

An Understated Dominance Chapter 1441 - 1450

Chapter 1441

At this moment, inside a driving Maserati.

Wang Zixuan sat in the back seat, poured herself a glass of red wine, and drank it in one gulp.

Her originally pretty face was filled with resentment and resentment.

“Damn the Tang family siblings! They kicked us out of the house? I must make them pay the price!” Wang Zixuan said indignantly.

“Zixuan, be safe and don’t be impatient, the Tang family is not easy to deal with, we shouldn’t tear ourselves apart now,” Song Yingming advised.

“Hmph! We are both of the eight great families, and the two of us combined, are we still afraid that the mere Tang family will fail?” Wang Zixuan looked dissatisfied.

“It’s not that I’m afraid, but that it’s unnecessary.” Song Yingming shook his head.

The combined strength of the Wang and Song families is naturally stronger than the Tang family, but if there is a real confrontation, both sides will suffer in the end.

“I think it’s necessary!”

Wang Zixuan glared: “People compete for a breath, and Buddhas compete for a stick of incense. Now that we have the rejuvenation ointment in hand, we can take this opportunity to severely suppress the Tang family!”

“The rejuvenation ointment can indeed cause a certain impact on the Tang family, but it can’t hurt the bones.”

Song Yingming said thoughtfully: “Actually, according to the normal plan, we should cooperate with the Tang family first, and then when the time is right, we can then take the initiative to seize the Tang family’s market. This is a good strategy.”

If it wasn’t for the people in front of them to make their own decisions and keep the profit sharing to a minimum, how could the Tang family be so shameless?

“Why, are you blaming me?” Wang Zixuan frowned.

“No, no, how could I blame you?”

Song Yingming quickly apologized and said with a smile: “The main reason is that Tang Wanrou and her sister don’t know how to praise each other. We are extremely kind by giving up 10% of the profits. It’s better for them not to appreciate it, but they actually said rude words. It’s really shameless.” Face!”

“Hmph! You can talk!” Wang Zixuan’s expression softened.

“Zixuan, then again, I just saw that Tang Xiaobao seemed to be very confident. Could it be that they already have a countermeasure?” Song Yingming said suddenly.

“The Tang’s Golden Sore Medicine is just rubbish compared to our rejuvenation ointment. How do they deal with it?” Wang Zixuan sneered.

After finishing speaking, she was taken aback for a moment, as if thinking of something, her eyebrows frowned slightly: “Wait...we seem to have overlooked someone.”

“You mean... Lu Chen?” Song Yingming quickly realized.

“That’s right.” Wang Zixuan nodded seriously: “I have been so busy these two days that I forgot about him. We have the formula for rejuvenation ointment, and Lu Chen also has it. If his formula falls into the hands of the Tang family, then our advantage will be There will be nothing left!”

“Sure enough, this kid is a ticking time bomb.” Song Yingming narrowed his eyes.

“Didn’t I ask you to ask an expert to deal with it before? How is the matter going?” Wang Zixuan asked.

“It’s already on the way, and it’s estimated to arrive tonight.” Song Yingming said.

“Very good, get Lu Chen done as soon as possible, so as not to have long nights and dreams.” A cold light flashed in Wang Zixuan’s eyes.

“Understood! This time, I want him to escape!” Song Yingming’s fists were slowly clenched.

In fact, it is very simple to kill Lu Chen, just find a stronger killer.

However, the family's consideration is to capture them alive, try to force out some useful things, squeeze out the value, and then destroy them.

In this regard, the mystical masters of the Witch Gu Sect are the best choice.

...

Nancheng District, in a villa.

Xie Sinian lay unconscious on the bed, his face was pale and skinny.

The breath became extremely weak, like a candle in the wind, which would go out at any moment.

Standing by the bed, Lu Chen continued to instill Xie Sinian's profound Qi while administering needles.

Not long ago, Xie Sinian's condition suddenly deteriorated, and he stepped into hell with one foot.

So Lu Chen found out in time, immediately rescued him, and forced his life to continue with his mighty true energy, and finally pulled Xie Sinian back from the gate of hell.

“call.....”

After burning the incense, Chase Lu took a long breath and finally stabilized his condition.

It's just that at this moment, he is already sweating profusely and exhausted a lot.

“Xiao Lu, how are you? Is Mr. Xie okay?”

Chapter 1442

It wasn't until Lu Chen stopped that Liu Gongquan, who was standing behind him, finally spoke.

He had been watching, but unfortunately he could not help much.

It's hard for a clever woman to cook without rice. Even if he has superb medical skills, if he doesn't have the corresponding medicine, he still can't cure the disease.

