

An Understated Dominance Chapter 1281 - 1290

Chapter 1281

”Divine Doctor Liu? Divine Doctor Liu is here?”

When everyone saw Liu Gongquan, they immediately surrounded him and freed Lu Chen.

Although Lu Chen’s performance just now was amazing, compared to Liu Gongquan, he was definitely far behind.

After all, Liu Gongquan has a good reputation and has been deeply rooted in the hearts of the people for many years.

No one can shake his position.

”Divine Doctor Liu! You are finally here, Jishi Hall almost suffered a disaster just now!”

”Yes, yes! People were killed just now, but luckily a little miracle doctor came to the rescue and saved the Jishi Hall sign!”

”Divine Doctor Liu, that little genius doctor, isn’t he your new disciple?”

”...”

The elders and aunties were noisy and full of gossip.

The noise of chirping immediately confused Liu Gongquan who had just entered.

He froze in place for a while, not knowing why.

”Everyone, please be patient and don’t be impatient... be patient and be patient...”

Liu Gongquan raised his hand and pressed it down. After everyone gradually became quiet, he asked: “What happened? Let’s talk slowly, don’t be in a hurry.”

”Let me tell you, I used to be the storyteller under the overpass!”

The old man volunteered and told the story of what had just happened.

It focuses on the heroic deeds of how Lu Chen saved people, how he brought the dead back to life, and how he saved Ji Shi Tang.

It was told so vividly and wonderfully.

The aunts around him applauded and looked at the uncle with a bit of admiration.

This clever eloquence directly gave him priority in choosing a mate.

”So that’s it.”

After hearing this, Liu Gongquan nodded suddenly, walked up to Lu Chen and smiled: “Little brother, thank you for your help. I didn’t expect that you have such medical skills at such a young age. You are truly a hero from a young age!”

”Mr. Liu received the award, but it was just a trivial trick, not worth mentioning.” Lu Chen said modestly.

”Okay, don’t be arrogant or rash, it’s really good.”

Liu Gongquan smiled and nodded, his eyes full of appreciation.

There are really too few young people studying Chinese medicine now, and those who are talented are even rarer.

He has been looking for a suitable successor, but has never been successful.

Now that Lu Chen appeared, he saw hope.

Although he didn’t see it with his own eyes, he can be sure that the young man in front of him is not simple.

”Master Liu, I’m visiting this time to ask for advice. I wonder if I can take a step to speak?” Lu Chen cupped his hands slightly.

”Of course, please come upstairs.”

Liu Gongquan did not refuse, and took Lu Chen directly to the second floor.

Jishitang has three floors.

The first floor is where the medical clinic conducts consultations.

The second floor is Liu Gongquan's residence, and occasionally welcomes distinguished guests.

The third floor is closed all year round and not open to the public.

Lu Chen followed Liu Gongquan up to the second floor. As soon as he entered the living room, he saw a beautiful girl lying on the sofa playing with her mobile phone.

The girl was wearing a T-shirt and shorts, lying lazily on her stomach, her two white, tender and slender legs swayed up and down alternately, hitting her buttocks, full of elasticity.

Especially those jade feet, delicate as pearls, flawless white jade, like a perfect work of art, very attractive to look at.

"Little brother, let me introduce you. This is my granddaughter, Liu Xiangsi, who is quite accomplished in both Chinese and Western medicine." Liu Gongquan said with a smile.

"Hello, Miss Liu." Lu Chen greeted politely.

Chapter 1282

"Grandpa, why did you bring a stranger here again?" Liu Xiangsi frowned, looking a little dissatisfied.

"Lovesickness, don't be rude!"

Liu Gongquan's expression was serious: "This little brother just helped our Jishi Hall and was kind to us. Naturally, I have to invite him over for a cup of tea."

"What can he help us with?" Liu Xiangsi looked up and down, a little suspicious.

"Just now we had a medical accident in Jishi Hall. This little brother came to help, otherwise our sign would be ruined." Liu Gongquan said seriously.

If Miss Wang really died in Jishi Hall, it might not be as simple as smashing the signboard.

”Grandpa, don’t be ridiculous. We have so many doctors in Jishi Hall. What difficult and complicated disease can’t be cured? Do you still need help from others?” Liu Xiangsi didn’t believe it at all.

Jishitang has a good reputation, and many patients who cannot be cured by big hospitals are sent here.

How old is Lu Chen? How could he be more powerful than the doctors at Ji Shi Tang?

”Lovesickness, you should never be judged by appearance. Although Lu Chen is not very old, his medical skills are very superb, and he is no worse than you!” Liu Gongquan said.

