### Chapter 1201

Patricia stopped fretting and decided she would do whatever it took to protect her home. She wouldn't allow anyone to meddle in Marcus and Cornelia's marriage or destroy their relationship

Men, they were all the same, prone to occasional screw ups. But as long as they were set straight in time, life could carry on just fine.

"Marc, we're fresh out of beddings. I washed some extra quilts today, and they're still out drying We might not be able to host Miss Tahlia for the night. I'll tell Austin to drive her home after dinner Patricia said, knowing full well there were spare beddings at home. But she knew Marcus well and trusted he would go along with her

"Marc, you've never been a fan of having too many people around. Having an extra person might disturb your sleep" Patricia said, smiling at Tahlia, "Miss Tahlia, you wouldn't want to stay, would you?"

Tahlia looked at Marcus, "President Hartley, perhaps I should leave"

Marcus looked at Patricia coldly. "If you can't even manage this, I can find someone else to do it

Patricia didn't expect Marcus to defend Tahlia so fiercely, 'No, Marc.'

Marcus wanted Tahlia to stay, a message Cornelia clearly got. She didn't want Patricia to cause further trouble, "Patricia must be tired today. I'll handle it."

"Appreciate it." Marcus said.

This was Marcus' reply to Cornelia However, when Cornelia looked at him, his eyes had already shifted to Tahlia.

Cornelia wanted to say something but didn't know what to address. Dinner was finished in an odd atmosphere.

After dinner, Patricia cleaned up while Cornelia took Tahlia upstairs. Following Marcus instructions, she prepared a new room for Tahlia with fresh beddings and even made

the bed for her

Tahlia, are you satisfied? If there's anything you're not happy with, let me know, and I'll try to fix it" Cornelia said

Tahlia asked, "Are you mad at me?"

"Why would I be mad at you?" Cornelia asked.

"Maybe because I insisted on staying overnight and made Patricia uncomfortable Tahlia said

Cornelia smiled. "What kind of person do you think I am? Patricia is our elder, and treats me like her own daughter, sometimes excessively protective. You don't need to be mad at her

I wouldn't dare.' Tahlia suddenly hugged Cornelia, "Nelly'

She kept calling Cornelia's name but didn't say anything else. Cornelia patted her back, "What's wrong?"

Tahlia said sincerely, 'You have to believe me. I truly love you. I don't want to come between you and President Hartley, but he insisted that I stay After all, he's my boss. now. I can't disobey him."

Cornelia smiled, "Okay, I believe you It's late, and you have to work with him in the morning, get some rest."

Tahlia pleaded-"Nelly, can you sleep with me tonight?"

Usually, Cornelia would agree to this request, but not tonight. Because she hadn't seen Marcus for a few days and she had a lot to talk to him about.

"Tahlia, I have a lot to talk to Marc about tonight I'll sleep with you another night. Cornelia said.

Tahlia held on to Cornelia's arm tightly. "Nelly"

Cornelia gently stroked her head, "What's wrong? Work pressure getting to you?"

Tahlia shook her head. "No, there's no pressure at work. President Hartley and Ben have been very kind to me, always ready to help whenever I don't understand something"

"Marcus teaching you to work?" Cornelia didn't know Marcus had time to mentor assistants.

She remembered when she first started working for Marcus, he had very high standards for her work. She followed him around anxiously every day, terrified she would make a mistake and get fired.

Chapter 1202

Comelia would never dare to dream that Marcus could teach her things she didn't understand.

Tahlia said, "Yeah, President Hartley taught me a lot. But don't overthink it, it's not because of me that he taught, it's because of you. I got into the Hartley Group because of you and I got promoted to the President's assistant because of you."

Comelia laughed and said. "I won't overthink, just focus on your work with President Hartley Show everyone your capabilities."

"Sure." Tahlia said.

"You should take a rest now I should go back to my room as well Cornelia said.

As Cornelia was about to leave, Tahlia held her back, "Nelly"

“Just spit it out if you have anything to say, no need to beat around the bush. Cornelia said.

“Nothing I just want to hug you again and say goodnight! Tahlia said.

