

An Understated Dominance Chapter 1751 - 1760

Chapter 1751

Lu Chen lowered his head and kowtowed three times to the ground.

The culprit was Li Yuanwu, the Dragon Protection Pavilion was also destroyed, and now only Ji Yuanzun and Xie Sinian are left.

As long as this force is destroyed, his mother's blood revenge will be completely avenged.

“Mom...Son, I really miss you!”

Chase Lu looked at the stone statue in front of him and murmured in a low voice.

In his memory, his father worked hard on state affairs all year round and rarely came home. It was his mother who worked hard to pull him up.

When I was a child, I was rebellious. I always felt that my mother was too strict and would have to slap a few canes on my butt at every turn.

Now that I have grown up, I understand my mother's good intentions.

As the crown prince of Xiliang, he was born with a golden key in his mouth. He can be said to be loved by thousands of people.

In such an environment, if the mother does not have good discipline, it is easy to become a playboy who bullies men and dominates women.

He is where he is today because of his mother's careful training.

Whether it is martial arts, military, medicine, or some strange secret arts, they are all inseparable from mother's education.

His mother not only gave him life, but also paved all the way for him in the future.

“well.....”

Looking at the sad Lu Chen, Li Qingcheng sighed softly and wisely chose to avoid it.

She knew that mother and son had not seen each other for many years and needed to have a good talk.

After one hour.

After Lu Chen finished talking and kowtowed three times to his mother's statue, he finally stood up.

At this moment, the sky was already dark, and there were only a few scattered people in the huge cemetery. Occasionally, mournful cries could be heard.

"Sorry to keep you waiting."

Lu Chen calmed down and walked to Li Qingcheng, who had been waiting for a long time.

"nothing."

Li Qingcheng shook his head slightly: "I have always admired Princess Qin as a person. It is also an honor for me to see her statue here."

"It's getting dark, let's find a place to stay first." Lu Chen changed the topic.

"I have already arranged it. It is in an old house in the west of the city. Our identities are brother and sister who returned to our hometown. No one will be able to tell the difference unless we check carefully." Li Qingcheng said.

"That's good." Lu Chen nodded.

He really admired Li Qingcheng's efficiency in doing things. He considered everything very carefully, no matter how big or small it was.

Just as the two were about to leave the cemetery, a shrill cry suddenly reached their ears.

"Dad! Why did you leave so early? If you hadn't died in the battle, why would our family have been bullied?"

"Dad! Those bullies were so abominable. Not only did they maim my legs, they also killed my mother and insulted my sister."

"If you are alive in heaven, you must punish those beasts!"

The cry was loud, with despair and unwillingness.

Lu Chen and Li Qingcheng looked at each other, and then walked towards the source of the sound at the same time.

I saw a general's tomb in front of me.

A young man in his twenties was kneeling on the ground, crying bitterly.

The man's body was covered with scars, and his left leg had been broken and wrapped in a thick bandage, making him look very embarrassed.

Lu Chen's eyes moved upward, and when he saw the tombstone in front of the man, his pupils could not help but shrink.

Chapter 1752

“Um?”

After seeing the tombstone clearly, Lu Chen raised his eyebrows slightly, looking a little surprised.

Because he discovered that the owner of this general's tomb actually knew him. He was Liu Biao, the pioneer deputy general of the Black Dragon Army.

The vanguard army are all carefully selected elites, and being able to become a deputy general is even more meritorious.

In his memory, Liu Biao was born with supernatural power and was extremely fierce on the battlefield. He made great achievements in his life and killed countless enemies.

He made great contributions to Lu Wanjun in pacifying Xiliang and resisting foreign enemies.

After Liu Biao died, he was promoted directly to the rank of general of the vanguard army, and his funeral was held with great grandeur.

Liu Biao's descendants are even more blessed by him and enjoy various preferential treatment.

Logically speaking, Liu Biao's descendants should be happy and happy. Why have they become so miserable?

In the end what happened?

Thinking of this, Lu Chen walked forward slowly, intending to ask what happened.

“who?!”

At this time, the young man seemed to notice the movement and suddenly turned around, with a look of caution on his face.

“Don't be nervous, we are here to pay homage to our loved ones just like you.” Lu Chen said quickly.

“Pay homage to relatives?”