”You say that every time, forget it, let’s talk, I’m going back to the room.”

Liu Xiangsi was too lazy to say anything. After giving Lu Chen a sideways glance, he returned directly to his room.

”Little brother, my granddaughter is usually spoiled by me and doesn’t know etiquette. Please bear with me.” Liu Gongquan was a little helpless.

”It doesn’t matter, Miss Liu is really good-natured.” Lu Chen smiled slightly.

”Come on, sit down and talk.”

Liu Gongquan made the invitation with one hand. After Lu Chen sat down, he poured another cup of tea and asked, “Little brother, I don’t know why you are looking for me?”

There are only two kinds of people who come to Jishitang, either to see a doctor or to learn skills from a teacher.

Instead, he expected the other party to be the latter.

”Doctor Liu, to be honest, I came to Jishi Hall to inquire about someone from you.” Lu Chen got straight to the point.

”Oh? Who is he?” Liu Gongquan was a little curious.

”I wonder if Doctor Liu has ever heard of the name Xie Sinian?” Lu Chen’s eyes were bright.

”Xie Sinian?”

Liu Gongquan was slightly startled, a flash of astonishment flashed in his eyes, but he quickly returned to normal, as if nothing had happened.

But this abnormality was all visible to Lu Chen.

”Little brother, I don’t know Xie Sinian. You must have asked the wrong person.” Liu Gongquan shook his head, pretending not to know.

”Don’t know him? But how did I hear that Xie Sinian is in Jishi Hall?” Lu Chen narrowed his eyes.

”Jishitang consults hundreds of patients every day. I really don’t know if there is anyone named Xie Sinian.” Liu Gongquan remained calm.

”If you don’t even know Divine Doctor Liu, you’ll be in trouble.” Lu Chen sighed.

”Although I don’t know Xie Sinian, I can help you ask around. I just don’t know. Why do you want to see him?” Liu Gongquan asked tentatively.

”Xie Sinian is my savior. I am looking for him to repay my kindness.” Lu Chen’s face became serious.

”So that’s it...”

Liu Gongquan nodded thoughtfully and said, “Okay, I’ll help you pay more attention to it, and I will notify you immediately as soon as there is any news about Xie Sinian.”

”Then there is the miracle doctor Lao Liu.”

Lu Chen immediately stood up and saluted: “You are busy, so I won’t interrupt you here. Take my leave.”

”please.”

Liu Gongquan smiled and stood up to see them off.

Then he kept watching Lu Chen leave Jishitang, and he was relieved until the other party walked away.

”How could this happen? It’s been ten years, why are people still looking for Xie Sinian? Could it be... that the news was leaked?”

Liu Gongquan murmured to himself and looked towards the stairs on the third floor.

Xie Sinian’s identity is sensitive. Once exposed, the entire Jishi Hall will be destroyed!

Chapter 1283

Liu Gongquan closed the door to the second floor, lingered for a moment, and finally climbed to the third floor.

The third floor has been sealed off, with layers of shackles inside, iron gates, iron nets, anti-theft doors, monitoring, and alarms.

The defense is so tight that not even a fly can get in.

After many rounds of unlocking, Liu Gongquan finally climbed to the third floor.

The third floor was very dark, and most of the rooms were filled with clutter.

Only the innermost room is clean, tidy, warm and comfortable.

At this moment, a thin, pale middle-aged man was lying on the hospital bed in the room.

The man was already unconscious, his breathing was weak and long, with almost no ups and downs, like a dead person.

Liu Gongquan walked to the man's bedside, felt his pulse out of habit, and then let out a long sigh.

"Oh...it's been ten years. I wonder when you will wake up?"

"It's in vain that I, Mr. Liu, have the reputation of being a miracle doctor, but I can't cure your disease. It's really sad!"

Liu Gongquan shook his head, took out a pill, and fed it into the man's mouth, his expression somewhat sad.

He has been guarding Xiesian for ten years.

Within ten years, he consulted various ancient books and tried various methods, but he still could not revive Xie Sinian.

The only thing that can be done is to save the other person's life.

”My dear friend, let me tell you something.”

”A young man named Lu Chen came to see you today, but I didn’t know his details, so I sent him away.”

”I can see that that young man is not simple. If he is an enemy, then we will be in trouble.”

”He was able to follow the clues and find this place. He must have come prepared. Maybe it won’t be long before Jishi Hall can’t hide you.”

”My benefactor...if you can hear me, please wake up quickly.”

