

An Understated Dominance Chapter 1471 - 1480

Chapter 1471

Seeing that the three of them all agreed, Wang Zixuan couldn't help being overjoyed, and the corner of her mouth curled into a smile of success.

What a bunch of idiots!

I didn't expect to be so easily fooled by just a few provocative words.

If she wasn't completely sure, how could she make such a bet?

In the past, it was only plan A to plant corpses, but now, it is plan B to draw the bottom out.

As long as the three of Lu Chen dared to bet, they would jump into the fire pit by themselves.

“Come here! Prepare the agreement and sign it!” Wang Zixuan shouted.

The subordinates immediately started to get busy, and two contracts were delivered in a short while.

The relevant gambling agreement is clearly written.

Whoever loses must not only donate the prescription, but also publicly apologize and promise not to sell the relevant drugs again.

“See it clearly? Sign it when you see it clearly.” Wang Zixuan urged.

The three of Lu Chen did not talk nonsense. After confirming that the contract was correct, they signed their names respectively.

Wang Zixuan and Song Yingming looked at each other and signed the same.

The VAM agreement came into force.

“Hahaha... You three fools actually dared to agree. I was really laughing to death.”

Seeing the success of the scheme, Wang Zixuan no longer concealed it, and sarcastically mercilessly said: “Our rejuvenation ointment has already opened the market and received a large number of orders, and you have just opened, how can you fight us?”

Jade Dew Cream is really good quality and cheap, better than their rejuvenation cream.

As long as it is promoted for a while, it is likely to become a real hit, completely crushing the rejuvenation cream.

But unfortunately, the other party has no chance.

If you choose to compete with their rejuvenation ointments when your development is not yet mature, you are undoubtedly courting death!

“Lu Chen, you have all signed in front of everyone. It is too late to regret now, so you should just accept your fate!” Song Yingming sneered.

With so many reporters, so many spectators, and a gambling agreement in hand, I am not afraid that Lu Chen and the others will not admit it.

“Don’t be too happy too early. It’s not certain who will win or lose.” Lu Chen said calmly.

“uncertain?”

Song Yingming sneered: “I think you won’t shed tears until you see the coffin. If that’s the case, then I will make you give up completely!”

As he spoke, he raised his hand and clapped his hands.

Immediately afterwards, the building across the street suddenly unfurled a long red banner.

On the red banner, there is a line of large characters written – Congratulations to the official opening of the Rejuvenation Ointment Pharmaceutical Company!

After the banners were unfurled, both sides of the street suddenly became lively.

Two lion dance teams, one on the left and one on the right, approached the Huichun Ointment Pharmaceutical Company in a mighty manner.

Wherever he goes, he attracts countless audiences.

“Everyone, come and have a look, take a look, today we have a big discount for the opening of our company. Anyone who buys rejuvenation ointment will not only get a discount, but also get a beautiful gift from our company.”

“Gifts are limited. Those who are quick will get some, but those who are slow will get them. First come, first served!”

A master of ceremonies held a microphone and shouted loudly from across the street.

Everyone in the nearby streets could hear it clearly.

“You can also give gifts when you buy medicine? Let’s go! Go and have a look!”

“Quick! Let’s go there too, we can’t let anyone get there first!”

“...”

The shouts from across the street attracted everyone’s attention.

Under the leadership of a few “entrustees”, the melon-eating people who had been watching the excitement immediately rushed over in groups.

After receiving Song Yingming’s nod, the media reporters also ran to the other side of the street and began to publicize and report variously.

In just a few minutes, the Yin branch office was completely empty, with only a few staff left to support the scene, and all the popularity was sucked away by the other side.

Chapter 1472

Seeing this scene, Song Yingming smiled even more happily: “Lu Chen, do you see it? This is the surprise we prepared for you!”

“It turns out that you guys had a plan a long time ago, it’s really despicable!” Yin Tao scolded.

“Haha... A soldier never tires of deceit. Why do you think you have no brains and you actually agreed to bet against us?” Song Yingming said proudly.

“Our side is already overcrowded, but your side is packed with people. The outcome has been decided, so you might as well just admit defeat.” Wang Zixuan sneered.

Although the frame-up did not work, fortunately, the provocation method did.

It’s not in vain that they designed it carefully.

“Why are you anxious? We still have a chance before the sun goes down.” Lu Chen remained calm.

“What? Still not giving up?”

