

An Understated Dominance Chapter 1451 - 1460

Chapter 1451

Cui Hong's tone was very calm, and his expression did not change at all.

He even had one hand in his pocket, and his movements were full of contempt, as if he didn't take Lu Chen seriously at all.

After all, there are very few people who can make him use his full strength.

The unknown person in front of him was obviously not one of them.

“Give me three tricks? Are you sure?”

Lu Chen raised his eyebrows slightly, with a faint smile.

These geniuses in Yanjing are really too high-minded. They don't even know the strength of their opponents, so they talk without shame.

I really don't know if it's self-confidence or ignorance.

“What? Three moves are not enough?”

Cui Hong said calmly: “Okay, then I will give you ten moves. If you can hurt a hair on my head within ten moves, you will win.”

As soon as these words came out, many of the Cui family's children burst into laughter.

“Hahaha...Brother Hong is killing people and killing people!”

“You start with ten moves. This is no longer contempt, but contempt!”

“As expected of Brother Hong, strong strength means self-confidence, allowing people to easily win with ten moves.”

There was a lot of discussion among the people, with mocking smiles on their faces.

You, Lu Chen, are amazing, but if we send the first talent Cui Hong, how will you respond?

“Hey! It’s too cowardly for you to dare not take ten moves?” Cui Jiamei provocatively said.

“Although Lu Chen’s strength is good, he is still far behind in front of real geniuses.” Cui Cheng smiled.

The previous humiliation can now finally be washed away.

“Cui Hong, right? Confidence is a good thing, but unfortunately, you chose the wrong opponent.”

Lu Chen smiled faintly: “Since you like giving way so much, then I will not be polite. I hope you will not let me down.”

After saying that, his toes lightly tapped, and his whole body floated up lightly, and then slapped Cui Hong with his palm.

“too weak.”

Cui Hong shook his head and stood motionless, not intending to dodge at all.

When Lu Chen approached with a light palm, he slowly got lucky and formed a protective shield on the surface of his body.

The protective cover was translucent, rising and falling with Cui Hong's breathing, like slightly rippling water waves.

“boom!”

There was a bang.

When Lu Chen's palm touched Cui Hong's body-protecting Qi.

The rippling water exploded on the spot, as if the glass had been hit by a bullet and shattered instantly.

“What?”

Cui Hong looked shocked.

Before the brain could react, the body had already sensed the danger and made an instinctive dodge action.

Lu Chen's subsequent palm wind brushed against Cui Hong's chest and hit the floor hard.

“boom!”

There was another bang.

The hard floor was directly blasted with a deep palm print.

For a moment, gravel splashed and cracks were densely covered.

Within a radius of three meters, a pit was dug out.

“Fuck!”

Seeing this scene, everyone couldn't help but be shocked.

No one expected that Lu Chen's seemingly light palm would have such great power.

Not only did it break Cui Hong's body defense, it even blasted a hole into the ground.

If he had hit someone just now, the consequences would have been disastrous!

“Um?”

Cui Hong took advantage of his dodge and quickly distanced himself.

The previous indifferent expression was quickly replaced by shock.

Although he only used 50% of his body-protecting zhenqi just now, it is definitely not something that ordinary people can break.

However, Lu Chen broke through easily, which was beyond expectation.

Chapter 1452

This is enough to prove that the opponent's strength is very strong, and it should not be much worse than him.

“What? Don't you want me to do ten tricks? What are you hiding from?”

Lu Chen retracted his palm and smiled.

“I gave you ten moves, and I didn't say that you should stand still and let you fight!” Cui Jiamei was dissatisfied.

“Lu Chen, I have to admit that your strength is stronger than I expected.”

Cui Hong's face became more solemn: "To be honest, I didn't take you to heart at first, because I felt that you were not qualified to be my opponent, but the slap you just gave me changed my mind. ."

"So?" Lu Chen smiled.

"So next, I'm going to get serious."

While talking, Cui Hong slowly took off his coat.

His eyes, from the initial indifference, gradually became fierce.

"Seriously? Is it useful to be serious?" Lu Chen was a little curious.

However, Cui Hong didn't seem to hear him and said to himself: "It's been a long time since anyone could make me take him seriously, and you are one of them."

"Today, you can be proud of being defeated by me!"

As soon as he finished speaking, Cui Hong suddenly stepped forward.

boom!

A terrifying momentum suddenly erupted from his body, like a landslide and a tsunami.