Cornelia hugged her, “Goodnight!”

“Goodnight! Tahlia said.

After leaving Tahlia’s room, Cornelia went straight back to the master bedroom on the third floor

She pushed open the door, and Marcus had just come out of the shower. His hair still dripping wet, looking incredibly sexy. But, Cornelia didn’t have time for that, she quickly grabbed a towel and said, “Let me dry your hair”

Marcus didn’t refuse, and he sat down on a single sofa next to him, making it easier for Cornelia, who was shorter, to dry his hair

Cornelia gently dried his hair and commented, “Your hair is so thick and dense”

Marcus closed his eyes, lazily leaned back on the sofa, and didn’t respond. Cornelia poked him with her finger, “Jeremy, I’m talking to you, can you hear me?”

It took several seconds for Marcus to lazily respond. “I heard you”

You heard me so why don’t you answer me? Cornelia asked

Marcus didn’t respond. His disregard made Cornelia angry “Jeremy, what the hell do you mean? Do you know I’ve been putting up with you all afternoon?”

“What?” Marcus asked.

Such a response deeply hurt Cornelia. So what she cared about, what she minded, Marcus didn’t care at all. She gave a bitter smile, “Don’t you know why I’m angry?”

Marcus actually asked back, “Why are you angry?”

Cornelia was so angry that she felt a pain in her chest. “You haven’t been home for several days because of work. Today you finally came back, but you completely ignored me, even didn’t glance at me Shouldn’t I be angry?”

“You’re angry about this?” Marcus asked.

Cornelia was speechless. She had reason to suspect that Marcus, this man, was deliberately trying to drive her mad.

Marcus said. “I’ve been very busy with work recently.”

Cornelia said, “I know you’re very busy, when you’re busy. I try not to disturb you. But when you’re done, can you give me a call, or talk to me more?”

Marcus grabbed her hand, gently pushed it away, “I’ve been busy these days, haven’t had a good rest. I’m very sleepy now, gonna go to bed”

Chapter 1203

When Cornelia wanted to argue with Marcus, he said he wanted to hit the hay. This made her feel as if her anger was like punching cotton, with no sound at all. Cornelia really wanted to keep talking to Marcus, but seeing how tired he looked, she couldn’t bear to disturb his sleep.

“Alright, off you go to sleep. Cornelia said. She thought to herself, she would have a proper talk with him tomorrow morning

Marcus went off to sleep, while Cornelia headed to the bathroom. After freshening up, she found Marcus already fast asleep. He was out like a light, showing that he was really knackered.

“You annoying man, leaving me fuming yet you’re sleeping like a baby”  
Cornelia murmured

She climbed into bed lying next to Marcus, and rolled over into his arms.

She held him around his waist, leaned against his chest, and listening to his steady heartbeat. All her grievances and unease disappeared in this moment. She nuzzled his chest and whined, "Jeremy, you didn't even spare me a glance when you got home today. Do you know how awful that makes me feel?"

She moved up a bit, lying flat and staring at his handsome features. She couldn't help but reach out to gently stroke them. She traced his eyebrows and lips, whispering. "I'm dying inside, yet I have to act like nothing's wrong, even making you drinks. What pisses me off even more is that you ignored me even when I brought you a drink. You have no idea how much I wanted to bite you then. Jeremy, let me tell you, I hold grudges. If you dare to treat me this coldly again, I'll give you a taste of your own medicine."

Cornelia rambled on for a while until sleepiness overwhelmed her, she then fell asleep on Marcus' chest

Just as she fell asleep, the man who was previously sound asleep slowly opened his eyes. His gaze lingered on her face, unable to look away. He murmured. "I know"

Last night before bed, Cornelia had wanted to get up early to have a good talk with Marcus. But when she woke up, she found that the man beside her was already gone. Cornelia hurried off the bed, didn't even bother with her shoes and ran out of the room, heading for the dining room.

According to Marcus' routine, he would have breakfast before going to work. But when Cornelia arrived at the dining room, all she saw was Patricia clearing up the

tableware.