Song Yingming smiled jokingly: “Okay, then I will make it more difficult so that you will be convinced of your defeat!”

As he said that, he took out his mobile phone and dialed a certain number.

Three minutes later.

A black Mercedes-Benz drove out from the corner and parked across the street.

The car door opened, and a well-dressed fat man walked out with his female secretary.

Immediately afterwards, shouts suddenly rang out: “Kangtai Pharmacy Manager, order five million rejuvenation ointment!”

As soon as these words came out, there was an immediate commotion across the street.

Kangtai Pharmacy is a well-known large pharmacy in Yanjing, with hundreds of stores, and its reputation has always been very good.

As the boss of Kangtai Pharmacy and a recognized billionaire, it is really surprising that he has now appeared in public and ordered five million rejuvenation ointments in one go.

“Ugh——!”

Not long after the Mercedes-Benz stopped, another Maybach arrived.

When the car door opened, an old man with gray hair stepped out on crutches.

“Chairman of Guangfu Group, order 10 million rejuvenation ointments!” the master of ceremonies’ voice sounded again.

At the same time, there was another commotion at the scene.

However, before the commotion subsided, a shocking scene happened.

One luxury car after another sprang up like mushrooms after a rain.

Bentley, Porsche, Rolls-Royce, you name it.

Whenever a luxury car stops, a famous big shot will step out.

The resounding voice of the master of ceremonies echoed one after another, resounding throughout the world.

“President Fengsheng Medicine has ordered 20 million rejuvenation ointments and congratulated our company on its successful opening!”

“Mr. Huang of Wuhui Security Company ordered 50 million yuan of rejuvenating cream. Congratulations on our company’s financial success!”

“Chairman Liu of the Liu Group, ordered 100 million rejuvenation ointment, congratulations to our company for smooth sailing and wealth from all directions!”

“ ... ”

Seeing the rich people arriving one after another, the whole place exploded.

“Damn it! There are tens of millions and hundreds of millions of orders at every turn. Isn’t that too cruel?”

“Is the rejuvenation ointment so amazing? It actually attracted the richest people to rush to buy it?”

“The rich man is far-sighted and must have seen the potential of rejuvenation cream. We are definitely right to follow suit and buy it!”

Everyone was talking a lot and were surprised.

At first, they just watched the excitement, but they didn't expect the situation to become so hot.

As a result, many people were tempted to place orders one after another, and the sales of Huichun ointment rose rapidly.

The situation is completely one-sided.

“Lu Chen, do you know the gap now? I'll ask you if you accept it or not?!” Song Yingming curled his lips, full of confidence.

“Clothes?”

Lu Chen smiled faintly: “Why don't you look back and see who wins and who loses?”

Chapter 1473

“Turn back? What's the matter? Can you still turn the world upside down?”

Song Yingming sneered and looked back.

I saw that the entrance of my company was still very popular, and there were a lot of customers coming and going. Rich people, big and small, from Nancheng University, all came to join us.

Other than that, nothing unusual.

“Lu Chen, how old are you, is it interesting to play such childish tricks?” Song Yingming sneered.

“Hey, you can’t afford to lose, can you?”

Wang Zixuan said angrily: “We have physical evidence and a signed gambling agreement. No matter how you quibble, it’s useless. Just hand over the prescription honestly, so that you can save some face.”

“Who said we lost? Open your eyes wide and see, what’s over there?” Chase Lu raised his chin towards the far street entrance.

“Heh... come again, do you think I’ll be fooled again?” Song Yingming snorted and didn’t look back at all.

It’s fine to lie to him once, but the second time, do you really think he is evil?

“Ugh——!”

Just as he was talking, a black Land Rover sped up suddenly and stopped at the gate of Yin’s branch.

The car door opened, and a burly man in a black suit stepped out.

“Jujin Group Yang Guang, congratulations on the establishment of Yin’s Medicine. To show my sincerity, I will order 10 million Yulu Ointment!” the man said loudly.

As soon as these words came out, the smiles on the faces of Song Yingming and Wang Zixuan immediately froze.

They thought Chase Lu was just playing lip service, but they didn't expect someone to come to cheer him on.

“Thank you, Mr. Yang, for your support! Come here...inside please!”

Yin Tao looked happy, and quickly invited him in.

Although the tens of millions of orders cannot be compared with the opposite side, it is at least a good sign.

“Brother Yingming, is there a Jujin Group in Nancheng? Why don't I remember?” Wang Zixuan was a little surprised.

