### *Chapter 981*

*Cornelia patted the little boy's head, "He's a good guy You don't have to be scared of him. Because I'm not strong enough to carry you, he's helping me out. You might not know this, but he's a real stickler for cleanliness, he wouldn't just hold anyone. The fact that he's holding you, that's pretty darn lucky!"*

*The little boy blinked, not quite understanding, but he stopped struggling.*

*Cornelia asked again. Has he done anything to hurt you?"*

*The little boy shook his head.*

*Cornelia said. "Then why are you scared of him?"*

*The boy turned his head and looked at Marcus up close. Seeing him this close, he didn't seem that scary anymore.*

*Cornelia chuckled, "Do you think he's not only not scary, but also kinda handsome?"*

*The little boy obediently nodded.*

*Cornelia pinched the little boy's cheek, "Good boy!"*

*The little boy asked, "Will he bully you?"*

*Cornelia asked. "Why would you ask that?"*

*The little boy said, "Because my dad often bullies my mom. I don't want him to bully you."*

*Cornelia seemed to understand the little boy's concern. To reassure him, she immediately hooked her arm through Marcus', "He's my husband. He loves me. He will protect me and he won't bully me."*

*The little boy looked at Marcus again, seemingly waiting for his response.*

*Even though Marcus wasn't particularly fond of kids, at that moment, his heart was touched by the little boy, "I will protect my wife."*

*The little boy said, "Then I like you!"*

*Cornelia said, "I like him too."*

*Saying this, Cornelia felt too shy to look at Marcus and quickly took the lead.*

*Marcus watched her gentle figure, moved by her words. He thought she would ask him to hand the child back to her, but she didn't. Instead, she patiently guided the child to accept him. He thought she was just comforting the child, but then she said she liked him.*

*To have met her in this life, it was just the best. Nothing could top that.*

*Soon, the three of them arrived at the management office.*

#### *Chapter 982*

*Outside the office door, Cornelia could hear the commotion inside.*

*First up was a staff from the management office. We already checked the surveillance footage of the three exits. Your kid didn't leave the community. He must be somewhere around. We'll help find him immediately"*

*A woman chimed in, her voice choked with tears, "Can you send more people to help find him? If anything happened to my son, I wouldn't be able to live"*

*Before the woman could finish, she was cut off sternly by a man, "You're all frantic now, but what were you doing earlier? Our kid is still so little, how could you leave him alone at home?"*

*The woman, already on the verge of tears, felt even more guilty after the man's rebuke. She sobbed and said, "He fell asleep and then I went downstairs to buy sanitary pads I came back right after buying them. I didn't dilly-*

dally. But when I came back, he was gone from the bed. Usually, he sleeps for several hours at a stretch I had no idea

The man snapped. You keep saying you had no idea. Do you have any useful information at all?"

The staff, fearing the man might lash out physically at the woman, hastily stepped in, "Sir, your wife surely didn't intend for this to happen. Let's not lose our heads Finding the kid is the priority."

The woman was visibly shaken and heartbroken, but she dared not sob out loud.

"Mama" The little boy heard his mother's voice, slid off from Marcus and ran towards her.

"My son." Hearing the familiar voice, the woman's eyes lit up. She opened her arms to embrace her child, but he was stopped by a sudden pair of arms.

The man held the little boy tight, kissed his face, "You scared the living daylights out of me! I thought you were taken by some bad guys."

The little boy struggled hard, "I want mom. I want mom!"

The man's face turned cold, "Your mom almost lost you. Why are you still looking for her? Tonight, you're coming to grandma's with me."

The woman asked, "What did you say?"

The man replied, "I said I'm taking our son to his grandma's"

Hearing that he was taking the child away, the woman's emotions crumbled. She stepped forward, covered the little boy's ears, and yelled at the man, "Did I give birth to this child alone? Why do I have to shoulder all the blame when he's lost?"

The man retorted angrily, "You're not working, just staying home looking after our kid, and you still managed to lose him. Isn't it your responsibility? I'm just lucky that my son came back safely. If he had been hurt in any way, I would never forgive you in my life."

His words instantly doused the woman's anger.