“Uncle Xie is stable for the time being, but I don't know how long this situation can last. We must find the medicinal materials as soon as possible and refine the marrow-cleansing pill. Only in this way can we completely cure Uncle Xie.” Lu Chen looked solemn.

Using true energy to prolong life can only treat the symptoms, not the root cause.

And as time goes by, Xie Sinian's condition will become worse and worse.

If this continues, there will only be a dead end.

“It's all my fault for being useless. So far I haven't found out the whereabouts of the other two elixir plants.” Liu Gongquan looked guilty.

He is well-known in the medical field. He thought that through his contacts, he would be able to quickly find the three elixir, but he was greatly disappointed.

“Miraculous doctor Liu, don't blame yourself. The best elixir is hard to come by. We can only do our best and obey the destiny.” Lu Chen sighed softly.

“I hope Mr. Xie will be blessed and recover soon.” Liu Gongquan clasped his hands together and murmured to himself.

“Knock knock knock...”

At this time, a slight knock on the door suddenly sounded.

Lu Chen turned around and opened the door, only to see Wang Xuan standing outside.

“What's the matter?” Lu Chen asked

“Brother Chen, someone is looking for you outside.” Wang Xuan replied.

“Oh? Who is it?” Lu Chen raised his eyebrows slightly.

“I don’t know, but it looks very attractive.” Wang Xuan said.

“Let’s go out and take a look.”

Lu Chen didn’t say much, and walked out of the villa after saying hello.

At this moment, outside the villa.

A black Land Rover was parked at the gate.

A burly young man with a resolute face, with his arms folded and his back leaning against the car door, put on a cold look.

This person is clearly Cui Xiong.

“Boy! Are you finally willing to come out? I thought you were going to be a shrinking turtle!”

Seeing Lu Chen go out, Cui Xiong snorted through his nostrils, looking very dissatisfied.

“What are you doing here?” Lu Chen was a little surprised.

“What? Did you forget so quickly about the fight three days ago?” Cui Xiong squinted his eyes.

“Appointment? Oh... I remembered, there is such a thing.”

Lu Chen nodded and looked up and down: “What’s the matter? Could it be that the Cui family still sent you to play?”

“Hmph! Of course it’s not me. The person fighting you today is my third brother!” Cui Xiong looked proud.

“Is your third brother very powerful?” Lu Chen asked smoothly.

“More than powerful? To tell you the truth! The three of me are recognized martial arts geniuses. A few years ago, we joined the Tianxiahui and became the core disciples of the Law Enforcement Hall. Our cultivation base is earth-shattering. To deal with a small character like you is completely useless.” Killing indiscriminately!” Cui Xiong sneered.

“Okay, okay, stop talking nonsense, get in the car, finish your work early, finish your work early, I still have a lot to do.”

Lu Chen was too lazy to say anything, opened the car door and sat in very calmly.

This move made Cui Xiong a little stunned.

Is this kid really not afraid of death?

“What are you doing standing still? Get in the car quickly!” Lu Chen urged.

“Hmph! Don’t regret it!” Cui Xiong gritted his teeth.

Get in the car, step on the accelerator, and drive away.

Chapter 1443

After one hour.

Cui Xiong drove the Land Rover and finally stopped in front of a martial arts gym.

The martial arts gym is very large, like a school, with all kinds of facilities and projects.

There is a stone tablet erected in front of the gate, with several large characters engraved on it: The world's martial arts hall!

Tianxia Wuguan is the property of Tianxiahui.

Looking at the entire world, the three strongest sects are Tianxiahui, Wu Gu Sect, and Sword Sect.

The Tianxiahui has disciples and disciples all over the world, adding up to a hundred thousand people!

And most of them are elite!

Among the three sects, Tianxiahui has the most disciples and is the most powerful.

On the other hand, the witchcraft and Gu sect is famous for its unpredictable ghosts and invisible means of killing people, which is the nightmare of all people in the world.

As for Jianzong, the main character is strong!

The number of disciples of the Sword Sect is very small, but each one of them is ridiculously strong.

It can be called a monster!

The disciples of Jianzong seldom show up, but every time they appear, it will cause a huge sensation.

Forty years ago, an earth-shattering event happened in the rivers and lakes.

A high-ranking member of the Tianxiahui bullied others and offended a disciple of the Sword Sect.

The disciple of the Sword Sect, with one sword and one man, forcefully reached the headquarters of the Tianxiahui.

And with his own strength, he will fight against hundreds of top powerhouses in the world.

In the end, the disciple of Jianzong died in battle, and all the hundreds of strong men in the Tianxiahui were killed or injured.

So far, Jianzong has become famous in one battle!

From then on, no one dared to provoke the disciples of Jianzong.

At that time, the Tianxiahui, which was hailed as the number one in the world, was defeated for the first time and was forced to write a history of humiliation.

