

An Understated Dominance Chapter 1381 - 1390

Chapter 1381

”Lu Chen, what you just did was a bit excessive. What if you hurt Yingming?”

Looking at the five finger marks on Song Yingming’s neck, Wang Zixuan couldn’t help but feel distressed, she got up and turned her head, and asked a soul-like question.

”Excessive?”

Lu Chen sneered, and asked back: “Miss Wang, you should first find out that it was Song Yingming who injured someone with a knife, and I was just fighting back in self-defense. So, who is going too far?”

Hearing this, Wang Zixuan’s face froze, and she explained bravely, “Just now, Yingming was just scaring you, and won’t really hurt you. Why did you do it so hard?”

”So, everything is my fault?”

Chase Lu’s face was full of self-mockery: “Am I meddling in other people’s business and acting as your shield? Am I provoking someone and asking for a duel? Or am I hurting people behind their backs and hitting their heads with wine bottles?”

”I...that’s not what I meant.”

Wang Zixuan said with some guilt: “It was indeed my fault that I hit you with a wine bottle just now, but I was also in a moment of urgency. I was afraid that you would hurt Yingming. I hope you can understand.”

Lu Chen looked at it with indifferent eyes and said nothing.

I should die if I co-write, right?

Is it appropriate for you to throw a wine bottle at me without even asking me a question?

”Then again, although I was wrong, you were also wrong.”

Wang Zixuan’s tone was filled with complaints: “You are so powerful, but you never told me, which made me worry in vain. Also, you hit too hard just now, and almost strangled Yingming to death. If I don’t stop you, you will die. What a big mistake!”

”Then do I still want to thank you?” A trace of sarcasm appeared on the corner of Lu Chen’s mouth.

”There’s no need to thank you. Since everyone has made mistakes, I think it’s better to wipe it all off and turn the hostility into friendship. We will still be good friends in the future. What do you think?” Wang Zixuan said.

”Miss Wang, my status is low and I can’t compete with your Wang family, so let’s forget it.” Lu Chen shook his head.

He kept explaining and shirking responsibility, without even a sincere apology.

I really don’t want to be associated with such a person.

”Lu Chen, are you still angry? I have already apologized to you, can you please stop being so petty?” Wang Zixuan frowned slightly.

She, the dignified eldest daughter of the Wang family, took the initiative to bow her head and admit her mistake, which had given the other party enough face.

As it turned out, the person in front of me was a nice person. He kept a cold face and was completely ungrateful.

”Lu! For Zixuan’s sake, I won’t argue with you about the beating you just made, but don’t be disrespectful!” Song Yingming said coldly.

If he wasn’t concerned about his image, he would have called people long ago.

”What? You want to fight with me?” Lu Chen sneered.

”Hmph! I’m warning you not to be too arrogant!” Song Yingming threatened sternly: “So what if you know how to punch and kick? If I want to deal with you, it will be as easy as crushing an ant to death.”

”You can try.” Lu Chen said expressionlessly.

”you.....”

Song Yingming was about to explode, but Wang Zixuan raised her hand to stop her: “Lu Chen, you are a good person, and I cherish you as a friend. It was just a misunderstanding. I hope we can sit down and have a good talk.”

”I don’t think there is anything to talk about. You two lovers will eventually get married, and I wish you all the best.” Lu Chen said calmly: “If Miss Wang has no other instructions, then I will leave first.”

After saying that, he turned around and left.

”etc.....”

Wang Zixuan suddenly caught up and said with a serious face: “Lu Chen, I know you are unhappy, but my grandfather’s illness has not been cured yet. I hope you can put the overall situation first and don’t leave without permission.”

”Miss Wang, please rest assured that I am a person who has a beginning and an end and will not change my mind midway. I will definitely cure your grandfather’s disease; but I also hope that your Wang family can fulfill your promise as soon as possible and find the medicinal materials I need.” Lu Chen A look of indifference.

”No problem.” Wang Zixuan breathed a sigh of relief.

She was really afraid that Lu Chen would hold a grudge and play tricks on her grandfather’s illness.

”Boy, hurry up and don’t disturb our two-person world.”

Song Yingming held Wang Zixuan’s waist, with a smug smile on his lips.

His eyes were full of pride and disdain.

Chapter 1382

What qualifications does a poor loser have to steal a woman from him? Really overwhelmed!

Even if he tried his best to get close to Wang Zixuan, so what?

He only needs to use a little trick to coax people into his hands easily.

This is the gap between the two sides.

Lu Chen left and left the restaurant.

Wang Zixuan looked at the man’s leaving figure, her face becoming a little complicated.