Patricia looked a bit under the weather, but her eyes lit up when she saw Cornelia, "Nelly you're not working anyway, why are you up so early? What do you want to eat, I'll make it for you right away"

Cornelia asked. "Where's Marcus?"

Patricia instinctively looked outside, Cornelia followed her gaze and saw two people walking side by side. It was Marcus and Tahlia. Marcus was dressed in his usual white shirt and black trousers, each step he took graceful and charming

Tahlia was dressed in a business suit. Cornelia used to dress like this when she was still working. They were standing really close, so close that it made Cornelia feel a bit dazed. She almost felt as though the woman standing next to Marcus wasn't Tahlia, but her

But clearly, that wasn't Cornelia.

Cornelia watched them walk towards the garage, and get in the car. The car drove out of the yard, disappearing from her sight.

Cornelia stared in the direction they left for a while, then slowly withdrew her gaze. Patricia looked at Cornelia, she wanted to say something several times, but stopped herself

"Patricia, I'm feeling a bit sleepy now. I'm going back to my room. Cornelia said.

Patricia advised, 'Nelly, have you thought about going back to work with Marc? Don't let other women take the opportunity to work with him,'

Chapter 1204

Cornelia chuckled, not giving a response.

Patricia mistakenly thought that Cornelia had chosen to quit her job, unaware that it was actually Marcus who had asked her to leave. Marcus excuse was that he wanted Cornelia to focus on her own work Cornelia once said she wanted to stay by his side, to work with him, but he didn't want her in his work environment.

Back in her room, Cornelia was no longer sleepy. She stared at the ceiling, her eyes wide open

A myriad of images flashed through her mind. From the first time she met Marcus, to working with him, to him protecting her at the risk of offending his partners. Every moment with him was as clear as a film.

The Marcus Cornelia knew was definitely not a man who would betray his marriage. Cornelia didn't want to think too much. The more she thought about certain things, the worse she felt. She wanted to ask Marcus directly and tell him her thoughts straight away.

So, she took out her phone and dialed Marcus number. The phone rang and was picked up almost immediately. Before the other party could speak, Cornelia blurted out, "Jeremy, I like you! I really, really like you! Come home early today, I want to have a sensus chat with you."

After she said this, Tahlia's voice came through the phone, Nelly, it's me. President Hartley is reviewing an important document and doesn't have time to take the call, so he asked me to answer it for him"

Cornelia was speechless

Tahlia added. "If you don't have anything else. I'm going to hang up."

Subconsciously, Cornelia nodded, then said, "Don't hang up I have something else. Tell President Hartley to take the call. I want to talk to him personally."

Tahlia's voice reached Cornelia's ear again through the phone, 'President Hartley, Mrs. Hartley wants to talk to you, do you want to take it?

Then, Comelia heard Marcus say, 'Tell her, I'm busy"

Tahlia said, "Nelly..."

Cornelia responded coldly, "Let Marcus answer the phone."

Cornelia couldn't understand why Marcus had changed so much in just a few days, not even wanting to talk to her. She had to figure it out!

The phone finally reached Marcus, but instead of answering the call, Cornelia heard the sound of him hanging up.

And before hanging up, he told Tahlia, I'm busy working, so you can help me reject all calls, including Mrs. Hartley's!"

Somehow, hearing this didn't make Cornelia feel as bad as she thought she would. This man definitely was not Jeremy! Her Jeremy wouldn't treat her like this

It was very possible that the nasty Brennen was causing trouble, making Cornelia believe Marcus had betrayed her, hence causing her to resent Marcus. But Cornelia was no

fool, she wouldn't fall into Brennen's trap. So, Cornelia dialed Ayden's number. Ayden, someone might be impersonating Marcus, can you check for me?

She thought Ayden would agree with her but instead, she heard him say, "What you're seeing is the real President Hartley, no one is impersonating him."

"Are you sure?" Cornelia asked.

Ayden continued, "His height, his way of walking, and his elegance in action. Do you think these can be imitated?"

Without waiting for Ayden's reply, she ended the call. Deep down she understood better than anyone else, the man who left with Tahlia this morning was Marcus. Yet, she refused to accept that the man was Marcus, hoping someone would tell her that it was not her husband, but an imposter.