The Wang and Song families dominate Nancheng, and all forces, large and small, are under control.

“Jujin Group is a force in Dongcheng. If you guess correctly, it should be someone invited by Tang Xiaobao.” Song Yingming explained.

“So that's the case.” Wang Zixuan nodded, but didn't take it seriously.

It's only 10 million, not even enough to plug the gap between her teeth, so she naturally didn't pay attention to it.

“Lu Chen, you don't think that the small Jujin Group can compete with us, do you? Then you are too naive!” Song Yingming sneered.

How can a second-rate small force compare with a wealthy family?

“What's the rush? The fun has just begun.” Lu Chen's expression remained unchanged.

“Start? Hum...I want to see today what big waves you can make!” Song Yingming looked disdainful.

As soon as he finished speaking, a long motorcade suddenly appeared at the corner of the street.

The fleet is all composed of luxury cars, each starting at a million dollars.

Sports cars, sedans, off-road vehicles, all types of models are available.

The motorcade was vast and neatly arranged, attracting the attention of countless people as soon as it appeared.

Finally, under the spotlight, the luxury motorcade stopped at the entrance of Yin’s branch.

When the car doors opened one by one, rich and powerful people in rich and well-dressed clothes came forward to congratulate him.

“Yuan San of Xinfeng Group came here to order 20 million Yulu Cream to congratulate Yin’s Medicine on its successful opening!”

“Dingbao Medical MCA, I came here to order 30 million Yulu ointment and wish Yin’s Medical good luck in wealth!”

“Wu Kaifa of Yingguan Group came here to order 80 million yuan of Yulu Cream to congratulate Yin’s pharmaceutical business on its prosperity and wealth!”

“ ... ”

More and more rich and powerful people came to congratulate him and placed a large number of orders.

Its popularity and large number of orders are not weaker than those of its opponents.

Seeing this scene, Song Yingming and Wang Zixuan couldn't laugh anymore.

Chapter 1474

They really didn't expect that so many wealthy people would come to support them in just half an hour.

For a moment, I felt a little nervous.

Because according to this situation, they really don't have full confidence in winning.

“Thank you all for coming to support us. Please come inside, please come inside...”

Yin Tao and Yin Quan were so happy that they couldn't help but greet the distinguished guests to come in and take their seats.

The market in Nancheng has been occupied by the Wang and Song families. With the strength of the Yin family, they can't attract anyone at all.

Fortunately, the Tang family is now helping, attracting all the wealthy businessmen in Dongcheng. Otherwise, Yin's Medicine would end in a disastrous defeat today.

“Mr. Tang, I didn't expect you to be prepared. Now we can finally have a showdown with the Wang and Song families.” Yin Tao smiled happily.

“These are Xiao Lu's arrangements, I just follow the plan.” Tang Xiaobao shook the folding fan lightly.

“oh?”

Yin Tao raised her eyebrows and looked at Lu Chen in surprise: “Little handsome boy, how did you know that the Wang and Song families were going to do this?”

“They are all outdated means, not clever.”

Lu Chen smiled lightly: “Besides, even if they don’t play tricks, if we invite so many people to support us, it can be regarded as promoting Yulu Ointment, and it will not be a loss.”

“That’s true.”

Yin Tao nodded, followed her eyes to Wang Zixuan and the two, and said with a meaningful smile: “Miss Wang, Mr. Song, it seems that who will win and who will lose today is still unknown.”

Although the Wang and Song families were fully prepared, fortunately, they blocked every move they made.

“Hmph! Don’t be too happy too soon, we still have the advantage now!” Wang Zixuan said coldly.

“That’s right! We have many soldiers and generals, and the final victory must belong to us!” Song Yingming held his head high.

Although the Tang family invited many wealthy people to help out, they were ultimately unable to support themselves.

Because they are two giants joining forces, both in terms of connections and influence, they are higher than the Tang family.

Even if they compete for financial resources, their probability of winning is at least 80%!

“It’s just a bunch of soldiers and generals. They can’t get on the stage at all. Next, is the real highlight.” Lu Chen smiled lightly.

“Hmph! Pretending to be a ghost! Even if you have the ability to reach the sky, you will definitely lose today!” Wang Zixuan shouted.

As soon as he finished speaking, a Rolls-Royce Phantom suddenly stopped by the side of the road.

Soon, a burly middle-aged man with a beard came out Shi Shiran.

