

An Understated Dominance Chapter 1461 - 1470

Chapter 1461

“Why are they here?”

Yin Tao and Yin Quan looked at each other, and their expressions became a little more solemn.

Because the people who got out of the car were not the guests who came to congratulate him, but members of the Wang and Song families.

It was obvious that this was a bad move.

Chase Lu didn't respond, as if he had expected it.

With the virtues of the Wang and Song families, they would definitely not tolerate the Yin family's predation, so they would definitely send people to smash the scene.

“Patriarch Yin, I haven't seen you for a long time, don't come here to be safe.”

Wang An walked forward with a group of people, with a fake smile on his face.

“The head of the royal family is here, and if there is a loss, don't blame it, don't blame it.”

Yin Quan arched his hands and also showed a professional smirk.

“I heard that your Yin family has recently developed a magical healing medicine, and it will be officially sold today. I wonder if there is such a thing?” Wang An said with a smile.

“It’s all the stuff that the juniors are messing around with, and it’s not on the stage.” Yin Quan waved his hand.

“Patriarch Yin is too modest. Your medicine has a good reputation in the industry, even better than our rejuvenation ointment. Now that you are promoting it so aggressively, you are going to drive us to nowhere!” Wang An said meaningfully.

“Clan leader Wang was joking. We are just making small fuss. Naturally, we cannot compare with your big business.” Yin Quan said with a smile.

“Since we can’t compare, how about joining us fortunately and making money together in the future?” Wang An narrowed his eyes slightly.

“This...” Yin Quan showed a troubled expression.

This old fox actually wants to occupy their research results, he is really greedy.

“Patriarch Wang, our Yin family has always been used to being solitary, and we don’t like forming cliques, so we appreciate your kindness.” Yin Tao flatly refused.

“Yin Tao, our Wang family brought you into the gang because we think highly of you, so don’t be ungrateful.” Wang Zixuan said coldly.

“That’s right. As the saying goes, those who know the current affairs are heroes. As long as you contribute the formula of Yulu Ointment, we will be close partners in the future. Otherwise, we will have to fight each other.” Song Yingming said lightly. .

Wang Jing watched quietly, smiling and saying nothing.

As the saying goes, courtesy first and soldiers later, if the Yin family knows how to share the sweetness, it will be fine.

If they don't understand the interests, the two sides will have no choice but to start a war.

“What, are you threatening us?” Yin Tao said with a cold face.

“So what if I threaten you?”

Wang Zixuan snorted coldly: “You Yin family can't even be called a wealthy family, how can you compete with our two big families? If you know your words, hand over the formula immediately, so that you can still make some money, otherwise, I will beat you to pieces!”

Why should a second-rate family challenge two wealthy families? Really overwhelmed!

“Um?”

Yin Tao frowned slightly, her face a little ugly.

Next to him, Yin Quan's smile quickly faded.

Although I knew that the two sides would be unhappy, I didn't expect that the Wang and Song families would directly quarrel with each other.

“What's the deal with chickens and eggs?”

At this time, Lu Chen suddenly laughed out loud: “You Wang family are really loud. Do you really think you can cover the sky with one hand?”

“Lu Chen! It's really you who is causing trouble!”

Wang Zixuan turned her eyes and said coldly: “You despicable and shameless guy! Our Wang family treats you badly, but you actually betrayed us. Not only did you give us a

residual recipe, but you also colluded with the Yin family to try to suppress our business. You are so cruel!”

“Despicable and shameless? A wolf-hearted person?”

Lu Chen sneered, as if he was looking at an idiot: “Wang Zixuan, do you want to listen to what you are saying? I saved your life, saved your grandfather’s life, and gave your Wang family a fortune that can make a lot of money. prescription.

The results of it? You, the Wang family, have gone back on your word, failed to keep what you promised, and even attempted to kill someone to silence them and monopolize the prescription.

Chapter 1462

If I hadn’t noticed it in time, I might have been a dead man by now.

I have helped you many times, but you, the Wang family, have repaid kindness with hatred and betrayed your trust.

I really want to ask, who is despicable and shameless? Who is the heart of a wolf? ! “

The last few sentences were spoken with force and justice.

It caused many people around to whisper, and even Wang An’s face became gloomy.

It’s really embarrassing for something like this to be exposed in public.

If I had known that things would turn out like this, I shouldn’t have let Lu Chen leave the Wang family in the first place.