“Is this the place to fight?”

Lu Chen got out of the car and carefully looked at the “World Martial Arts School”.

He is quite familiar with the Tianxiahui.

Although it is a gangster force, there is an official background behind it.

After all, it would be impossible to establish a foothold and develop in Yanjing without the nod from the man in the Forbidden City.

No monarch would tolerate uncontrollable factors of unrest at his doorstep.

“What? Are you scared?”

Cui Xiong sneered: “If you are afraid, then admit defeat, kowtow to our Cui family and beg for mercy, and express your surrender. In this way, you may be able to save your life.”

“Afraid?”

Lu Chen smiled faintly: “I’m afraid that you Cui family disciples will lose so badly that you will be embarrassed in the end.”

“Hmph! Sharp teeth and sharp mouth!”

Cui Xiong curled his lips: “If you have the guts, come in with me!”

After the words fell, he walked into the martial arts hall with big strides.

Lu Chen followed leisurely with his hands behind his back.

At this moment, in the martial arts lounge.

Cui Wuye, Cui Cheng, was sitting in the middle, drinking tea leisurely.

On its left and right sides, there were a group of men and women sitting.

Among them were the children of the Cui family, as well as some elite masters from martial arts schools all over the world.

When Lu Chen followed Cui Xiong through the door, everyone’s eyes swept over him.

All of them have bad faces and sharp eyes.

“Boy, I didn’t expect you to dare to come here to die. I have to admit, you are very courageous.” Cui Cheng smiled playfully.

In the past two days, he has sent people to investigate.

Lu Chen came from Nan Province, not Xiliang. Although he was a bit powerful, he was not worth mentioning to the Cui family.

Therefore, there is no need to have any scruples in this battle today.

“Master Cui Wu, it’s hard to say who will win and who will lose. I advise you not to be happy too early.” Lu Chen said calmly.

Chapter 1444

“At such a young age, I really don’t know the heights of the world.”

Cui Cheng shook his head: “Make it clear, this is not the Southern Province, but Yanjing, where the dragon is hiding and the tiger is crouching. Your little three-legged cat kung fu can’t make any big waves here.”

“Master Cui, hurry up if you want to fight, I’m in a hurry.”

While Lu Chen was speaking, he even yawned, as if he hadn’t woken up.

Recently, I have to be busy rebuilding Jishitang, teaching people how to make Yulu ointment, and investigating the whereabouts of Jinsuiyu and Bingxinlian.

Back and forth, my legs were almost broken.

If it wasn’t for the Cui family’s value, he wouldn’t be bothered to waste time here.

“Boy! You are so presumptuous!”

Lu Chen’s lazy behavior instantly angered many Cui family children.

They have seen a lot of arrogant people, but they have never seen a guy like Lu Chen who completely ignores the Cui family.

It’s just life and death!

“Surnamed Lu! Don’t be too arrogant. When my third brother arrives, you will cry!” Cui Xiong said with a sullen face.

“What? No one has arrived yet?”

Lu Chen frowned slightly, and complained: “Then why did you call me here? Are you drinking tea and chatting? Do you know that time is money? I’m very busy!”

As soon as these words came out, the crowd was instantly excited.

“Damn! This kid is so crazy, he doesn’t take our Cui family seriously!”

“It’s too much to bully others! It’s really too much to bully others!”

“Fuck! If I hadn’t injured my leg yesterday, I would have killed him today!”

“...”

The disciples of the Cui family were filled with righteous indignation and were all enraged.

Even Cui Cheng, who is quite deep in the city, couldn’t help frowning.

Is this kid trying to provoke people on purpose? Or are you really arrogant and ignorant?

“Uncle Wu! I can’t take it anymore, I want to tear his mouth apart!”

At this time, a tall, round-waisted man suddenly stood up.

The man was covered in flesh, with a fierce face, and his body was a bit bigger than Cui Xiong. At first glance, he looked like a mountain of flesh.

This person’s name is Cui Peng, a branch of the Cui family, but because of his outstanding martial arts talent, he was selected as a core disciple by the Cui family and focused on training.

“Fat man, can you do it? Don’t lose and embarrass the Cui family.” Lu Chen said coldly.

“Uncle Wu! This kid shit and pissed on our heads. If we don’t teach him a good lesson, how can our Cui family children have any face in the future?” Cui Peng was furious.

“Okay! It’s up to you to take the lead and strip this kid’s teeth first!” Cui Cheng finally couldn’t bear it anymore.

“no problem!”

Cui Peng laughed evilly, slapped the table into pieces, and then strode towards Lu Chen.

Those ferocious eyes seemed to want to eat people.

“Fifth uncle, this guy Lu Chen is very strong. Is Cui Peng sure of winning?” Cui Xiong asked tentatively.