In an instant, the wind was strong and the cold air was raging all around.

Everyone just felt their bodies sink, as if a huge stone was pressed on their shoulders, and even their breathing became blocked.

At this moment, Cui Hong's hair was standing on end, and his robe was rattling.

The whole person is like a god descending, majestic and majestic.

“What a coercion! Could it be that Brother Hong has broken through again?!”

“Oh my god! I can’t even breathe!”

“Brother Hong was congenital Dzogchen a year ago, and now he has broken through again, could it be that he is already a half-step grandmaster?”

“He is indeed the number one genius of the Cui family, so awesome!”

“...”

Seeing Cui Hong’s surge in momentum, all Cui family disciples were shocked.

They knew Cui Hong was very strong, but they didn’t expect him to be so strong.

In just one year, he broke through again and became a half-step master.

Looking at the entire Yanjing and even the entire Dragon Kingdom, anyone who can reach this level under the age of thirty is truly a top genius.

“Brother, Hong’er made a breakthrough again? When did it happen?” Cui Cheng was surprised, happy and curious.

“Some time ago, Hong’er went into seclusion for a few days and then broke through.” Cui Yuanyu said with a smile.

“Good, good! What a breakthrough!” Cui Cheng was excited.

Although the Cui family has many heirs, there is a huge gap in quality compared to the other three royal families, especially the Zhao family.

The twin stars of the Zhao family are world-famous and unmatched.

So in just a few years, the Zhao family became the first of the four royal families, overwhelming the other three royal families.

Especially the Cui family, which has many generals, can't produce a single descendant who can compare with the Zhao family twins.

This caused the entire family to hold their breath.

However, when Cui Hong touched the threshold of the master, the situation became extremely different.

As long as Cui Hong continues to cultivate, it will be just around the corner for Cui Hong to break through to become a master.

At that time, he will be sent to the army for training and achievements. I believe that his future achievements will be no worse than those of the Zhao family twins.

“Half-step master level?” Lu Chen raised his eyebrows slightly and smiled: “There is indeed something, but not much.”

Among his peers, Cui Hong is also considered exceptionally talented.

Of course, he was still a notch away from the real top talent.

Zhao Hongying became a master at the age of eighteen, while Zhao Wuji also became a master at the age of twenty.

Cui Hong is now twenty-six or seven years old, and he is still half a step away from the master level.

In comparison, this is indeed a bit worth mentioning.

As for himself, if his memory serves him right, he had already become a master of martial arts during the chaos in the Forbidden City about ten years ago.

That year, he was fifteen.

Chapter 1453

“Third brother, come on! Teach this blind thing a lesson!”

Looking at the majestic Cui Hong in front of him, Cui Jiamei cheered and cheered in various ways.

Born in the Cui family, she has worshiped the strong since she was a child, so she has always been with Cui Hong.

Because in her opinion, only a proud man like Cui Hong is qualified to be on an equal footing with her.

“Girl, your little boyfriend is probably in danger.”

Chen Xueliang narrowed his eyes and said meaningfully: “Cui Hong is the number one genius of the Cui family. Now his strength has greatly increased, and he has become a half-step master. Few people among his peers can rival him.”

“Grandpa, don’t speak too early, the outcome is not yet decided, and no one knows what the final result will be.” Concubine Cao Xuan said with a smile.

Although Cui Hong is powerful, in her opinion, compared to Lu Chen, he is still weaker.

“oh?”

Chen Xueliang raised his eyebrows slightly, and said in surprise: “Girl, from your appearance, it seems that you have great confidence in this kid?”

“of course.”

Concubine Cao Xuan raised her head proudly: “The man I like is definitely not bad.”

As long as the Cui family doesn’t use dirty tricks, in a fair duel, no one in the younger generation of the Cui family can be a match for Lu Chen.

“Listening to what you said, I’m a little curious. If this kid can really beat Cui Hong, he’s a promising talent.” Chen Xueliang stroked his beard.

“We’ll see, I believe he will give you a surprise.” Concubine Cao Xuan smiled.

At this moment, in the middle of the field.

Cui Hong’s momentum has reached its peak, and his overall physical condition has also reached its peak.

Vaguely, there is still a grandmaster’s pressure radiating out.

“Lu Chen, in order to show my respect for you, I will use my full strength next. If you can resist for three minutes, you will win!”

Cui Hong spoke loudly, extremely confident.

