An Understated Dominance by Marina Chapter 1945

Chapter 1945

Billy Ruso looked happy and immediately picked it up from the ground without caring about his image.

These are treasures worth thousands of dollars. Whether they are for sale or for your own use, they are a good choice.

"Wu Ling Jing! This is actually Wu Ling Jing?!"

"Brothers! Grab it quickly!"

At this moment, many people recognized the black crystal on the ground and started grabbing it one by one.

Even if some people didn't know why, they didn't hesitate to join the search army when they saw everyone was robbing.

"I saw this piece of black spirit crystal first, give it to me quickly!"

"Fart! It's in my hand now, and it belongs to me. If you don't accept it, fight!"

"Fuck! Whoever dares to snatch it from me, I'm special Who are you going to kill!"

Where there are interests, there will be fights.

After learning the value of Wu Lingjing, all forces began to scramble for it, displaying the jungle law of the weak and the strong in a vivid and exquisite way.

Those with strong strength can get a few more pieces, while those with weak strength can only pick up some scraps.

If both sides are strong and neither side wants to back down, then they will fight and fight to the death.

In just a few minutes, there were already a lot of casualties in the peaceful scene just now.

"People die for money, and birds die for food."

Margaret couldn't help but shook his head as he looked at the fighting around him.

Just a few pieces of Wuling Crystal caused these people to fight regardless of their lives. What would happen if they encountered a more valuable treasure again?

"Hey! Who is that! Hand over Wu Lingjing! Otherwise, don't blame me for being rude!"

At this time, two men suddenly surrounded Margaret, one behind the other.

Their eyes were all fixed on the Wu Lingjing in Margaret's hand.

"Seeking death!"

Seeing this, several personal guards around Margaret immediately drew their swords and faced each other.

They are all half-step masters, so it is no problem to deal with these little minions in the world.

"Wait."

Margaret raised his hand to stop the guard's behavior, and then threw the Wu Lingjing in his hand: "If you want it, I'll give it to you." "

Huh?"

Wu Lingjing was obtained, and two The two men looked at each other, a little surprised.

They didn't expect that Margaret would hand over such a treasure so easily, which was really unexpected.

"I've given you the stuff, why are you still standing there? Hurry up and leave." Margaret was a little impatient.

“Let’s go.”

The two men said nothing, grabbed the Wu Lingjing and ran away, turning around and disappearing.

If you stay at the scene at this time, you will only be targeted by more forces.

“Miss, they are just two little thieves. Just kill them. Why do you need to coddle them?”
The guard was a little confused.

“It’s not a good thing, it doesn’t hurt to give it to them.” Margaret didn’t care.

In fact, there was something she didn’t say just now.

These Wuling Crystals were not exactly the same as those she had obtained before.

Although there is a strong spiritual energy inside, it also has a bit of evil nature.

If it is absorbed rashly, it is likely to become like Alexis Walters, turn into a beast, and finally self-destruct!
