

Chapter 625 Julie Knew The Truth

Timothy felt a jolt of surprise.

Sure, he was aware Julie had been abducted, but he never thought Cannon would abduct two women!

He couldn't confess the truth, especially not in front of Rennes. Instead, he pinned all the fault on Cannon.

"I had no part in this. Cannon's the one obsessed with her. I merely helped him. The notion that I instigated this is absurd!"

Upon hearing this, Rennes fixed his gaze on Timothy, sending shivers down his spine.

Timothy was well aware of how merciless Rennes could be. He was filled with unease, wondering if Rennes would retaliate upon learning of Cannon being manipulated.

The tension in the room was palpable until, unexpectedly, Rennes broke into laughter.

"Fine, fine. If it's just between you two, I'll stay out of it. But let me be clear. Don't think of exploiting the Duncan family in our joint ventures. Or else, you know what will happen!"

Relieved, Timothy exhaled deeply.

Thank goodness Rennes wasn't as unhinged as his younger sibling. He had merely intended to give a warning. Otherwise, escape today would have been improbable for Timothy!

He covertly examined Rennes' inscrutable face and sighed internally. Rennes was indeed both clever and ruthless.

As Timothy was lost in thought, Rennes introduced him with a smile.

"Meet Timothy, heir to the Hewitt family of Invone. For my sake, let bygones be bygones. Without him, Miss Fiber, our paths might never have crossed. Honestly, I owe Mr. Hewitt some gratitude!"

After uttering those words, Rennes cast a look at both Julie and Timothy, asserting, "Shake hands right here and now, and let's clear the slate."

Timothy felt compelled to agree, especially in Rennes' presence, even though he was unclear why Rennes favored Julie so strongly.

Regardless, his true enemy was Liam. Agreeing to a truce with Julie seemed inconsequential, so he extended his hand.

Unbeknownst to both Rennes and Timothy, Julie's eyes had reddened at the corners.

She didn't reach for Timothy's hand. Instead, she said icily, "Clear the slate? How can it be that simple? Do you know he's the reason my father is dead? Rennes, if you genuinely care

for me, kill him!"

At her words, Timothy's expression turned somber. His original plan had only been to abduct Julie. He was unaware of how Cannon and his crew had executed it.

When he heard Julie's accusation, it dawned on him what might have happened, and he inwardly cursed Cannon.

Given the circumstances, Timothy couldn't pin the blame on Cannon. He could only deny it, shaking his head. "I didn't do it, Miss Fiber. You're mistaken."

As soon as the words left his mouth, he felt a cold sweat drenching the back of his shirt, his legs quivering within his pants.

He came to Black Spider's territory this time for a business deal, and this mission turned out to be far riskier than he'd ever imagined.