Liu Gongquan murmured to himself while massaging Xie Sinian’s body.

For ten years, he would go upstairs every day and say something to the person in front of him.

This has become a habit.

”Doctor Liu, Uncle Xie’s disease, do you want me to try it?”

A calm voice suddenly sounded at the door.

”who?!”

Liu Gongquan was startled, suddenly turned around, met Lu Chen’s eyes, and said in shock: “It’s you? Why are you here? You...you didn’t leave?”

He finally understood that he had been tricked.

”I’m sorry, Doctor Liu, I just lied to you, but I had no choice but to do this. Please forgive me.” Lu Chen bowed deeply with his hands bowed.

Liu Gongquan obviously didn't trust him, so just asking him to get to the bottom of things would definitely not work.

So he retreated in order to advance, luring the snake out of its hole and exposing the other party.

Although a bit despicable, it is also a helpless move.

"Who the hell are you? Why are you here?!"

Liu Gongquan looked wary and protected Xie Sinian behind him.

Even though he doesn't know martial arts, he still plans to give it a try.

"Doctor Liu, don't be nervous. I'm not here to seek revenge, but to repay a favor." Lu Chen looked serious.

"Repay a favor?"

Liu Gongquan frowned, still suspicious: "Do you know Xie Sinian? What is your relationship with him?"

"To be honest, Uncle Xie and I are old friends, and he once saved my life. It was hard to find out the whereabouts this time, so I came to visit rashly. In order to repay my kindness, I hope that Dr. Liu will not blame him." Lu Chen Lower your head slightly.

"Old friend? Repay a favor?"

Chapter 1284

Liu Gongquan stared at Lu Chen with piercing eyes, as if he wanted to see some clues from the other person's face, but unfortunately he didn't see any flaws, and immediately said with some vigilance: "Why should I believe you?"

"Doctor Liu, if I seek revenge, I can easily kill both of you."

While Lu Chen was speaking, he flicked his finger and a blast of energy shot out.

The next second, the vase on the window sill suddenly exploded with a bang, and the fragments scattered all over the floor.

"ah?"

Liu Gongquan's eyelids twitched, his face serious.

He is obviously a martial arts master who can use his strength to break the air and break bottles.

If he really has the intention to kill, he really can't stop it.

So now, he has no choice.

"Doctor Liu, I have offended you so much, please forgive me." Lu Chen handed over again.

"Okay! I believe for the moment that you are here to repay your kindness, but unfortunately, you are already too late."

Liu Gongquan stepped aside, looked at Xie Sinian on the bed, and said, "Xie Engong became a vegetative state ten years ago and has not woken up yet. All the methods I have tried have never worked."

”Doctor Liu, let me try it. I’m proficient in some strange medical skills and I might be able to help.” Lu Chen walked to the hospital bed.

”you?”

Liu Gongquan shook his head: “Young man, it’s not that I look down on you. Regarding Xie Engong’s illness, it is by no means as simple as you think. There is a strong energy in his body that I still can’t resolve. I can only rely on elixirs to cure it.” Live on.”

Ten years ago, Xie Sinian was injured so seriously that his vitality was severely damaged and his body functions were almost wiped out.

Although he was forced to stay alive, the symptoms were treated but not the root cause and he could not be revived.

The most important thing is that there is still a terrifying energy left in Xie Sinian’s body, which is constantly destroying the eight extraordinary meridians.

He tried many methods, but could not extradite this energy, which was also the cause of the disease.

”Okay, just try it and you’ll know.”

Lu Chen didn’t say much, but sat by the bed and began to feel Xie Sinian’s pulse.

But soon, he suddenly frowned.

Liu Gongquan was right, Xie Sinian was indeed seriously ill, even worse than he expected.

If it weren’t for his good foundation and the magical elixir to extend his life, he would have died long ago.

Lu Chen took a deep breath, tried to inject a burst of Qi into Xie Sinian's body, and began to check the situation.

However, the next second, something seemed to be triggered in his body, and an extremely domineering zhenqi suddenly surged forward.

The two qi collided with each other, fought with each other, and finally died together.

"It's really weird!"

Lu Chen's face became serious.

After the test just now, he was surprised to find that Xie Sinian was not just injured, but had been sealed.

This seal was hidden deep and was always damaging Xie Sinian's body.

And once an external force enters, the seal will be activated and there will be a fierce backlash.

No wonder Liu Gongquan has been helpless, no wonder Xie Sinian has never woken up.

It turns out that there is another world inside.