Ever since he touched the threshold of a master, he found that the whole world had become different.

All warriors below the level of Grandmaster will no longer pose any threat to him.

“Three minutes is too long. If you can block three of my moves, I will automatically admit defeat.” Lu Chen retorted.

“Arrogant! I think you won’t shed tears until you see the coffin!”

Cui Hong, who felt slighted, became angry instantly.

He stopped talking nonsense, stepped hard, and turned into an afterimage, rushing directly towards Lu Chen.

“So fast!”

Everyone’s pupils shrank and their faces looked horrified.

In the blink of an eye, Cui Hong crossed a distance of more than ten meters, so that they didn’t even see what was going on.

“Wind and Fire Fist!”

Cui Hong did not hesitate before and after dodging, and directly used the Cui family's special move.

He pushed his fists forward, and countless fist shadows burst out instantly, sweeping towards Lu Chen like a landslide and tsunami.

They are densely packed and overwhelming, making it difficult to guard against and impossible to avoid.

Wherever the shadow of the fist passed, there was continuous whistling, and even the surrounding air was squeezed and deformed.

So much so that in the eyes of everyone, Lu Chen's body became distorted.

It seemed like the next second, it would be blown to pieces.

“What a terrifying punch! What a powerful pressure!”

“The same thing is the violent wind and fire fist. Brother Hong's power is far more than ten times better than Cui Xiong's!”

“He is indeed the number one genius of the Cui family! Once this punch is thrown, no one can stop it!”

Many Cui family children were shocked by Cui Hong's shocking punch.

Is this the strength of a half-step master? It is indeed extraordinary.

“boom—!”

Under the attention of everyone, Cui Hong's boxing shadow hit Lu Chen solidly.

In an instant, the ground cracked, gravel splashed, and smoke and dust rose everywhere.

A wave of energy ripples, with the impact point as the center, swept away in all directions.

“call—!”

The strong wind hit, and some people who were close were forced to retreat again and again, unable to open their eyes.

Chapter 1454

Even the aftermath of the battle made it difficult for them to fight.

Is it over?

Who can block such a terrifying punch?

The moment the explosion just broke out, they really saw that Cui Hong's punch had already hit Lu Chen.

Even a man of iron should melt under the power of a half-step master, right?

When the dust settles.

Everyone immediately stared at the battle site.

However, the scene in front of them made them stand there in a daze, their faces full of shock.

At this moment, in the middle of the field.

Lu Chen stood motionless, without dodge or defense, just stood there quietly, letting Cui Hong's fist hit his chest.

His feet seemed to be firmly rooted, and he did not take a step back.

Only the ground under his feet was sunken a few inches, and the surrounding area was densely cracked.

“How...how is it possible?”

Seeing Lu Chen who was unharmed, everyone was stunned with disbelief on their faces.

Cui Hong's all-out trick was actually blocked?

Moreover, he still resisted with his body.

What the hell kind of monster is this? !

“Oh my God! Is this guy made of copper poured into iron?”

Cui Jiamei's eyes widened, she couldn't believe the scene in front of her.

Cui Hongnai is a half-step master-level expert who can easily break gold and stone with one punch.

However, such a mighty punch hit Lu Chen without any injuries, which is really incredible.

“Who is this kid?” Cui Cheng was surprised and confused.

I thought that Cui Hong could easily win with a shot, but now it seems that this is not the case.

“Um?”

Cui Yuanyu frowned. Although he said nothing, the shock in his eyes could not be concealed.

Being able to withstand a punch from a half-step master, this kid's defensive power is simply exaggerated and terrifying!

“interesting.”

Chen Xueliang touched his beard and looked at Lu Chen, his eyes were obviously different.

“...”

At this moment, Cui Hong was stunned.

The fist was still imprinted on Lu Chen's chest, and he kept attacking.

He never dreamed that it would be such a result.

He didn't hold back the punch just now, intending to decide the outcome with one move.

However, when the punch hit Lu Chen, he was horrified to find that his fist strength was like a mud cow entering the sea, without causing any fluctuations.

When this happens, there is only one possibility, and that is that the opponent's strength must be far superior to him!

He has even reached the level of a master!

“Have you finished the fight? Now, it's my turn to take action.”

Lu Chen smiled slightly and covered Cui Hong's chest with a light palm.

This palm seems to have no power.

