks?”

As soon as this remark came out, the entire Cao family exploded.

All of them were ecstatic and excited.

Recovered to the peak in one year, replaced Shangguan’s family in three years and became the ultimate wealthy family.

This is simply a godsend!

Once in a lifetime!

Of course, if someone else said this, they would definitely not believe it.

But if it was Chen Guogong, it would be different.

As a powerful person, the existence of being under one person and above tens of thousands is definitely a golden mouth.

As long as it is released, it will definitely be done.

Not to mention supporting the Cao family, even if it is letting a pig fly into the sky, it is not surprising.

”Grandpa, are you really willing to help the Cao family?” Concubine Cao Xuan asked tentatively.

”For your sake, why don’t you help?” Chen Xueliang said, “Of course, the premise is that you agree to come with me.”

”this.....”

Concubine Cao Xuan hesitated to speak, still hesitating.

”Um... Concubine Xuan, you are talented and talented. It is really unfair to stay in the provincial capital. I think you should return to Yanjing with Chen Guogong so that you can have better development.”

At this moment, a senior member of the Cao family suddenly boldly spoke up.

”Yes, yes! With your talent, you should be better cultivated. The Cao family has limited ability and cannot help you. Only the Duke’s Mansion is worthy of you.”

”Concubine Xuan! No need to think about it, just agree quickly. Chen Guogong has worked hard, you can’t let him down!”

”...”

At this moment, the Cao family clan members began to persuade him one after another, looking very anxious.

Before, they were still hoping that Concubine Cao Xuan would become the clan leader and be able to shoulder this heavy responsibility.

The current situation is completely reversed.

They wished that Concubine Cao Xuan would leave as soon as possible so that Duke Chen would fulfill his promise.

A once-in-a-lifetime opportunity like this must not be missed.

Otherwise, you will regret it for the rest of your life.

”Grandpa, what do you think?”

Concubine Cao Xuan turned her gaze to her grandfather.

”Ahem...”

Mr. Cao showed a trace of embarrassment on his face and said bravely: “Concubine Xuan, your grandfather is actually right. If you stay in the provincial capital, it will be difficult for you to use your skills. If you go to Yanjing, you can be famous for nine days.”

Hearing this, Concubine Cao Xuan suddenly fell silent. After a while, she nodded: “Okay, since you all want me to go to Yanjing, then I will do as you wish.”

”Great! Concubine Xuan, you have made the most correct decision in your life!”

Everyone in the Cao family looked overjoyed.

”Hmph! A group of people who see the wind and move the rudder!”

Chen Xueliang snorted coldly, his eyes were quite disdainful.

Just a little profit can make these people change their stance. No wonder the Cao family declined so quickly.

”Grandpa, before I go to Yanjing, I have to meet someone.” Concubine Cao Xuan said suddenly.

”Oh? Who is it?” Chen Xueliang was curious.

”His name is Lu Chen, my destined man.”

”Oh? Who is it?” Chen Xueliang was curious.

”His name is Lu Chen, my destined man.”

Chapter 1273

Wind and Rain Villa, in the living room.

”Miss Cao, I’m sorry, you’re late. Mr. Lu has already left the provincial capital.” Lao Zhang lowered his head and reported.

”Leave? Where? When did you leave?” Concubine Cao Xuan was a little strange.

”Master Lu left this morning to go to Yanjing to do something. The specific situation, Master Lu did not say clearly. Oh, by the way...”

As if thinking of something, Lao Zhang suddenly took out a letter and handed it over with both hands: “Miss Cao, this is the letter left by Master Lu for you. Before leaving, Master Lu told me that if you come, please give the letter to me.” You, you will understand after reading it.”

”letter?”

Concubine Cao Xuan took the envelope and opened it. Hundreds of words were written eloquently on it.

The general content is that she has something very important to do and it will take a while before she can come back, so she must take care of herself.

Because I was afraid that she would worry and couldn’t bear to speak, I chose to leave a message.

”This guy runs pretty fast.”