### Chapter 1206

Dr Lester told Tahlia, "Remember this, no woman other than Comelia, who isn't related to him by blood, can get close to him"

Tahlia explained, 'I had no other intentions, I was just worried he would fall, so instinctively I wanted to help him.'

"He's a severe clean freak, if you touch him, he might even throw away his clothes. Why bring trouble upon yourself?" Dr. Lester said.

+

Ill be careful, it won't happen again. Tahlia replied.

Dr. Lester looked at Tahlia and asked, 'Is Cornelia really your biological sister?'

"What are you trying to say? Tahlia retorted

Dr. Lester replied, "Sometimes I feel like you two am somewhat alike, but other times not at all. It's a peculiar feeling"

"Cornelia is my real sister, don't worry. I would never disrespect her." Tahlia

"I trust you, of course' Dr Lester said.

Tahlia scoffed, "You trust me? You're actually warning me to understand my place and not to harbor inappropriate thoughts about President Hartley"

Dr. Lester replied. "The fact that you realize this shows that you're rational, not a spoiled little princess."

Tahlia calmly said. Even flowers grown in a greenhouse have different species and they don't all last the same amount of time."

1 get it Dr Lester said

Tahlia suddenly stopped and looked at Dr. Lester seriously. ‘Dr. Lester, I want to ask you a question and I hope you can answer me honestly’

“That depends on the question. I won’t answer them all Dr Lester said.

“I want to know why you all like Correlia so much and want to protect her? I know I’m not as good as Nelly in many ways, but I haven’t done anything wrong. Why are you all so wary of me?” Tahlia said.

“Do you want the truth?’ Dr. Lester asked.

“If not the truth, why would I even ask you?’ Tahlia said.

“Probably just intuition, I’m not sure about the exact reason. I remember when I first met Cornelia, I trusted her completely. She speaks in a gentle yet powerful way, it’s really convincing Dr Lester explained.

‘I feel the same way about her. Even when I considered her a rival, I felt a strong urge to get close to her Tahlia said

“Cornelia is really a likable girl, beautiful, smart. All the good adjectives can be used on her Dr. Lester said

Tahlia replied, “Although I think Comelia is excellent you’re kind of overdoing it

“There might be another reason. Cornelia is Marc’s wife. We work for Marc, so naturally, we have to treat his wife well\* Dr. Lester added.

Tahlia gave a bitter smile, “So, status is the most important thing after all ”

She grew up in the Reese family. Even if she had left the Reese family now but people on Marcus’ side still thought she was a Reese at heart. So, if she wanted them to accept her, trust her then she had to work harder than Cornelia

Dr. Lester advised. Status is indeed important, but personal effort is equally important Since you’ve promised Marc, just cooperate with him and do your part well, don’t have other thoughts”

“I’m not looking for trouble. How could I have other thoughts.” Tahta said.

At first, Tahlia thought Marcus was just an ordinary and harmless man when she saw him with Cornella. But when she accidentally entered Marcus world,

she realized that the real Marcus was as cold and terrifying as the legends said. And his tender and affectionate side, he only showed to Comelia

Comelia had been painting all morning, and it wasn't until Patricia came upstairs to call her for lunch that she realized she had lost track of time. Rubbing her sore arm, she asked "Patricia, what tasty grub have you whipped up for lunch?"

"I made some baked salmon Patricia said

Hearing that, Cornelia got so excited she started hopping around, clutching Patricia's arm, "Patricia, you're such a star. I was just thinking about having some salmon, and here you are, serving it up"

Watching the carefree Cornelia, Patricia couldn't help but feel worried, "Nelly, did you have a proper talk with Marc last night?"

Cornelia shook her head, "Nope

"Why not? The best time to sort out couple's issues is before bedtime. Men are usually more inclined to listen then Patricia said.

Cornelia laughed, 'Patricia, I haven't seen Granny Luisa in a while. I don't have any plans this afternoon, so why don't we go visit her after lunch?