However, at the moment of contact, Cui Hong felt as if he had been hit by a train. With a “bang”, he was directly launched more than ten meters away, and then fell heavily to the ground.

He passed out on the spot.

Seeing this scene, the whole place was silent.

The Cui family disciples who were full of confidence before were completely dumbfounded. They were all dumbfounded and full of disbelief.

The most dignified genius of the Cui family, a half-step master-level expert, was defeated like this?

And he was defeated by Chase Lu with one move, easily crushed.

Is it too exaggerated?

Chapter 1455

Seeing Cui Hong, who was seriously injured and unconscious, everyone was shocked and speechless.

The result in front of me was beyond everyone's expectations.

Although it is difficult to accept, it has to be admitted that Cui Hong did lose, and he lost badly, just like Cui Peng and Cui Xiong before.

Among the dignified Yanjing royal family, the military family, and the entire younger generation, no one was Lu Chen's opponent.

It's really a bit embarrassing.

“The victory and defeat have already been decided, so there should be no need to fight again?”

Lu Chen smiled faintly, and looked in the direction of Cui Yuanyu and Cui Cheng.

In order to save some energy and intimidate the Cui family at the same time, he chose to defeat the enemy with one move and win a crushing victory.

“Who are you? That you can beat Cui Hong?”

Cui Cheng frowned and looked a little ugly.

Fighting three games in a row and losing three games in a row, the Cui family really lost face today.

“Is it surprising that he beat Cui Hong? There should be many people in Yanjing who can defeat him, right?” Lu Chen said lightly.

“You——!” Cui Cheng choked.

Among the peers who can defeat Cui Hong, which one is not an amazingly talented person?

You are an unknown kid, how can you defeat the genius that the Cui family has cultivated?

“Crack, crack, crack...”

At this time, Cui Yuanyu suddenly clapped his hands and said with a smile: “Wonderful, really wonderful, today really opened my eyes!”

“Brother?”

Cui Cheng was stunned and turned around in surprise.

The Cui family lost all face, but you can still laugh, are you crazy?

“Lu Chen, I didn’t expect that at such a young age, you would actually have the strength of a martial arts master. You are really powerful. We, the children of the Cui family, are convinced that we lost.” Cui Yuanyu said calmly.

“What? This kid is actually a martial arts master?!”

As soon as these words came out, the whole place was in an uproar.

The Cui family disciples looked at each other in shock.

Looking at Lu Chen’s age, he is only in his early twenties, and he has reached the master level at such a young age.

Isn’t this talent too terrifying?

“No wonder... no wonder Cui Hong lost. It turns out that this kid is already a strong master.”

Cui Cheng was both surprised and stunned.

What just happened happened so suddenly that he didn't even react for a moment.

Yes, no one except a true martial arts master can defeat Cui Hong, a half-step master.

“Clan Leader Cui is too polite. I just got lucky and had some adventures.” Lu Chen said modestly.

“Lu Chen, I admire your strength and talent very much. I hope that you can join our Cui family and be my son-in-law.” Cui Yuanyu said in a surprising way.

“Huh?” Lu Chen was taken aback.

What the hell is it to be a son-in-law?

“Dad! What are you talking about?”

Cui Jiamei's cheeks were flushed and she was a little shy. She even glanced at Lu Chen while speaking.

Ever since the other party defeated Cui Hong, she had completely changed her view.

She has always admired the strong, and Lu Chen's strength and talent have been recognized by her, coupled with his handsome appearance and extraordinary bearing.

If she could marry such a man, it would be considered worthy of her status.

“Lu Chen, my Cui family is one of the four royal families, with a strong background and great influence. As long as you become my son-in-law, I guarantee that you will be the focus of the Cui family's cultivation in the future. I can pave all the roads for you and make you short. Within a few years, he will become famous and stand on top of the world!” Cui Yuanyu followed the inducements.

Although the Cui family has many heirs, Cui Hong is the only one who can take action.

However, compared with those top talent, Cui Hong is not enough to challenge the leader of the Cui family.

Chapter 1456

If this continues, the Cui family will definitely gradually decline, and the prestige of the royal family will not be worthy of its name.

So in recent years, he has begun to recruit talented young people.

Unfortunately, none of them got what they wanted.

After seeing Lu Chen's performance, he immediately became interested in talents, and even used power, sex, fame and fortune to seduce him.

“Damn it! This kid is so lucky, isn't he? Not only did he get reused by the clan leader, but he also got a beautiful woman in his arms. It's like a double happiness!”