The young man looked up and down and breathed a sigh of relief, but the vigilance in his eyes did not completely dissipate.

“Yes, we heard some noise just now, so we came over to take a look.” Lu Chen explained.

“Sorry, I was a little emotional just now. I hope you two can forgive me.” The young man apologized proactively.

“It’s nothing, understandable.”

Lu Chen nodded, looked at the tombstone, and pretended to be surprised: “Hey! Isn’t this the tomb of the famous Liu Biao, General Liu? Are you a descendant of General Liu?”

“My name is Liu Cheng, and my father is Liu Biao. Do you know my father?” Liu Cheng, a young man, asked tentatively.

“General Liu has great military exploits and is famous far and wide. Who doesn’t know about it in Xiliang? Among the many generals in Xiliang, General Liu is the person I admire the most.” Lu Chen showed an expression of admiration.

Although this statement sounds a bit flattering, it is not false at all.

He greatly admired the people of Xiliang who sacrificed their lives generously for the country and the people.

“My father was indeed brilliant during his lifetime, but it’s a pity that he died too early.” Liu Changcheng sighed.

“Brother Liu, since you are a descendant of General Liu, you should enjoy all the glory. Why are you like this?” Lu Chen asked.

“They are all those bullies who eat people without spitting out their bones!”

Liu Cheng first cursed, then seemed to think of something, and hesitated to speak, as if he did not dare to say more.

“Brother Liu, I admire General Liu’s character very much. If you encounter any trouble, you can tell me directly. I also have many connections in Xiliang and should be able to help you.” Lu Chen advised.

“Oh...it’s useless.”

Liu Cheng shook his head and said with a bitter look on his face: “Those bullies are powerful people, and they also have a very strong backing. You can’t fight them, forget it.”

Chapter 1753

“Even if I can’t fight, isn’t there still the King of Xiliang? Their power can’t be greater than that of the King of Xiliang, right?” Lu Chen said.

“Friend, things are not as simple as you think. The fathers of those bullies are all high-ranking officials. Many of them have close friendships with the Xiliang Palace. They not only have personal relationships, but also have interests. No one dares to touch them.” Liu Cheng said with a sad face. .

“Does the prince not care about such pests?” Lu Chen frowned.

With Lu Wanjun’s personality, it would be impossible for him to tolerate these things happening.

“Sigh... Your Majesty has so many things to do, how can he care about such a trivial matter? Besides, those dog officials deceived the superiors and suppressed all these ugly things. There is no way that Your Majesty will know about it, let alone have the chance to seek justice for us. “Liu Cheng shook his head.

“I really didn’t expect Xiliang to be so decayed.” Lu Chen looked a little ugly.

As the prince of Xiliang, after seeing Zeng Jin’s meritorious officials being bullied and unable to complain, he was naturally indignant.

Even the son of a general like Liu Biao fell to this point. One can imagine how those ordinary people should be bullied?

“Xiliang is no longer what it used to be.”

Liu Cheng said with a melancholy look: “The prince is old after all, and his health is not as good as before. He can’t do many things by himself. This gives those dog officials an opportunity. Now Xiliang looks prosperous on the surface, but in fact there is filth inside.” Nurgle, injustices like this have become commonplace.”

“Brother Liu, if something like this happens, I can’t ignore it. If you have any trouble, just tell me and I will get justice for you!” Lu Chen looked serious.

“This...” Liu Cheng seemed a little hesitant.

It can be seen that the person in front of him is a passionate young man, but he is afraid of injuring the other party.

“Mr. Liu, don’t worry. This friend of mine is very powerful in Xiliang. As long as you tell me, I will definitely be able to help you. But if you don’t say anything, then we will be helpless. This is the only chance.” Li Qingcheng persuaded.

Hearing this, Liu Cheng looked around and finally nodded.

He is now desperate and has no other choice but to become a doctor.

If we could meet him by chance in this cemetery, it might be that his father actually appeared.

“Okay, I said.”

Liu Cheng took a deep breath and began to talk: “The person who harmed our family was a dude named Su Peng. He backed the wealthy Su family and was surrounded by a group of officials’ children. Together they formed an alliance. What is called a hero? Hui, in the city, it can be said that he covers the sky with one hand, and no one dares to provoke him.

Some time ago, Su Peng fell in love with my sister and kept asking her to be his wife.