She always thought that Lu Chen liked her, so she helped him in various ways.

However, I didn't expect that the other party would be so free and easy when leaving, without even looking back.

Is it heartbreaking? Or playing hard to get?

"Lu Chen, Lu Chen, I think you are a good person, so I want to bring you into my circle and make you prosperous. I didn't expect you to be so ignorant of praise."

"Do you know what you missed? You missed an opportunity for a carp to jump over the dragon's gate. You missed a life that should have been beautiful."

"This is all your own choice. No wonder me. I have given you a chance, but you don't cherish it."

"That's all. After all, we are not from the same world. Even if you try hard to climb, you will never be able to reach our height."

Wang Zixuan shook her head, her expression gradually becoming cold and arrogant.

If she hadn't valued love and justice and thought about old friendships, Lu Chen wouldn't even be qualified to be friends with her.

...

At night, in the royal mansion, in the underground secret room.

A skinny, bruised man was tied to a pillar.

Every part of his body was covered with bandages.

As the bandages were untied one by one, black scabs had formed where the man's skin had been ripped apart before, and some parts were completely healed, leaving only a few faint marks.

Seeing this scene, Wang An, who was standing next to him, couldn't help but look overjoyed: "Hahaha... Jade Dew Cream is indeed magical. We have found a treasure this time!"

Since getting the formula of Jade Dew Cream, the Wang family secretly gathered people and studied it day and night.

Finally this morning, the jade dew paste was made and put into use immediately.

And it works surprisingly well.

In just a few hours, the place where the knife was cut can heal quickly.

It's so amazing!

"I have tested it repeatedly and found that this Jade Dew Cream does not have any side effects and can be put into production immediately."

Song Qiuyu had a faint smile on his face: "And after my investigation, there is no healing medicine on the market that can compete with Jade Dew Cream. I believe that as long as Jade Dew Cream comes out, it will surely help the Wang family to create a new world."
!"

"Hahaha...Okay! Great!"

Wang An couldn't stop laughing: "Qiu Yun, you have done a great job this time. You only used a dragon's blood ginseng to get such a magical prescription. It took too little time!"

”Brother An, don’t be too happy yet, there are still hidden dangers in this matter.” Song Qiuyun warned.

”Hidden danger? What do you mean?” Wang An was startled.

”Don’t forget, not only do we have the recipe for Jade Dew Cream, but Lu Chen also has it.”

Song Qiuyun narrowed his eyes and said, “If you think about it carefully, if Lu Chen sells the formula to others, the advantage of our Wang family will be gone.”

”When you say that, it seems true.” Wang An frowned slightly.

The Wang family is not a strong point in medicine. If they cannot dominate the Jade Dew Cream market, it will easily be a waste of money.

”Brother An, this matter must be solved from the root cause. The formula of Jade Dew Cream is unique to our Wang family!” Song Qiuyun’s tone became serious.

”What are you going to do?” Wang An asked tentatively.

”It’s very simple – kill. People. Exterminate. Mouth!”

Chapter 1383

Early the next morning, in a guest room of the Wang family.

Lu Chen was sitting cross-legged, practicing quietly.

”Knock knock knock...”

At this time, a knock on the door suddenly sounded.

”who?”

Lu Chen slowly opened his eyes.

”Doctor Lu, I’m Xiao Wu, and I’m here to bring you breakfast.” A familiar voice sounded outside the door.

”okay.”

Lu Chen stood up and opened the door.

Standing outside the door was a boy of fifteen or sixteen years old, thin and frail, holding an exquisite food box in his hand.

The boy’s name is Xiao Wu, a servant of the Wang family. He has been without a father or a mother since he was a child, and he is lonely and helpless.

Since Lu Chen moved into Wang’s house yesterday, Xiao Wu has been taking care of him carefully, serving tea and pouring water in various ways, asking about his health, and being very responsible.

He is a cautious and miserable person.

”Thanks for your hard work.”

Chase Lu turned sideways slightly and motioned for Xiao Wu to come in.

”It’s not hard or hard, it should be.”

Xiao Wu was flattered. After bowing and saluting, he carefully placed the food box on the table and opened it layer by layer.

”Mr. Lu, there are eight dishes this morning.”

Xiao Wu introduced it while serving the dishes.

”The first dish is Kung Pao Shrimp.”

”The second dish is braised oxtail.”

“The third dish is vinegary Mushu.”

”The sixth dish is Jiao Liu Meatballs.”

”The seventh dish is fried belly shreds with coriander.”

”The eighth dish is braised mullet egg soup.”