"Little brother, if it doesn't work, forget it. Don't force yourself. I'm afraid it will be difficult for Mr. Xie to wake up in this life." Liu Gongquan couldn't help but sigh.

"Doctor Liu, you are wrong. Uncle Xie will definitely wake up, because I can cure this disease!" Lu Chen said in surprise.

"What did you say? Can it be cured?"

Liu Gongquan was a little suspicious that he heard it wrong: “Little brother, are you kidding me? I have been studying this disease for ten years and I still have no way to solve it. You actually say you can cure it?”

How could a young man in his early twenties be able to cure a strange disease that even he couldn't do anything about?

Chapter 1285

”Although it's troublesome, I can indeed cure it.”

Lu Chen nodded seriously: “However, I need your help, Dr. Liu.”

”Little brother, if you have the ability to cure diseases, I can sell this Jishitang!”

Liu Gongquan said, but suddenly changed the topic: “But the question is, how do you prove that you have this ability?”

Human life is at stake, so naturally he will not take risks lightly, let alone entrust his savior to a young man he just met.

”You just said that Uncle Xie has a qi remaining in his body. If I eliminate this qi, will that count as proof?” Lu Chen asked back.

”Um?”

Liu Gongquan's eyes were fixed, and he said solemnly: “Little brother, this kind of vigor is full of dominance. It can't be resolved with medical skills alone. Don't talk about it here.”

If this energy could be resolved so easily, how could he delay it until now?

”Ordinary medical skills really can’t be helped, but what I know is not only medical skills, but also mystical skills!”

Lu Chen said seriously: “Doctor Liu, give me half an hour, and I will definitely destroy this energy. You will understand by then.”

”this.....”

Liu Gongquan frowned and hesitated.

To be honest, he didn’t trust Lu Chen that much.

Firstly, the other party is too young, and secondly, the purpose is unclear.

He couldn’t even be sure whether the person in front of him was good or bad?

”Master Liu, I believe you should know that Uncle Xie has been suffering for ten years, and the end is approaching. The situation can no longer be worse than this. If you have no other way, why don’t you let me try.” Lu Chen persuaded.

Hearing this, Liu Gongquan couldn’t help but fell silent.

He had to admit that Xie Sinian had indeed reached his limit. He couldn’t guarantee how long the other party could survive?

Three months? Five months? Or is it shorter?

If it continues like this, it will really be hard to save the gods.

After a long silence, Liu Gongquan finally nodded: “Okay, I’ll let you give it a try, but you must put safety first.”

”Uncle Xie is kind to me, so I won’t risk his life.” Lu Chen nodded.

”Okay, please!” Liu Gongquan took the initiative to step aside.

Logically speaking, he shouldn’t believe Lu Chen.

But the other party’s self-confidence deeply infected him.

Maybe, there might be a miracle.

After persuading Liu Gongquan, Lu Chen regained his composure, and immediately took out a silver needle to seal Xie Sinian’s eight strange meridians.

The purpose of doing this is to prevent the qi from escaping and damaging the body.

Then, he gave Xie Sinian another heart protection pill to avoid accidents.

After all the preparations were done, Chase Lu started the real treatment.

The seal in Xie Sinian’s body is the long-lost soul-destroying array.

The soul-destroying formation, as the name suggests, is a mysterious technique specially used to harm people.

Those who set up the formation can control the life and death of the victim at will.

Even if it is hundreds of miles away, as long as you want to, you can easily take someone’s life.

This formation is difficult to arrange, and it is even more difficult to disarm it.

The strength of the cracker must be stronger than that of the caster, and he must also be proficient in formation and profound arts.

Both are indispensable, and the conditions are extremely harsh.

If it were ten years ago, Lu Chen would naturally not be able to deal with it.

But now, as a half-step Grandmaster, it is not difficult for him to destroy this soul-destroying formation.

The only problem was that Xie Sinian was too weak, and his body couldn't withstand any impact at all.

Therefore, he had to be careful, and break the formation under the premise of safety.

In this way, it becomes much more difficult.

Lu Chen took a deep breath, then stretched out his palm, and gently pressed on Xie Sinian's chest.

Chapter 1286

At the same time, the Xuanqing Qi in his body began to gather rapidly and flowed into Xie Sinian's meridians little by little.

"Dong, dong, dong..."

At this time, Xie Sinian's heart suddenly started beating faster.

Immediately afterwards, a domineering and violent zhenqi spurted out from his body in an instant, rushing towards Lu Chen's Xuanqing zhenqi at an extremely ferocious speed.

At the moment when the two qi collided, Xie Sinian's body couldn't help but tremble slightly, as if he had received an electric shock.