After reading the letter, Concubine Cao Xuan breathed a sigh of relief.

The purpose of her visit this time was to persuade Lu Chen to go to Yanjing to develop together.

As a result, before she could speak, the other party had already left early.

Although it was a bit of a surprise, the two arrived at the same goal by different routes.

”Then let’s meet again in Yanjing.”

Concubine Cao Xuan smiled slightly, put away the letter paper, and left Fengyu Villa.

Now that she knew where Chase Lu was going, she didn’t have to worry about anything.

Sooner or later, the two of them will meet in Yanjing.

...

In the afternoon, Yanjing South Railway Station.

Carrying the suitcase, Lu Chen walked out slowly with the crowd.

Compared with ten years ago, Yanjing today is undoubtedly more prosperous.

Eight streets and nine roads are busy with traffic.

Looking around, it looks like a heavenly palace on earth, bustling with activity.

When he reached the street corner, Lu Chen looked around. Just when he was about to determine the direction, a taxi suddenly stopped next to him.

A bald man poked half his head out of the car window and greeted enthusiastically:
“Little boy, where are you going? Do you want a ride? I know this place very well. Give me the address and I’ll deliver it to you right away. “

”Jishitang, can I go?” Lu Chen asked.

”Hi! Jishitang, right? I’m a regular customer there, and I can go there with my eyes closed.”

The bald man patted his chest and was full of confidence. Seeing several taxis approaching, he sped up his speech and said, “Little boy, I don’t have time to explain. Hurry up and get in the car. It’s my birthday today, and I’ll give you a 20% discount!”

”good.”

Lu Chen nodded and got into the car without saying much.

With a roar, the vehicle started quickly and moved back and forth in the traffic flow very skillfully.

”Young man, you’re lucky to be able to get into my car.”

”I’m not bragging. In this area south of the city, no one’s car is faster than mine.”

”Do you know what my nickname is? Akina Mountain Car God!”

The bald-headed man was talking endlessly while driving, showing off his past and present glorious history.

Lu Chen sat in the back seat without saying a word, looking through the car window at the scenery passing quickly outside.

”By the way, handsome boy, why are you going to Jishi Hall? To see a doctor?”

Seeing that Lu Chen didn’t respond, the bald uncle changed his subject and said, “If you’re looking for a doctor, then you’ve found the right place. Liu Gongquan from Jishitang is a well-known miracle doctor with a radius of dozens of miles. He specializes in treating all kinds of difficult and miscellaneous diseases. , and the medicine can cure the disease!”

”Oh? Do you know Liu Gongquan?”

Chapter 1274

Lu Chen slowly raised his head, feeling a little interested.

The address Li Yishuang gave him previously showed that Xie Sinian lived in Jishi Hall.

And Jishitang is the medical clinic opened by Liu Gongquan.

It was Liu Gongquan who rescued Xie Sinian, who was seriously injured and on the verge of death, and then hid him.

Xie Sinian was in coma for ten years, and Liu Gongquan took good care of him.

”It’s not just acquaintance? I’m not bragging. I was a life-and-death friend with Dr. Liu. He often rides in my car. If you go to see a doctor, just give me my name, and I promise to give you a discount!” The bald uncle said proudly. The way of the cloud.

”Really? How is Liu Gongquan like a person?” Lu Chen asked again.

”The character of Divine Doctor Liu is beyond words. He has the heart of a Bodhisattva!”

The bald uncle gave a thumbs up and praised: “The poor basically don’t get any money when they go to the doctor, and they also give medicines for free. Even if they have to charge money, it’s just a symbolic fee for medicinal materials, and it’s horribly cheap. Now it’s like this. There are really too few miracle doctors.”

”Listening to what you said, I really want to meet this Divine Doctor Liu.” Lu Chen nodded thoughtfully.

He became increasingly curious about Liu Gongquan.

The bald man was still talking endlessly, and the words in his mouth basically never stopped.

Lu Chen simply closed his eyes and rested his mind, saying nothing at all.