The man has a Chinese character face, thick eyebrows and big eyes, his face is not angry and prestige, and there is an invisible sense of oppression in every gesture.

“Um?”

Seeing the middle-aged man, Wang An frowned, and his face instantly became solemn.

On the other hand, Yin Quan’s expression brightened, as if seeing the God of Wealth.

“Long Xiuxian from the Long Family, congratulations to Yin’s pharmaceutical business is booming!” the middle-aged man said loudly.

As soon as these words came out, the whole place was in an uproar.

“What? Long Xiuxian? Isn’t that the patriarch of the Long family?”

“The Long family is the head of the eight wealthy families, and Long Xiuxian is a first-class official in the dynasty. Even such a big shot comes to support us. Yin’s Medicine is going to soar to the sky!”

“My god! What happened today? Are the gods fighting?”

“...”

After learning Long Xiuxian's identity, the whole scene exploded.

Among the eight giants, the Long family is recognized as the strongest.

Not only is her family rich and powerful, but she is also powerful, ranking first among the eight giants, unmatched by anyone.

No one expected that Long Xiuxian, who usually lives in seclusion and never sees his end, would openly support Yin's medicine.

Such behavior undoubtedly dropped a blockbuster on the calm lake!

Chapter 1475

At this moment, everyone in the Wang and Song families was not calm.

They had calculated everything, but they never expected that the Long family, the head of a wealthy family, would actually support the Yin family.

You must know that the gap between the two sides is as different as clouds and mud. They are not at the same level at all.

Could it be that the backer behind the Yin family is the Long family?

“How, how is it possible? Why is the head of the Long family here?!”

Wang Zixuan's eyes widened in disbelief.

Who is Long Xiuxian?

That was the head of the Long family, a powerful official in the imperial court, with hands and eyes that could reach the sky.

Moreover, he has always been arrogant and never forms cliques or pretends to be a person.

Not to mention Tang Xiaobao, Lu Chen and his like, even her parents could not move the statue of Long Xiuxian in person.

Who can make Long Xiuxian come forward in person?

“Now we’re in trouble!”

Song Yingming broke out in cold sweat and panicked.

A wealthy Tang family is already enough to cause headaches, and now there is another Long family, which will undoubtedly make it worse.

Among the eight wealthy families, the Long family is the first and the Tang family is the second. Both belong to the upper four families.

As for the Wang family and the Song family, they can only be regarded as the lower four, ranking at the bottom.

In terms of comprehensive strength, the Long and Tang families are naturally far better than the Wang and Song families.

So in today’s gamble, they have no advantage at all.

It has even turned into a disadvantage.

“How could this happen? Has the Tang family already formed an alliance with the Long family?”

Wang An frowned, his face serious.

The appearance of Long Xiuxian directly affected the whole situation.

All the plans they had made before became uncertain at this moment.

“Clan Chief Huanyin Long is coming to my humble home. Come on, please come inside!”

Yin Quan personally entertained and led Long Xiuxian into the door.

There is no need for the Long family to buy any Jade Dew Cream. It is just a face-saving gesture, which is already a great help.

I believe that soon, all forces related to the Long family will flock to the door to join them.

“Miss Wang, how are you? Are you surprised? Are you surprised?” Yin Tao felt refreshed.

To be honest, she didn't expect Tang Xiaobao to have such great face that he could invite Long Xiuxian here.

With the help of the Long family, their chances of winning today's game will be greatly increased.

“Why did Master Long help you? What methods did you use?!”

Wang Zixuan frowned, her face became extremely ugly.

“That doesn't bother Ms. Wang, you should think about it carefully, what should you do if you lose?” Yin Tao smiled triumphantly.

“Hmph! Even if you have the help of the Long family, we may not lose!” Wang Zixuan shouted in a deep voice.

Although the power of the Long and Tang families is greater than that of the Wang and Song families.

But they can go all out and win this bet at any cost.

As for the Long family and the Tang family, it is obvious that they cannot do nothing.

This is the key to their victory.

“Look! Another convoy is coming!”

At this time, an exclamation suddenly sounded.

Everyone followed the sound and saw another luxury convoy appearing at the corner of the street.

The convoy is mighty, and the battle is more grand than before, obviously the background is not small.

“Looking at this posture, I guess it’s another group of big shots.”

“Guess who invited these big shots?”