”The dishes have been served, please enjoy them slowly.”

After serving the dishes and preparing the bowls and chopsticks, Xiao Wu lowered his head and quietly stepped aside.

”Why is it so rich in the morning? Just have some soy milk, fried dough sticks or something.” Lu Chen smiled faintly.

”Doctor Lu, you are a distinguished guest of our Wang family. The master has specially ordered that you must be treated well.” Xiao Wu replied.

”Oh, by the way, how is Mr. Wang doing? Is he awake?” Lu Chen suddenly said.

”The old man woke up this morning and his consciousness has returned to normal. Thanks to Dr. Lu’s wonderful rejuvenation, the old man was cured. The whole Wang family is grateful.” Xiao Wu bowed deeply.

”It’s fine.”

Lu Chen nodded and looked at the dishes on the table, seemingly at a loss what to do:

“Xiao Wu, have you eaten?”

”Not yet.” Xiao Wu shook his head.

”Then let’s eat together. Anyway, I can’t finish it by myself.” Lu Chen extended the invitation.

”No, no, no... no!” Xiao Wu waved his hands repeatedly and said with some fear: “This is a dish specially prepared for you, Doctor Lu. How can I, a servant, be qualified to enjoy it?”

”Don’t be restrained in front of me, just sit down and eat.” Lu Chen smiled.

”Doctor Lu, this is against the rules. If anyone sees it, I will be punished.” Xiao Wu lowered his head.

”If you don’t tell me, who will know?” Lu Chen didn’t care.

”I’m just a servant with a low status, how can I have dinner with you?” Xiao Wu still didn’t dare.

”What? It’s just a meal, why don’t you give me any face?” Lu Chen was a little unhappy.

”No...not...”

”Stop talking nonsense and sit down!”

Lu Chen’s expression became serious and his tone became stronger.

Xiao Wu was trembling with fear, but he didn’t dare to disobey, so he could only sit down obediently.

”This is the right thing to do.”

”The fourth dish is sea cucumber roasted with green onion.”

”The fifth dish is Crispy Chicken King.”

Chapter 1384

Lu Chen smiled again and said, “Come on, eat, open your mouth and eat, you’re welcome.”

Xiao Wu timidly held the bowls and chopsticks, lowered his head, and never made any move.

”You are so skinny. It is the time when you are growing taller. You should eat more.”

Lu Chen picked up a piece of sea cucumber and put it into Xiao Wu Bowl.

”Thank...thank you Dr. Lu.”

Xiao Wu forced a smile, looking a little nervous.

”Why don’t you eat it? Is it not to your liking? Come on, try some shrimp and some oxtail.”

Lu Chen said, and took two more dishes.

He looked like a loving father.

”That’s enough, that’s enough, Dr. Lu, you can eat too.”

Xiao Wu was so frightened that the hands holding the bowl were shaking.

”I’m not hungry, you eat first.” Lu Chen smiled.

"I...I'm not hungry either." Xiao Wu's face twitched.

"It doesn't matter if you're not hungry, just think of it as a taste and eat."

Lu Chen nodded. Seeing that Xiao Wu still didn't take his mouthful, he said abruptly:

"What? You don't suspect that I poisoned the food, do you?"

"Ah?" Xiao Wu's face froze, then he forced out a smile and said with sweat on his forehead: "How... how is it possible? Dr. Lu, stop joking."

"In that case, why don't you eat it?" Lu Chen's smile did not change.

"Eat...I eat..."

Xiao Wu swallowed, finally picked up a piece of sea cucumber, brought it to his mouth, and began to chew slowly. At the same time, he looked at Lu Chen and said fawningly, "Doctor Lu, you can eat it too. It tastes very good."

Lu Chen put down the bowl and chopsticks, smiled and said nothing, and just looked at Xiao Wu quietly.

"Doctor Lu, what's wrong? Why don't you eat? This is a delicious dish specially prepared for you by the kitchen!"

A stiff smile appeared on Xiao Wu's face, and he kept urging Lu Chen to eat.

Seeing that the person in front of him didn't respond, his tone gradually became hurried, and his face became a little more ferocious: "Doctor Lu! Eat! Eat quickly! I've already eaten it all, why don't you eat it?!"

”Xiao Wu, I admire your loyalty. In order to achieve the goal, you can even risk your own life, but unfortunately, you have calculated the wrong person.” The smile on Lu Chen’s face slowly subsided.

“You...what do you mean?” Xiao Wu suddenly felt uneasy.

”Broken gut grass, Aconitum, and tripterygium vine are three poisons mixed into one. You are killing me.” Lu Chen narrowed his eyes slightly.