*She suddenly laughed, murmuring. "You think I enjoy staying at home and not working? When I was pregnant, I had severe morning sickness but I kept working until a few days before I gave birth.*

*"After my maternity leave, I planned to hire a nanny and return to work. But you didn't agree, you said your salary was enough to support me and our child. You insisted that I stay home and take care of our child personally. But now you criticize me for not working, complaining about how hard it is for you to earn money outside. Do you think it's easy to take care of a child alone at home?"*

*"Johnny's almost four now. In these four years, I've never had a proper rest. When he wakes up in the middle of the night, I have to wake up. When he gets hungry at night, I have to feed him. When he's a bit older and doesn't need night feeds, but needs to use the loo in the middle of the night, I have to be*

*there*

*"I'm happy to take care of the child I gave birth to. But I also have to take care of you. Even when Johnny's sick and I've been busy taking him to the hospital all day, when I get home, and I don't have time to cook, you still question why there's no dinner waiting for you. I tell you I took Johnny to the hospital, but you blame me for not taking good care of him, making him sick. I want to ask you, which kid doesn't get sick?"*

*"You're impossible to communicate with! You're in no state to take care of our child right now. I'm sending him to my mother's so she can help look after him for a few days. You need to stay home and do some serious self-reflection. After a while, based on your actions, I'll decide whether you can continue to care for our child" The man, oblivious of his own mistakes, blamed the woman, and was set on leaving with the child.*

*Chapter 983*

*"Give me back my kid, who the hell do you think you are to take him away! The woman rushed over trying to stop the man, but she was too weak to do anything*

*The little boy was crying in fear, "Mama, I want mama"*

*The man said "Stop calling for your useless mother"*

*This was someone else's family drama The staff didn't want to interfere but they were really pissed at the man Unexpectedly, the man's way was blocked by a tall figure. Before he could see who was blocking his path, he rudely said, "Get lost"*

*Marcus said. "Give the kid back to the lady"*

*His voice was neither loud nor soft, but his strong aura made his words intimidating enough.*

*The man stepped back. "This is our business, what does it have to do with you? What's an outsider like you doing here?"*

*Seeing someone stepping in, the staff also wanted to lend a hand, 'Sir, it's hard for your wife to take care of the kid alone, can't you be a bit more understanding?*

*The man looked at Marcus, then at the pleading staff, and then angrily said. "I'm out there busting my ass making money, and you're at home spending it on other men."*

*Marcus didn't want to waste time arguing, he directly handed the boy over to the woman, "Why would you want to stay with a man like this?"*

*The woman clung to her child, looking as anxious as if she had just recovered a lost treasure. 'I don't want people to say my child doesn't have a father"*

*Marcus sneered, "With a shameless father like him, the kid might be better off fatherless. If you can't make it work, don't force it. You may think it's for the child's sake, but who knows how much trauma you're causing"*

*The man shouted, "Did you hear that? Not only did he seduce my wife, he's encouraging her to divorce! You all saw it, right? You're my witnesses!"*

*"What?" Cornelia, who had been quietly observing, couldn't help but laugh. "So it's not just pretty women who get slandered. Handsome men aren't safe either"*

*Cornelia stepped forward and wrapped her arms around Marcus, "Honey, you're with me all the time, when did you have the chance to seduce his wife?"*

*Hearing the word 'honey, Marcus' mood instantly improved.*

*Without saying a word, he lifted Cornelia into his arms, "Let's go home!"*

*Suddenly lifted off the ground, Cornelia was startled, but all she felt was safety and stability. As they left the office, Cornelia sniffed Marcus, "Did you change your cologne? Marcus said, "No."*

*He was a creature of habit, once he got used to a certain scent, he found it hard to switch to another. He had been using the same cologne for many years without changing*

*Cornelia sniffed him again, "You smell a bit different, even more fragrant."*

*Marcus realized that Cornelia was just trying to please him. He laughed, put her down, cupped her face and gave her a peck, "Smell good?"*

*Cornelia answered. "Yes! Very good!"*

*Marcus took her hand, "Shall we walk a bit more?"*

*Cornelia nodded, "I ate a bit too much tonight, haven't fully digested I could use a walk."*

*Hand in hand, they continued their stroll in the neighborhood, not letting the couple they encountered earlier affect their mood.*

*After a while, Cornelia looked up at Marcus and tentatively asked, "Wasn't that kid cute?"*

*Marcus nodded*

*Cornelia moved closer to him, "Let's have a child too, you're so handsome and I'm pretty good looking too. Our child would definitely be beautiful"*

*Marcus laughed, she sure knew how to compliment herself! He asked, "Do you really like children that much?"*

*She'd be so smitten with others kids that she'd forget all about him. If they had their own child, her eyes would be glued to the kid, and he'd become invisible to her Marcus*