When my sister refused, he used all kinds of coercion and inducement.

Three days ago, I saw Su Peng harassing my sister. When I was angry, I punched him.

As a result, that night, he ordered people to set fire to my house. My mother was burned alive and I was beaten black and blue.

As for my sister, they even kidnapped her and humiliated her in every possible way. Her life and death are unknown to this day.

Su Peng also threatened that if I dared to file a complaint and go to court, he would kill my entire family!

These beasts are so heartless! “

By the end of the story, Liu Cheng was filled with anger and dismay.

He hated Su Peng, a group of dandy men who bullied men and women, and he also hated himself for being useless and unable to protect his relatives.

“Killing people, setting fires, robbing women, these guys really do all kinds of evil!” Li Qingcheng’s pretty face turned cold, and she was filled with anger.

As for Lu Chen, his expression became particularly gloomy.

He stepped forward, helped Liu Cheng up, and said solemnly: “Brother Liu, don’t worry, I will take care of this matter. I will kill these beasts and pay the price they deserve!”

Su Peng also threatened that if I dared to file a complaint and go to court, he would kill my entire family!

These beasts are so heartless! “

Chapter 1754

Hearing Lu Chen’s promise, Liu Cheng burst into tears of gratitude: “If you can really help me rescue my sister and avenge my mother, I, Liu Cheng, will definitely work as a horse for you in the future to repay your great kindness!”

With that said, Liu Cheng knelt down to express his thanks.

Lu Chen quickly stopped him and said solemnly: “Brother Liu, there is no need to be polite. As the saying goes, when the road is rough, draw your sword to help, but any Xiliang person will never tolerate this happening.”

“Mr. Liu, this is not the place to talk. There is a teahouse outside the cemetery. Let’s go sit there and discuss countermeasures together.” Li Qingcheng suggested.

“Okay...” Liu Cheng nodded.

Then he walked out of the cemetery with Lu Chen on crutches, and finally came to a teahouse called Xiangming Pavilion.

The teahouse has two floors.

The first floor is a place for drinking tea, watching operas and listening to music. There are many people sitting around and it looks lively.

The second floor is a private room, where you can not only drink tea and watch a show, but also have better privacy and quieter.

Lu Chen and the three of them booked a private room and sat down, while they ordered a pot of tea and several plates of exquisite snacks.

“Brother Liu, I have to ask you a few questions next to understand the specific situation.”

Lu Chen poured a cup of hot tea and pushed it in front of Liu Cheng.

Liu Cheng’s mouth was already dry, so he picked up the tea cup and drank it all in one gulp, and replied: “Brother Lu, just speak, and I will tell you the truth.”

“Okay, let me ask you, do you know where Su Peng is now?” Lu Chen asked.

“Su Peng’s whereabouts are elusive, and he mostly hangs out in places like nightclubs, bars, and KTVs.”

As Liu Cheng was talking, he seemed to have thought of something, and suddenly said: “Oh, by the way, I remembered. I remember that Su Peng had his own bar called Pengcheng Wanli. He usually had nothing to do, so he would bring a group of friends there. Drinking is done inside, and some shady transactions are also conducted.”

“A long journey?”

Lu Chen nodded, and then asked: “How is your sister’s condition now? Do you know?”

Hearing the word “sister”, Liu Cheng tightened his tea cup and showed a look of grief, anger and humiliation: “My sister was taken away by them and her whereabouts are still unknown. I asked my friends to ask, but when they heard Su Peng’s name, I was so scared that I didn’t dare to contact me again.”

“It seems that Su Peng is indeed famous for his evil reputation. Brother Liu, please be patient and I will rescue your sister as soon as possible.”

Lu Chen said, turning his eyes to Li Qingcheng: “Sir... Qingcheng, send someone to Pengcheng Wanli to check and see if Su Peng is there?”

“no problem.”

Li Qingcheng nodded, then stood up and left the private room, and began to contact the secret agent.

“Brother Lu, Su Peng and his group are powerful, are you really sure?” Liu Cheng asked tentatively.

“Brother Liu, don’t worry. There is no king in the world. No matter how powerful Su Peng is, he can’t cover the sky with one hand. After I rescue your sister, I will report this

matter to the King of Xiliang. At that time, Xiliang The king will give you justice.” Lu Chen said seriously.