In fact, he had noticed something abnormal since Xiaowu entered the house, but it never happened.

He let Xiao Wu eat first, purely for testing.

I didn’t expect the other party to be so tolerant, even risking his life in order to harm others.

Really cruel!

”No! Impossible! How do you know it’s poisonous?!” Xiao Wu finally panicked.

At this moment, black blood began to flow from his nostrils.

The whole person’s face showed a purple color.

”Don’t forget, I am a doctor, and not just an ordinary doctor.” Lu Chen explained.

”Go to hell with me!”

Xiao Wu’s face turned grim, and he suddenly pulled out a knife and stabbed Lu Chen in the chest.

There was a black light on the blade, which was obviously quenched with poison.

”Tuqiong dagger, right?”

Lu Chen grabbed Xiao Wu’s arm, gently broke it, and then kicked him in the abdomen.

Xiao Wu screamed and was thrown several meters away on the spot, hitting the wall hard and vomiting blood.

”Tell me, who sent you here? As long as you tell the truth, I can cure your poison.” Lu Chen said indifferently.

”Ahem...”

Xiao Wu coughed up a few more mouthfuls of black blood. The severe pain after the poisonous attack made his body tremble and his face distorted.

He opened his mouth, just when he was about to say something.

A figure suddenly rushed in, it was Butler Wang.

”Bold thief! How dare you assassinate Dr. Lu? You are really seeking death!”

Steward Wang gave a sharp shout, suddenly drew his knife, and cut off Xiao Wu’s head.

Chapter 1385

”Uh-huh!”

With the flash of the sword, Xiao Wu’s neck was cut off directly.

His head fell to the ground with a “thud” and rolled twice like a football before stopping.

A pair of eyes were as wide as copper bells, and his face was full of disbelief.

He didn't expect until his death that he was not killed by Lu Chen, but by his foster father.

Yes, Butler Wang Wang Zhengping is his adoptive father.

When he was the most destitute, it was Wang Zhengping who rescued him and took him into the Wang family and gave him a place to stay.

He is always grateful and dedicated.

Therefore, when his adoptive father asked him to poison Lu Chen, he did not hesitate at all.

Because he felt that it was time for him to repay his favor.

So much so that in order to cheat Lu Chen's trust, he did not hesitate to test himself for poison and completely risked his life.

The results of it? What he got was a fatal blow from his adoptive father Wang Zhengping.

He is really unwilling!

...

"Um?"

Looking at Xiao Wu's body, Lu Chen couldn't help frowning slightly, looked up at Wang Zhengping, and said coldly, "Butler Wang, what do you mean?"

"Doctor Lu, I'm really sorry that I surprised you just now."

Wang Zhengping immediately withdrew his knife, showing a kind look: "I didn't expect that there would be a traitor in my family. Fortunately, I found out in time, so it didn't lead to a big mistake."

"Really? So, I have to thank you?" Lu Chen narrowed his eyes slightly.

Wang Zhengping appeared so quickly, he was obviously prepared for it. The knife he just struck without any mercy was obviously intended to kill people and silence them.

But he didn't understand, why did the Wang family suddenly attack?

"You don't need to thank you. It is our duty to protect Dr. Lu's safety."

Wang Zhengping said neither humble nor arrogantly: "Actually, it's my fault for not knowing people well. I hired a traitor and almost killed Dr. Lu. I'm really ashamed."

"Steward Wang, I'm a little strange. I have no grievances with Xiao Wu. Why did he want to kill me? Did someone instigate it secretly?" Lu Chen raised his eyebrows, a little meaningful.

"I don't know much about this matter, but please rest assured, Dr. Lu, we will definitely investigate to the end and find out the mastermind as soon as possible!" Wang Zhengping promised.

"Haha... Then there will be Butler Lao Wang." Lu Chenpi smiled.

"It should be." Wang Zhengping nodded slightly.

"What's wrong? What happened?"

At this time, there was a loud voice outside the door.

Immediately afterwards, Wang An and Song Qiuyun walked in quickly.

When they saw Xiao Wu's body, everyone was stunned, with surprise on their faces.

"Master, madam, Xiaowu was bribed to poison Dr. Lu. Fortunately, I arrived in time, cleaned up the house, and controlled the situation."

Wang Zhengping lowered his head slightly and briefly explained what happened.

Wang An quickly understood and pretended to be angry: "Huh! This beast actually eats the inside and outside of the body. He really deserves to die!"

After cursing, he turned to Lu Chen and said in a caring tone: "Doctor Lu, are you not injured?"

