**Married At First Sight Chapter 2717**-Matriarch Farrell said, "Then, if you need help in the future, you must tell me. I dare not say that I can rule the world with one hand in Jensburg. I still have a wide network of contacts and can help you a lot. You came here this time to do business, right?"

Liberty said, "It's for business; why not? What do you think I am here for?"

She asked Matriarch Farrell in return.

Matriarch Farrell smiled and said, "I thought you came here to recognize your ancestors and change your surname to Farrell."

Liberty said, "I don't need to recognize my ancestors and return to the clan. As long as the blood of the Farrell family flows through my body, I am a descendant of the Farrell family. Whether I recognize my ancestors and return to the clan or not, it cannot erase the fact that I am a descendant of the previous head of the Farrell family. "

Matriarch Farrell was speechless.

Liberty just talked to her like she had a gun and a stick in her hand.

Matriarch Farrell's personality and abilities were very similar to those of her eldest sister, and she was a replica of her eldest sister. In other words, her eldest sister's bloodline, Liberty, was indeed the most promising to compete with her daughter Kathryn.

"Madam," the Butler came over at the right time and said respectfully, "It's time to have a banquet."

Matriarch Farrell smiled and said to everyone, "It's time to have a banquet. Let's take a seat."

After saying that, she stood up and said to Liberty, "Liberty, let's go; let's sit down at the table."

Let your bodyguard go with my butler. After all, this is a family banquet, and there are people from our Farrell family at the table. Look, my bodyguard is also outside."

Before Liberty could speak, Matriarch Farrell added, "Let them eat with the others, not drive them out. Don't worry, your people who came with you will also leave with you."

Liberty signaled the bodyguards to follow the butler out.

When Matriarch Farrell made a gesture of invitation to her, she also made a gesture of invitation to Matriarch Farrell.

The two walked at the front together, while Kathryn silently followed behind them.

She was thinking that when the old woman invited Liberty to a banquet, she definitely didn't do it to show off her power and make things difficult for Liberty.

Even if she wanted to do something to Liberty at the banquet, she would not do it because there would be too many witnesses and it would be difficult to explain to the York family.

How exactly will she harm Liberty then?

While Kathryn was guessing, Liberty was also guessing.

She had the same idea as Kathryn.

If Matriarch Farrell didn't know how to do something, even Kathryn wouldn't believe it, let alone Liberty.

If Matriarch Farrell really didn't want to do anything, she wouldn't tolerate Liberty's wantonness.

Could it be that after she sat down at the table, her people were taken away by the butler, who then tampered with her car?

"Mr. Janzen isn't here?"

After sitting at the table, Liberty suddenly asked.

Matriarch Farrell said calmly, "He is not feeling well, so we won't ask him to come out to meet the guests."

Liberty said, Oh, and did not ask any more questions.

The gossip about Matriarch Farrell and Holden had spread all over Jensburg.

It seems that Holden was beaten very badly.

It's been a few days, and Holden still can't come out to see guests. Maybe it was scrapped.

"Madam." The butler came in a hurry again.

Matriarch Farrell, who was about to ask everyone to use their chopsticks, saw that the butler looked in a hurry, frowned, and said nothing, waiting for the butler to continue.

"Madam, Mr. York and Mr. Queen are here."

**Married at First Sight Chapter 2718**-Hearing this, Matriarch Farrell frowned at first, then put down their chopsticks, stood up, and said to their children, "Mr. Queen is here; you follow me out to receive him."

Matriarch Farrell was not surprised that Kevin would come over.

Standing behind Liberty were the York family and the Stone family.

The identity of Kevin made people fearful, but the York family's power in Jensburg was not as powerful as the Queen family, and it was the Queen family that the Farrell family was afraid of.

Hayden came uninvited, probably because Kevin called him to support Liberty.

It hinted to Matriarch Farrell that Liberty had no backers in Jensburg, and the Queen family was Liberty's backers.

When she heard that Hayden was coming, Shiloh was quite nervous. She quickly looked down at the clothes she was wearing tonight. She knew that the old woman just invited Liberty over, so she didn't deliberately change into an evening dress but just wore casual clothes.

Should she go upstairs and change into her dress?

It was too late.

Fortunately, the style of her casual clothes was also novel and trendy. When she wore it, it made her more dignified and elegant.

And she was light, pretty, and had a good figure.

Even if she didn't wear an evening dress, she could still outshine the crowd.

Shiloh, who was confident, glanced at Kathryn, stood up, and followed Matriarch Farrell so that Hayden could see her at first glance.

Liberty did not follow her out.

She was not yet a member of the Farrell family, so she was not allowed to entertain guests.

Seeing the fake Shiloh occupying Kathryn's position, Liberty's eyes flickered. She heard that Shiloh liked Hayden very much.

However, Hayden was gentle and polite to Kathryn, the real daughter, and ignored Shiloh, the fake daughter, which made Shiloh furious.

Liberty cursed in her heart. When Hayden revealed her identity as a woman, Shiloh would probably be stupid, and her heart would be broken.

After Matriarch Farrell took her son, daughter, and daughter-in-law out, the other Farrell family members found an opportunity to get in front of Liberty, chatting and seeming acquainted.

Although it was difficult for them to have a chance to rise to the top, they were all human beings and knew why Liberty appeared.

Although Kathryn was the biological daughter of the current family member, because she was replaced by the previous butler, Kathryn grew up in the countryside and had only been back to the Farrell family for two years. The Farrell family tried their best to support her biological daughter, but the result was that none of it was obvious.

In the Farrell Group, Kathryn was scolded by her mother almost every day. She was scolded for being a country bumpkin and ignorant. She was scolded for being like mud and unable to hold up a wall. She always relied on the help of others to do anything.

That is to say, Matriarch Farrell has arranged for Mr. Fraser to follow Kathryn. Recently, Kathryn has had to do things to satisfy her.

That was also with the help of Mr. Fraser.

It's not Kathryn's.

Liberty was gentle and polite to Matriarch Farrell, making everyone feel that she was easy to get along with, but she was not a slut.

When Liberty and Matriarch Farrell were fighting each other, everyone saw it.

She didn't give Matriarch Farrell any face, and everyone saw it.

The Farrell family felt that Liberty was worthy of being a descendant of the previous family member and was much better than the children of the current family member.

After a while, Matriarch Farrell and others came in, welcoming Kevin and Hayden.

Those who came were treated as guests.

Hayden naturally sat between Liberty and Kathryn so that she could chat with the two of them.

Shiloh had no chance to get close to Hayden, and there was Kevin.

After being polite, Matriarch Farrell entertained everyone for dinner.

In the past, Hayden never drank or ate at banquets, except for the evening. This made Matriarch Farrell very happy, and she felt that Hayden gave her face.

When everyone was chatting happily, Erika suddenly said to Matriarch Farrell, "Mom, dad is resting in the room and has not gone downstairs to eat. Let Shiloh bring dad some food up, so that dad will not be hungry."

Matriarch Farrell's expression remained unchanged, and she said, "Shiloh, bring your dad some food and drink; let him eat and rest. If he's energetic, come downstairs to meet the distinguished guest."