“It’s hard to say. Now that the two sides are evenly matched, it’s possible to win or lose.”

“Listening to your words is better than just one word.”

“...”

Chapter 1476

Under the gaze of everyone, the luxury motorcade began to drive slowly across the street, and finally stopped at the entrance of the Rejuvenation Ointment Pharmaceutical Company.

Seeing this scene, Wang Zixuan instantly looked overjoyed: “Hahaha... It’s our people! It’s our reinforcements that have arrived!”

“Great! It’s finally time for us to feel proud!” Song Yingming was also extremely happy.

Although the appearance of Long Xiuxian caused some changes, fortunately they were well prepared and able to turn the tide.

“Who is the one?”

Wang An rubbed his chin and murmured to himself, with a little more expectation in his eyes.

The allies of the Wang and Song families have all arrived. Is there another surprise?

“Lu Chen! Yin Tao! Tang Xiaobao!”

Wang Zixuan called the names one by one and said arrogantly: “I told you a long time ago not to be too happy too early. How about now? Have you been slapped in the face? Hahaha...”

“I admit that you have something, but unfortunately, we are still better after all.” Song Yingming’s face was full of pride.

Just when the two were ridiculing and laughing, something happened suddenly.

I saw that the convoy that had just stopped seemed to have discovered something, and suddenly moved again!

Immediately afterwards, luxury cars began to turn around, and finally arrived at the gate of Yin’s Medicine.

When the vehicle stopped, the well-dressed dignitaries walked out one after another and began to congratulate each other in an orderly manner.

“Cui Hong of the Cui family and many of the Cui family’s children came to support and congratulate Yin’s Medicine on its successful opening and prosperous business!”

Cui Hong, the leader, led the crowd forward and hugged Lu Chen and the others.

As soon as this remark came out, the audience was in an uproar.

“What? The royal family, the Cui family, are all here? Am I right?”

“Oh my god! The opening of a small pharmaceutical company actually alarmed the Yanjing royal family. What is going on?”

“ ... ”

Everyone was discussing and shocked.

The royal Cui family is a level higher than the Long family. It is a behemoth standing on the top of the Dragon Kingdom!

There are many famous generals in the clan, and they have great power in both the government and the public. Their influence in the military department is so great that they can only cover the sky with one hand!

Such a giant family would actually congratulate the small Yin family?

It's simply unbelievable!

“Cui...Cui family? How is that possible?!”

At this moment, Wang Zixuan and others stood stunned on the spot as if struck by lightning.

Everyone's eyes widened with disbelief on their faces.

Isn't the convoy reinforcements from the Wang and Song families? How did he become a member of the Yin family?

The most important thing is, how can a second-rate family hire a giant like the Cui family?

Still haven't recovered from the shock.

Another luxury motorcade appeared on the street corner.

This time, they did not go wrong. The luxury motorcade came straight to Yin's Medicine, and finally stopped steadily.

The car door opened, and Concubine Cao Xuan, dressed in a red cheongsam, walked down with a group of dignitaries.

“The royal Chen family is here to congratulate you!”

“To show our sincerity, we will contribute tens of billions of orders, and I wish Yin’s pharmaceutical business a prosperous business, making every day a fortune!” Concubine Cao Xuan said with a smile.

As soon as these words came out, the whole place exploded.

“Oh my god! Not only the Cui family, but also the royal Chen family are here now. Am I not dreaming?”

“Who is it? Who can invite two royal families to appear at the same time?!”

“A wonder in the world! What a wonder in the world!”

There was a lot of discussion and excitement among the people.

The Cui family alone is scary enough, and with the help of the Chen family, its influence is immeasurable!

In this bet, Yin’s Medicine won a crushing victory.

There is no chance of a comeback for the Wang and Song families.

“thump!”

Wang Zixuan’s legs went limp, and she slumped on the ground, her face ashen.

She is completely desperate!

Chapter 1477

At this moment, it's not just Wang Zixuan.

Including all the members of the Wang and Song families, they were deeply shocked.

They never dreamed that things would turn out like this.

If only the Long family played, they might still have a glimmer of hope of winning.

But now, even the two royal families are involved.

Even if they have the ability to reach the sky, they can only bow their heads and bow their heads.

You must know that the gap between the wealthy family and the royal family is simply a difference between clouds and mud, they are not at the same level at all.

A wealthy family is only rich, while a royal family represents power!

The rich are not worth mentioning in front of the powerful.