"I'm fine, I just feel a little ridiculous." Lu Chen said calmly.

"Ridiculous? What do you mean?" Wang An was taken aback.

"This Xiaowu, knowing that I am a doctor, actually used poison to harm people. Do you think he is stupid?" Lu Chen smiled half-heartedly.

"Yes...it's very stupid." Wang An agreed bravely.

Song Qiuyun beside him frowned slightly, but quickly calmed down.

Chapter 1386

"Patriarch Wang, I heard that your father has woken up, right?" Lu Chen spoke again.

Invisibly, the title has changed.

”That’s right, my father is indeed awake, but his body is still a little weak, and he is in a trance. I guess he will have to rest for a while.” Wang An said.

”Don’t worry, it’s just some sequelae, and it will be cured soon.”

As Lu Chen said, the conversation suddenly changed: “Clan Chief Wang, let’s talk about some serious business. When will the golden marrow jade and Bing Xinlian you promised me before be fulfilled?”

”this…….”

Wang An turned his head and glanced at the people around him, hesitant to speak.

Song Qiuyun took over the conversation and said calmly: “Doctor Lu, our Wang family will naturally fulfill what we promised you, but not now, because we are very busy and cannot serve you alone.”

”Mrs. Wang, you don’t seem to have said that during the previous transaction.” Lu Chen shook his head.

”Extreme elixir is hard to come by. It doesn’t mean that it is available. Wait patiently. We will let you know when we have news.” Song Qiuyun remained expressionless.

”Wait? I’m afraid that if I wait any longer, my life will be lost.” Lu Chen laughed at himself.

Through the conversation just now, he has judged that the Wang family is indeed murderous.

As for the reason, it is most likely because of the formula of Yulu ointment.

A baby like this is enough for the Wang family to kill someone.

”If you can’t wait, there’s nothing we can do.” Song Qiuyun said indifferently.

”Well, it seems that your Wang family has no hope. In that case, we will see you later.”
Lu Chen said no more.

After saying a few words, he walked straight out the door.

”stop!”

Song Qiuyun suddenly called out.

”Madam Wang, is there anything else?”

Lu Chen stopped, turned his head, his eyes were indifferent.

If the Wang family really wanted to break up, he wouldn’t mind making a big fuss here.

”Lu Chen, my old man is weak and in urgent need of supplements. The dragon blood ginseng we gave you before is the best supplement. I hope you can return it.” Song Qiuyun said confidently.

”return?”

Lu Chen was startled, then smiled: “Mrs. Wang, are you kidding me? I got the dragon blood ginseng from the prescription, why should I give it back to you?”

”I can buy it with money, you can set a price.” Song Qiuyun looked calm.

”I’m not short of money.” Lu Chen shook his head.

”You don’t want to sell it, right? OK, then our deal is terminated.”

As Song Qiuyun said, he took out a prescription and slapped it on the table. He said coldly, “This is the formula of Yulu ointment you wrote. I will return it to you now. I don’t want to trade with you again. Bring the dragon’s blood ginseng!”

”Mrs. Wang, do you treat me like a three-year-old child?”

Lu Chen narrowed his eyes slightly: “You have already read the formula, and maybe you have copied it several times. Is there any point in returning it to me now?”

This woman is really shameless to the extreme.

Even if Bing Xin Lian and Golden Marrow Jade were not found, he actually planned to take the Dragon Blood Ginseng back.

This is an empty-handed white wolf!

”Our deal is to exchange the formula for the elixir. Now that I don’t want the formula, it’s natural for you to return the elixir to me.” Song Qiuyun said confidently.

”Haha...what’s the matter? Are the wealthy Wang family going to cross the river and burn the bridge?” Lu Chen smiled, but his eyes were cold.

”Stop talking nonsense, hand over the dragon’s blood ginseng, and then leave with your prescription, so that we can live in peace, otherwise, don’t blame me for turning my face and denying people!” Song Qiuyun sternly said.

As soon as he finished speaking, two martial arts masters behind him stepped out, one behind the other, blocking Lu Chen’s retreat.

Two pairs of eyes, staring eagerly.

Chapter 1387

”What? You still want to take action?”

Lu Chen glanced back and forth, and smiled coldly: “First I saved your daughter, then I gave you a prescription, and yesterday I even pulled Mr. Wang back from the gate of hell.

I’ve done so much, it’s fine for your Wang family not to be grateful to Dade, but now you want to repay your kindness with revenge.

If this matter gets out, where will the face and reputation of your Wang family be? “

As soon as these words came out, the expressions of Wang An and the others changed slightly.