“If that’s the case, that would be great.” There was a little more hope in Liu Cheng’s eyes.

The man in front of him behaves unusually and is full of confidence. He must be quite powerful in the royal city. Not to mention fighting against Su Peng, as long as the matter can be conveyed to the prince’s ears, the Liu family will be saved.

“Found it.”

After a while, Li Qingcheng walked into the private room again and said, “According to the tip, Su Peng is indeed at Pengcheng Wanli Bar.”

“Okay, let’s go there now.” Lu Chen stood up and prepared to leave.

“I’m coming with you.” Liu Cheng was about to follow, leaning on a cane.

“Brother Liu, if you have difficulty moving, just rest here. We will notify you immediately if there is news.” Lu Chen said.

“But...” Liu Cheng hesitated.

“Brother Liu, don’t worry, I will definitely do what I promised you.” Lu Chen patted his shoulder.

Chapter 1755

“All right.”

Liu Cheng looked at his lame leg and finally nodded.

He is a useless person now. Not only will he not be able to help, but he will become a burden.

“Oh, by the way, Brother Liu, do you have a photo of your sister? Let us take a look so we don’t recognize the wrong person.” Lu Chen said again.

“Yes, yes, here!”

Liu Cheng immediately took out his mobile phone and pulled up a photo of himself and his sister.

Lu Chen glanced at it and nodded.

I have to admit that Liu Cheng’s sister is very beautiful, with fair skin and a sunny smile. She looks very lively and cheerful.

Perhaps it was because of her beauty that she was targeted by a group of bullies such as Su Peng.

“Brother Lu! Su Peng’s subordinates are very powerful, you must be careful!” Liu Cheng warned in a serious tone.

After becoming a general, he has practiced martial arts since he was a child and has good strength. He can deal with ordinary people and have no problem defeating a hundred.

As a result, when facing Su Peng’s subordinates, they couldn’t even sustain three moves. The gap was too big.

“Don’t worry, I have my own sense of discretion. I will wait for our news here.”

Lu Chen gave a calm smile and quickly left with Li Qingcheng.

In the car, Li Qingcheng suddenly said: “Lu Changge, in fact, the best way to resolve this matter quickly is to notify your father and ask him to come forward and take care of it.”

“We can’t tell Lu Wanjun about this yet.”

Lu Chen shook his head: “First of all, once Lu Wanjun intervenes in this matter, it will be easy to alert the enemy. The Su family is a wealthy family in Xiliang and is related to all parties. Even in the palace, there are many people who are colluding with the Su family.

If I inform Lu Wanjun to settle this matter, then Su Peng and his party may have received the news and fled before he set off.

By then, it will be more troublesome to deal with it, and we might as well do it ourselves.
“

Hearing this, Li Qingcheng nodded: “It makes sense. If the officials protect each other, it will not be easy to catch Su Peng. Fortunately, we can kill first and then play. We can catch Su Peng first, and then peel off the cocoons and wipe out all the evil forces behind!” “

“One more thing. Now the remnants of the Dragon Protection Pavilion are watching in secret. Before their traces are investigated, I cannot meet with Lu Wanjun prematurely. Otherwise, if the news leaks out, the consequences will be disastrous!” Lu Chen looked serious.

There must be spies from the Dragon Protection Pavilion hidden in the palace, or even close associates of Lu Wanjun.

In such a bad situation, he naturally cannot act rashly, otherwise his identity will be easily exposed.

“You are very thoughtful, but what are you going to do after a while?” Li Qingcheng asked curiously.

“How to do it?”

Lu Chen turned his head and glanced at Li Qingcheng, and said calmly: “You don’t need to ask? When we meet, we’ll give him a beating first, and everything will be settled after the beating.”

“ha?”

Li Qingcheng was slightly startled: “Is this your plan?”

“if not?”

Lu Chen said seriously.

“...”

The corners of Li Qingcheng’s mouth twitched, and she was speechless for a moment.

It would be too reckless to just fight when they meet without any plan, right?

Chapter 1756

Half an hour later.

A commercial vehicle stopped at the entrance of Pengcheng Wanli Bar.

Lu Chen and Li Qingcheng got out of the car one after another. Both of them had been disguised, so they were not worried about their identities being exposed.

Pengcheng Wanli Bar is very large and there is a queue outside.