Lu Chen frowned, and immediately channeled Xuanqing's true energy and began to deal with it.

The true energy generated by the Soul-Destroying Soul-Seizing Formation is very fierce, like a ferocious beast, intent on devouring all intruders.

For the sake of Xie Sinian's safety, Lu Chen did not dare to fight head-on. He could only use Tai Chi to overcome strength with softness.

Through his own continuous supply of true energy, he slowly consumes the true energy of the Soul-Destroying and Soul-Seizing Formation.

Once the formation's true energy has been completely consumed and cannot function, it will be time to break the formation.

Time is passing little by little.

Chase Lu concentrated his attention and kept pumping Qi into Xie Sinian's body.

Gradually, his forehead began to sweat and his face slowly turned pale.

The whole person has consumed a lot of energy and is already obviously tired.

Under normal circumstances, there would be no need for such effort, but Xie Sinian's safety had to be taken into consideration, so Lu Chen needed twice the total amount of zhenqi to resolve each qi in the soul-destroying and soul-seizing formation.

It can be said to get twice the result with half the effort.

"Boom, boom, boom, boom..."

As the two qi fought, Xie Sinian's heart beat even more fiercely.

His whole face turned red and his whole body felt hot.

Wisps of white mist continuously emerged from the top of the head.

Liu Gongquan next to him looked worried and extremely nervous.

But at this time, he didn't dare to disturb Lu Chen, so he could only worry on the side.

"It's really difficult..."

Lu Chen's eyes were solemn and he was sweating profusely.

The true energy in his body is about to be exhausted. If the Soul-Destroying Soul-Seizing Formation cannot be completely drained before exhaustion, it will be in trouble!

"Buzz!"

Just when Lu Chen was feeling a little uneasy, the Heavenly Spirit Bead he wore on his chest suddenly began to rotate at an extremely fast speed.

Wave after wave of energy spurted out, replenishing Lu Chen's almost dry Dantian at an extremely fast speed.

"Well done!"

Lu Chen was refreshed and felt overjoyed, feeling as if the rain was coming after a long drought.

The Heavenly Spirit Pearl is indeed a sacred object in the martial arts world. At a critical moment, it has such a miraculous effect. It is a timely help!

After being nourished, Lu Chen's true energy continued to flow out again.

After a while, the Soul-Destroying Soul-Seizing Formation finally reached its limit, and the domineering Qi emitted was rapidly weakening, and it no longer had the violence it had before.

Lu Chen seized the opportunity and immediately pressed forward with the army, commanding the Xuanqing Qi, swallowing up the remaining domineering Qi bit by bit, and then went upstream and headed straight for the center of the formation.

The Soul-Destroying Soul-Seizing Formation clearly sensed the threat and began to fight back with all its strength, frantically attacking Xie Sinian's meridians.

"Boom, boom, boom, boom, boom..."

Xie Sinian's heart accelerated again, a trace of blood overflowed from his nostrils, and his whole body began to twitch.

"broken!"

Lu Chen's expression changed.

Xie Sinian's body had obviously reached its limit.

If you keep proceeding step by step, the opponent may die suddenly before the Soul-Destroying Soul-Seizing Formation is broken!

"We can't delay it any longer!"

Lu Chen took a deep breath, retracted his palm suddenly, and then suddenly pointed at Xie Sinian's chest, and the true energy all over his body burst out suddenly: "Break it for me!!"

Chapter 1287

"boom!"

When Chase Lu's finger touched Xie Sinian's chest.

The latter's body trembled violently as if struck by lightning, and a large amount of blood spewed out from his mouth and nose.

Half of the meridians in the body were directly shattered, and the originally broken body became even more unbearable for a while.

The whole person is like a candle in the wind, as if it will be blown out at any moment.

And the soul-destroying array, like a tarsal maggot, also collapsed on the spot under Lu Chen's finger.

"Thank you, Lord!"

Liu Gongquan was startled and turned pale.

He hurriedly stepped forward to check the situation, and only after confirming that Xie Sinian breathed a sigh of relief did he regain his composure.

"Lu Chen! I told you not to be brave, why didn't you listen? Do you know that you almost killed Mr. Xie just now?!" Mr. Liu scolded him.

Lu Chen collapsed on the chair, breathing heavily. His whole body was soaked, as if he had been fished out of the water, and he collapsed.

After calming down a little, Lu Chen slowly said: "The situation was more difficult than I expected. Although it was a bit risky, fortunately it was successful. The true energy in Uncle Xie's body has been resolved."

