I am a quadrillionarire chapter 2713-"What are you two b*stards doing? Get up!"

Ambrose was furious when he came back to his senses.

However, his voice did not work at all.

The two guards of the Loughty family were still rolling on the ground and had already rolled into the jungle nearby.

'Why are you still standing there? Go and get them! This is such an embarrassment to the Loughty family!"

His guards were not listening to him but to the enemy, and this made Ambrose feel that he had utterly humiliated himself.

He wanted to kill those two guys on the spot.

As the top power in Leila, nothing was more important to the Loughty family than face.

If word about what happened today spread, they would become the laughing stock of other forces.

When the heirs of other forces saw Ambrose, they would tease him and say, "The talents cultivated by your family are truly

unique."

He could not afford to be humiliated like that.

'Yes, Master Ambrose!"

Two more members of the Loughty family rushed to the rolling men to try to get them up.

However, it did not work.

David was controlling them with his mind power.

It could be said that David was their master now, and they would do whatever he asked them to do.

Even if they were asked to kill Ambrose, they would do so without hesitation.

David's Heavenly Overlord mind power made it easy for him to control the bodies of two people.

He had never done it before because this would cause the person whose body was invaded to have mental abnormalities

and they might end up being fools.

"Master Ambrose, something is wrong!"

'What is it?" Ambrose asked.

"Ah!"

A scream.

The two rolling around suddenly got up and attacked the other two people.

Seeing such a scene, Ambrose could no longer suppress the anger in his heart.

"Everyone, go and kill those two bastards!"

Immediately, the remaining 20 or so direct descendants of the Loughty family swarmed over.

It was such a precious opportunity to be able to attend the Elves' sacri cial ceremony, so of course, they

too many people.

Four was already the limit.

The remaining twenty-odd people were all direct descendants of the Loughty family who supported Ambrose.

direct descendants

This time, Ambrose got the opportunity to come to the Elves ' ceremony, so he would also bring some

of the Loughty family who usually followed him.

To put it bluntly, he was just trying to win them over.

More than 20 people swarmed forward and

After all, Ambrose was not the only heir to the Loughty family.

Other heirs were also competing with him for the position of the head.

If he wanted to be the nal winner, he needed the support of the other direct descendants of the Loughty family.

David could have used those two to kill all the Loughty family members. That way, not only could he hide

his identity but

also humiliate the Loughty family.

However, instead of doing that, he withdrew his mind power because it was unnecessary.

With David's current strength, did he still need to hide his identity in Leila?

He did not need to.

If one had strength, one would also have con dence.

No matter how powerful Ambrose's background was, David could easily destroy him.

Two of the Loughty family's entourage lost David's control and passed out.

Perhaps they might never wake up again.

This was the repercussion of having mind power invading one's body.

Even if they did, they might become fools.

As he looked at the two unconscious people, Ambrose was furious.