It is not an exaggeration to say that it only takes one night for the royal family to destroy the wealthy family.

This is the unbridgeable gap between the two sides.

“The Long family, the Cui family, the Chen family...how did this happen? What happened?”

Song Yingming was stunned and terrified.

He really couldn't understand why the little Yin's medicine could get the support of the royal family.

“Don't say anything! Admit defeat immediately, or there will be endless troubles!”

After a brief shock, Wang An quickly reacted.

The appearance of the two royal families at the same time made him realize the seriousness of the problem, although he didn't know how Yin's medicine did it.

But it was obvious that they had lost.

If we resist to the end, not only will there be no benefit, but it will even anger the two royal families.

By then, the Wang and Song families will be in catastrophe!

In the end, under Wang An's urging, Wang Zixuan and Song Yingming had to bow their heads and admit defeat.

“This time we lost, we are willing to bet and admit defeat!”

“From now on, we will no longer sell rejuvenation cream, and the company will be canceled immediately. Are you satisfied now?”

Wang Zixuan gritted her teeth and looked resentful.

Although she lost, she refused to accept it.

In her opinion, if the two royal families did not interfere, victory should belong to her.

“Miss Wang, there is still a long time before the sun goes down. Is it too early to admit defeat now? Why don't you hold on for a while?” Yin Tao said with a faint smile.

“Hmph! You're just lucky, what's the big deal? We can't change things!”

After saying the harsh words, Wang Zixuan left in anger.

“let's go.”

Wang An made a gesture and quickly left with a group of people.

In just a few minutes, the Wang and Song families were completely empty.

The new company that had just opened closed down in an instant, and the rich and powerful people who had previously supported it also immediately dispersed.

In the end, Yin's Medicine won the victory.

However, the matter did not end there.

When the Long family, Cui family, and Chen family arrived one after another, more and more forces heard the news and began to come to congratulate the family and place a large number of orders for Jade Dew Cream.

For a time, the entire Yin's Medicine industry became extremely popular, and the threshold was about to be broken through.

There is a steady flow of influence from one side to the next, and one rich man after another.

Luxury cars lined up from the street to the end of the street.

The name of Jade Dew Cream spread everywhere with lightning speed, and in just one day, it resounded throughout Yanjing.

The rejuvenation ointment of the Wang and Song families was completely suppressed to death.

Customers who had placed orders before had chosen to return the goods for refunds, causing the Wang and Song families to suffer heavy losses.

In order to promote it, the two companies have invested a huge amount of money and worked overtime to produce the rejuvenating cream overnight.

Chapter 1478

As a result, it was stillborn before it even started making money.

Not only are the ointments piling up and unable to be sold, but all the money invested previously has been wasted.

For a time, the Wang and Song families were experiencing constant internal and external troubles.

On the other hand, the Yin family's side is exactly the opposite.

Because of the public support of the two royal families, the Yin family jumped directly from the second line to the first line.

Not only did he make a lot of money, but he also caught up with wealthy families in terms of human resources.

According to this situation, within three months, the Yin family can truly be promoted to a wealthy family!

At that time, there will be a grand occasion of nine giants in Yanjing!

...

At night, in the Wang family meeting hall.

As the head of the royal family, Wang An was discussing countermeasures with the head of the Song family, Song Dehai.

Only Wang Zixuan and Song Yingming's immediate relatives were among the observers.

“Brother Wang, what's going on?”

“Before you kept saying that as long as our Song family joins, we can make a fortune together.”

“It's good now. Our Song family has invested a lot of money. As a result, the new company has just opened and closed down.”

“The most important thing is that all the customers who placed the order asked for a refund. This way, our Song family has suffered a lot!”

Song Dehai kept vomiting bitterness, his tone full of complaints.

If they hadn't listened to Wang An's slander and invested in Huichun Cream, the Song family would not have fallen to where it is today.

You must know that the production cost of rejuvenating ointment is extremely high, coupled with the large number of orders before, they are full of confidence, and they do not hesitate to spend a lot of money to collect medicinal materials.

I thought I could make a lot of money, but I didn't expect to lose so badly, it's already hurting my bones.

Now everyone in the Song family is scolding.

“Brother Song, I know you are in a hurry, but don’t worry.”

Wang An sighed softly and said, “Your Song family has suffered a lot, so how can our Wang family be any better? We are all in the same boat, we are all in the same boat, and we have to bear the good and the bad together.”