"Resolved?"

Liu Gongquan was stunned, and immediately stretched out his hand again to check Xie Sinian's pulse.

Although the pulse was very weak, the violent and domineering aura had indeed disappeared.

”Really resolved? How is it possible?”

Liu Gongquan was surprised and happy, and couldn’t believe it.

He had been studying for ten years and had tried every method to solve the strange disease, but it was actually solved by a young man in his early twenties?

Is this kid so awesome?

Liu Gongquan swallowed, and carefully checked a few more times to prevent mistakes.

The final result was that Lu Chen had indeed dispelled the powerful energy and freed Xie Sinian from the pain.

Although it was unbelievable, he had to admit that the other party was indeed better than him in terms of mystical arts.

At such a young age, he has such abilities.

What a hero!

”Little brother, your method of treating diseases is really mysterious and magical, I admire you!”

”You did not hesitate to risk serious injury to save Mr. Xie. I am even more grateful.”

Liu Gongquan arched his hands, his face full of solemnity.

If he had doubts about Chase Lu before.

So now, it is a deep trust.

It can be seen that in order to save Xie Sinian, Lu Chen spent a lot of money and completely ignored his health.

If you are not careful, you may even endanger yourself, leading to your death.

People who can do this are either close relatives or people of great righteousness.

No matter what it is, it is enough to prove that Lu Chen is a good person.

”You’re welcome, Doctor Liu. As I said before, thank you Uncle for saving my life. I’m just repaying the favor.” Lu Chen waved his hand.

”So, the two of us are still in the same camp?”

Liu Gongquan smiled and said: “Twelve years ago, the old man’s family was chased and intercepted by the enemy and almost wiped out. It was Xie En Road who saw the injustice and drew his sword to help and saved the old man’s family. Speaking of which, the old man owed Xie Engong more than one life.”

”Mr. Liu has taken care of Uncle Xie wholeheartedly for ten years, and he has paid back everything he deserves.” Lu Chen said.

”I can’t repay the kindness of saving my life. It’s a pity that the old man is not good at learning and skills, and he couldn’t cure Mr. Xie’s illness. I’m really ashamed.”

Liu Gongquan shook his head and sighed: “On the contrary, you, little brother, saved Xie Engong’s life with magical magic, which is really amazing.”

Chapter 1288

”When it comes to saving lives, it’s still too early.”

Lu Chen’s expression became serious: “Although I have neutralized the true energy in Uncle Xie’s body, his body functions have been severely damaged, and his eight extraordinary meridians have also been severely damaged. Now he is no different from the living dead. We need to make him wake up. The meridians must be reshaped and transformed.”

”Reshape the meridians? Reborn?”

Hearing this, Liu Gongquan immediately raised his eyebrows: “The only way to achieve this is the legendary Marrow Cleansing Pill, but the recipe for the Marrow Cleansing Pill has been lost for a long time. Where can we look for it soon?”

Marrow Cleansing Pill is a sacred medicine recorded in ancient books.

After taking it, people can cleanse their menstruation and cut their marrow, reborn and regain a new life.

Whether it is a broken meridian or a congenital disability, Marrow Cleansing Pill can treat it.

The only problem is that the Marrow Cleansing Pill is too rare. He has only heard of it and has never seen it before.

”Doctor Liu, to be honest, I just happened to read the marrow-cleansing elixir prescription, and I wrote it all down.” Lu Chen said coldly.

”What?” Liu Gongquan’s eyes widened instantly: “You, you, you... do you know the recipe for the marrow cleansing pill?”

”I have a lot of ancient books in my home. I read them when I was a child and I still haven’t forgotten them.” Lu Chen nodded.

The Book Collection Pavilion in Xiliang Prince’s Mansion has brought in the world’s most wonderful books.

Any book in it is a priceless treasure.

It just so happened that he had loved reading books since he was a child, and he had a photographic memory.

Those strange books in the library are basically stored in his mind.

”I didn’t expect that, little brother, you are so knowledgeable that you even know the recipe for marrow cleansing pills? It’s really amazing!”

After being surprised, Liu Gongquan couldn’t help but look overjoyed.

The most difficult problem right now is solved.

”etc.....”

As if he thought of something, Liu Gongquan suddenly said: “Little brother, although you have the recipe for the marrow-cleansing elixir, where should you find an alchemist? Looking at the whole world, there are very few alchemists who can refine the marrow-cleansing elixir. In fact, Hard to find.”

Treating a disease is curing a disease, and refining an elixir is refining an elixir.

Although he could cure diseases, he had little knowledge of alchemy.