Listening to Cui Yuanyu's conditions, everyone was envious and jealous.

Although they are descendants of the Cui family, each of them has limited resources, and whether they can get ahead depends entirely on their own efforts.

But Lu Chen is different. Once he joins the Cui family, he will be the star of tomorrow that the Cui family focuses on cultivating.

It's completely different from them.

“How's it going? Are you satisfied with the conditions I offered?” Cui Yuanyu said with a smile.

Anyone who is somewhat motivated should know how to choose.

“Thank you Master Cui for your kindness, but I have no plans to join any force yet.” Lu Chen shook his head and declined.

“Um?”

Cui Yuanyu raised his eyebrows slightly, quite surprised: “Lu Chen, joining my Cui family is equivalent to having an extra supporter. No matter what you do in the future, it will be of great help. Why not?”

“Master Cui, you are a bit unkind.”

At this time, Chen Xueliang suddenly stood up and said seriously: “Lu Chen is from our Chen family, so how can he join your Cui family? Isn’t it inappropriate for you to poach someone in front of me?”

“The Chen family?”

Cui Yuanyu narrowed his eyes and said meaningfully: “Your Excellency, as far as I know, Lu Chen is just an independent person, not a descendant of your Chen family. I shouldn’t be talking about poaching, right?”

This old fox obviously got interested after seeing her and planned to steal her love with a knife.

“It wasn’t before, but it will be in the future.”

Chen Xueliang said calmly: “This little guy is in love with my granddaughter. I have decided that the two of them will get married after a while. By then, this little guy will naturally become a member of my Chen family.”

“Master Cui, you don’t want to beat the mandarin ducks, do you?”

Concubine Cao Xuan stepped forward and took Lu Chen's arm in a demonstrative manner.

How could she let outsiders get involved in her man?

"It makes no sense for us to say this. Lu Chen has to make his own decision."

Cui Yuanyu said with a serious face: "Lu Chen, our Cui family is a military family, and it is more suitable for you than the Chen family. As long as you join our Cui family, you will make great achievements in the future and be granted the title of marquis and king. It is no problem at all!"

"Little guy, our Chen family is not bad either. Whether you are an official in the court or a general on the battlefield, the Chen family can help you." Chen Xueliang said tit for tat.

Most of the Chen family are civil servants. Although they are smart, their military strength is very poor.

Lu Chen's appearance just made up for the Chen family's weaknesses.

"Lu Chen! As long as you join the Cui family, no matter what the conditions are, I will try my best to satisfy you!" Cui Yuanyu looked serious.

As long as he can retain this genius, he will not hesitate to break up with Chen Xueliang.

"Little guy, as long as you join the Chen family, you and Concubine Xuan will get engaged tomorrow!" Chen Xueliang was also furious.

"Lu Chen! A real man should carry a three-foot sword to achieve unparalleled achievements. Women will only affect the speed at which you draw the sword!"

“Hmph! Do you understand what it means to start a family and start a career? That means ‘starting a family’ comes first, and ‘setting up a career’ comes last. You have to figure out the priorities before talking.”

“Nonsense! Men should make contributions and build careers. Women are just accessories. After you become powerful, what kind of woman can’t be found?”

“A reckless man is a reckless man. He only knows how to fight and kill. You know, the world is big and the earth is big, but love is the biggest word!”

“...”

Cui Yuanyu and Liu Xueliang talked and talked, and finally they started arguing, which was quite a bit angry.

This scene made everyone look weird.

They are all powerful people, why are they quarreling with the market?

Don’t you want any image at all?

Chapter 1457

“Two adults, stop arguing now and calm down.”

Seeing that the situation was not going well, Lu Chen quickly started to smooth things over.

Otherwise, if the quarrel continues like this, the two pillars of the court will probably start fighting on the spot.

“Lu Chen, you have to make a choice. Should you choose the Cui family or the Chen family?” Cui Yuanyu asked the question.

“Little guy, think carefully, be careful if you make a mistake, you will regret it forever.” Chen Xueliang stroked his beard.

For a moment, everyone’s eyes were focused on Lu Chen.

It is really rare to be scrambled by two giants like this.

Although it is a supreme honor, it is also a difficult problem.

The Cui family is a martial arts family, and Lu Chen is a martial arts master. Considering his future, it is definitely more appropriate to join the Cui family.