“You...you’re talking nonsense!”

Wang Zixuan was a little angry: “Lu Chen! Don’t think that I don’t know. It’s you who has a bad idea for me. After I sternly rejected you, you held a grudge and waited for an opportunity to retaliate. You are such a dirty person!”

“Unreasonable? Are you worthy?”

Lu Chen curled his lips disdainfully: “Look at your face, look at your figure, how is it comparable to Miss Yin? Even a blind man would not fall in love with a savage, willful, ruthless femme fatale like you!”

Hearing this, Yin Tao couldn’t help laughing.

Too cruel!

For a proud woman, Lu Chen’s words were undoubtedly murderous words.

“You, you, you... you are presumptuous!”

Wang Zixuan immediately became angry: “You bastard, a humble untouchable, how dare you insult me? I will tear your mouth apart!”

“Come on! Give me a slap!”

Song Yingming was furious and gave the order directly.

His fiancée was humiliated, and he also lost his face.

“You want to fight, right? I will accompany you to the end!”

Yin Tao had been prepared for a long time and blew the whistle directly.

The next second, a large number of bodyguards holding electric batons swarmed out of the company, dozens of them.

These bodyguards were tall and powerful, obviously carefully selected elites, and they surrounded the Wang family as soon as they appeared.

Everyone stared at each other.

“What are you doing? Don’t you all want your life? How dare you attack us?!” Song Yingming angrily yelled.

“If you come to congratulate me, I will naturally welcome you. If you make trouble here, don’t blame me for turning against you!” Yin Tao said coldly.

In order to prevent accidents, she specially invited many warriors to control the scene.

If we really want to fight, it will hurt both sides at worst.

“you—!”

Wang Zixuan was about to say something, but Wang An raised his hand to stop her, and said indifferently, “Patriarch Yin, your daughter is really daring to act against our Wang and Song families. Have you considered the consequences?”

“Chief Royal, our people are just maintaining order. As long as you don’t make trouble, they will naturally not mess around.” Yin Quan said calmly.

“Yin Quan, I’ll give you another chance. Do you really want to go against our two wealthy families for a nobody?” Wang An said with narrowed eyes.

“Lu Chen is an ally of our Yin family, and his matter is naturally our Yin family’s matter.” Yin Quan’s expression did not change.

The arrow was on the string and had to be fired. From the moment the decision was made, the Yin family had no way out.

“Okay! There are seeds!”

Wang An snorted coldly: “I want to see today how capable your Yin family is!”

As soon as he finished speaking, a hearse carrying a coffin suddenly roared over and stopped directly at the gate of the Yin family company.

Chapter 1463

The hearse was a Jinbei van model, all black.

A big white flower hangs in front, and a row of small wreaths are posted on the left and right sides.

Written on the car were two large white characters: Funeral.

Seeing this scene, the Yin family immediately frowned.

On the opening day, the hearse came to the door. This was not a celebration, but a funeral!

How unlucky!

“Ugh——!”

As soon as the hearse stopped, two more commercial vehicles followed closely behind.

As the car door opened, a large number of people wearing white mourning clothes quickly swarmed out.

At the same time, an exquisite coffin was carried out, and finally placed at the door of the company with a “dong” sound.

“Which of you is the founder of Jade Dew Cream, get out of here!”

At this time, a middle-aged man wearing sackcloth and mourning suddenly walked forward and shouted angrily.

“Who are you? Why did you bring this thing here?”

Yin Tao took a step forward and asked coldly.

“Of course I want to seek justice from you bunch of traitors!”

The middle-aged man said with grief and indignation: “The Yulu ointment you sell is clearly poison. My dad died after using it last night. You must give me an explanation today!”

As he spoke, he pushed hard with both hands and opened the coffin lid on the spot.

I saw an old man wearing a shroud lying in the coffin.

The old man was skinny, his face was purple, and there were residual black blood stains between his mouth and nose.

His chest had stopped rising and falling, and his breath was completely cut off.

“Hmph! You’d better not talk nonsense! Our Yulu ointment has been strictly tested, and there will never be any problems. Your father’s death has nothing to do with us!” Yin Tao frowned.

As soon as they broke up, trouble came to the door. It was obvious that this was all a conspiracy between the Wang and Song families.

Destroy the reputation of Jade Dew Cream by poisoning people to death.

Once the news spreads, whether it is true or false, it will greatly affect sales.