“Although that’s the case, you’re doing too badly, right? You couldn’t even clean up a little Yin’s family, and you even got yourself involved.” Song Dehai shook his head.

“Brother Song, what happened today was purely an accident. If the royal family hadn’t intervened, we would have won.” Wang Andao.

“What? The royal family? What’s going on?” Song Dehai was startled.

“Here’s the thing…”

Wang An did not hide anything, and simply explained what happened.

After listening to it, Song Dehai immediately frowned, his face became extraordinarily serious: “It’s strange, how could the powerful royal family help the little Yin family?”

“Dad, according to our speculation, this matter should be related to the Tang family.” At this time, Song Yingming suddenly spoke.

“Although the Tang family is quite powerful, if they want to recruit the Cui family and the Chen family, they probably don’t have the ability to do so, right?” Song Dehai was a little suspicious.

The eight wealthy families basically all know their roots.

The Long family is the most powerful and belongs to the only family.

The Tang family ranked second, and if they were singled out, they would definitely be better than the Wang family or the Song family.

But it is obviously impossible to ask the royal family to come forward.

“Perhaps, the Tang family spent a lot of money and lured them with a lot of money, so they persuaded the two royal families.” Song Yingming guessed.

“Brother Wang, what do you think?” Song Dehai did not answer directly, but looked at Wang An.

“I also find this strange, but besides the Tang family, I can’t think of anyone else.” Wang An shook his head.

The Yin family represented by Yin Tao is just a second-rate force, not even qualified to climb up the royal family, so naturally they don’t have the ability.

The Tang family, represented by Tang Xiaobao, is the most important and highest-status existence among the partners. Although it is difficult to achieve, at least there is still a glimmer of hope.

As for Lu Chen, he simply ignored it.

An unknown junior, who is not even worthy to carry shoes for a member of the royal family, how can he have such energy?

Chapter 1479

“Okay, there’s no point in discussing this now. Let’s think about how to get out of the current predicament.”

At this time, Song Qiuyun, who had been silent all this time, suddenly spoke.

She is a decisive and resolute person who never gives up easily.

If you fail this time, then find an opportunity to make up for it.

“Both royal families have shown up, and the business of rejuvenating ointment is obviously not going to work.”

Song Dehai sighed, then raised his head and said, “Brother Wang, you always have a lot of tricky ideas. Is there any good way to recover some losses?”

“What can I do for a while?” Wang An looked helpless.

If he had his way, he wouldn't be sitting here worrying.

“Dad! I have an idea!”

As if thinking of something, Wang Zixuan next to her suddenly spoke.

“Oh? What's your idea? Let's hear it.”

Wang An immediately became interested.

The others looked over one after another, as if they were all listening.

“Dad, we got the prescription of Rejuvenation Ointment from Lu Chen. Is it possible that he has a similar top-quality prescription?” Wang Zixuan narrowed her eyes and said.

Wang An and Song Qiuyun looked at each other and immediately understood what their daughter meant.

But seeing through things without telling them is a disgraceful thing after all.

“Zixuan, you mean to kidnap Chase Lu quietly and force him to hand over all the prescriptions?” Song Yingming asked tentatively.

“That's right!”

Wang Zixuan nodded heavily: “Lu Chen has a lot of secrets hidden in him. I believe that as long as he is captured and tortured, he will definitely get a lot of surprises!”

“Haha...good idea!”

Hearing this, Song Dehai's eyes lit up: "We only promised that we would no longer produce and sell rejuvenation ointment, and we didn't say that we would not sell other medicines. If there is any magical prescription, we can not only recover the loss, but also make a lot of money!"

"good."

Wang An smiled and nodded: "If there is one, there are two. There is a high probability that Lu Chen has other top-quality prescriptions."

When dealing with the Wang family before, Lu Chen had hidden a secret, which proved that this son was quite sophisticated and good at hiding his clumsiness.

"Zixuan, now Lu Chen has boarded the Tang family's ship, is it too risky for us to touch him?" Song Yingming thought.

The Tang family and the Yin family are now very popular, and they have two royal families as their backers.

Lu Chen has become friends with Tang Xiaobao and Yin Tao again. If he kidnaps someone, he might cause big trouble.

"You can't catch tiger cubs if you don't enter the tiger's den. As long as you can recover your losses and turn defeat into victory, what's the point of taking some risks?"