Fortunately, Lu Chen and the two were assisted by a secret agent, and they entered the bar smoothly.

In the bar, the sound is noisy and the lights are dazzling.

A group of men and women danced crazily to the music, unleashing their passion.

Lu Chen frowned slightly, he really didn't like this noisy environment.

“What? You rarely come to the bar?” Li Qingcheng smiled sideways.

“I can only say that this place is not suitable for me.” Lu Chen replied.

He would rather read at home than suffer in a place like this.

“You can still give it a try if you have the chance. Look how happy they are dancing.” Li Qingcheng smiled.

“The life of feasting and feasting is just a passing thing after all. If everyone is like this, then this country will not be strong.” Lu Chen said calmly.

“You, you are so boring. Now the people of Xiliang live and work in peace and contentment, isn't it a good thing?” Li Qingcheng said.

“It is good to live and work in peace and contentment, but we must not forget our original aspirations. The glory that Xiliang has today is all earned with the blood of the martyrs of our ancestors. If even heroes like Liu Cheng are bullied and unfairly If you want to extend your business, you have to find the root cause of the problem. After the prosperity, there are too many pests that breed!” Lu Chen looked serious.

While the two were talking, the spy beside them suddenly pointed to somewhere on the second floor and said, “Look, that's Su Peng!”

Lu Chen followed the sound and saw a booth on the second floor.

A young man with slicked-back hair, earrings, and fancy dress was drinking with a group of friends.

And beside everyone, there were two beauties with good figures sitting.

I had a lot of fun drinking, touching and kissing, so happy.

“Go and guard the door. If anything unusual happens, notify us immediately.”

After Lu Chen ordered a secret agent, he took Li Qingcheng with him to the second floor.

However, when he reached the stairs, he was stopped by two powerful bodyguards.

“Upstairs is a private area, and no one else is allowed to come near.” A bodyguard said.

“I’m looking for Su Peng. I have something to discuss.” Lu Chen said calmly.

“Do you know Mr. Su?” The bodyguard looked up and down, a little suspicious.

“What, do you have any objections?” Lu Chen glanced coldly.

His arrogant attitude actually frightened the two bodyguards.

You know, those who can hang out with Su Peng are either rich and young, or high-ranking officials.

The person in front of me could call Su Peng by his first name, so he was obviously not an ordinary person.

“Wait a moment, I will inform Mr. Su.”

One of the bodyguards didn't say much, ran upstairs quickly, whispered a few words to Su Peng, and pointed in the direction of Lu Chen.

Su Peng glanced at Lu Chen, and finally his eyes rested on Li Qingcheng's sexy figure.

Although she has changed her appearance, Li Qingcheng, who is at the top of the rouge list, is still very attractive to men.

"Let them come up." Su Peng nodded.

There are countless people who want to see him every day. In his opinion, Lu Chen and the two of them should be here to please him.

Normally, he would naturally not be interested in summoning her, but that woman was a bit special and looked very interesting.

"You two, Mr. Su, please come up."

The bodyguard came back and made an inviting gesture to Lu Chen and the other two.

Chapter 1757

Lu Chen didn't say anything, walked upstairs step by step, and then naturally sat down opposite Su Peng, crossing his legs.

This defiant behavior made Su Peng frown slightly and feel a little annoyed.

"Hey! Boy! Who the hell are you? Did I let you sit down?" Su Peng stared, very unhappy.

"Are you Su Peng?"

Lu Chen poured himself a glass of wine and asked directly.

“presumptuous!”

“Be bold!”

“How dare you call Mr. Su by his first name? Are you tired of living?!”

Before Su Peng could speak, a group of friends around him were already shouting.

They are all the sons of officials, and they have formed a hero association together. They are usually domineering and no one dares to offend them.

Anyone who dares to disrespect them will be seeking death.

“Let me ask you, are you Su Peng?”

Lu Chen took a sip of wine and spoke again.

“What the hell...”

The younger brother was about to have a fit, but Su Peng raised his hand to stop him, and immediately sneered: “Boy, do you know who you are talking to? How dare you call me by my name and risk your life?”

“It seems you are Su Peng.”

Lu Chen nodded, put down his wine glass, and said coldly: “Let me ask you, where is Liu Zitong?”

“I’ve never heard of Liu Zitong’s hook.”