It was precisely because of his family’s reputation that he ordered Xiao Wu to secretly poison him.

In this way, even if something goes wrong, he can let Xiao Wu be the scapegoat and shirk the responsibility.

Now that Xiao Wuyi died, if he made a public attack, there was no guarantee that he would not be left behind.

Once the reputation of killing people and getting money, and revenge is spread, it will greatly affect the reputation of the Wang family.

After weighing again and again, Wang An finally chose to retreat temporarily.

”Qiu Yun, what are you doing? Dr. Lu is kind to our Wang family, how can you speak ill of each other? There are no rules! Get out of the way!”

Wang An first reprimanded Song Qiuyun, then pushed away two martial arts masters who blocked the way, and smiled in front of Lu Chen: “Doctor Lu, I’m really sorry, my wife is also worried about her father-in-law’s body, so she was impulsive just now, and she was too verbal. I’ve offended you, so please forgive me.”

On some occasions, the usual routine of the couple is that one sings the bad face and the other sings the bad face.

If the threat is successful, it is naturally the best. If it is not successful, it will not completely tear the face and cause chickens to fly.

”It seems that the Wang family is still a sensible person. I thought you would lose your face.” Lu Chen sneered.

”you—!”

Song Qiuyun was about to have an attack, but was stopped by Wang An’s eyes, and then he apologized to Lu Chen with a smile: “Doctor Lu, your great kindness, our Wang family will never forget it, otherwise, if you have any needs, just ask, as long as I can If you can do it, you must try your best to be satisfied!”

”No need, I’m not blessed to accept the kindness of your Wang family, so leave!”

Lu Chen snorted coldly and left directly.

If it weren’t for Wang An’s knowledge and timely stop loss, he almost couldn’t help but want to do it just now.

He has always treated people with sincerity, but he did not expect that the Wang family would repay their kindness with revenge for the sake of benefit.

What a wolf-hearted person.

It seems that I need to change my partner.

The formula of Yulu ointment should not be cheap for the Wang family.

”Brother An, why did you stop me just now?”

Looking at Lu Chen’s leaving back, Song Qiuyun frowned slightly, looking a little displeased.

”Qiuyun, you are good at everything, you have brains, abilities, and means, but you are too impulsive.”

Wang Anyu said earnestly: “It’s easy to kill a brat, but if it affects the reputation of the Wang family, then the loss outweighs the gain. Besides, there are some things that don’t need to be put on the table. It’s very ugly. Solve it unconsciously, so as to avoid some trouble.”

”Well, I know what to do.”

Song Qiuyun nodded, a cold light flashed in his eyes.

”Forget it, you don’t need to worry about such a small matter, just leave it to Zhengping.”

Wang An turned his eyes and ordered: “Zhengping, do things cleanly and don’t show your flaws.”

”clear.”

Wang Zhengping nodded and took the order to leave.

...

At this moment, outside the gate of the Wang family.

As soon as Chase Lu got into the car, the phone rang.

It's Liu Gongquan's number.

When I connected the phone, a hurried voice came quickly: "Xiao Lu! It's not good! Something happened at Jishi Hall!"

"An accident? What's the matter?" Lu Chen was a little strange.

"I just got up in the morning and went for a run. Unexpectedly, when I came back, Jishi Hall suddenly caught fire and is now on fire!" Liu Gongquan said in a panic.

"What? Is it on fire?" Lu Chen's expression changed and he asked hurriedly: "How is Uncle Xie? Is he okay?"

"The fire started on the first floor. Mr. Xie is still on the third floor. I can't get up at all and can only wait for rescue."

Chapter 1388

"Call someone to put out the fire immediately! I'll be there right away!"

After hanging up the phone, Lu Chen stepped on the accelerator and rushed to Jishi Hall as quickly as possible.

I couldn't think too much along the way, I just rushed when I saw the light, and I was so fast.

It took less than ten minutes to arrive at the scene after a 20-minute drive.

When Lu Chen arrived, the fire truck hadn't arrived yet.

A raging fire has broken out in Jishi Hall, the entire first floor has been burned down, and the ferocious fire has spread to the second floor.

Although there are many neighbors in the neighborhood who carry water basins to fight fires, they are just a drop in the bucket, and they don't do much at all.

If this situation continues, the third floor will be engulfed in fire in less than five minutes.

"Quick! Call someone for help!"

Liu Gongquan held the fire extinguisher in his hand, hissed and sprayed continuously.

His clothes were tattered, his face was disheveled, and many skins on his body had been burned.

Looking very embarrassed.

"Miraculous Doctor Liu! How is Uncle Xie? Has he been rescued?"