Wang Zixuan said indifferently: "Besides, Lu Chen is just a pawn being used and has lost its value now. How can the Tang family and the Yin family care about the life and death of such a person?"

"this....."

Song Yingming frowned in thought, a little undecided.

“Brother Yingming, aren’t you so frightened that you don’t even have this courage anymore?”

Wang Zixuan said with some dissatisfaction: “You used to be unparalleled in wisdom, courage, and perseverance. Why do you seem to be a different person today?”

“It’s a matter of great importance. It’s always right to be cautious.” Song Yingming smiled sarcastically.

Damn it, I charge into battle every time, and you cheer and shout from behind. Of course you don’t feel dangerous.

If something happened, wouldn’t I be unlucky first?

“Brother Yingming, don’t worry, there will never be any danger in this matter.”

Wang Zixuan said with a serious face: “As long as we do it without anyone noticing and leaving no clues, who will suspect us? Don’t forget, we have a peerless expert to help us. Just ask this If an expert makes a move, it will definitely be foolproof!”

“Yingming, you are just an unknown junior. Why are you so nervous? With our two giants supporting you, you just let go and do it. If something goes wrong, uncle will carry it for you!” Wang An said, patting his chest.

After hearing what the father and daughter said, Song Yingming immediately felt confident and said boldly, “Okay! Then I’ll take a chance and catch Lu Chen back myself!”

...

At this moment, in the Imperial Building, in a luxurious private room.

Chapter 1480

Lu Chen, Yin Tao, and Tang Xiaobao were gathering together to drink and chat.

The new company opened successfully today and ended perfectly. All three of them made a lot of money.

After finishing our work, we immediately went to the Imperial Tower to have a drink and celebrate.

“Hahaha... I feel so good today!”

“Song Yingming and Wang Zixuan, that pair of losers, finally suffered a big loss. When I think of their expressions of eating shit, I can’t help but laugh.”

Tang Xiaobao held up his wine glass and laughed.

He had long been displeased with Wang Zixuan and the two. A few days ago, he came to threaten his elder sister, but today he finally vented his anger.

“This is all thanks to Mr. Tang’s wide connections and inviting the Cui family and Chen family to support the scene. Otherwise, how could we be so prosperous today?”

“Come on, Mr. Tang, let me toast you.”

Yin Tao smiled and raised her wine glass.

“etc.....”

Tang Xiaobao was startled and said in astonishment: “Aren’t the two royal families invited by your Yin family? What does it have to do with our Tang family?”

“ah?”

Yin Tao’s face froze: “Young Master Tang, are you kidding? Our Yin family is just a second-rate family, how can we invite the royal family to come forward?”

“The problem is, our Tang family can’t do it either!” Tang Xiaobao looked weird.

Although he used his connections and invited many forces to support him, they definitely did not include the Cui family and the Chen family.

In fact, he doesn't have the ability.

Even if his father comes forward, the success rate is very slim.

The gap between wealthy families and royal families is really huge.

"It's not our Yin family, and it's not your Tang family, so who could it be?" Yin Tao looked confused.

She always thought that the Tang family spent a lot of money to invite the two royal families to take charge.

Now it seems that this is not the case.

"Xiao Lu...it can't be you, right?"

As if he thought of something, Tang Xiaobao's eyes suddenly turned, with a bit of surprise.

"I?"

Lu Chen smiled faintly and said ambiguously: "What even you can't do, do I, a poor man, have the ability?"

"That's true."

Tang Xiaobao nodded thoughtfully: "Anyone who can invite the royal family is either a relative of the emperor or a prince."

"Okay, don't worry about this anymore. Maybe the two royal families took a fancy to the potential of our Jade Dew Cream, so they took advantage of it."

Yin Tao glanced at Lu Chen meaningfully, and then changed the topic.

She always felt that there was some secret hidden in the other party, but now, it was not time to reveal the secret.

"Come on, let's drink!"

Tang Xiaobao was too lazy to think, so he picked up the wine glass and started drinking again.

After a while, I drank up a bottle of wine.

“Come here! Two more bottles of good wine!”

Tang Xiaobao yelled towards the door.

Soon, a waitress came in with two bottles of wine and her head lowered.

“Come! Let’s drink!”

Tang Xiaobao poured three glasses of wine respectively, touched them lightly, and was ready to drink them all in one gulp.

But halfway through raising the glass, Lu Chen raised his hand to stop him.

“This wine is weird, don’t drink it!”