Su Peng leaned back on the sofa, opened his hands, and said with a condescending expression: “Boy, it seems that you are not here to drink, but more like looking for trouble.”

While he was speaking, several bodyguards behind him slowly put their hands on their waists.

The dark pistol was looming.

“Liu Zitong, Liu Cheng’s sister, the daughter of General Liu Biao and Liu.”

Lu Chen said coldly: “Some time ago, you coveted Liu Zitong’s beauty. When you couldn’t pursue it, you kidnapped her. Not only did you set fire to the Liu family, but you also killed Mrs. Liu. Do you remember these things?”

“Oh...it turns out that girl’s name is Liu Zitong, I have an impression.

Su Peng showed a stunned expression, raised the corners of his mouth, and said with an evil smile: “You are right, I burned down Liu’s house and tied up Liu Zitong, but so what? Do you still want to do it for Liu? A family leader?”

“I’ll give you a chance. Let Liu Zitong go immediately. I might be able to spare your life.” Lu Chen said coldly.

“Spare my life?”

Hearing this, Su Peng was stunned for a moment, then laughed out loud: “Hahaha... did you all hear it? This kid actually wants to spare my life, I’m so scared!”

“Hahaha.....”

A group of people around burst into laughter, looking at Lu Chen as if they were looking at an idiot.

Su Peng was born into a wealthy family and was a member of the Heroes Association, so he had great power.

Looking at the entire Xiliang, except for the royal Lu family, few people dare to offend.

This kid in front of me actually dares to talk so shamelessly. He really doesn't know how to live or die.

“Boy, it seems that you have a good relationship with Liu Zitong. Is she your girlfriend?”

Su Peng grinned with an evil smile on his face: “Speaking of which, that girl tastes really good. It tastes like a fierce horse. It's very sexy when you do it. It's not just me who does it, but all my brothers also share it. One They all take turns, and I don't know if I've been played to death now? If I'm not dead, I can be merciful and let you play with me, hahaha...”

At the end of the sentence, Su Peng laughed loudly, completely ignoring Lu Chen.

“You're looking for death!”

Lu Chen finally got angry, suddenly grabbed Su Peng's hair, and then slammed his head on the table!

Chapter 1758

“boom!”

There was a loud bang.

The glass table fell apart instantly, and Su Peng's head was directly pushed under the table by Lu Chen.

For a moment, his face was covered with blood and he was wailing.

“ah?”

The sudden change left everyone stunned and unable to react at all.

what's the situation?

This guy actually dares to attack Mr. Su?

Don't you want to die?

You must know that Su Shaonai is a child of a wealthy family. His family is powerful and his hands and eyes are astute.

Ordinary people, let alone taking action, would be ruined if they were even slightly disrespectful.

This kid in front of me is so brave!

“I ask again, where is Liu Zitong?”

Lu Chen pressed Su Peng's head tightly, his whole body full of murderous aura.

Su Peng's face was covered with glass shards, and he grimaced in pain. His originally mediocre face looked even uglier.

“Fuck! You dare to touch me? Do you know who I am? Do you know who my father is?”

Su Peng roared at the top of his lungs: “You bitch! I'm warning you to let go, or I'll kill your whole family!”

“Kill my whole family?”

Lu Chen snorted coldly, raised his hand and slapped Su Peng hard on the face.

“Snapped!”

There was a crisp sound.

Su Peng was shaken by the beating, and the glass shards originally stained on his face sank directly into his flesh, causing more blood to flow out.

The severe pain made Su Peng couldn't help but scream.

“Fuck! Are you all dead? Kill this kid!” Su Peng yelled at several bodyguards.

“Dare to hit Young Master Su? You are really looking for death!”

Several bodyguards woke up from a dream and drew their guns one after another, aiming at Lu Chen.

Lu Chen grabbed Su Peng's hair and lifted it up directly in front of him, using it as a shield.

“Don't... don't shoot! Be careful of hurting me!”

Looking at the black muzzle of the gun, Su Peng was so frightened that he screamed repeatedly for fear of being accidentally injured.

The bodyguards looked at each other, immediately gave up using their guns, took out their sticks, and went straight to attack Lu Chen.

These few people are well-trained and aggressive, and they are obviously elites.

But their attacks seemed too childish in Lu Chen's eyes.