About forty minutes later, the taxi finally stopped.

”Pretty boy, Ji Shi Tang is here.”

The bald man turned around and shouted.

Lu Chen opened his eyes and saw a medical center with simple decoration standing not far from the street.

The medical center is not small, with a total of three floors. There is an endless stream of patients inside, and there are even long queues.

On the front door of the medical center, there is a gold-lettered plaque with three powerful characters written on it – Jishitang!

”Thanks.”

After confirming that the address was correct, Lu Chen threw down two hundred-dollar bills and got out of the car.

At this moment, the Jishi Hall was full of voices.

The thousand-square-meter store was full of seats, and all the people queuing up for consultation stood outside the door.

Lu Chen walked into the door, looked around and found that there were four or five Chinese medicine doctors in Jishi Hall, as well as some Chinese medicine apprentices, but Liu Gongquan was not seen.

Lu Chen walked up to a young doctor and asked politely: "Excuse me, is Dr. Liu Gongquan Liu here?"

On the nameplate on the young doctor's chest, two words were written: Qian Chun.

"Doctor Liu is not here. If you want to see a doctor, go over there and line up first."

Qian Chun lowered his head and scrolled through his cell phone, his tone a little impatient.

"I don't see a doctor. I came here specifically to visit Divine Doctor Liu and ask him for some advice." Lu Chen was neither humble nor arrogant.

"You have to wait in line even if you don't want to see a doctor!"

Qian Chun said angrily: "Who is Doctor Liu? How can you see him just by asking? You really don't have any skills at all! Just stay aside and don't hinder me from playing games!"

"Um?"

Lu Chen frowned slightly, just when he was about to have a seizure.

There was a sudden commotion in the direction of the door.

"Get out of the way! Get out of the way!"

"Doctor! Where is the doctor? Come out and save people!"

Accompanied by roars, a group of bodyguards in suits rushed in menacingly, carrying a soaked woman.

Wherever he passed, the crowd was directly knocked away, and his movements were extremely rough.

”What the hell! Who is yelling here...”

Qian Chun raised his head and was about to yell something. When he took a closer look, his expression suddenly changed. He quickly threw away his phone and ran up.

Chapter 1275

”Doctor! Where did the doctor die?!”

Several bodyguards kept shouting with such ferocity that the patients around them fled away in fear of getting into trouble.

”What happened?”

Several doctors from Jishi Hall immediately surrounded him.

”Get out of the way! Let me come!”

Qian Chun pushed aside several doctors and stepped forward, tentatively asking, “Is this Miss Wang Zixuan of the Wang family?”

”As long as you know, save people immediately!” the bodyguard captain urged.

”No problem, no problem!”

Qian Chun looked happy, as if he had discovered some treasure.

The Wang family is one of the eight wealthy families in Yanjing, with great wealth and great power.

As the daughter of the Wang family, Wang Zixuan is even more famous as Bai Fumei.

Now that the hero has the opportunity to save the beauty, he cannot miss it.

If Wang Zixuan is rescued and cured, he might just leap over the dragon's gate and reach the sky in one step!

"What's going on? Where is Miss Wang injured?"

Qian Chun took a closer look and couldn't help but frowned.

At this moment, Wang Zixuan's complexion was blue and purple, her eyes were bloodshot, her breathing was barely audible, and she had lost consciousness.

"My young lady drank alcohol and accidentally rushed into the river on her way home. When we rescued her, she was already unconscious," the bodyguard captain said quickly.

"How can you drive after drinking? You are too careless!" Qian Chun complained.

"Stop talking nonsense! Save people quickly!" the bodyguard captain shouted.

"Don't panic, it's just drowning. I can handle it in minutes."

Qian Chun was full of confidence and immediately directed the two apprentices to lift Wang Zixuan up.

Then he knelt down on one knee, put the other knee against Wang Zixuan's navel, and began to slap the opponent's back hard.

Between the slaps, the chin was lifted slightly to allow the water in the abdomen to flow out.