“Don’t worry, although Cui Peng is not as good as Hong’er, he is the strongest among you, and with his innate supernatural power, it will not be a problem to take down this kid.” Cui Cheng is very confident.

“That’s right! Brother Peng’s horizontal kung fu has reached its peak. Ordinary innate masters can’t break through the defense. That kid can only be abused!”

“I heard that Brother Peng can tear bison apart with his own hands. I can’t wait to see that kid being torn to pieces!”

The disciples of the Cui family had bright eyes, their faces full of excitement and anticipation.

Cui Peng was born with supernatural power and was a master of horizontal training. Among the many young disciples of the Cui family, his strength ranked among the top three.

It would be easy to deal with a skinny boy.

“Look! Brother Peng is taking action!”

Under the attention of everyone, Cui Peng roared forward like a tank.

His arms were like two big hammers, hitting Chase Lu’s head hard.

If it hits hard this time, not to mention a human being, even an elephant will be killed on the spot!

Just when everyone thought Lu Chen would definitely die.

Hearing the sound of “dong”, Cui Peng, who had just rushed forward, seemed to be hit by a train, and instantly bounced more than ten meters away.

Then he slammed into the wall heavily, spraying blood from his mouth and nose, and passed out on the spot.

For a moment, the whole place was silent.

Chapter 1445

Cui Peng lost, and he lost badly.

Its huge body directly smashed a hole into the wall, and its upper body was embedded in it, unable to move.

From a distance, it looks like a painting hanging on the wall.

“ah?”

Seeing this scene, everyone was stunned.

All of them stared wide-eyed, their faces full of horror.

When Cui Peng rushed forward fiercely, they thought they were sure of victory, but they didn't expect to be knocked away as soon as they met.

So much so that they still hadn't reacted.

“What happened just now? Brother Peng... actually lost?”

“How is it possible? Brother Peng is so strong, how could he lose to this kid?”

“Accident! It must be an accident!”

After a short silence, the audience was in an uproar.

No one expected such a result.

Cui Peng was born with supernatural powers and was a master of horizontal training. His physical defense was so strong that he was considered invulnerable.

It's incredible that such a master couldn't even block Lu Chen's move.

“Snapped!”

The teacup in Cui Cheng’s hand fell to the ground and broke into pieces.

The smile on his face completely froze, and he was no longer calm.

The situation in front of him was too unexpected.

The Cui family’s talented children who were ranked among the top three were defeated by Lu Chen with one move.

Underestimate the enemy? Or is the strength gap too big?

“Damn it! I knew this kid would be difficult to deal with!”

Cui Xiong swallowed, feeling a little scared when he thought of the previous scene where he was beaten violently.

The experiences of the two were very similar, but Cui Peng was obviously injured more seriously.

It can be seen from this that when Chase Lu hit him before, he didn’t use all his strength.

What a terrible guy!

“It’s big, but it’s useless, it’s just a living target.”

Lu Chen retracted his fists slowly, without any fluctuation in his expression, as if he had just done something trivial.

“Boy! What exactly did you use just now?!”

Cui Cheng suddenly stood up with a slap on the table, his eyes sharp.

Cui Peng’s body is invulnerable to swords and guns, and it is basically impossible for his peers to seriously injure him with a single punch.

So he suspected that Chase Lu must have used some kind of trick.

“Master Cui, I am willing to bet and admit defeat. Your Cui family can’t afford to lose, right?” Lu Chen said lightly.

“If you win with real ability, we will naturally be convinced, but your performance just now is obviously not normal.” Cui Cheng said coldly.

“If Cui Wuye doesn’t believe it, then send a few more people to try, or you can come together.” Lu Chen spread his hands.

“Be bold!”

“presumptuous!”

Hearing this, many Cui family disciples yelled angrily.

Everyone was filled with righteous indignation, gearing up, wishing to tear Lu Chen into pieces.

This kid is so crazy that he doesn’t pay attention to them at all.

“Boy! You are playing with fire!”

Cui Cheng’s face darkened and his eyes became extremely evil.

The Cui family is one of the four royal families, when was it provoked like this?

If you don’t kill the chicken to scare the monkeys today, I’m afraid it will be difficult to convince the public in the future.

“Master Cui Wu, please finish the fight early. I’m really in a hurry.” Lu Chen said seriously.

“Since you want to play with fire and set yourself on fire, then I will fulfill you!”

Cui Cheng snorted coldly, then named a few martial arts masters in the crowd and ordered: “You guys come together and give this kid a taste of the power of our Cui family!”

“yes!”

Several people immediately stepped out and greeted Lu Chen one after another.

Chapter 1446

If they fight alone, they have no confidence, but if they work together to siege, they can definitely win.