Lu Chen didn't make any unnecessary movements, just waved his hand.

“Pah, pah, pah...”

With a loud slap, all the bodyguards were knocked to the ground.

All of them had bleeding from their mouths and noses, and fell into unconsciousness on the spot. They didn't even scream.

“Fuck!”

Seeing this scene, a group of officials and officials around them were startled.

No one expected that Lu Chen would be so fierce and take down Su Peng's personal guard with just one move.

This guy seems to be a master!

“Bitch! Who are you?!” Su Peng shouted sharply.

“I am the nemesis of you people. Now, hand over Liu Zitong immediately, otherwise, I will make your life worse than death.” Lu Chen said coldly.

“you dare!”

Su Peng roared with a ferocious expression: “You bitch! To tell you the truth, my dad is a powerful general with tens of thousands of troops under his command. He now holds an important position in the royal city and is trusted by the King of Xiliang. If you dare to act recklessly, My father will definitely kill all nine of your tribes!”

“Really? Then I want to see how powerful your dad is!”

Lu Chen snorted coldly, grabbed Su Peng's elbow and squeezed it hard.

“Click!”

With a crisp sound, Su Peng's arm exploded on the spot, and the bones pierced the flesh, making people's scalp numb.

“ah—!”

After being stunned for a moment, Su Peng howled like a slaughtering pig.

“Boy! Now you are in big trouble! You dare to break Young Master Su's hand. Looking at the entire royal city, no one can save you!” A nobleman said sternly.

Chapter 1759

“Quack!”

Lu Chen suddenly raised his hand and slapped the nobleman several meters away, slamming him into the wall. His life or death was unknown.

The expressions of the other aristocratic children changed greatly, but they dared not speak in anger.

They all saw Lu Chen's strength, he was definitely a martial arts master.

The so-called good guys don't suffer immediate losses. When they can't defeat them, they can only swallow their anger for the time being.

Of course, the smarter ones have already started calling people secretly.

Once their reinforcements arrive, Lu Chen will die.

“Bitch! You dare to cut off my hand? You are dead! Your whole family is dead!” Su Peng had a twisted face and roared repeatedly.

“I will not only break your hands, I will also break your legs.”

Lu Chen was not polite, he suddenly raised his foot and stepped heavily on Su Peng's knee.

“Click!”

There was another crisp sound.

Su Peng's knees bent in the opposite direction and twisted into an incredible angle.

“ah—!”

Su Peng screamed even louder and rolled on the ground.

“Where is Liu Zitong? Hand him over.”

Lu Chen grabbed Su Peng's hair, lifted his upper body, and said coldly: “I'll give you three seconds to think about it. If you don't want to hand it over, I'll castrate you on the spot.”

“You...you dare!”

Su Peng gritted his teeth and shouted in a stern voice.

“Don't you dare?”

Lu Chen sneered, grabbed a fruit knife from the air, and then pointed it at Su Peng's crotch and suddenly checked it.

“No, no, no! I'll say it! I'll say anything!”

Su Peng was so frightened that he finally gave up and begged for mercy: “Brother, isn't she just a woman? Why do you need to fight so hard? If you like it, I will leave it to you.”

“Where is the person?”

Lu Chen was too lazy to talk nonsense and put the fruit knife against Su Peng’s lifeblood.

“I...I don’t know.”

Su Peng shook his head. Seeing that the chill in his crotch was getting worse, he immediately changed his words and said, “Although I don’t know where Liu Zitong is, my little brother definitely knows. I’ll call him right away and ask him to send him here!”

“Hit!” Lu Chen said with a cold face.

“Okay, okay, I’ll call right away...”

Su Peng didn’t dare to hesitate, and immediately took out his cell phone from his pocket and dialed his younger brother’s number: “Hey! Is that girl named Liu Zitong still alive? Yes, it’s her. Send her here safely right away. Remember, be safe!”

The last four words were bitten hard, and they were obviously suggestive.

Lu Chen was naturally aware of this little trick, but he didn’t care at all.

Whether it’s Su Peng, the Heroes Association, the Su family, or the backers behind them.

He will eliminate everyone related to this matter one by one!

He wanted to achieve the effect of killing the chicken to scare the monkeys through this incident.

Ten minutes later.

The music in the bar suddenly stopped, and as the lights turned on, a group of thugs in suits began to clear the place quickly.

