Chapter 874

Kate's expression turned complex, and her voice lowered. "Granduncle's strength kept growing, and so did his ambition.

"There were almost no more individuals who could contend with him one-to-one, so he began to think of...immortality!"

Immortality!

Even Andrius' eyes twitched slightly at that word.

Throughout history, countless powerful individuals have been obsessed with the idea of immortality. However, immortality broke the laws of nature, so it was far from easy.

Despite that, the Kleins head strove for that ambition. It seemed quite far-fetched.

"It's said that the treasure protected by the Kleins could grant immortality." Kate adjusted her mood and continued, "Thus, Granduncle set his sights on this treasure that had been passed on for countless years.

"The Kleins have a long-standing tradition. They are the guardians of the treasure and are responsible for making sure it doesn't fall into the wrong hands. Stealing it themselves is out of the question.

"However, Granduncle was obsessed with immortality and disregarded everything. He knew that Grandfather wouldn't agree to search for the treasure, so he ordered his trusted subordinates to do it secretly, so they weren't discovered.

"However, there is no such thing as a secret that can be kept forever."

Kate sighed. "Before long, Grandfather discovered what Granduncle did, which led to their falling out. As a result, Grandfather left the Kleins with a

group of followers and established our own force on Mount Cura—the Medicine Sect.”

Andrius' frown deepened.

According to Kate's words, what Wade said yesterday seemed mostly accurate.

“What about the four great families?” Andrius continued to ask, “What was their role in all of this?”

“The four great families...” Kate smiled coldly. “They're cunning and deceitful. They claimed to establish a set of rules for self-preservation, but in reality, everything revolved around the Kleins.

“At first, they wanted to attack Granduncle when he found the treasure and seize the

opportunity to annihilate the Kleins while getting their hands on the treasure. It was a win-win situation for them.

“However, they feared that they would not be able to deal with Granduncle once he found the treasure and achieved great power, so they launched a hasty attack

“After all, the Klein family's treasure was renowned. They could not afford to gamble,”

Andrius fell silent.

Chapter 874

It seemed that what Wade and the emperor said were both true.

However, the emperor lacked some details that the Medicine Sect had.

“Back then...” Kate sighed and continued, “After the four families annihilated the Kleins, they remained on high alert. The Kleins were a dominant force in the martial arts world, and the sudden fall of such a family seemed somewhat unreal.

“Other than the four families, even my grandfather suspected that there might be a surviving member of the Kleins.

“Thus, they devised numerous plans and made a series of actions, and finally went as far as releasing the corpses of the Kleins members to lure you out.”

Saying this, Kate could not help but glance at Andrius. Her clear and bright eyes glimmered.

Andrius Moonshade...

He was her distant cousin after all, and they shared the same Klein bloodline.

However, his family was destroyed, and he was plunged into various conspiracies and schemes.

She sympathized with him deeply and sighed.

Then, she shook her head and said, “Although the Kleins are suspected of trying to steal their treasure, that’s something that happened within the family. Now, the family has been annihilated, and you...”

At that point, she let out a long sigh and did not continue.

Andrius had been observing Kate. Her every word and action seemed sincere and heartfelt. She should be trustworthy.

Furthermore, as a member of the Medicine Sect, she likely had substantial knowledge of medicine and acupuncture. She was the best person to administer acupuncture to him to treat him.

Thus, he said to her, “Kate, I can find the Klein family’s treasure, not only for my sake but to help the Medicine Sect out of this predicament. Go and tell your grandfather.”

“Great!” Kate quickly agreed and went to find Wade.

Not long after that, Wade and Kate came back.

Wade’s expression was very cold, but it was much better than before. He said faintly, “

Andrius, have you decided to search for the Klein family’s treasure?”

“Yes.” Andrius looked at Wade and said bluntly, “However, before I set out on this journey, I have one condition!

“As long as you meet this condition, I have no objections.”

Chapter 875

“What is it?” Wade’s expression remained unchanged as he asked calmly, “What is your condition?”

“I want Kate!” Andrius looked at Kate beside him and spoke firmly.

Kate was stunned at his words.

Wade also instantly frowned.

“Don’t misunderstand.” Andrius explained, “With my current condition, I probably can’t even walk out of Mount Cura, let alone search for the Klein family’s treasure.

“Thus, I need acupuncture to maintain my health. As the Medicine Sect’s Maiden, Kate is undoubtedly skilled in acupuncture. Thus...”

Kate’s expression eased slightly as she listened to his explanation.

However, Wade felt that it was not that simple and said firmly, “Acupuncture is just a minor skill. I’m a master at it. I’ll personally perform acupuncture for you to ensure your well-being.”

Andrius did not yield. “Sect Master, I don’t doubt your acupuncture skills, but I don’t need it. I only want Kate.

Andrius was firm.

Wade was increasingly suspicious. He glanced at Kate and snorted coldly. “The Medicine Sect is founded on medicine and is renowned throughout the nation. I’m confident that no one surpasses the Medicine Sect in terms of medicine.”

Andrius continued to say, “Your acupuncture skills are excellent, but you fall short when it comes to taking care of a patient. Will you be willing to lower yourself to feed me medicinal tea?”

Wade was instantly speechless.

Indeed, he was the Medicine Sect Master. How could he serve medicinal tea to an outsider like Andrius, and a younger man at that?

It was impossible.

Absolutely impossible.

Wade had no choice but to compromise. "Kate, if you're fine with it, then it's settled."

"I..." Kate glanced at Wade and then at Andrius. When Andrius gave her a smile, she nodded and said, "I'm fine with it, Grandpa."

"Very well."

Wade had nothing else to say and turned to leave.

After Andrius returned to his room, he immediately called Noir.

"Andy! Where are you now? How are you? Tell me if you're in trouble. I'll lead the Lycantroops and rescue you immediately!"

News of Andrius being captured by the Swallow family was only spread within the martial arts world.

Registus knew that there was no point telling the Lycantroops that Andrius was taken away by the Swallows since they might cause greater trouble instead, so he did not tell them the truth. However, Noir had been extremely anxious these days when Andrius disappeared.

"I'm fine." Andrius tried to sound relaxed. "Don't worry and lead the Lycantroops well. The situation has stabilized, but the Lycantroops must remain vigilant."

"That's good." Noir sighed in relief but hesitated before continuing, "Um, well..."

"If you have something to say, just say it!" Andrius did not know what he was trying to convey and urged him.

Noir finally said, "Halle hasn't seen you for a long time and couldn't find any news of you, so she's been worrying. She hasn't been eating properly and even lost weight..."

Andrius could not help but feel exasperated.

This woman was so emotional!

Unfortunately, he could not give her much at this moment.

He said, "Tell her I'm fine and doing well, and say I told her to take care of herself and her health."

"Got it, Andy."

Andrius asked, "Also, what about the Black Hawk and the others? Have they made any progress in their investigation into the treasure?"

"Black Hawk just reported to me. Due to the missing core part of the treasure map, they're like headless flies. They're completely clueless."

That was expected. After all, a vital part of the map was still missing.

It would be strange if the Black Hawk managed to find it.

Andrius instructed, "Noir, tell the Black Hawk to come to Mount Cura in the southern part of Kiyoto tomorrow morning to meet me. I'll be waiting for him here."

"Got it, Andy. I'll get to it!"

After making the arrangements, Andrius called out, "Kate, are you there?"

"I'm here," Kate responded quickly from outside.

"Come and help me with the acupuncture."