Wang Zixuan's drowning condition was not serious. Her breathing and pulse were still there, and she just needed to control the water.

Jishitang has also rescued several drowning patients in the past. His master Liu Gongquan used this method.

Tried and tested, it works in just a few minutes.

Seeing that Wang Zixuan still didn't get better after Qian Chun slapped her for a while, the bodyguard captain couldn't help but became a little anxious: "Hey! Are you okay? Why doesn't my lady react at all?"

"It's strange. Master saved people like this before. Why can't I survive?" Qian Chun wiped his sweat and looked a little nervous.

He repeatedly confirmed that he had not used the wrong method. What was the problem?

"The patient has been suffocated and deprived of oxygen, and his heart will stop beating soon. Drainage alone has no effect." Lu Chen said coldly.

"Hey! What are you talking about?"

Qian Chun turned around and glared, shouting: "Do you know who I am? How dare you question my medical skills?"

"It doesn't matter who you are. What's important is that your method is wrong. If you continue like this, people will die." Lu Chen warned.

"fart!"

Qian Chun was a little angry: “I am a direct disciple of Divine Doctor Liu. I have been studying medical skills for more than ten years. Who do you think you are and how dare you tell me what to do?”

”Young man, if you don’t understand, don’t talk nonsense and don’t affect other doctors’ treatment.”

”That’s right, Dr. Qian has studied with Divine Doctor Liu since he was a child. He has been in Jishi Hall for more than ten years. What scene has he not seen? It’s easy to save a drowning person.”

”Human life is at stake, and you’re not a doctor. Why are you giving random orders here?”

A group of elders and aunties around him began to reprimand him one after another.

A young boy who came to see a doctor actually dared to teach the doctors of Jishitang to save people.

Isn’t this just a trick?

Chapter 1276

”I’m just trying to persuade you. If someone is killed because of the wrong method, it will be too late to regret it.” Lu Chen said coldly.

”Hmph! That’s just fart!”

Qian Chun shouted with an unkind look on his face: “This method of rescuing people was taught by my master. It has been tried and tested and has never made any mistakes. Do you think you are better than my master?”

”The method of rescuing people is not static. It must be based on the actual situation. Sometimes it can be used and sometimes it cannot be used. You must know how to be flexible.” Lu Chen hammered.

”Shut up! If you keep talking too much, I’ll throw you out right away!” Qian Chun immediately became angry from embarrassment.

He is Liu Gongquan’s senior disciple, and he will be the seat of Jishitang in the future.

An unknown person dares to point him out in public, it is simply beyond his control!

”Believe it or not.”

Lu Chen shook his head and said no more.

”Stop talking nonsense, it’s important to save people!”

The bodyguard captain began to urge.

Qian Chun suppressed his anger and began to concentrate on the rescue.

Seeing that the knee-top method didn't work, he immediately changed several drainage methods.

Jumping and jumping for a while, beating and beating, tossing and tossing for a while, still has no effect.

Wang Zixuan's face turned more purple, and she was completely out of breath, even her pulse stopped beating.

"Stop! Stop it!"

Seeing that the situation was not good, the captain of the bodyguard quickly signaled Qian Chun to stop.

He then stepped forward to check Wang Zixuan's pulse. He felt as if he was struck by lightning, and his face turned pale: "No...no more breath, my lady has no more breath!"

"What?!"

As soon as these words came out, the whole place was in an uproar.

No one expected that after some treatment, not only did Wang Zixuan not get better, but she even lost her vitality.

"How could this happen? How could this happen?"

Qian Chun was stunned, and stood there in a daze, a little at a loss.

He has been treating people according to Master's method, how could he put people to death?

”quack!”

After reacting, the bodyguard captain roared angrily, slapped Qian Chun in the face, and cursed: “You quack! You actually killed my young lady? I want you to be buried with you! I want your entire Jishi Hall to be buried with you!”

”ah?”

Qian Chun's legs went limp, and he slumped on the ground, his face ashen.