Patricia sighed. "That sounds like a good plan Marc always listens to Granny Luisa. If he's giving you trouble, you should talk to her. Let her set him straight"

Cornelia chuckled. 'Marc's not giving me any trouble"

Frustrated Patricia said, "He had another woman stay the night at your house. How is that not giving you trouble?"

He invited Tahlia to stay for my sake.” Comelia said

“But this morning. Patricia said.

Cornelia, not wanting to revisit the morning’s events, quickly cut Patricia off

“Patricia, I didn’t have breakfast, and I’m starving Let’s go have lunch.”  
Cornelia said

Worried about Cornelia’s hunger, Patricia agreed, “Alright, let’s go eat.”

After lunch, Comelia tidied up a bit and drove Patricia to the Hartley Mansion.

The news that she might soon become a great grandmother had Granny Luisa in high spirits, she even had a spring in her step.

When she saw that Comelia had come to visit, Granny Luisa was over the moon constantly showing her things, ‘Nelly do you think this is pretty? I got it just for you.’

A moment later, she asked “Nelly Patricia tells me you’ve been cooped up at home and not going out. Are you short on cash?”

Comelia replied “I have money”

But Granny Luisa still handed her a diamond black card, “Take this card. You can use it however you want. You’re young you should go out with your friends more. If you see something you like, just buy it.”

Cornelia pushed the card back, “Granny Luisa, you’ve already given me so much. The money I make every month from those businesses is more than enough for me. You don’t need to give me more

“That’s hardly enough. You should go out more instead of always staying at home.” Granny Luisa said

With a resigned sigh, Comelia said. Tve been busy with work recently, so I haven’t been going out. Once I ve finished up, I’ll go out more”

Granny Luisa asked suspiciously “Really””

Cornelia said, Granny Luisa, why would I lie to you? If you don’t believe me, you can ask Patricia”

Granny Luisa laughed, "Patricia is very fond of you, so I'm afraid she might lie for you as well."

Patricia jumped in, "Granny Luisa, you are mistaken there"

Suddenly, Granny Luisa remembered something. "Oh, Granny Wilson is throwing a party soon to find a match for her grandson, Leonardo. Cornelia, how about you go with

"Leonardo's got a ton of girlfriends, does he really need his elders to set him up for blind dates? Cornelia asked.

Granny Luisa replied, "Sure, Leo's got a slew of chicks, but look at the kinds of girls he's dating. The last one he brought home, her face was so plastic it was unrecognizable."

Cornelia chuckled, "As long as it's not illegal, there's nothing wrong with a little nip and tuck"

Granny Luisa said, "You're not wrong, it's just us old folks can't wrap our heads around these things Nelly, I gotta tell ya, Granny Wilson calls me every day, asking where on earth I found such a gem like you hoping I could hook her up with one too. I told her. 'Nelly's one of a kind, you won't find another like her anywhere in the world.'"

Cornelia asked, "Granny Luisa, did you really say that?"

Yep Granny Luisa said

"Did Granny Wilson get mad at you?" Cornelia asked

“She said she wasn’t mad, but she’s been dodging my calls for days. But I ain’t worried, I know she won’t last half a month, she’ll pick up my calls in a few days” Granny Luisa said.

Cornelia was amuse, “Granny Luisa, you’re gonna end up friendless if you keep this up”

Granny Luisa retorted, “She ruffles my feathers all the time too. Unlike your Granny Rebecca, Granny Rebecca and I always got along like a house on fire. We’ve known each other for decades, even if we haven’t seen each other in a long time, when we meet again it’s like we’ve never been apart”

When Granny Rebecca, who had passed away was mentioned Granny Luisa felt a bet guilty. Nelly. I didn’t mean to bring up Granny Rebecca.”

Comelia replied, ‘Granny Rebecca isn’t a taboo topic, it’s okay to talk about her”

Granny Luisa said “I just didn’t want to upset you”

Cornelia reassured her. Don’t worry about me, Granny Luisa, Ive come to terms with it. Granny Rebecca once told me that everyone has their own fate, everyone has their time to go, and the best way to remember those who’ve passed is to live a better life.”

“If you can think like that, that’s good” Granny Luisa said.

