I am a quadrillionarire chapter 2723-"David, it's a deal then. When you have time in the future, you must come to the Elven Forest again."

Evie hoped David could visit the Elven Forest again.

It was a pity that if the other party learned that the Elves were using him, he might never return.

"Of course! It would be a pity not to come to such a nice place, but I won't be the only one coming next time. May I know if

you'll welcome them too?" David asked with a smile.

"Of course! They are more than welcome! As long as you come back, you're welcome to bring as many people as you

want," Evie replied quickly.

'That's good! I was afraid you wouldn't want to receive me!"

"How is that possible? David, you are my benefactor, so you can stay in the Elven Forest as long as you want."

The two chatted for a while.

Evie took a deep breath and got to the point.

"David, I have to take you somewhere today. It is the most scenic place in the Elven Forest aside from the Grand

Canyon."

"Oh? Really? Let's go then! I'm pretty bored myself, so let's go and have a look." After staying in the tree house for a few

days, David also wanted to go out to clear his mind.

The destination this time was a bit far away.

Then, he followed Evie quickly through the Elven Forest.

Despite their speed, it took them more than two hours to arrive.

And David felt that something was off with Evie today.

In the past, when he went out with her, the little girl would keep introducing things to him and she would talk non-stop.

However, today she had been silent the whole time.

It was obvious that Evie had something on her mind.

"Evie, how long until we arrive?" David could not help but ask.

However, the other party did not react at all.

"Evie?" David increased his volume.

Still no response.

Alright, now David was certain that something was wrong with Evie.

So, he increased his volume again and released the slightest amount of mind power.

"Princess Evie!"

This time, he successfully brought Evie back to her senses.

"Ah! David, what's going on?" Evie stopped, turned around, and asked with a confused look on her face.

"Nothing, I just wanted to ask how long it will take for us to arrive." David shrugged.

"Let me see!"

After Evie said that, she began to observe the surrounding environment. After a while, she replied,

"Almost! We've

traveled half of the distance."

"It's quite far this time," David said casually.

However, this sentence shocked Evie. She thought that David had suspected something, so she

stammered, "Well, y yeah. It's indeed a bit f-far this time."

'Then, let's get a move on then!"

"O-Okay!" After Evie nished speaking, she turned around and moved forward quickly without waiting

for David to answer.

She went faster than before as if she was afraid that David would continue to ask questions.

Who was David?

viilo was David

A partial Heavenly Overlord.

His mind power had even reached Heavenly level 1.

He was already standing at the top of Leila's pyramid.

Only Lu an, who had just broken through Heavenly Overlord Rank, was stronger than him.

However, David had a heaven-defying cloning technique, so he was not afraid of Lu an at all.

Therefore, how could Evie's basic tricks fool him?

The two continued walking for a while, and Evie remained silent the whole time.

David felt that they could not continue like this. If there was a problem, it must be solved, right?

He had a pretty good impression of Evie, so David would not mind helping if he could.

"Evie, let's nd a place to take a rest!" David sai