“You still dare to quibble? The evidence is still here!”

The middle-aged man stretched his hand out of the coffin and ripped off the old man’s shroud, revealing his skinny upper body.

I saw a black wound on his chest.

There was still green ointment left around the wound.

“Did you see it? This is your Jade Dew Cream!”

The middle-aged man pointed at the green ointment and yelled: “My dad originally had only a minor injury, but after using your Jade Dew Ointment, he was poisoned and died immediately! You group of profiteers and murderers are worse than pigs and dogs!”

“What evidence do you have to prove that it was our Jade Dew Cream that harmed people?” Yin Tao asked.

“This is our medicine purchase order, and this is the forensic autopsy report. It clearly states that it was your Jade Dew Cream that killed my dad!”

As the middle-aged man spoke, he took out all kinds of documents. It seemed that he was well prepared.

“These things can all be faked and are not considered evidence.”

Yin Tao took it and threw it directly to the ground.

“Okay! You bunch of profiteers, you killed people and you don’t admit it, right? I want to report you! I want you to go to jail!” the middle-aged man roared.

“Everyone, come and see! In order to make money, profiteers even disregard the lives of patients. They are so unscrupulous!”

“Hurry up and take a photo! Let everyone see how disgusting these profiteers are!”

“Pay back my father’s life! Give back my father’s life!”

Chapter 1464

At this moment, a group of family members wearing sackcloth and filial piety began to howl.

Cursing again, crying again, the huge movement attracted many crowds of onlookers.

Some people who didn't understand the reason even pointed at him and scorned him.

Some even took out their mobile phones and started recording videos, preparing to post them on the Internet to promote them.

All of a sudden, the whole scene exploded.

Yin Tao frowned, her expression ugly.

Although she knew that someone was going to make trouble today, she didn't expect it to be so troublesome.

She couldn't beat her, she couldn't scold her, and it was useless to explain. She was a little caught off guard.

“Yin Tao, I thought your Yulu ointment was some panacea, but after working on it for a long time, it turned out to be a poison that hurts people.”

At this time, Wang Zixuan suddenly said in a strange way: “Your Yin family is a famous family after all. I never thought that you would do such outrageous things in order to make money. I am so disappointed in you!”

“That's right!”

Song Yingming then added insult to injury: “We sell medicines to save people, to save all sentient beings, but you are the scum of the scum!”

“This kind of poison cannot be allowed to continue to harm people, it must be banned immediately!”

“Block the Yin family! Block Jade Dew Cream!”

The crowd was excited and clamored one after another, the momentum was extremely large.

“Everyone, please be patient.”

At this time, Yin Quan finally spoke: “The matter has not been investigated clearly, and it is still too early to draw conclusions. I hope you can give us some time. We promise that we will find out the truth!”

“What the heck!”

The middle-aged man roared angrily: “Now the evidence is conclusive, and there is no room for you to quibble! You have only two choices now, either you pay for your life with your life; or you take the initiative to confess your guilt, apologize publicly, and then compensate us for all our losses!”

As soon as these words came out, even Yin Quan frowned.

It is naturally impossible for one life to pay for one life. As for voluntary confession and public apology, it is undoubtedly jumping into the fire pit by oneself.

At that time, not only Yulu Paste will be blocked, but also the reputation of the entire Yin family will suffer a huge blow.

It’s obvious that the other party wants to kill them all!

“Clan Chief Yin, you have one more chance to make a choice. Will you agree to my conditions or not?” Wang An said in a timely manner.

“You want us to submit? It’s just a dream!”

Yin Tao refused and said sharply: “To tell you the truth, even if our Yulu Ointment cannot be sold, you will never get the genuine formula!”

“Okay! You all asked for this!”

Wang An sneered and said nothing.

After that, Butler Wang silently took out his mobile phone and made a call.

Soon, several black commercial vehicles hidden in the corner of the street roared towards them.

When the car door opened, a large number of media reporters filed out immediately, and surrounded Yin Tao and the others, asking questions.

All kinds of cameras, flash, almost face-to-face shooting.

“Miss Yin, I heard that your Yulu ointment has cured someone? Is there such a thing?”

“Miss Yin, are you selling poisons for profit, and doing this kind of behavior that violates the bottom line of the law, are you relying on the backing of your background?”

“Dear viewers, according to the latest news we have received, a branch of the Yin Group was suspected of manufacturing counterfeit drugs, resulting in the death of a 70-year-old man. I will report it live for you...”