“Dont worry. Ell live a good life. I’ll have a few kids with Marc to make you happy” Cornelia said

Granny Luisa instinctively looked at Comelia’s belly. Do you have some good news?

Cornelia shook her head, “Not yet, but we’re both young, having kids is just a matter of time

Cornelia tried her best to say what Granny Luisa wanted to hear, and of course Granny Luisa was delighted.

“Good, keep it up. I promise you here, if you have a baby, I’ll gift you an island” Granny Luisa said.

The Hartley family owned a lot of islands abroad, some for tourism, some for vacation, very luxurious.

Cornelia knew about this, but she had never been to them and didn't know where these islands were specifically located

She laughed and said, "You don't need to give me any physical gifts, as long as you're healthy that's the best gift for me."

"Alright, I'll definitely take good care of myself" After a pause, Granny Luisa added, 'Nelly, Granny Rebecca's murderers verdict is coming up, do you want to be there?'"

Cornelia nodded, "Absolutely I want to see the punishment with my own eyes."

Granny Luisa gently grasped Cornelia's hand, "Nelly, it feels like you're forcing a smile today, did you already find out about Granny Rebecca's situation?"

Comelia got thrown for a loop then she sweetly smiled, hugging Granny Luisa's arm, "Why do you think I'm putting on a brave face?"

Granny Luisa lifted her hand gently patting Comelia's head, "Just a gut feeling!"

Cornelia, pretending to be at ease, made a funny face. "Guess I'm not lively enough, got you all confused

Granny Luisa couldn't really pinpoint why she felt that way she hoped her intuition was off

"Nelly, I'm old, I don't really get what you young folks are thinking, cant cover all bases for you. Right now, I'm not thinking much, just shooting the breeze. If

you don't want to have kids, then don't I won't push you. I just hope you're happy every day and live each day to its fullest Granny Luisa said

Comelia looked at Granny Luisa, and said earnestly, I get it. You don't owe me anything, and you don't need to go the extra mile for me. You said your biggest wish is for me to be happy every day, same here. I wish for you to be happy and healthy every day. That's my biggest wish now"

Granny Luisa gently poked her forehead, "You're always so considerate."

"Granny Luisa, it's a cool day today, how about I accompany you for a walk?" Cornelia said

Sure." Granny Luisa agreed

Just then, Granny Luisa's phone rang. She took a glance, it was Granny Wilson, who she just mentioned

Granny Luisa showed her phone to Comelia with a big grin. "Nelly look. Told you she couldn't resist giving me a ring. And there she goes!

Seeing Granny Luisa happy, Cornelia was also happy. "Okay, answer the phone, see what she's got to say"

Granny Luisa quickly picked up the phone. Granny Wilson sounded a bit preved, "Luisa Artis, when will you stop getting on my nerves?"

Looked like Granny Wilson was really ticked off, she called Granny Luisa by her name.

Granny Luisa shot back, "Just because I said Nelly is one of a kind, you've been mad at me for so long, not picking up my calls How can you say I'm getting on your nerves?"

"Did I say that? Granny Wilson asked

"Then what did you say? Garny Luisa retorted

"I didn't pick up your calls, so you're not coming to my party, is that it?" Granny Wilson confronted

"Party Granny Luisa turned to Cornelia, 'Nelly what's the date today?"

“The 19th.” Cornelia replied

“Oh snap! Got the date mixed up Granny Luisa said.

Granny Wilson was mad. You got the date wrong? Such an important day and you got it wrong, shows you don’t really care about me

Granny Luisa owned up to missing Granny Wilson’s party, she forgot to have the housekeeper remind her, “My bad, I shouldn’t have forgotten such an important day. I’m coming over now, okay?”

“Hmph! You’re still late Granny Wilson said.

‘Til bring Nelly with me, how about that?” Granny Luisa asked.

Upon hearing Cornelia was coming, Granny Wilson finally softened, “Fine Bring Comelia, I’ll let it slide this time for her sake!

“Ah, so you actually want to see Cornelia, not me.” Granny Luisa Sand, feeling a bit jealous