However, the Chen family is also a royal family, and its power is no worse than that of the Cui family. Coupled with the influence of Concubine Cao Xuan, it is easier to convince people.

The most important thing is that no matter what Lu Chen chooses, he will offend the other party.

Opportunities and risks coexist.

“I appreciate the kindness of the two adults, but I still say that, I don’t plan to join any forces for the time being, so I can only say sorry here.” Lu Chen declined again.

“What?!”

Hearing this, everyone couldn’t help but look at each other.

The eyes they all looked at Lu Chen were full of disbelief.

You know, whether you join the Cui family or the Chen family, it is equivalent to the carp jumping over the dragon's gate.

It turned out that Lu Chen was lucky, he didn't choose any of them, and rejected them all.

This kind of behavior is simply stupid.

"Lu Chen, today is a once-in-a-lifetime opportunity, are you sure you want to give up?"
Cui Yuanyu said in shock.

"OK." Lu Chen nodded.

"Little guy, do you know that many people are not qualified to join the royal family even if their heads are squeezed. Now there are two wide roads in front of you. You really don't plan to take them?" Chen Xueliang was a little strange.

"I have my own way to go." Lu Chen replied.

"Yes, I am ambitious."

Chen Xueliang smiled and nodded: "Okay, if you don't want to, I won't force you. If you encounter trouble in the future, just come to me."

He had looked down upon him before, but Lu Chen's rejection made him look up to him.

Men should make their own way. Relying on others to grow can easily squander their ambitions.

"Thank you, Your Majesty." Lu Chen bowed his hand.

“Lu Chen, I support your choice. Of course, if you change your mind, you can come to me at any time. The door of my Cui family will always be open to you.” Cui Yuanyu smiled slightly.

“Thank you Master Cui for your kindness.” Lu Chen saluted again.

“Your Excellency, I have something else to do, so I’ll take a step forward and take my leave.”

Cui Yuanyu hugged Chen Xueliang and turned around to leave.

Although he failed to win over, thankfully, Lu Chen did not join the Chen family.

In this way, the Cui family still has hope. As long as they show more goodwill in the future, there may be a chance to recruit Lu Chen.

To take a step back, there are hundreds of benefits and no harm in making good friends with such potential stocks.

“Girl, I’m not here to be a lightbulb anymore. You two can talk slowly.”

After Chen Xueliang said hello, he left with a smile.

As the saying goes, those who are near the water and the towers get the moon first. With my granddaughter here, no one like Lu Chen can take it away.

“Husband, let’s go and eat.”

Concubine Cao Xuan smiled sweetly, then took Lu Chen in her arms and walked out of the Tianxia Martial Arts Hall.

In today’s battle, Lu Chen has made his mark in Yanjing.

Not only did he defeat many geniuses from the Cui family, but he also impressed his own grandfather, which can be said to be killing two birds with one stone.

Chapter 1458

She believes that it won't be long before Lu Chen can truly become famous!

...

Lu Chen spent the next few days busy.

Firstly, we need to find elixirs to cure illnesses; secondly, we need to rebuild Jishi Hall; thirdly, we need to pay attention to the Jade Dew Ointment.

Of course, I have to take some time out occasionally to eat and go shopping with Concubine Cao Xuan.

All in all, Lu Chen basically never had any leisure time.

Thankfully, Gyokuro Cream is on track.

Yin Tao set up a pharmaceutical company in the name of the Yin family to sell Jade Dew Cream.

And after promotion and fermentation, it has formed a competitive relationship with the rejuvenation ointments of Wang and Song.

Because of its cheaper price and better efficacy, word-of-mouth has gradually spread in the industry.

Just waiting for the official sale to ignite a wave of craze.

At this moment, in the Wang family meeting hall.

Because of the latest news, Wang An urgently held an internal meeting.

The people present included not only the core members of the Wang family, but also some senior members of the Song family.

“I just heard that the Yin family has developed a new Jade Dew Cream, and it is more effective than our Rejuvenation Cream. Is this true?”

Wang An looked serious and glanced at Song Yingming and others while speaking.

“true.”

A senior member of the Wang family stood up and replied: “I have already done some research. The Yin family’s Jade Dew Cream is very magical and has an excellent reputation in the industry. It even surpasses our Rejuvenation Cream. Although it has not been officially released, it is already quite popular.” Heat is a great threat to our rejuvenation ointment!”