The reporters were chattering and questioning constantly.

In a few words, the Yin family’s crimes were confirmed, and the public opinion was almost one-sided.

Yin Tao was dazed by the flashing lights, and was in a state of confusion, completely unsure of how to answer.

Chapter 1465

“Hmph! Dare to fight us? It’s really suicidal!”

Looking at Yin Tao who was in a hurry, Wang Zixuan couldn’t help but sneer.

The shopping mall is like a battlefield, and the Wang family is already familiar with such dark methods.

In the past, those small and medium-sized forces that did not know how to promote themselves and refused to rely on the Wang family were eventually destroyed.

Obviously, the Yin family is no exception.

“Rumors! It’s all rumors!”

Seeing that his daughter couldn’t bear it, Yin Quan stood up decisively and said seriously: “I can use the reputation of the Yin family as a guarantee. The Jade Dew Cream we developed all complies with the regulations and there will never be any problems. What happened today is purely It was framed by someone!”

“Fart! Now the evidence is solid! My dad was killed by you!” the middle-aged man shouted.

Later, a woman cooperated very well, threw herself directly in front of the body, and started to cry loudly: “Dad! You died so miserably! You did good deeds and accumulated virtues all your life, but now you are killed by these profiteers. It is really unfair!”

Seeing this scene, the camera clicked again, showing the woman’s miserable appearance vividly.

The crusade at the scene became more and more intense, and it had become somewhat uncontrollable.

“Killing for life is justified. If your Yin family kills someone, you must take full responsibility!” Song Yingming began to fight.

“That’s right! We Wang and Song families serve the country and the people, and we will never watch your Yin family bully the weak and oppress the good!” Wang Zixuan continued to add fuel to the flames.

While stepping down on the Yin family, he did not forget to raise his own identity.

“Ugh——!”

At this time, several cars sped up and stopped on the side of the road.

As the car door opened, a group of people in uniform stepped forward aggressively.

Wherever they passed, the crowd dispersed automatically, making way for them.

“Which of you is the founder of Yulu Paste?”

The leading bald-headed man cast his eyes all over the place with a very unfriendly expression on his face.

“I am.”

Yin Tao took the initiative to step forward and asked, “Sir, what advice do you have?”

“We are from the Medical Bureau. According to the investigation, your Yulu Cream contains a large number of harmful substances and is seriously illegal. I declare that your company will permanently cease operations and Yulu Cream will be completely banned and no longer sold!” shouted the bald man.

“What?”

Yin Tao’s face changed: “Our Jade Dew Cream has been strictly verified, how could there be any problems?”

“It’s up to you whether there are any problems. Now, come back with us to assist in the investigation!” The bald man said with a cold face.

“Sir, Jade Dew Cream has caused a death, and everyone involved must be arrested, especially that guy!”

Wang Zixuan suddenly pointed her finger at Lu Chen, and said with a stern face: “As far as I know, Yulu Ointment was researched by him, and now he has killed someone, he should bear the main responsibility and must be severely punished!”

“Oh, is it so?”

The bald man glanced at Lu Chen with sharp eyes, waved his hand, and shouted: “You can tell by his face that he is not a good person, arrest him immediately!”

As soon as he gave the order, several uniformed men behind him immediately took out handcuffs.

“etc!”

Yin Tao suddenly shouted to stop: “Everyone is responsible for what he does. If there is a problem with Jade Dew Cream, it is my responsibility and has nothing to do with outsiders!”

“Yin Tao, you’d better think about it carefully. This is a life-and-death lawsuit. Once you get in, it’s very difficult to get out. To take the blame for a jerk, what’s the point?” Wang Zixuan said eccentrically.

“Hmph! Although I’m not a good person, I will never repay kindness with hatred and behave like a beast.” Yin Tao retorted.

“you—!”

Wang Zixuan’s face turned stern: “Okay! You like going to jail so much, don’t you? Then I will help you! Catch her and punish her severely!”

“Catch him!”

The bald man waved his hand and directly ordered his subordinates to put handcuffs on Yin Tao.

When he was about to be caught in the car, Lu Chen, who had been watching coldly, finally stood up and said coldly: “Wait... I have something to say.”

“What? Are you trying to obstruct law enforcement?” The bald man’s eyes were unkind.

“Enforcement? What kind of law is enforced?”