*didn't want that.*

*Cornelia nodded enthusiastically. Td love that! Absolutely love it! Could we have two kids, just two, a boy and a girl, okay?"*

*Marcus said. "Comelia"*

*Cornelia asked, "What?"*

*Marcus continued, "That kid was super cute, but did you see how much his mom has to sacrifice? She gave up her job for him, and she's stuck with a man who doesn't treat her right Why would she have a kid for a guy like that?"*

*Cornelia said, "But you're not that kind of guy!"*

*Marcus said, "I'd hate to see you get the short end of the stick after having a kid."*

*Cornelia said, "Stay at home moms often work harder than people with jobs Jobs have break times, but moms are on call 24/7. But because of the society we live in, many people, including the moms themselves, feel inferior because they don't have a job and feel like they're not contributing to the family"*

*Marcus said, "The Women's Support Group we talked about, I think it should be implemented not just within the Hartley Group, but also in society, to help motivate women."*

*Cornelia said, "Once I'm back from Rosenberg. I'll get onto it."*

*Marcus raised a hand to gently stroke her forehead, "Cornelia, keep fighting the good fight, and do whatever you want to do. Don't be held back by family"*

*Cornelia said, "Jeremy!"*

*Marcus asked, "What?"*

*Cornelia asked, "Do you think I must have done a lot of good deeds in my past life to score a great husband like you?"*

*Marcus chuckled at her words. "You're getting sweeter by the minute."*

*Cornelia looked up to kiss him, "You taste it, are my words really sweet?"*

*His blush made her more excited and she kissed him again, savoring the kiss. But Marcus didn't reciprocate.*

*Pulling away Cornelia huffed at him, "If my words are sweet, don't you want to properly savor just how sweet they are?"*

*Marcus scooped her up. "I'll savor it when we get home"*

*Cornelia said, "We have Tahlia at home Let's go to your place."*

*Marcus asked, "Why?"*

*Cornelia said, "I don't want to disturb Tahlia."*

*Marcus held back a laugh, "Why would we disturb her"*

*Cornelia said, "Don't you remember what happened last time at Blueshell Mansion?"*

*Of course, Marcus remembered. He just wanted to tease her, "What did I do?"*

*Cornelia bit his shoulder, "You naughty boy! I'm gonna bite you!"*

*He'd forgotten, and she was reminding him in her own way.*

*Marcus asked, "Where did you pick up this biting habit?"*

*Cornelia replied, "Guess!"*

*Marcus responded, "I have no clue"*

*Cornelia moved closer to his ear and whispered something Marcus changed color, 'Don't you ever look at that stuff again'*

*Cornelia chuckled.*

*"Everyone sneaks a peek, are you saying you never have?"*

*Frowning Marcus replied, 'Im not interested in that stuff.'*

*Cornelia pouted, "President Hartley, are you even a normal guy? What guy isn't interested in that?"*

*Cornelia didn't believe Marcus had never looked. She remembered the first time she and Abigail watched that kind of stuff was in their sophomore year*

*One weekend, a girl in their dorm mysteriously said she had something juicy to share. Everyone gathered around and then they all blushed. At first, everyone was serious, saying girls shouldn't watch that kind of stuff. But no one left, they all squeezed together and watched an entire porno.*

*Afterwards, everyone blushed, wanting to say something but feeling too shy*

*Abigail boldly said, "I was too shy earlier, didn't get a clear look, and missed a lot of details. Shall we watch it again?"*

*Hearing her suggestion, they all exchanged glances. They all wanted to watch again but felt shy.*

*Abigail pulled Cornelia aside, "Cornelia, if they don't want to watch it's fine, but you have to watch it with me. We need to thoroughly discuss this future compulsory course"*

*How could Cornelia say no to that, especially when she also wanted to watch again because she had been too shy to see clearly Once Cornelia agreed, everyone squeezed together again, "We can't let the two of you watch alone. If we're watching, we're watching together. It's more fun that way"*

*The second time around, the mood had changed and they all started discussing the film. Some said the male lead's body wasn't good. He had no abs, and his flabby belly ruined the movie Some said the female lead wasn't pretty enough and would lose a lot of male audience.*

*Some things, once started, there was a second and third time. In the end, her and her roommates watched it at least five times.*

*Not only the girls in the dorm watched, Cornelia accidentally found out that Zack and other guys also watched in their dorm. Everyone was watching this stuff, so Cornelia didn't believe Marcus had never watched*