It's over, it's all over now.

Put to death the daughter of the Wang family, ten lives are not enough for him to pay back.

I thought it was a fortune, but I didn't expect it to become a catastrophe in the end.

”Come here! Destroy Jishi Hall!”

”Arrest all the quack doctors here, and don't let any one go!”

The captain of the bodyguard was filled with grief and indignation, and directly ordered that Ji Shitang was to be demolished on the spot.

”Wait!”

Seeing that the situation was about to get out of control, Chase Lu suddenly stood up, stood in front and said, “Your lady is not dead yet, I can save her!”

”The heartbeat is gone, how can you save it?!” The bodyguard captain gritted his teeth.

”After a person dies, there is about five minutes of rescue time. As long as you find a way to rescue him in time within these five minutes, your lady will live!” Lu Chen looked serious.

”Why should I trust you?” The bodyguard captain said with a sullen face.

”Because you have no choice, this is your only hope.” Lu Chen said coldly.

After pondering for two seconds, the bodyguard captain gritted his teeth and finally nodded: “Okay! I’ll give you a chance to make amends. If you can’t save my lady, I want you to be buried with Ji Shitang!”

Chapter 1277

”etc.....”

At this time, Qian Chun suddenly came back to his senses, and quickly said: “You don’t really want to believe this kid’s words, do you? He is not from our Jishitang, you must not be deceived!”

”cheat?”

The bodyguard captain looked Chen Lu up and down, frowned and said, “Aren’t you a doctor?”

”I’m not a doctor at Jishi Hall, but I know a little bit about medical skills.” Lu Chen said calmly.

”Hmph! Even I, Ji Shi Tang, can’t save you, so why are you trying to do whatever you want to do?” Qian Chun shouted sternly.

”Just because you can’t do it doesn’t mean that I can’t do it. I said it before, you used the wrong method.” Lu Chen said calmly.

”Fart! I am a disciple of Divine Doctor Liu. Who do you think you are? You dare to compare with me?!” Qian Chun was a little angry.

”I don’t want to talk nonsense to you. Get out of the way and don’t interfere with me saving people.” Lu Chen was a little impatient.

He really couldn’t understand what was going on in this kind of person’s mind?

If you can’t save yourself, why don’t you allow others to save you?

”Boy! I’m warning you, this is the daughter of the Wang family. If something happens to her, even ten lives won’t be enough to compensate you!” Qian Chun threatened.

As soon as these words came out, the people around them nodded in agreement.

”Little brother, stop being so brave. Even the doctors at Jishi Hall can’t do anything about it, so what’s the point of going up there?”

”Yes! Human lives are at stake and cannot be played with. Now is not the time for you to be in the limelight!”

”Today’s young people really don’t know what the world is, and they dare to show off after learning a few tricks. They don’t take human life seriously at all!”

This group of uncles and aunts talked all over the place, some were persuading, some were questioning, and some were warning.

In their eyes, Jishitang is the best medical center within dozens of miles.

Any headaches, brain fever, or incurable diseases that you usually have can be solved here.

A young man in his early twenties still dares to show off his medical skills in front of Ji Shitang. Isn’t this just dancing a sword in front of Guan Gong?

”Time is running out, you decide whether to let me treat it or not.”

Lu Chen was too lazy to say anything and looked at the bodyguard captain: “If you believe me, I will rescue you, so that your young lady still has a chance of survival. If you don’t believe me, just pretend I didn’t say anything.”

Although he has the heart to save people, he will not be too warm-hearted to avoid being thankless.

”This big brother! Don’t believe him, he is a charlatan!”

”This kind of person will do anything to get the limelight!”

”In my opinion, it’s best to send Miss Wang to the hospital now. Maybe she can be saved!”

Qian Chun was impatient and tried to persuade him again and again.

If Wang Zixuan died in Jishi Hall, he would not be able to escape even if he jumped into the Yellow River. But if he died in the hospital, he could use the reputation of his master to evade his death.