Chapter 1466

Lu Chen said calmly: “The people from the medical bureau don’t even have an arrest warrant. Why do you arrest people?”

“That’s right! You can seize medicines, but you are not qualified to arrest people!” Yin Quan reacted immediately.

Each department has its own responsibilities, and medical matters are indeed under the jurisdiction of the Medical Bureau.

But the medical bureau does not have the right to arrest people and hold them accountable.

“You have broken the law. As an official department, we have the responsibility to take care of it!” the bald man said sternly.

“Don’t be official. Not to mention that we didn’t break the law. Even if we did break the law, it wouldn’t be your turn to arrest people.” Lu Chen’s face did not change.

“You are presumptuous!”

The bald man stared, feeling that his authority had been challenged, and said angrily:
“Boy! I warn you not to interfere with the law, otherwise you will be arrested too!”

“Arrest me? Do you have the ability?” Lu Chen sneered.

“Those who don’t know whether to live or die! Catch them all!” the bald man roared.

“stop!”

At this time, a soft drink sounded from behind.

Everyone looked back, only to see a young man dressed in fine clothes, with delicate features, walking over like stars.

The man has long hair, holds a folding fan, and looks elegant and gentle.

The visitor is Tang Xiaobao!

As always, Tang Xiaobao was surrounded by a group of bodyguards, full of style.

Anyone who tries to get close will be blocked.

“Tang Xiaobao?”

Seeing the person coming, Wang Zixuan and Song Yingming immediately frowned, feeling uneasy for no reason.

Previously, because of the rejuvenation ointment, the two sides had a very unpleasant quarrel, but now that the other party suddenly came to the scene, I am afraid that they are uneasy and well-intentioned.

“Master Tang? Why are you here?”

The bald man's eyelids twitched, and he hurriedly greeted him enthusiastically.

The Tang family is the leader of medicine in Yanjing, and their connections and status are unshakable.

Even the top leaders of the medical bureau are supported by the Tang family, which shows how powerful they are.

He is just the director of a small business. When he meets the future head of the Tang family, he will naturally be worshiped as a Bodhisattva.

“Director Zhang, you are such a powerful official!”

Tang Xiaobao snorted coldly: “You dare to overstep your authority and arrest people indiscriminately. Who gave you the courage?!”

“ah?”

The bald man's face froze and he was a little at a loss.

He asked himself that he had not offended the man in front of him, so why did he sound like he was asking for guilt when he opened his mouth?

“Ah what? When you are an official the size of a sesame seed and a mung bean, you do all sorts of random things. If you were promoted to another level, wouldn't you be even more arrogant and domineering?” Tang Xiaobao looked unkind.

“Here.....”

The bald man panicked and broke out in a cold sweat: “Young Master Tang... I am just acting in accordance with the law. If I have offended you in any way, please forgive me.”

With Tang Xiaobao's power, with just one word, he would have to pack up and get out.

If it's serious, you might have to spend a few years in jail.

“According to the law? You follow the law!”

Tang Xiaobao scolded mercilessly: “Yulu ointment was developed jointly by the Tang family and the Yin family. It has been tested by various departments and there is no problem. But it has become contraband when it comes to you. What do you mean, we Did the Tang family know the law was breaking the law?”

“What? The Tang family?!”

Hearing this, the bald man was so frightened that his legs became weak.

Oh shit! Didn't you say that we would only deal with the Yin family? Why is the Tang family involved?

Big trouble now!

Song Yingming, Song Yingming! You are pushing me into the fire pit!

Chapter 1467

At this moment, the bald man was shocked and panicked.

He never dreamed that this matter would be related to the Tang family.

You know, the Tang family ranks second among the eight wealthy families, second only to the Long family.

Especially in medicine, it is the leader.

Even the director of the medical bureau is supported by the Tang family. I am just a small director. How dare I offend the Tang family?

The bald man trembled, and said anxiously: “Tang... Young Master Tang, there must be some misunderstanding in this matter. The Tang family is a model in the industry and has a good reputation. They will never break the law knowingly.”

“Really? What’s the matter with Yulu cream? Didn’t you want to arrest people just now?” Tang Xiaobao asked coldly.

“No, no, no...it’s all a misunderstanding!”

The bald man waved his hands in fright: “The people in our medical bureau are only in charge of medical matters. They don’t have the power to arrest people. Naturally, I won’t exceed my authority. As for the problem of Yulu ointment, the subordinates must have made a mistake. After I go back, I will We must investigate carefully and give justice to the Tang family!”