“stop!”

At this time, a group of people suddenly walked in at the door of the martial arts hall.

The leader was a tall, white-haired old man.

The old man was wearing a Tang suit, his face was calm and intimidating, and there was an invisible sense of oppression in his steps.

That is a powerful aura naturally formed by being in a high position for a long time.

At this moment, beside the old man in Tang suit, there was also a stunning woman who would conquer the country.

The woman's facial features are exquisite and perfect, her figure is graceful and graceful, her temperament is cold and luxurious, and her every move has the look of a queen.

The woman is Concubine Cao Xuan who arrived in time!

“Bold! Who are you? How dare you break into the world's martial arts gym?!” A disciple of the Cui family shouted angrily.

“Shut up!”

Cui Cheng's complexion changed drastically, and he slapped the disciple of the Cui family directly on the face, then turned around, and greeted the old man in the Tang suit, bowed his hands and said respectfully: “I will meet Chen Guogong at the end!”

“What? Chen Guogong?!”

As soon as this remark came out, the entire audience changed color.

The Cui family’s children, who were extremely arrogant just now, immediately bowed their hands and bowed down, keeping silent like cicadas, looking extremely humble.

As the Duke of the current dynasty, his status is so high and his power is so powerful that he can be said to be under one person and above tens of thousands.

Even if the old man of the Cui family saw it, he would have to pay three respects.

“This is not the Forbidden City, so you don’t need to be polite.” Chen Xueliang said lightly.

“I don’t know the Duke is here, what advice do you have?” Cui Cheng asked a little nervously.

Chen Xueliang has always lived reclusively and never shows up easily.

It’s hard to avoid people’s imaginations to openly appear here now.

“I don’t have any advice. I came here today just to watch the excitement. You should do whatever you want and ignore me.” Chen Xueliang’s face was expressionless.

“Watching the fun?”

Cui Cheng’s expression froze, and his heart became even more disturbed.

Chen Xueliang has so many things to do every day and is so busy at ordinary times. How can he have time to come here to watch the fun?

Besides, why would a fight between a few juniors alarm the Duke of the dynasty?

When his eyes turned to Concubine Cao Xuan next to him, he suddenly reacted.

I almost forgot that Lu Chen seemed to be the pretty boy raised by this girl.

Could it be that Chen Xueliang is here to support Lu Chen?

Isn't it?

Is it too outrageous for a pretty boy to ask Chen Guogong to take charge?

“Fifth Master Cui, we have agreed to a fight in the ring. Isn't it appropriate for your Cui family to bully the minority here?” Concubine Cao Xuan said coldly.

“this.....”

Cui Cheng smiled awkwardly and said, “Miss Cao misunderstood, we were just joking with Lu Chen.”

“Yeah, yeah, just kidding.” Everyone in the Cui family nodded in agreement.

Chen Guogong is here, who dares to make a mistake?

“Hmph! It's best that way.”

Concubine Cao Xuan glanced sideways and stopped talking. Instead, she walked up to Lu Chen and said angrily, “Husband, why didn't you tell me before you came? What if something happens?”

“It happened suddenly and I forgot about it for a moment.”

Lu Chen said with a guilty conscience: “Besides, even people like the Cui family can't hurt me.”

“That’s what I said, but it would be too irrational for you to take risks alone.” Concubine Cao Xuan was a little dissatisfied.

“I promise, it won’t happen next time.” Lu Chen said seriously.

“That’s pretty much it.”

Concubine Cao Xuan immediately showed a smile, then took Lu Chen’s arm, walked in front of her grandfather, and introduced: “Come, let me introduce you, this is my grandfather, a senior official in Yanjing.”

“Junior Lu Chen has met Chen Guogong.”

Lu Chen cupped his hands and bent down, bowing deeply to show respect.

“Lu Chen?”

Chen Xueliang looked up and down and said meaningfully: “You look familiar. Have we met before?”

Chapter 1447

Chen Xueliang’s scrutinizing eyes made Lu Chen feel a surge of inexplicable pressure.

However, he had already expected such a scene, and although he was quite surprised, he remained calm on the surface.

“The younger generation has heard of the Duke’s name for a long time, but has never seen it with his own eyes. Maybe the younger generation has a public face, so the Duke feels familiar.” Lu Chen explained neither humble nor overbearing.

Ten years have passed, and he has undergone earth-shaking changes no matter his height, appearance, or temperament.

Even if it is a close friend from the past, it is impossible to recognize it at a glance.

“Yeah?”

Chen Xueliang looked at it from beginning to end again, and said calmly: “Maybe.”

“Grandpa, Lu Chen is amazing. He has both civil and military skills, and is proficient in medical skills. He has helped me many times before. Looking at the whole Yanjing, it is difficult to find a young talent who is better than him.” Concubine Cao Xuan introduced braggingly.