”It’s too late to send her to the hospital now. This lady only has three minutes left to rescue her. After this point, it will be impossible for the gods to save her.” Lu Chen spoke again.

”You fart! Miss Wang is blessed with great fortune. As long as she is sent to the hospital in time, she will be fine. If you continue to mess around and delay Miss Wang’s medical treatment, you will be committing a heinous crime!” Qian Chun shouted angrily.

”It’s useless to talk more. Make your choice in time. Do you want me to treat you?” Lu Chen looked directly at the bodyguard captain.

The captain of the bodyguard glanced at Wang Zixuan, who looked like a dead person, and nodded heavily: “Cure it! Cure it now!”

Although he did not understand medical skills, he also understood that timely rescue was necessary to give his young lady a chance to survive.

The nearest hospital is a twenty-minute drive away, so there is no time at all.

You can only treat a dead horse as a live doctor.

”This big brother, Ms. Wang’s daughter, how can I let this liar treat me carelessly? If something happens, who will be responsible?” Qian Chun was a little anxious.

”Shut up!”

The bodyguard captain slapped her again and cursed: “You bitch! It’s all your fault! If there’s anything wrong with my lady, I’ll be the first to kill you!”

”ah?”

Qian Chun covered his face, as if mourning his heir.

I originally planned to find an excuse to get away with it, but now it’s over.

”Everyone, get out of the way.”

Chapter 1278

Chase Lu waved his hand, signaling everyone to step back and give them enough space.

”Hold her!”

Lu Chen signaled the bodyguard captain to help Wang Zixuan up, then stretched out his fingers, pried open his mouth, clamped his tongue, and pulled out a piece.

Immediately, he activated his internal energy and suddenly slapped Wang Zixuan on the back.

”Boom!”

There was a loud bang.

Wang Zixuan’s body trembled suddenly, her head raised, and with a “wow” sound, a large amount of water spurted out.

Everyone took a closer look and were shocked to find that there was actually a fish mixed in the puddle of vomit!

”Oh my God! Why is there fish in Miss Wang’s mouth?”

”Is it because the fish is stuck in its throat, so it can’t breathe?”

”No wonder Dr. Qian’s method didn’t work. It turned out that he was stuck by a fish. What a bad luck!”

”...”

Looking at the little fish on the ground, the uncles and aunties were amazed and talked about it.

The reason for Miss Wang’s suffocation was finally found.

”How...how is it possible?”

Qian Chun’s eyes widened in disbelief.

The probability of driving drunk, falling into a lake, and getting a fish stuck in your throat is too low, right?

Who could have predicted this?

”My lady passed out foreign objects and water, why is she still not breathing?”

The bodyguard captain was surprised at first, and then quickly discovered something unusual.

Although Wang Zixuan vomited a lot of things, there were no signs of life.

”The heartbeat has stopped and she is naturally not breathing, but don’t be nervous. She will wake up after I give her three injections.” Lu Chen said calmly.

”Hmph! What a shameless statement! Do you think you are a god?” Qian Chun began to tear things down without mercy.

People are already dead, how can they be saved?

”You are not good at medicine, so naturally you can’t do it.” Lu Chen retorted.

”Humph! You are so young, but if you can save Miss Wang with three injections, I will eat this puddle on the ground!”

Qian Chun pointed to the fish on the ground, together with Wang Zixuan’s vomit.

”Okay, I hope you will do what you say.”

Lu Chen nodded, without further words, immediately took out the silver needle, and pierced the Shenque acupoint at the navel.

Wang Zixuan lay quietly, without any reaction.

”The first shot.” Qian Chun sneered.

With a blank expression on Lu Chen’s face, the silver needle moved up and stabbed heavily at the Tanzhong acupoint on Wang Zixuan’s chest.

Wang Zixuan moved her fingertips, but this tiny movement did not attract attention.

”It’s the second shot.” Qian Chun continued to sneer.

Lu Chen still didn’t say a word, flicked the third needle, and directly pierced Wang Zixuan’s Tanzhong acupoint.