“Hmph! That’s pretty much it.”

Tang Xiaobao unfolded his folding fan and said calmly: “Remember, as an official, you must handle things fairly in the future and don’t listen to the villain’s slander!”

“Yes, yes, I remember it.”

The bald man nodded repeatedly and secretly breathed a sigh of relief.

Fortunately, it didn’t cause a big disaster, otherwise today would be over.

“Hey! Aren’t you going to arrest someone? Why haven’t you done anything yet?!”

At this time, the middle-aged man next to the coffin couldn’t help but speak.

“Arrest someone? Arrest who?”

The bald man frowned, his eyes a little unkind.

“Jade Dew Cream killed my father. All relevant personnel must be arrested immediately!” the middle-aged man shouted.

“Hmph! You want to arrest me? Who do you think you are?”

The bald man said with a cold face: “Besides, what evidence do you have to prove that Jade Dew Cream killed someone!”

“This is the proof of buying the medicine, here is the autopsy report, and the medicine left on my father’s wound, all of which can prove that he was injured by Yulu ointment!” The middle-aged man showed various proofs.

“Fart! These are all perjury!”

The bald man grabbed it and tore it into pieces: “I don’t know where you got these things, but I’m warning you, if you dare to cause trouble again, don’t blame me for arresting you all!”

Hearing this, the middle-aged man was furious: “You corrupt official! You actually help profiteers oppress the common people. You must have been bribed. I want to sue you! I want to sue all of you!”

“Snapped!”

As soon as he finished speaking, the bald man slapped him and shouted: “Insolent! It is a serious crime to slander an official! If you still dare to talk nonsense, be careful and go to jail!”

“you—!”

The middle-aged man was angry and angry, and looked at Song Yingming and Wang Zixuan unconsciously.

Didn't you agree to act together? Why did this guy get cold feet?

How to act this special girl?

“Director Zhang, the bodies of the deceased are here, and there is so much evidence. Why don't you arrest him?” Song Yingming said solemnly.

I spent money to invite you here, but you turned the tables and lost all your professional ethics.

“Mr. Song, this matter is obviously a misunderstanding. I suspect that someone reported a false case, so a detailed investigation is needed.” The bald man said perfunctorily.

If you offend the Song family, you just have a few financial backers. If you offend the Tang family, you will be dismissed from your post or jailed at the worst.

He can still tell which is more important.

Chapter 1468

“The evidence is solid, yet you still have to investigate!”

Wang Zixuan shouted with displeasure on her face: “I order you to arrest them immediately, or I will sue you for favoritism!”

“Um?”

The bald man frowned and his face became a little ugly.

“Director Zhang, look around. There are countless pairs of eyes staring at you. There are many reporters here. Do you really want to protect these people?” Song Yingming said in a sharp tone.

“this.....”

The bald man’s expression froze, and he was very embarrassed.

Although I dare not offend the Tang family, the power of public opinion is also very terrifying. If it is reported in an exaggerated manner, it will be very troublesome.

“Song Yingming, you’d better be careful what you say, or I’ll sue you for slander.” Tang Xiaobao said calmly.

“Young Master Tang, this is a matter between us and the Yin family. I hope you won’t get involved.” Song Yingming said.

“Our Tang family has formed an alliance with the Yin family, and we jointly produce Jade Dew Cream. Do you think I can stand by and watch?” Tang Xiaobao rolled his eyes.

“Young Master Tang, I’m just kindly reminding you that if you persist in your stubbornness, be careful of setting yourself on fire!”

As Song Yingming spoke, he suddenly increased his volume and said loudly: “Once the matter of Tang’s medicine killing people is reported by the media, carefully consider it. How much loss will your Tang family suffer?”

“If any media dares to report randomly, I will put these people in jail one by one for false accusations and frame-ups!” Tang Xiaobao was not afraid at all.

“Young Master Tang, don’t think that because your Tang family is so powerful, you can stop everyone from talking. People are dying now, and paper can’t stop the fire. If it gets bigger, you may not be able to withstand it,” Song Yingming said. .

“Human life?”

Tang Xiaobao glanced at the corpse in the coffin and sneered: “Who told you that this person was harmed by our Jade Dew Cream?”

“Hmph! All the certification evidence is there, is there still a fake one?!” the middle-aged man yelled.