She never spared no effort in promoting her own man.

“Hehe... You girl, you are exaggerating.”

Chen Xueliang shook his head and smiled: “Yanjing Hidden Dragon Crouching Tiger, there are countless powerful people. Even though this kid has some skills, he is still far behind those top talents.”

“Grandpa, I know you don’t believe it now, but you will understand soon.” Concubine Cao Xuan smiled mysteriously.

She didn’t explain too much, because many things had to be seen with her own eyes before she could truly believe them.

She can be sure that Lu Chen will give her grandfather a big, big surprise one day sooner or later.

“Okay, okay, take a seat first.”

Chen Xueliang greeted, and sat down Shi Shiran with several people.

The guards behind him stood on the left and right, alert to any abnormalities around them.

“Cui Wuye, you can start now.”

Concubine Cao Xuan smiled lightly, as if watching a play.

“start?”

Cui Cheng’s eyes twitched.

How to start? Cui Peng was defeated, fighting alone, no one is Lu Chen’s opponent right now.

Unless Cui Hong arrived in time, he might be killed today.

“Fifth Cui, what’s the matter? Didn’t you guys ask for a fight? Why didn’t you respond? You don’t want my grandpa to come here in a happy mood and return in a bad mood, right?” Concubine Cao Xuan curled her lips.

“this……”

Cui Cheng’s face was stiff and sweat began to form on his forehead.

Who would have thought that a match between the juniors would startle a big guy like Chen Xueliang?

The current situation is beyond his control.

There is no way to retreat now, so I can only bite the bullet and push up.

“Which one of you wants to go up and compete with Lu Chen?”

Cui Cheng turned around and looked at a group of Cui family disciples.

“...”

Everyone looked at me, and I looked at you, and for a moment they looked at each other, hesitant.

Cui Peng has been defeated. If he fights alone, who can be Lu Chen’s opponent?

Wouldn’t it be humiliating oneself to challenge him now?

“What? There are so many men in the Cui family, don’t any of them have sex?” Cui Cheng frowned slightly.

It’s one thing to lose, but it’s another thing not to dare.

The Cui family hates failure, but they despise cowards even more.

“Cui Xiong! Come on!”

Cui Cheng was too lazy to talk nonsense and pointed at Cui Xiong next to him, intending to catch a scapegoat to make up for the loss.

“ah?”

Cui Xiongren was stupid.

His eyes widened, a little at a loss.

Damn it, I was beaten up by Lu Chen just a few days ago, and now I have to go up and get beaten again?

Is there still Wang Fa?

“Ah what? Come on!”

Chapter 1448

Cui Cheng glared: “Today is a good opportunity for you to avenge your shame. As long as you defeat Chen Lu and get rid of your inner demons, your martial arts cultivation will reach another level!”

The corner of Cui Xiong’s mouth twitched, he really wanted to curse, but he didn’t dare, so he could only bite the bullet and say: “Uncle Wu, my injury from the previous two days hasn’t healed yet, why don’t I change someone first?”

“Change your fart! It’s just a small injury, it’s nothing serious, hurry up, don’t embarrass our Cui family!” Cui Cheng shouted in a deep voice.

“Okay...okay.”

Cui Xiong wanted to cry but had no tears, so he could only walk forward with an aggrieved face.

Originally, I was going to watch a play today, but instead I got myself into it. What the hell is this?

“Cui Xiong, are you sure you want to fight me?” Lu Chen had a half-smile.

“Lu Chen! My son from the Cui family has never been afraid of battle. Although I was seriously injured today, I am not afraid of you. Let me come here!”

Cui Xiong looked righteous and dignified on the surface, but he was crying in his heart.

Brother, be gentle, we two have no grievances or enmities, there is no need for life and death.

It's fine to do two symbolic tricks, and I'll treat you to dinner another day.

“Okay! He is indeed a man!”

Lu Chen gave a thumbs up: “Before I still underestimated you, I didn't expect you to have such backbone, I admire you!”

“Hmph! Of course!” Cui Xiong raised his head proudly, rather complacent.

“A hero like you is really rare. In order to show respect for you, I will do my best in the future, and we will live and die in peace!” Lu Chen clasped his fists.

“ah?!”

Cui Xiong's legs went weak and he almost collapsed on the ground.

Brother, I'm just talking, you don't need to be so serious, right?

Even Cui Peng, who was invulnerable to swords and guns, was beaten half to death with one punch. Wouldn't it be worse if it were him?

“Cui Xiong, are you ready? I'm going to make a move!” Lu Chen slowly raised his hand.

“etc!”