Wang Zixuan's body suddenly trembled, as if she had received an electric shock.

After that, there was no response.

"Hmph! It's the third injection! Didn't you say you can wake up? Why is there still no movement? In my opinion, you are a charlatan!"

Qian Chun was quick-witted, and directly poured dirty water on Lu Chen's head, yelling: "Hurry up and arrest this kid! It was he who obstructed in every possible way, delayed Miss Wang's rescue time, and he killed Miss Wang!"

His voice just fell.

Wang Zixuan, who was lying on the ground, sat up suddenly like a corpse!

Chapter 1279

"Uh~!"

Wang Zixuan sat up directly and let out a suffocating groan.

As if she had regained a new lease of life, she began to breathe heavily, greedily breathing in the air around her.

The purple color on his face quickly faded and gradually became rosy and shiny.

"ah?"

The sudden change shocked everyone.

No one expected that Miss Wang, who looked like a dead person just now, would suddenly come to life.

“Wake up... wake up? It’s not a fake corpse, right?”

“Oh my god! Can the dead be revived? Is it true?”

“A miracle doctor! What a miracle doctor!”

A group of elders and aunties looked at each other with horror on their faces.

Even though they are well-informed and proficient in all kinds of gossip, they have never encountered such a situation.

He was obviously dead, his breathing was gone, and his beating had stopped.

As a result, Lu Chen was directly brought back to life after three injections.

This kind of miraculous medical skill is simply unheard of.

For a moment, everyone looked at Lu Chen in a very different way.

“No...impossible!”

“Everyone is already dead, how can they be saved?”

Qian Chun was stunned, his eyes widened and he couldn’t believe it at all.

It is said that three injections can save the patient, just three injections can save the patient. How can it be so miraculous?

“Live, live, live! Miss, live!”

The Wang family bodyguards were stunned at first, then looked overjoyed and cheered.

You know, if Wang Zixuan is really going to die, the bodyguards like them will not be able to escape the blame, and they will definitely suffer the same fate.

Now that Wang Zixuan has come back from the dead, they have finally escaped disaster.

“Miss! How do you feel? Are you feeling uncomfortable anywhere?”

The captain of the bodyguard quickly squatted down and began to ask about the situation.

“What’s going on? Why am I here?”

Wang Zixuan looked around, looking a little confused.

The last moment she remembered was when her car crashed into a river and she lost consciousness.

When I woke up, I was here, and there was a group of people surrounding me.

“Miss, you are drowning.”

The bodyguard captain did not hide anything and simply told what happened.

After listening, Wang Zixuan looked around with her beautiful eyes, and finally fixed her eyes on Qian Chun, wondering: “So, it was this doctor from Jishi Hall who saved me?”

“Hmph! He’s nothing!”

The bodyguard captain glared at Qian Chun, then extended his hand to Lu Chen and explained, “It was this little miracle doctor who came to the rescue and saved your life.”

“Yeah?”

Wang Zixuan turned to Lu Chen, nodded and smiled: “Thank you to the little miracle doctor for saving your life. Zixuan is grateful.”

“Ms. Wang, you’re welcome. It’s just a little effort.” Lu Chen looked calm.

This calm reaction surprised Wang Zixuan.

If ordinary people saw her, their eyes would not light up?

All kinds of flattery and flattery.

The person in front of me was good, there was no fluctuation at all, as if he didn’t care at all.

Could it be playing hard to get?

“May I ask the name of the little miracle doctor?” Wang Zixuan suddenly asked.

“Lu Chen.”

“Lu Chen, right? Okay, I’ll remember you. If you have any trouble in the future, just come to Wang’s house to find me.” Wang Zixuan curled her lips.

“Doctor Lu, I’ve been offended just now, please forgive me.”

The bodyguard captain clasped his hands in his fists and took the initiative to apologize.

“It’s natural to protect the Lord with eagerness.”

Lu Chen didn’t care.

”Thank you Divine Doctor Lu for your magnanimity.”