Tang Xiaobao did not explain, but snapped his fingers.

Soon, Dong’er, the female bodyguard behind him, took out a document and said coldly: “According to our latest investigation, the deceased was deliberately poisoned, and the poison was Hedinghong.

And these are the ingredients list of Yulu Cream. It has been officially verified that there are no harmful substances in it.

Therefore, the matter of Yulu ointment harming people is purely a frame-up. Please take a look! “

As Dong’er spoke, he opened the file and clearly displayed the relevant contents in front of the crowd and reporters.

This scene caused many people to whisper.

With the reputation of Tang’s Medicine and the evidence they cited, they had to doubt the authenticity of this tragedy.

“These evidences are all forged! Don’t believe them!”

The middle-aged man was anxious and reached out to grab the documents, but was kicked to the ground by Dong’er.

Then, she took out another document and said coldly: “This filial son bought a huge accident insurance for his father yesterday, and he was named as the beneficiary.

In addition, he was addicted to gambling, heavily in debt, and notorious in the local area.

I have reason to suspect that he did not hesitate to poison his father in order to extort money! “

As soon as these words came out, the middle-aged man’s complexion changed drastically, and he shouted again and again: “Nonsense! You are clearly talking nonsense!”

“Nonsense?”

Dong’er snorted coldly, took out a pack of medicine from his pocket, and said: “This is the remains of the crane’s crown red that was found in your home. It also has your fingerprints on it. We have tested it and confirmed it is correct. Now there is irrefutable evidence.” , no matter how much you quibble, it won’t help!”

“thump!”

Seeing this scene, the middle-aged man’s legs weakened and he collapsed directly on the ground, his face ashen.

It’s over...it’s all over now...

Chapter 1469

When Dong'er showed the final proof, the middle-aged man was completely desperate.

If it's just insurance and bank records, you can still quibble.

However, the poison has been found, and there are fingerprints on it to prove it. Now he can't defend himself.

“After working on it for a long time, it turned out that this guy was deliberately blackmailing me. It's really hateful!”

“It's so unconscionable to even harm your own father!”

“Beast! What a beast!”

“...”

At this moment, the onlookers began to scold and curse.

They initially thought it was a profiteer who was harming the person, but it turned out to be a middle-aged man who deliberately framed him.

The most annoying thing is that the other party also murdered his father.

Completely annihilated humanity, even worse than animals.

“What a waste!”

Wang Zixuan frowned, cursing in a low voice.

It's not enough to succeed, but it's more than enough to expose it. So much evidence has been left behind. Isn't this looking for death?

“It seems that the Wang family came prepared.”

Song Yingming squinted his eyes, his face was a little ugly.

Being able to collect evidence so quickly and easily break the situation, I have to admit that Tang Xiaobao does have something.

“Hmph! I can see at a glance that you are not a good person!”

Seeing that the situation had reversed, the bald man immediately shouted: “Come here! Arrest this parricide beast! Send him to prison for rigorous interrogation!”

At his command, several uniformed officers immediately handcuffed the middle-aged man.

“Master Song! Help me! Help me!”

The middle-aged man panicked and shouted crazily at Song Yingming.

Once he is convicted of murder, he will probably never be able to get out of jail for the rest of his life.

“Hmph! None of my business!”

Song Yingming kept a cold face and didn't respond at all.

“Young Master Song! You can't just ignore death! These things are all about you...”

“Shut up!”

The middle-aged man was about to say something, but Song Yingming's face changed, and he rushed forward, punched him in the face, and cursed: “You dog! If you dare to talk nonsense, I will make your life worse than death!”

The middle-aged man was beaten until his nose bleeds, and he lost two teeth, so he dared not speak anymore.

He knew in his heart that if Song Yingming confessed, he might not survive tomorrow.

“take away!”

With a wave of his hand, the bald man grabbed the middle-aged man and related troublemakers into the car.

Everyone talked and sighed.

Unexpectedly, in just a few minutes, things turned around unexpectedly.

The positions of the victim and the victim are completely reversed.

“Song Yingming, why are you so excited? Could it be related to you?” Tang Xiaobao said meaningfully.

“Young Master Tang is joking, our Song family is open and aboveboard, how could we do such a thing?” Song Yingming smiled.

“That’s true.”

Tang Xiaobao grinned: “Planting and framing things like this can only be done by those bastards who have no assholes in their lives. If you want to come to your Song family, you won’t be so insidious and despicable.”