*Marcus might be different, but he was still a normal person.*

*Marcus smiled and patted Cornelia's head, "Do you know what you're saying?"*

*"Of course I do." Cornelia moved closer to his ear and whispered, "Just tell me the truth, I won't make fun of you."*

*Marcus replied, "I told you I'm not interested in that stuff. I've never watched it."*

*Cornelia asked, "Never? Have you ever had a girlfriend before?"*

*Marcus replied, "No"*

*Cornelia continued, "You've never had a girlfriend, have you ever been slept with another woman?"*

*Before Marcus could respond, Cornelia added, "You must tell me the truth, no lying. If you had a relationship with someone else before we got married, as long as you tell me honestly, I won't blame you. But if you lie to me, that's a different story"*

*Marcus replied. "I only love you. I've never been involved with anyone else."*

*Cornelia further asked, "You've never watched that kind of movie, never had a girlfriend, and never been with another woman, then?"*

*Marcus curiously asked, "What?"*

*Cornelia continued, "Then how were you so experienced the first night we were together?"*

*Hearing this, Marcus laughed, "Thanks for the compliment!"*

*Cornelia said seriously. "I'm serious, you must answer honestly"*

*Marcus said, "You should know, I'm a fast learner*

*Cornelia asked, "Who did you learn from?"*

*Marcus was somewhat helpless with this stubborn girl, "Some things just come naturally to me."*

*Cornelia was speechless. She knew he had never been in love, nor had he been with other women. She just wanted him to admit that, like her, he must have seen that kind of movie. However, Marcus was busy making money when he was in school, unlike ordinary folks like them.*

*Marcus laughed and said, "I haven't, and you look disappointed"*

*Comelia said, "You're making me look like a fool"*

*Marcus said. I've done silly things too*

*Comelia said. "What? Spill it"*

*Marcus said "I once threw a coin into a wishing well*

*Cornelia asked, "What did you wish for?"*

*"I wished for my parents to love me Marcus said with a laugh, but the smile in his eyes was no longer warm, but cold and scary.*

*"It's okay, if they don't love you, you still have Granny Luisa and Bri, and now you have me. I'll always be with you" Cornelia hugged him tightly, giving him strength in her own*

*way*

*Marcus didn't say anything, but he could feel the strength Cornelia was giving him.*

*He never understood why skinny Cornelia had such great strength. She was like a little sun that could shine, bringing warmth to those around her.*

*Cornelia looked up at him, "Sweetheart, can you stop being sad?"*

*She completely healed the scar in Marcus' heart. He hugged her tightly, "With you, I'm not sad at all."*

*Cornelia said, "Don't be sad for people who aren't worth it. Let's talk about something happy now"*

*Marcus asked, "What do you want to talk about?"*

*Cornelia said, "You're so handsome. There must have been many girls chasing you in school. Was there one that left a deep impression on you?"*

*Marcus. "Yes"*

*Cornelia was speechless. She was just asking casually, and he actually had one. She suddenly felt very angry!*

*But she had to act like she didn't care, and asked with a smile, "I'm quite curious which girl managed to catch your attention?"*

*Marcus, "You've met her, Sallie"*

*Cornelia didn't say anything*

*She remembered! Her impression was very deep!*

*That woman was about to kiss Marcus at the time. If she hadn't suddenly appeared and interrupted them, he might have let that woman kiss him.*

*Cornelia said jealously. "So she was your college classmate? She's so pretty and has a good temperament. You must have had feelings for her*

*I*

*Marcus said, "No She pursued me, but I didn't accept her"*

*Cornelia felt a little better, "Why didn't you accept her?"*

*Marcus said, "I didn't have feelings for her"*

*Cornelia continued to emit jealous vibes, "If you didn't have feelings for her, why do you remember her so clearly?"*

*Marcus said, "Because she's smart and wise"*

*Without thinking. Cornelia said sarcastically. "She's so smart, beautiful, and wise, and she was your college classmate. If you married her, she would definitely be a better wife than your current one, wouldn't she?"*

*Marcus hardly had any gal pals, and it was a blue moon when Cornelia caught him singing praises about other women. But here he was, all starry-eyed about Salle*

*At that moment, Cornelia was green with envy. She felt like a monster, getting all jealous so easily*

*When she suggested Marcus should marry another woman, he was first licked off But once he got her drift, he broke into a chuckle, "Are you jelly*