Holy medicine like the Marrow Cleansing Pill must be used by top alchemists to have any chance of success.

”Don’t worry, Doctor Liu. I’m quite accomplished in elixir refining. It shouldn’t be difficult to refine a marrow-cleansing elixir.” Lu Chen said.

”What? You can even make alchemy?!”

Liu Gongquan screamed in fright: “Little brother, you...are you kidding me?”

”Human life is at stake, how dare you play with it?”

Lu Chen said seriously: “I often read books when I was a child, and I am very familiar with the knowledge of alchemy. I can’t say that the success rate of alchemy is 100%, but it is almost ninety-nine.”

”...”

The corner of Liu Gongquan’s mouth twitched, and he was speechless for a moment.

What the hell! With a ninety-nine percent success rate, even the top alchemists in the Dragon Kingdom probably wouldn’t be able to achieve it, right?

Where did this kid come from?

He is not only good at martial arts, but also proficient in medical skills and profound arts, and now he is even proficient in alchemy.

Does the Dragon Kingdom have such an unrivaled genius?

Is it too exaggerated?

If he hadn't seen it with his own eyes, he wouldn't have believed it even if he was killed.
There are such people in the world.

What a monster!

Liu Gongquan swallowed his saliva and struggled to squeeze out a sentence: "Little brother, I would like to ask, is there anything else you don't know?"

Chapter 1289

Liu Gongquan's words stumped Lu Chen.

Is there anything you can't do?

He seems to have dabbled in all kinds of strange and weird skills such as martial arts and medicine, alchemy and medicine, strange mystical arts, Taoist secrets, southern border witchcraft, and all kinds of strange skills.

There are very few things that you don't know how to do.

"Well... I read a lot of miscellaneous books, so I know a little bit about many things." Lu Chen said modestly.

"Know a little bit?"

Liu Gongquan's face trembled, and his eyes became even weirder.

At such a young age, he is already able to unleash his inner strength, making him at least one of the best innate warriors in the world.

Is this called a little understanding?

Xie Sinian had been helpless with the remaining energy in his body for ten years, but Lu Chen broke it with one finger.

Is this called a little understanding?

He has the best elixir recipe and can also refine the marrow-cleansing elixir, which is comparable to the top alchemy master in the Dragon Kingdom.

Is this called a little understanding?

Possessing many unique skills, he excels in all of them.

If this is just a basic understanding, then ninety-nine percent of the people in the world will have to commit suicide by drowning themselves in rivers.

This young man is a little frighteningly humble.

”Divine Doctor Liu, although I can refine the Marrow Cleansing Pill, it’s hard for a clever woman to make a meal without rice. You still need to pay more attention to the medicinal materials.” Lu Chen suddenly said.

”No problem, I don’t have anything else but a lot of medicinal materials in Jishitang.” Liu Gongquan was very confident.

”The medicinal materials for refining the Marrow Cleansing Pill are relatively precious, I will write them for you.”

Lu Chen asked for paper and pen, and then wrote down all the medicinal materials needed for the Marrow Cleansing Pill.

Liu Gongquan took the prescription and looked at it, and quickly frowned, his face became a little more solemn: “Little brother, I can get most of the medicinal materials you wrote, but there are three medicinal materials, which are rare treasures.” , very rare.”

He has always liked to collect rare medicinal materials, and he thinks that his family’s medicinal material library has a complete range of varieties.

However, the three medicinal plants he wanted to put in gave him a problem.

”Oh? I wonder which three medicinal herbs Divine Doctor Liu is referring to?” Lu Chen asked.

”Bingxinlian, dragon blood ginseng, and golden marrow jade.”

Liu Gongquan pointed to the three places on the prescription respectively and said: “These are top-quality medicinal materials, which are priceless treasures. Not to mention our Jishi Hall, even the major medical clinics and medicinal material warehouses in Yanjing can hardly collect them together.” All together.”

”Doctor Liu, these three medicinal herbs are the main medicines and there is no substitute. Please ask around first. If you have any news, please notify me immediately. If you really can’t find it, I will find another way.” Lu Chen said.

”This is the only way.” Liu Gongquan nodded thoughtfully.

Not to mention looking for medicine, as long as he could save Xie Sinian, he would be willing to sell Jishitang.

”Grandpa, something happened down there...”

At this time, a clear voice suddenly sounded at the door.

The two of them looked back and found that Liu Xiangsi had already stood at the door at some point.

”Xiangsi! Why did you come up here? Didn’t I warn you not to go up to the third floor without permission?” Liu Gongquan’s face darkened.