As the bodyguard captain spoke, he took out a million dollar check from his arms and handed it over: “This is a little thought from our Wang family, please accept it with the approval of Divine Doctor Lu.”

”I’ll go! A check for a million? The Wang family is really arrogant!”

”Nonsense! Isn’t Miss Wang’s body worth a million dollars?”

Chapter 1280

”This little miracle doctor got lucky and actually saved Miss Wang’s life. It’s really like meeting a noble person when you go out!”

Looking at the one-million-dollar check, the uncle and aunt were filled with envy.

This money is enough for them to support themselves in their old age.

”Damn it!”

Qian Chun gritted his teeth and clenched his fists.

This windfall should have been his, but unexpectedly, Chase Lu took the lead.

All my chances of carp leaping over the dragon’s gate were ruined by this kid.

”Thanks.”

Lu Chen was not polite and directly accepted the check.

Although he doesn’t save people for money, it’s impossible for him to refuse money if they offer it.

”Little Miracle Doctor Lu, I still have things to do. I’ll see you later.”

”Remember, if you have trouble, come to Wang’s house to find me.”

Wang Zixuan said hello and left quickly.

Just after being fished out of the river, he was in a very messy state and had to freshen up quickly.

”Hello!”

The bodyguard captain suddenly looked at Qian Chun and said with an unkind expression: “You just said that Divine Doctor Lu cured my lady with three injections, so you should eat the food on the ground. Now, you can eat it!”

”ah?”

Looking at the vomit on the ground, Qian Chun stood blankly on the spot.

These are all vomited out of the stomach, a sticky piece, and there is a dead fish in it.

How to eat it?

”Give it to me!”

The bodyguard captain glared with murderous intent.

Afterwards, several bodyguards gathered around him, staring eagerly, ready to make a move.

Whenever Qian Chun dared to say no, he would be beaten up.

”Eat...I eat...”

Qian Chun was forced to have no choice but to cry and eat all the vomit on the ground without leaving a drop.

He was so nauseous that he retched his stomach several times, and finally swallowed it forcefully.

Otherwise, if you spit it out by yourself, you have to be forced to eat it back.

”Hmph! You’re lucky, it was Divine Doctor Lu who saved you, otherwise I would have cut you into pieces!”

The bodyguard captain kicked Qian Chun over, and then left with his men.

Ji Shitang was lucky enough to escape.

”Little miracle doctor! You are really amazing. You can actually bring people back to life? That’s awesome!”

”Little brother, you are not a direct disciple of Divine Doctor Liu, are you? Otherwise, how could you have such high medical skills?”

”Yes, that’s right! That must be the case. This little miracle doctor is the successor of Divine Doctor Liu, and the other person is a complete fake!”

As soon as the Wang family members left, a group of elders and aunties immediately surrounded Lu Chen, praising and praising him very enthusiastically.

As for Qian Chun, he was pushed aside and looked down upon.

”hateful!”

Qian Chun gritted his teeth and was filled with resentment.

He is obviously Liu Gongquan's disciple, why is this kid more popular than him?

"Little miracle doctor, you are so skilled in medicine, why don't you help me see a doctor? I have severe back pain."

"Old lady, please don't jump in line, okay? I was the one who came first."

"My condition is more serious, please let me see you first."

"I have a heart disease and I can't stand the stimulation. If you say that, then I will lie on the ground."

"..."

The uncles and aunties all asked Lu Chen to treat his illness.

With Wang Zixuan's example in front of them, they were naturally convinced.

"this....."

Looking at the enthusiastic uncles and aunts, Lu Chen only felt a little headache.

I didn't expect that saving someone would cause me so much trouble.

"what happened?"

At this time, an old man wearing a long gown and a white beard suddenly walked into the door.

Although the old man is already in his old age, he has a tall and straight figure and piercing eyes. His whole person looks like an immortal and very unkind person.

The old man turned out to be the miracle doctor of Jishi Hall, Liu Gongquan!