As soon as these words came out, the entire meeting hall immediately became commotion.

“How could this happen? The Yin family doesn’t have a deep knowledge in medicine, so why can they develop such a good medicine?”

“Isn’t it because our prescription was leaked? Is there someone inside?”

“Damn it! In order to produce and promote the rejuvenation ointment, our Wang family spent a lot of money and invested most of their resources into it. Unexpectedly, we encountered difficulties at the beginning. What should we do now?”

“ ... ”

Everyone was talking about it, and everyone started talking about it.

You know, they all invested in Rejuvenation Ointment, invested a lot of capital in it, and hoped to make a lot of money.

Now that something like this has happened, I'm naturally very anxious.

The Yin family's Yulu ointment is effective and cheap, so who can resist it?

“Give me some peace!”

Wang An slammed the table, causing everyone to shut up.

The meeting hall, which was noisy just now, immediately became silent.

“Brother An, with the ability of the Yin family, it is impossible to develop Yulu ointment in such a short period of time. I guess it should be done by Lu Chen.”

At this time, Song Qiuyun suddenly spoke.

“Lu Chen?” Wang An frowned slightly.

He had already guessed this result.

“Lu Chen has a grudge against us, so he wants to use the power of the Yin family to retaliate against us. I have to say that this move is very poisonous!” Song Qiuyun said with a cold face.

She didn't pay much attention to the little guy Lu Chen before.

So the follow-up matters were left to Wang Zixuan and Song Yingming.

It's just that she didn't expect that Lu Chen actually hid a hand, and instead of really handing over the complete formula, he gave her a defective product.

Now that the authentic Yulu Ointment comes out, the rejuvenation ointment of the Wang and Song families seems a bit tasteless.

If it is not stopped in time, both the Wang and Song families will suffer huge losses!

It has never happened before that a person who looks like an ant can make the two giants suffer.

Chapter 1459

“Hmph! This Lu Chen is so audacious. He actually dares to openly challenge us. He really doesn't know how to live or die!”

Wang An's face was sullen, with a fierce light in his eyes.

In recent times, the Wang family has mobilized all resources in order to make the rejuvenation cream a hit.

The advertisements were overwhelming, and they offered dividends and profits. A huge amount of money was spent on it.

The original plan was to use this opportunity to build a reputation, make enough money, and expand contacts.

Unexpectedly, just at the beginning, this boy Lu Chen ruined the good thing.

It's so fucking disgusting.

“Zixuan, didn't I ask you to deal with Lu Chen earlier? Why is he still alive?”

Song Qiuyun suddenly turned his head and looked at his daughter, his tone a bit reproachful.

“I.....”

Wang Zixuan was speechless for a while.

Under her mother's sharp eyes, she directly threw the blame to Song Yingming:
"Actually, it was Brother Yingming who took care of this matter."

"..."

Song Yingming's mouth twitched, and he could only stand up bravely, and replied: "Aunt Yun, I have invited experts to take action in the past few days, but this guy Lu Chen is too cunning, he is like a mouse, and he has not shown up. I really can't help it."

He recently hired a lot of people to trace Lu Chen's traces, but every time there were clues, the other party would suddenly disappear.

As a result, he never had a chance to make a move.

"You can't even deal with a country boy. You make me very disappointed." Song Qiuyun said with a cold face.

Song Yingming and Wang Zixuan lowered their heads and did not dare to refute.

"Zhengping, take people to investigate in person. You must catch Chase Lu, especially the prescription. You must get it at all costs."

Song Qiuyun turned around and gave instructions to Butler Wang behind him.

"clear."

Butler Wang responded and left quickly.

"Qiu Yun, the Yin family already has a prescription for Jade Dew Plaster. If we just catch Lu Chen, we might be treating the symptoms but not the root cause." Wang An reminded.

Little Lu Chen was naturally no match for the threat of the Yin family.

"Catching Lu Chen is only the first step. Next, we will gather the strength of the two families and focus on suppressing the Yin family so that their Yulu ointment cannot be sold!" Song Qiuyun said.

"If this is the case, then we will have to invest more financial and resources." Wang An said thoughtfully.

“We can’t let go of our children without trapping the wolf. If we want to dominate the market, we must remove all obstacles!”

Song Qiuyun said with an indifferent expression: “It’s just a mere Yin family, not even a wealthy family. Our family’s connections and power are enough to block them!”

“That’s right! Ban the Yin family! Eliminate hidden dangers!”