Lu Chen quickly ran forward and asked.

"Mr. Xie En is still inside. The fire has already started. Although we tried our best to save it, the fire is too big to be extinguished. What should we do?"

Liu Gongquan's face was full of anxiety and panic.

The fire extinguisher in his hand has been sprayed out, and there is really nothing he can do.

"I'm going to save people!"

Lu Chen didn't talk nonsense. After taking a deep breath, he rushed directly into the fire.

”Xiao Lu! Are you crazy? Come out! You will die if you do this!”

Liu Gongquan was startled, and shouted in shock, but found that Lu Chen had been swallowed by the fire, and he looked up to the sky and sighed: “It’s over, it’s over, it’s all over now!”

”Damn it! Did someone go in just now? Who is so fearless? Too brave?”

”Did you read it wrong? Who dares to rush into such a big fire? Isn’t this a dead end?”

”I saw it too. Someone did run in. It’s outrageous!”

Lu Chen’s fearless behavior scared many firefighters so much that they forgot to splash water for a while.

Soon, the fire was getting bigger and bigger.

The second floor was completely destroyed, and the fire had spread to the third floor.

The scorching air wave forced the surrounding firefighters to retreat.

Everyone knows that Jishitang is completely gone.

This fire directly burned down the best medical center in Nancheng District.

”Woo~woo~woo~!”

At this time, the two fire trucks arrived belatedly.

When the firefighters got out of the car, Liu Gongquan seemed to have seen a savior. He staggered forward and begged: “Hurry! There are two people inside, please save them quickly!”

”Is there anyone else?”

Looking at Jishitang engulfed by the fire, a group of firefighters chose to remain silent.

With such a fierce fire, the people inside must be hopeless.

Now we can only reduce losses as much as possible.

”Why don’t you go into the fire? There are still people inside! Save them!” Liu Gongquan was anxious.

”Old man, we will try our best to rescue, but you have to be mentally prepared. With such a big fire, if people are still inside, it is probably hopeless.” A firefighter said regretfully.

His voice just fell.

Just hearing a “bang”, the window on the third floor was suddenly knocked open.

Immediately afterwards, a fiery figure jumped down from the third floor holding a drenched quilt.

That heroic figure, like a god descending, shook the heavens and the earth.

Chapter 1389

”Boom!”

Under the gaze of everyone, Lu Chen, who was covered in fire, jumped up high and then landed with a crash.

Both feet were on the ground, stepping on several cracks.

”call—!”

A gust of wind blew by, the flames on Lu Chen's body disappeared instantly, and white mist rose from the surface of the skin.

With a bit of haziness and mystery.

"ah?"

Seeing this scene, the whole audience was stunned.

Even the well-informed firefighters were too scared to speak.

No one expected that in the face of the sky full of fire, there were still people who could come out alive.

Moreover, he fell through the broken window on the third floor without any injuries.

This heroic, fearless, and even crazy move is really shocking.

"Am I not mistaken? The person who just went in actually came out alive?"

"Not only did I survive, but I also saved someone else."

"My god! Who the hell is this guy? He can't even burn to death, it's outrageous!"

"..."

After a brief silence, the entire scene was in an uproar.

Everyone looked at Chase Lu as if they were looking at a monster.

"Xiao Lu? You, you... are you okay?" Liu Gongquan was stunned and couldn't believe it.

"Lucky, I escaped in time before the fire burned me."

Lu Chen said, and slowly put a roll of quilt in his arms on the ground.

The quilt had been soaked with water, and although white smoke was coming out, it did not ignite.

He opened the quilt and saw that the skinny Xie Sinian was lying quietly.

Although breathing was a little weak, but luckily all was well.

“Great, great! Thank you, Mr. Grace, everything is fine!”

Liu Gongquan was so happy that he burst into tears.

He had just thought that Xie Sinian would definitely die, but he didn't expect Lu Chen to be so brave, braving the fire and rushing in to rescue him from the gate of hell.

Lu Chen checked Xie Sinian's condition, put him down in the car, and then looked back at Liu Gongquan and asked: “Doctor Liu, how come Jishi Hall suddenly caught fire when it was in good condition?”

”I don't know either. The moment I went out, the fire started.” Liu Gongquan shook his head.

Every morning at dawn, he would take a walk in a nearby park to stretch his muscles, but it usually wouldn't last more than half an hour.

Over the years, nothing has gone wrong. Unexpectedly, when I came back this morning, Jishi Hall was on fire.

”When does Jishi Hall usually open?” Lu Chen asked again.

”Eight o'clock every day.” Liu Gongquan said.