In just a few minutes, all the guests in the bar were invited out.

The originally noisy environment quickly became quiet.

“Who is so bold as to run wild on the Su family’s territory?!”

With an angry shout, a bald man in a floral suit walked in with dozens of people.

The bald man is burly and fierce in appearance. He also has a flower tattooed on his head, which makes him look unique.

“Great! Monk Hua is here! Young Master Su is finally saved!”

“I heard that Monk Hua was once a captain in the Black Dragon Army. He was later dismissed for violating the commandments. Now he has become the gold medal fighter of the Su family. He is so fierce!”

“Of course! Are the captains of the Black Dragon Army just ordinary people? In the past few years, there have been eight hundred, if not one thousand, people who have died at the hands of Monk Hua!”

“Now there’s something good to watch!”

The appearance of Monk Hua caused a lot of discussion among the nobles present.

The previous tension and panic quickly disappeared, replaced by joking and gloating.

In their eyes, Lu Chen was already a dead man.

As for how to die, it all depends on Monk Hua’s preference.

Chapter 1760

“Monk Hua! Save me!”

Seeing the reinforcements arriving, Su Peng immediately shouted at the top of his lungs.

“Um?”

Monk Hua took a closer look and couldn't help being startled. He said in astonishment:

“Young Master Su? How did you get hurt like this?”

“What the hell! This kid did it all!”

Su Peng pointed at Lu Chen and said with a venomous look on his face: “This bitch is so bold that he dares to cut off my hands and feet. You must avenge me no matter what today!”

“Don't worry, Mr. Su, no matter who it is, as long as they hurt you, they won't be able to get out of this door today!” Monk Hua looked serious.

“Bullshit! The reinforcements from our Su family have arrived. Even if you have extraordinary abilities, you will not be able to escape death today!”

Su Peng said with a ferocious smile: “Of course, if you don't want to die, I can give you a chance. As long as you kneel on the ground, kowtow to me and beg for mercy, I may be able to spare your life.”

Lu Chen's behavior was doomed to a dead end.

But before killing him, he had to humiliate the other person well, so that he could vent his hatred!

“Where is the person I want?”

Lu Chen did not pay attention to Su Peng, but looked at Monk Hua and spoke coldly.

“people?”

Hearing this, Monk Hua suddenly laughed: “Boy, you can’t even protect yourself, but you still care about others?”

“If we can’t hand him over, not only will Su Peng die, but the Su family, including all of you, will also perish!” Lu Chen’s eyes were cold.

“Hmph! What a loud tone! Do you have the ability to destroy the Su family?” Monk Hua sneered again and again.

“If you have the ability, you will know if you try it?” Lu Chen said.

“Arrogant kid! I think you won’t shed tears until you see the coffin! Come on! Kill me!”

Monk Hua raised his hand, waved it forward, and directly issued a kill order.

“kill!”

Afterwards, dozens of Su family guards drew their swords and attacked Lu Chen.

Then, a shocking scene happened.

Lu Chen stretched out his sword finger and raised it suddenly.

As if controlled by an invisible force, the knives in the hands of all the guards flew out and floated into the air.

“ah?”

Everyone was stunned, looking at their empty hands, and then at the knife hanging above their heads.

For a moment they looked at each other, at a loss.

what's the situation?

What just happened?

When everyone was in shock, Lu Chen turned with one hand.

The knives floating in the air turned around and pointed their tips at the Su family guards.

“go!”

Lu Chen pointed his sword at a distance.

Dozens of steel knives shot out in an instant and swung down at the Su family guards.

In an instant, blood splattered everywhere, and the ground was wailing.

The Su family's guards, who had been so majestic just now, all had their hands and feet broken off, fell to the ground, and could not even stand up.

“What?!!”

Seeing this scene, everyone was shocked.

Everyone's eyes widened and they couldn't believe it.

With just a wave of his hand, he sucked away all the weapons, and with a tap of his finger, he controlled the weapons and placed them on all the Su family guards.

Is this even a human being?

“Damn it! Where does this guy come from? Is he so powerful?”

“It would be too scary to use one move on all Su family guards, right?”

“No! We’re afraid we’ll be in trouble tonight!”

A group of noble children were shocked and talked a lot.

Even Su Peng was stunned and in disbelief.