“ ... ”

The corners of Song Yingming’s eyes twitched, feeling like being fed shit, feeling extremely aggrieved.

This guy made it clear that he was criticizing Sang Huai, but he couldn't refute it, so he could only bite the bullet and endure it.

Chapter 1470

“Tang Xiaobao, what benefits did the Yin family give you, and you actually helped them like this?” Wang Zixuan asked with a frown.

“I've always drawn my sword to help when there was an injustice. What, do you have any objections?” Tang Xiaobao raised his chin.

“Tang Xiaobao, there are no eternal enemies, only eternal interests. No matter how many benefits the Yin family gives you, our Wang family is willing to pay double!” Wang Zixuan offered the price.

“Double?”

Hearing this, Tang Xiaobao smiled, with a hint of sarcasm in his smile: “To tell you the truth, I am the largest shareholder of Yulu Cream, with an exclusive 40% share. If converted to double, that would be 8%. Ten, can your royal family afford it?”

“What?!”

Upon hearing this, Wang Zixuan's face finally changed.

She thought that Tang Xiaobao would stand up for the Yin family because he received some benefits, but she didn't expect that the two parties had already formed an alliance.

It is obviously impossible to instigate rebellion against the Tang family at this time.

“it is as expected.”

Song Yingming frowned, his face serious.

From the moment Tang Xiaobao appeared, he realized something was wrong.

“Why don’t you say anything? Aren’t you going to give me double benefits?” Tang Xiaobao said sarcastically.

“Hmph! Don’t be too proud! You have Jade Dew Cream and we have Rejuvenation Cream. If we really have to compete, it’s still unclear who will win!” Wang Zixuan shouted.

Although the Tang family is powerful, the Wang and Song families are not vegetarians.

“Haha... the rejuvenation ointment you sell is just a defective product that cannot be sold on the market. How can it be compared with our authentic Jade Dew ointment?” Tang Xiaobao sneered.

“Okay! You said our rejuvenation ointment is a defective product, right? Then I ask you, do you dare to bet with me?” Wang Zixuan asked provocatively.

“Oh? How do you want to bet?” Tang Xiaobao seemed to be interested.

“It’s very simple. Let’s bet on sales volume to see whose medicine sells more today!” Wang Zixuan raised her head.

“So what if you win? What if you lose?” Tang Xiaobao asked.

“Winning will naturally mean that the product is authentic, and from now on, the market will be exclusive; and the loser will not only have to donate the prescription, but also sign

and pledge to ensure that such ointments will not be sold again in the future!” Wang Zixuan said.

As soon as these words came out, Tang Xiaobao couldn't help raising his eyebrows slightly.

Obviously, the Wang family is declaring war openly.

If you don't agree, you will definitely be slandered by various ridicules, which will affect the family's reputation.

But if he agrees, he is afraid that the Wang and Song families will use evil tricks.

If they lose, they will not only lose face, but also lose a lot of profits, which will cause Tang's Medicine to fall into crisis again.

This consequence is not ordinary serious.

“What? Don't you dare to gamble?”

Wang Zixuan curled her lips disdainfully: “You claim to be genuine, but you don't even have the courage to compete with us. Are you guilty of thieves? Or are you just as timid as a rat?”

Tang Xiaobao frowned slightly and did not answer directly. Instead, he looked sideways at Lu Chen and Yin Tao.

The Jade Dew Cream is not his, and he cannot make the decision without permission.

“You want to bet, right? OK...we agree.”

At this time, Lu Chen suddenly spoke.

Yin Tao's expression changed and she quickly advised: "Little handsome boy, this may be a conspiracy of the Wang and Song families. Don't be fooled."

"Don't worry, their defeat is certain today. No matter how hard they try, they won't be able to make any big waves."

Lu Chen smiled lightly and didn't care.

When Wang Zixuan proposed this bet, she was undoubtedly playing with fire and setting herself on fire, which in disguise accelerated the bankruptcy of the Wang and Song families.

Just what he wanted.

"Mr. Tang, what did you say?" Yin Tao turned her eyes.

"Xiao Lu has already spoken, and of course I fully support it. Our drugs are high-quality and low-priced. If we can't win this bet, we might as well close our doors." Tang Xiaobao shrugged.

Hearing this, Yin Tao finally nodded: "Okay! Then let's play with them! Let's bet!"