”It’s not even eight o’clock yet, so Jishi Hall caught fire before it even opened for business.”

Chase Lu frowned slightly and asked, “Doctor Liu, while you were out, was there anyone else in Jishi Hall?”

”No.” Liu Gongquan shook his head: “Xiangsi went out with friends last night and never came home. Moreover, it was getting too early, so my disciples and apprentices have not arrived yet.”

”Miraculous Doctor Liu, I don’t think this fire was an accident.”

After Lu Chen pondered for a while, he quickly gave the result: “Jishitang has not yet reached its opening hours, and the decoction room has not started yet. The possibility of an accidental fire is very small. In addition, Jishitang caught fire just after you left the house. Time It’s such a coincidence, it’s more like arson.”

”What? Arson?!”

Hearing this, Liu Gongquan immediately frowned, his face full of anger: “I have done good deeds and accumulated virtues all my life, and I have never done anything harmful to nature. Who is so heartless that he wants to burn down my Jishi Hall?!”

He has been practicing medicine for decades and has always adhered to the principle of saving lives and healing the wounded.

Chapter 1390

On weekdays, poor people don’t get a penny when they see a doctor.

He asked himself to be worthy of the conscience of heaven and earth, and to be worthy of all the patients who came to Jishitang.

I didn't expect that I would form a lot of good karma, but ended up like this in the end.

Most of my life's painstaking efforts were burned by someone.

It was a bit disheartening for a while.

"Miraculous doctor Liu, although I'm not completely sure, but I have someone to suspect." Lu Chen said suddenly.

"Who is it? Who is so vicious?!" Liu Gongquan was filled with resentment.

"Song family." Lu Chen spit out two words coldly.

"The Song family?" Liu Gongquan was taken aback, showing a thoughtful expression.

Although there is no evidence, Lu Chen's words are not aimless.

In order to occupy Jishitang, the Song family used all kinds of coercion and temptation before.

The gangster Zhang Long two days ago was sent by the Song family to make trouble.

If anyone is most suspected of arson, then it must be the Song family.

"Destroy it if you can't get it, the Song family is so hateful!" Liu Gongquan trembled with anger.

After decades of painstaking efforts, once it is destroyed, how can we not be angry?

"Didi!"

At this time, a white Maserati suddenly stopped on the side of the road.

Immediately afterwards, the co-pilot's door opened, and Song Zhong walked out first, then opened the rear door respectfully, and invited Song Yingming and Wang Zixuan inside.

At this moment, firefighters are still putting out the fire with water guns.

There was black smoke and dust all around.

Song Yingming put on an umbrella to cover Wang Zixuan from the rising sun.

"Yo! What's going on here? Why is it on fire?"

Song Yingming covered his mouth and nose with a handkerchief, deliberately pretending to be surprised, and then said in a strange voice: "Divine Doctor Liu, Doctor Liu, are you too careless? Look, our most famous medical clinic in Nancheng, What a pity it was ruined like this!"

"you—!"

Liu Gongquan gritted his teeth and wanted to have an attack, but when he saw several bodyguards standing behind Song Yingming, he held it back.

The Song family is a wealthy family, with hands and eyes in the Nancheng District.

Even if Jishitang was really set on fire, there was nothing he could do.

Firstly, there is no evidence, and secondly, there is no way to fight.

"Miraculous Doctor Liu, you're so old, and it's time to retire. What's the point of guarding Jishitang all day? Let me tell you, it's okay to burn it, so you can enjoy the happiness." Song Yingming smiled. Not smiling.

”So, you really burned Jishitang?” Lu Chen said suddenly.

”Hey hey! You can eat indiscriminately, but you can’t talk indiscriminately. There is no evidence. You’d better not talk nonsense. Be careful, I will sue you for defamation.” Song Yingming curled his lips.

”Lu Chen, we meet again.”

Wang Zixuan took a step forward, and said with complicated eyes: “Thank you for curing my grandfather, our Wang family owes you a favor.”

”I can’t bear the favor of your Wang family.” Lu Chen looked indifferent.

”Um?”

Wang Zixuan frowned slightly, but quickly returned to normal, took out a paper note, wrote a few words on it, then handed it to Lu Chen, and said: “This is a check for two million, which is regarded as our Wang family’s gift to you. Reward.”

”Two million?”

Lu Chen took the check, looked it up and down, and said indifferently: “Miss Wang is really generous, she deserves to be the daughter of a wealthy family, but it’s a pity that I don’t care about your money.”

After saying that, he raised his hand.

The check flew up with the wind, fell into the fire with precision, and was instantly burned to ashes.