*“Yes, I’m jealous I’m your wife and you’re complimenting other women right in front of me, saying they’re smart, beautiful, and wise Can’t I get jealous?” Cornelia shot back Cornelia, all envious and stuff, looked so cute that it made him want to nibble on her Marcus felt the same, so he gently bit her, “I just said she was clever, didn’t say she was a looker in my books, the only stunner is you”*

*Cornelia said, “Don’t think you can fool me with that!”*

*Even though she said this, she was over the moon on the inside.*

*Marcus went on to explain, “I praised her smarts because she first got close to my friends, then me. Even after I blew her off, she didn’t stick around Cornelia, I only have you”*

*Comelia said, “I got it*

*As they chatted, they reached the new pad Marcus bought.*

*This was Cornelia’s first time here, and she was gobsmacked as soon as she stepped in. If it weren’t for the different floor plan, just by looking at the interior design, it was almost a spitting image of her own house Even the wall paintings were identical.*

*“Why’d you style this place like this, when you don’t even dig this kind of design? Cornelia already had a hunch, but she wanted to hear it from the horse’s mouth.*

*And sure enough, Marcus gave her the answer she was expecting, “I styled it to your taste because I wanted us to live together.”*

*Upon hearing this, Cornelia’s eyes started to well up. “You always put me first, and I haven’t done anything for you.”*

*\*Who says you haven’t done anything for me?” Marcus gently rolled her sleeve up, revealing a scar on her arm.*

*She got the scar when she saved him in the West Region highlands. A rock had taken a chunk of flesh off her arm then. If she hadn’t rushed to shield him from that rock, it would’ve hit his head and he might’ve been a goner.*

*He lowered his head and kissed the scar on her arm, "Cornelia, you saved my life. I'd gladly give my life to you! Do you get it?"*

*Cornelia said, "Your life is your own, not mine. You need to cherish your life, take care of your body"*

*What a stubborn woman!*

*Marcus didn't want to argue with her anymore, so he shut her up in the most effective way.*

*The night was hazy, their romantic and sexual interaction was like a scene from a movie. Afterwards, Marcus got up and went to the bathroom. Soon, Cornelia heard the sound of water running*

*She was so pooped that she could barely keep her eyes open, but she remembered her wish to have a baby. So, she quickly grabbed a pillow, propped it under her waist, stretched her legs towards the head of the bed, and half-lay on the bed.*

*When Marcus came out with a warm, damp towel and saw her in this position, he asked, "Cornelia, are you feeling off?"*

*With her eyes closed, Cornelia weakly replied, "I'm fine, I've just heard this posture can increase the chances of getting pregnant."*

*There were some things Marcus didn't want to say, but seeing how badly she wanted a baby, he had to, 'Cornelia, your grandma's gone. Even if you have a baby now, she*

*won't be able to meet them."*

*Hearing about her grandma, Cornelia's eyes turned red, "I know, I know my grandma's gone and she can't meet the baby. But your grandma is still around, and she's been waiting for this baby, so I want to have one. My grandma left this world with regrets, and I don't want your grandma to have the same regrets"*

*In the end Marcus caved, "If you want a baby, then let's have one)*

*Cornelia flashed him a smile, "Let's have two, a girl and a boy The girl will be like me, the boy will look like you"*

*Marcus replied, "Ok"*

*Cornelia said. "Whether it's a boy or a girl, we have to love them equally. We need to be fair parents, no favoritism."*

*Marcus replied, "Ok"*

*Comelia said, "My grandma already gave us a nickname for our baby last time . We have to think of a formal name for the baby. One child will take your surname, and the other will take mine Do you have any objections?"*

*Gently stroking her hair, Marcus said, 'Not at all. Both kids can take your surname for all I care. Or when they grow up, they can even change their surnames if they want."*

*Cornelia said, "That's not happening. They must carry our surnames*

*Cornelia asked, "Will we continue to love each other until we're old?"*

*Marcus replied, "Of course"*

*Cornelia said, "But I'm scared"*

*Marcus asked. "Scared of what?"*

*With her eyes closed, Cornelia murmured, "I'm scared that you'll one day fall for another girl, divorce me and we won't grow old together."*

*Before, Cornelia didn't mind if he fell for another girl. She always knew that the human heart was fickle, that promises were the least trustworthy, and that so many lovers passionately in love ended up parting ways.*

*She had long given up any illusions about love. But now, it seemed like she was starting to dream again. It seemed like she was really falling for him.*

*That was why she was scared. She feared that when she gave her heart, his would change. And because she was scared, she dared not give her heart fully*

