Impulsive Vow to an Enigmatic Husband (Cornelia Stewart) Chapter 156

Chapter 156

Dr Dawson was really impressed with Marcus' actions. He had anticipated that the first thing Cornelia would be concerned about when she woke up would be Skyler, so he had made preparations in advance.

As long as Cornelia wanted to take Skyler with her, they could set off at any time

Cornelia didn't want to make Skyler wait any longer if she could leave right away Waiting a second longer would be a torment for Skyler "Alright, let's head back to Sunset Bay Resort to pick up our luggage and then head to the airport."

Dr. Dawson said. Your luggage has already been packed and sent to the airport Dr. Dawson was so thoughtful Cornelia was extremely grateful. Thank you, Dr Dawson!"

Dr Dawson just smiled. "It's all done by Marc, you can thank him if you want."

Cornelia went silent

Marcus again!

Without his help, she wouldn't have been able to take Skyler with her. She should really thank him properly.

But he was so rich, he didn't need anything. Any gift she gave him would probably be dismissed.

So instead, she'd improve her cooking skills and teach him, so he could cook for his wife and win her back as soon as possible

in just over half an hour, they all arrived at the airport, checked in, and boarded the plane smoothly

Four business seats Dr. Dawson was taking care of Skyler, so he sat with him in the row behind.

Naturally, Cornelia could only sit with Marcus in the two seats in front.

After sitting down, Marcus started a conversation.

"I've had a house prepared for you in the Blueshell Mansion. You and Skyler can stay there when we get back to Riverton"

Anything she thought of, Marcus had already done. Anything she hadn't thought of, Marcus had thought of in advance.

He was too considerate, far beyond what a boss should be to a subordinate.

Cornelia felt a little uneasy. President Hartley, why are you so good to me?"

Because she was his wife, and as her husband, it was only natural for him to treat her well.

However, Marcus still couldn't tell her the truth "Am I good to you?"

"Yes, you're too good to me. I'm starting to get scared." If she were his wife, she'd definitely be jealous of how considerate he was to his assistant.

"You're scared now?" Marcus laughed. "When you were swearing at me before, you didn't seem scared."

"Did I swear at you?" Cornelia had no memory of cursing Marcus, and even if she had the guts, she wouldn't dare curse her boss. "President Hartley, you can't le

She had called him a bastard when Skyler was in trouble, and he thought she had grown bolder. But now she was denying it. "You dare to swear but not admit it?"

"President Hartley, I'm sorry! I shouldn't have cursed you." If he said she had cursed, then she must have. She couldn't keep arguing with her boss.

Marcus just wanted to tease her, but he didn't expect her to apologize so quickly. It made him feel bad instead.

He suddenly realized that Cornelia's behaviors on Whatsapp and in person were completely different

Cornelia said seriously, President

Hartley, I asked for your help before because I couldn't take Skyler away from Xavier. Now that Xavier

is willing to let go, he shouldn't cause any trouble for Skyler in the short term. So you don't have to worry about Skyler anymore."

Marcus felt upset again

He didn't understand why Cornelia could always easily affect his mood.