Hearing this, everyone spoke out in support.

There is no turning back. We have reached this point. No matter what the cost, we must stabilize the situation.

“Okay! It’s settled!”

Wang An slapped the table, and said in a loud voice: “The little Yin family dared to provoke the two giants, it’s really self-defeating! This time, I will make the Yin family lose everything!”

“That’s what I said, but how should we attack?” someone suddenly asked.

“Tomorrow is the Yin family’s new drug launch conference. I plan to give them a big gift that they will never forget!” Song Qiuyun suddenly laughed.

Seeing this scene, the people around couldn’t help but shudder.

Anyone who is familiar with Song Qiuyun knows that he is always serious about words.

The last time I laughed like this was when I was killing people.

...

The next day, early morning.

The entrance of the Yinshi Group subsidiary.

Yin Tao was directing his subordinates, busy around.

Today is the day when the new company is officially established, and it is also the best time to release Yulu Cream.

In order to better promote Jade Dew Cream, she used all the connections in the Yin family and sent out a large number of invitations.

As long as it goes well, Jade Dew Cream will become a healing medicine sought after by thousands of people!

Chapter 1460

“Hey, hey... raise the sign and place it in a conspicuous place.”

“And the red carpet on the ground, spread it out for me.”

“Is the lion dance team here yet? Let them prepare quickly. It will be opened soon.”

“...”

Yin Tao kept yelling, no matter how big or small, she had to go through everything in person before she could rest assured.

There can be no mistakes today and everything must be running normally.

“Xiao Tao...”

At this time, a Maybach suddenly stopped on the side of the road.

Immediately afterwards, Yin Quan, wearing a suit, walked down with a smile.

“Dad, you’re here.”

Yin Tao stopped moving and immediately greeted him.

“How’s it going? Is it going well?”

Yin Quan looked around, admiring his daughter’s results.

“Of course it went well. I’ll do it myself, so what could go wrong?” Yin Tao smiled confidently.

“good.”

Yin Quan nodded in satisfaction: "I've already communicated with a few old friends, and they all like your Yulu ointment very much, and they plan to come over today to cheer you on and add to their popularity."

"Great! Thank you dad!" Yin Tao looked happy.

His father's friends are all well-known big shots.

If you can support her, it will be the icing on the cake.

"I'm betting all my money on you this time. Whether our Yin family can reach a higher level depends on today." Yin Quan said.

For the Jade Dew Cream, the Yin family also invested a lot of resources.

Give it a try and turn your bicycle into a motorcycle.

"Dad, just don't worry, I promise there will be no problem!" Yin Tao was full of confidence.

With the strength of the Yin family alone, she might still be a little behind, but now with the help of the Tang family, she is naturally fearless.

"That's good."

Yin Quan nodded with a smile, looked around, and said suspiciously: "Oh, by the way, where is your friend named Lu Chen? As the founder of Yulu Paste, isn't he going to show up today?"

"Here, Cao Cao Cao Cao is coming, he is already here."

Yin Tao pointed in a certain direction with her delicate chin.

Yin Quan followed his line of sight and saw a handsome young man in ordinary clothes pacing towards him.

"Young handsome boy, you're here just in time. Let me introduce you. This is my dad, your future father-in-law." Yin Tao blinked ambiguously.

Lu Chen, who had just approached, couldn't help but smile. The words that came to his mouth were blocked directly.

This woman is really speechless and endless.

“You girl, what nonsense are you talking about? You scared everyone.”

Yin Quan glared, then stretched out his hand to Lu Chen, and said with a smile, “Yin Quan, you can call me Uncle Yin.”

“I met Uncle Yin.” Lu Chen shook hands in return.

“I heard from Xiaotao that you are both civil and military, and a good-looking talent. When I saw you today, you really deserve your reputation!” Yin Quan looked up and down, showing an auntie smile.

Good looks, character, and ability pass the test, but the family background is a little bit worse.

Of course, if you marry into the Yin family, all of these are harmless.

“Uncle Yin won the prize.”

Lu Chen smiled, feeling a little uncomfortable being stared at.

Why do you feel a little weird?

“Ugh——!”

While the three were talking, several luxury cars suddenly stopped by the side of the road.

The car door opened, and a group of well-dressed men and women came down mightily.

However, when he saw who was coming, the smile on Yin Tao’s face disappeared completely, and Yin Quan frowned slightly.