Cui Xiong's complexion changed, and he quickly said: “People have three urgencies. I suddenly have a stomachache. I'm going to take a shit. Let's fight again after I finish!”

After finishing speaking, regardless of the reaction of the people around him, he ran into the toilet as if fleeing.

Lu Chen seemed to be smiling but not smiling, seeing through but not telling the truth.

“Hmph! What a lazy ass!”

Cui Cheng frowned, a little dissatisfied.

The other Cui family disciples had strange expressions on their faces and wisely chose to remain silent.

They naturally knew in their hearts that Cui Xiong was deliberately delaying time.

Cui Peng’s living example is there. No one is willing to go up to torture him, otherwise his hands and feet will be broken at the least, or he will be burped on the spot.

The only hope now is that Cui Hong can arrive at the scene as soon as possible.

Otherwise, Cui Xiong will still be unable to escape.

“Master Cui Wu, why hasn’t your nephew come out yet? Could it be that he fell into the toilet?”

After waiting for a long time, Concubine Cao Xuan finally couldn’t help but speak.

“Who is that! Go to the toilet and call Cui Xiong out for me!”

Cui Cheng frowned and pointed at a Cui family member.

“yes.”

The Cui family disciples did not dare to hesitate and quickly walked into the toilet.

In less than a minute, the Cui family disciples ran back and shouted in panic: “Fifth uncle! Oh no, Cui Xiong is missing!”

“Gone?”

Cui Cheng was stunned for a moment, unable to react: “What do you mean?”

“I just went to the toilet to look for it, but I didn’t see Cui Xiong inside. I suspect... he must have escaped.” The Cui family member replied.

“What? Escaped?”

Hearing this, Cui Cheng stood blankly on the spot.

He thought Cui Xiong was just stalling for time, but he didn’t expect this kid to just “escape”.

This is so fucking embarrassing!

Chapter 1449

Cui Cheng gritted his teeth, clenched his fists, and his resolute face was filled with anger.

The dignified Cui family’s children actually fled without fighting.

This is simply a great shame!

Most importantly, it was in front of Chen Guogong.

With such a scandal, the Cui family, as a royal family, was completely disgraced!

“Master Cui Wu, your nephew is really a man, capable of bending and stretching!”

Concubine Cao Xuan said with a half-smile.

The corners of Cui Cheng’s eyes twitched, and his expression became particularly ugly.

What a shame! What a shame!

“You guys, bring Cui Xiong back to me! I want my family to serve me!” Cui Cheng yelled at the Cui family’s children.

“yes!”

The crowd didn’t dare to hesitate and dispersed in a hurry, starting to look around.

They all knew in their hearts that Cui Xiong was in big trouble this time, and he would probably have to shed his skin even if he didn’t die.

“It is said that the men of the Cui family are brave and strong. When I saw him today, I was a little disappointed.” Chen Xueliang said lightly.

It’s a waste of time to travel all the way and not even see the excitement.

“The Duke is laughing at me. It’s because we are not strict in discipline and unfortunately we have such a coward.” Cui Cheng apologized and smiled in embarrassment.

“Forget it, it’s nothing interesting.”

Chen Xueliang patted his clothes and stood up slowly: “Girl, there is nothing to do today, let’s go back first.”

“That’s the only way.” Concubine Cao Xuan nodded.

“Your Excellency, are you a little too anxious to leave right after you arrived?”

At this time, several people walked in suddenly at the door.

The leader was a tall, middle-aged man, thin and frail, with a white face and no beard, and looked gentle and elegant.

Behind him were two men and a woman.

One of them is Cui Xiong who escaped not long ago.

“Brother?”

After seeing the elegant man, Cui Cheng’s expression became serious and he hurriedly greeted him, curiously asking: “Brother, why are you here?”

“The Duke is here, so naturally I have to entertain him personally.”

Cui Yuanyu smiled slightly, then turned to Chen Xueliang, raised his hands and saluted: “I have met Mr. Chen Guogong.”

“Master Cui, there is no need to be polite.” Chen Xueliang nodded in response.

Cui Yuanyu in front of him is a first-rank member.

Although he is inferior to him in terms of official position, the advantage is that he is young, has a position, and is a favorite of the official family. His future future is even better than his.

“It’s rare for Chen Guogong to have the pleasure of watching the juniors compete. No matter what happens today, I have to let you enjoy yourself.”

Cui Yuanyu said, looking back at Cui Xiong, who was submissive: “Xiong’er, as a son of the Cui family, your head can be cut off and blood can be shed, but you can’t lose your spine. Go up and fight with that little brother, no matter what Win or lose, you have to show the Cui family’s style, do you understand?”

“Ming...Understood.” Cui Xiong wanted to cry but had no tears.

At this moment, he was trembling like a frightened quail.