”Grandpa, I can’t go to the third floor, why can he?” Liu Xiangsi pointed at Lu Chen, with surprise and confusion on his face.

Even she was forbidden to enter this place on the third floor. Once before, she couldn’t help but sneak in out of curiosity.

When her grandfather found out, he gave her a severe lesson and warned her not to tell anyone.

From then on, there were layers of shackles on the third floor.

Chapter 1290

She really didn’t understand why her grandfather would tell this secret to a young man she just met?

”this.....”

Liu Gongquan's expression froze and he was quite embarrassed.

He couldn't say that the other party had forced his way in, right?

"Xie Sinian is my uncle. I came to visit him this time just to see him." Lu Chen explained.

"That's right, that's right, this little brother Lu is the nephew of Mr. Xie Engong. He should be regarded as his uncle." Liu Gongquan said seriously.

"Nephew? Uncle?"

Liu Xiangsi looked up and down, looking suspicious: "Grandpa, you won't be deceived, right? Uncle Xie has been sleeping here for ten years, and a nephew suddenly appears. Do you think it is possible?"

"Girl, you are too worried. I believe in Brother Lu's character." Liu Gongquan looked serious.

"But....."

Liu Xiangsi was about to say something, but Liu Gongquan raised his hand and interrupted: "Okay, okay, I'll talk about it later. You just said something happened down there, what happened?"

"Oh, that ruffian Zhang Long is here again. He said that the medicine you prescribed last time not only failed to cure his injury, but also worsened his condition. If you don't give him an explanation today, he will demolish our Jishi Hall. !" Liu Xiangsi was a little indignant.

Hearing this, Liu Gongquan immediately frowned: "I thought I could delay it for a little longer, but I didn't expect the trouble would come so quickly."

”Doctor Liu, what’s wrong?” Lu Chen asked tentatively.

”It’s like this. Our Jishi Hall is in a good location, has a big appearance, and is well-known. There was a pharmaceutical company that wanted to buy my Jishi Hall, but I rejected it many times. Later, it often found people to make trouble and corrupted my Jishi Hall. The reputation of the church.” Liu Gongquan explained.

”Oh? Are you trying to buy and sell by force?” Lu Chen raised his eyebrows: “How dare you be so arrogant under the emperor’s feet? Isn’t there anyone who cares about it?”

”Sigh... It’s useless to report this kind of thing to the police. Those gangsters are very clever. They just make all kinds of trouble anyway. They will run away immediately when the patrol comes. Even if one group is caught, there will be a second group. Moreover, they have a tough background and were released after only a few days.” Liu Gongquan looked helpless.

When a scholar meets a soldier, he can’t explain why.

Although he is a miracle doctor, there is really nothing he can do about this kind of thing.

After a few months, I was exhausted both physically and mentally.

”Doctor Liu, let’s go down and have a look together. I have experience in dealing with people like this. Maybe I can help.” Lu Chen took the initiative to say.

Liu Gongquan has taken care of Xie Sinian for ten years, and he must repay this kindness.

”You? What can you do?”

Liu Xiangsi curled her lips and said with disdain: “Zhang Long is a well-known local snake in Nancheng, and he has the backing of a big shot. How can you, a foreigner, fight with me?”

”Yeah little brother Lu, you can’t afford to mess with people like Zhang Long, don’t ask for trouble, let me handle it, anyway, in this area of Nancheng, I’m still a bit famous, they don’t dare to mess up Come.” Liu Gongquan said with a complex expression.

”Grandpa, you don’t have to worry too much. I have already notified the senior brother. As long as he arrives, he will definitely be able to calm Zhang Long. Let’s go down for a while.” Liu Xiangsi said confidently.

”It seems we can only rely on Cong’er.” Liu Gongquan nodded: “Let’s go, go down and meet them.”

After saying that, he led the two of them straight downstairs.

At this moment, in the medical center on the first floor.

A man with scars on his face and flesh all over his body was sitting on the counter of the medical clinic with a golden knife.

The man held a knife in his hand and was peeling an apple to eat leisurely.

Afterwards, a group of younger brothers, screaming, drove all the patients out of the room.

Several doctors and a group of apprentices from Jishi Hall were all so frightened that they huddled in the corner, trembling.

I dare not say anything at all.

”Hey, hey, hey! Where is Liu Gongquan? Get him out of here!”

Zhang Long, the man with the scar, was a little impatient, and cursed: “I’ll count to three, if he doesn’t come out again, I’ll smash the signboard of your Jishitang!”