*Marcus lay next to her, allowing her to rest her leg on him to get comfortable, then he said, "In this life and the next, I only want you. Nobody else but you."*

*"Shhh All he wanted to do was hold her tight, not thinking about anything else, not wanting to hear anything else*

*Cornelia continued. "If people at the company found out why you're late, they might laugh at you. Saying how you're late because of your wife."*

*"I don't want to hear it." Marcus lowered his head, nipping her nose lightly, "It's the weekend. No one is working"*

*“Today is the weekend?” Cornelia asked*

*She had lost track of the dates recently.*

*“Anyway, I’m free these two days. Why don’t I accompany you to Rosenberg and return on Sunday evening?” Marcus offered*

*“You’ve been busy helping me with grandma’s matters. Take this weekend to rest. I also want to talk to Tahlia about our family and get to know her better”  
Cornelia reasoned*

*Marcus capitulated, “Alright, just come back early”*

*“Okay” Cornelia agreed.*

*“You have to video call me every day.” Marcus demanded*

*“Okay” Cornelia agreed again.*

*“When I message you, you have to reply immediately and let me know what you’re doing” Marcus added.*

*“Why don’t you just tie me to your side then?” Cornelia joked, making Marcus chuckle.*

*Marcus sighed, ‘Let’s have breakfast, then I’ll take you to the airport.’”*

*“Okay” Cornelia agreed*

*After breakfast, Marcus personally drove Cornelia to the airport.*

*“I know it’s getting late I should go through security. I’ll call you when I’m there”  
Cornelia reassured him.*

*Chapter 990*

*The arrival was the woman Marcus mentioned last night, the one who made Cornelia jealous Her name was Sallie*

*She knew that Cornelia was Marcus wife, but she wasn't sure if Marcus had told Cornelia about this, so she still addressed her as Ms. Stewart*

*Cornelia remained silent, curious to see how Marcus would handle the situation*

*"I'm taking my wife to Rosenberg What about you? Marcus asked*

*\*Im also going to Rosenberg" Sallie replied, looking at Cornelia with a smile. "Should I start calling you Mrs Hartley then?"*

*"No need for formalities, you can call me by my name Cornelia replied*

*"When did you two learn about each other's true identity? Sallie asked*

*Upon hearing this, Cornelia knew that Sallie was aware of their situation, and she was a bit irritated that Marcus was so careless about their private life, "Do you know a lot about us?"*

*Salle laughed, "Marcus has few female friends. I happen to be his college friend and he often asks for my advice."*

*Staring at Marcus, Cornelia responded with a smile, President Hartley, I just discovered that you have such a close friend"*

Marcus didn't get the sarcasm and earnestly explained, "I mentioned her last night. Have you forgotten?"

Cornelia was speechless. She really wanted to bite him! This annoying man

Sallie, being a woman, noticed right away that Cornelia was jealous. She deliberately moved closer to Marcus, "My relationship with Marc is more than just friends"

Cornelia was stunned. Was this woman really that arrogant?

Calling her Mrs Hartley while showing off in front of her, she just couldn't bear it. In the crowd, and under Sallie's gaze, Cornelia suddenly threw her arms around Marcus neck and kissed him. Her kiss was hard and fierce, and when it ended, she bit Marcus, intentionally leaving a mark on his lips as a declaration of her ownership.

After the kiss, Cornelia stepped back, "Hubby"

Marcus gently touched his bitten lip. She had already walked away, but he seemed to still feel her softness and sweetness, as well as her just now domineering kiss.

He didn't know before that his wife had such a domineering side. What a surprise!

Cornelia said, "It's about time, I'll go through security now."

Marcus smiled "Okay"

Cornelia glanced at Sallie and walked away. She thought that once she left, Sallie would follow her. But Sallie didn't catch up, she was still talking to Marcus

Cornelia was furious

She was so mad! She had already declared her ownership. And still, someone was trying to lure her man. It felt terrible.

Sallie stayed behind, looking at Marcus' bitten lip and couldn't help but laugh, "I never dared to imagine that you would have a day when you'd be kissed for real" Marcus still didn't plan to move his hand, and his fingertips kept touching

*ng his lips, as if trying to keep the scent of Cornelia a little longer,  
“Do you need anything else?”*

*Sallie stopped laughing “Congratulations”*

*Marcus asked, “On what?”*

*Sallie replied, “You found  
the one who will stay with you for the rest of your life.”*