I thought I could escape, but I didn't expect to be caught by my uncle as soon as I left the house.

Although the uncle didn't have any words of blame, the more this happened, the more scared he became.

The uncle always looked gentle and elegant, and never got angry no matter what happened.

However, looking at the entire Cui family, everyone, including the fifth uncle, is in awe of the uncle.

No one can say why, but it is fear.

As long as the uncle said something, no one in the Cui family dared to refute it. Even if he was asked to die, he had to obey orders.

“Lu Chen! Come here! Let me see how powerful you are!”

Cui Xiong stepped forward, with a look of death.

“You have already lost once, do you want to lose again?” Lu Chen said calmly.

“Stop talking nonsense! Today you die or I die! Watch your move!”

Cui Xiong roared angrily, kicked his feet on the ground, and suddenly rushed forward.

Since he couldn't hide, he simply fought.

“Wind and Fire Fist!”

After getting close, Cui Xiong immediately used his unique move without any hesitation.

Chapter 1450

I saw his fists hitting Lu Chen continuously, turning into fist shadows all over the sky, and hitting Lu Chen hard.

His fists were so fierce that they were like a violent storm, overwhelming and unstoppable.

Wherever he passed, there was constant whistling, like a ghost crying or a wolf howling.

“I didn’t expect Cui Xiong’s strength to improve again. This move alone should be no worse than Cui Peng.”

“The violent wind and fire fist is the secret skill of the Cui family. Once used, it can break gold and crack rocks. As long as Cui Xiong seizes the opportunity, he may not be able to defeat Lu Chen.”

“ ... ”

Seeing the sharp fist shadows, everyone was surprised and looking forward to it.

Maybe Cui Xiong can create a miracle.

“boom!”

The sudden explosion completely broke everyone’s illusions.

Cui Xiong’s fist was slapped away before it completely touched Lu Chen.

The movement was like swatting a fly, simple and unpretentious.

“Boom!”

Cui Xiong’s body was thrown more than ten meters away on the spot, then hit his head against the wall and passed out on the spot.

“ ... ”

The disciples of the Cui family looked gloomy and sighed endlessly.

Although I was mentally prepared, it was still hard to accept seeing Cui Xiong lose so quickly.

It's a bit embarrassing for the Cui family elites to be so vulnerable.

“Um?”

Cui Yuanyu frowned slightly, but quickly returned to normal.

He had never seen Lu Chen make a move before, and he thought that Cui Xiong could fight back and forth with the opponent, but he lost with one move.

When did the children of the Cui family become so weak?

“Trash! You can't stop even one move, it's really an embarrassment to our Cui family!”

At this moment, behind Cui Yuanyu, a young woman suddenly spoke.

The woman was fashionably dressed and beautiful, but there was a bit of domineering arrogance between her eyebrows.

She is Cui Yuanyu's daughter, Cui Jiamei.

“Is it possible that...my husband is too strong?” Concubine Cao Xuan smiled slightly.

“Hmph! Look what you can do! What's the point of defeating a loser? The real master of our Cui family hasn't appeared yet!” Cui Jiamei curled her lips.

“Really? Then why not invite your experts to open our eyes?” Concubine Cao Xuan's eyes were provocative.

“Third brother! It's your turn, and you must be proud of our Cui family!”

Cui Jiamei's eyes suddenly looked at a young man beside her.

The man stood with his hands behind his hands, his face was calm, his temperament was indifferent, and he had a bit of Cui Yuan Yu's demeanor.

This person is none other than the most powerful genius of the Cui family, Cui Hong!

“Hong’er, go up and play with this little brother. Remember, don’t be too harsh.” Cui Yuanyu said calmly.

“yes.”

Cui Hong responded, then walked forward leisurely with his hands behind his back.

“Great! Brother Hong finally appears, this kid is dead today!”

“Brother Hong is the number one genius of our Cui family. He is much stronger than Cui Peng and others. He will definitely have no problem dealing with Lu Chen!”

“Brother Hong, come on! Teach this boy a lesson and promote the prestige of our royal family, the Cui family!”

“...”

Cui Hong’s appearance made all the Cui family disciples look refreshed.

The momentum that had been sluggish before suddenly became high.

As the core of the Cui family’s key cultivation, Cui Hong alone occupies almost half of the resources.

His strength is far beyond that of his peers in the Cui family, and he can be said to be a peerless warrior!

Looking at the entire Yanjing, there are undoubtedly very few young talents who can rival Cui Hong.

In their opinion, as long as Cui Hong is serious, it will be easy to deal with Lu Chen.

“The Cui family, Cui Hong.”

Cui Hong stretched out one hand and looked at Lu Chen indifferently: “For the sake of fairness, I will give you three moves first, please.”
