I am a quadrillionarire chapter 2774-Lu an was completely stunned. There were now ten people who looked alike, with exactly the same energy.

Moreover, they were also not weak.

Sylvio and the others were shocked when they saw ten Davids suddenly

appear.

What unnatural means would let him summon ten of himself?

More importantly, they were not phantoms.

He had not even heard of it.

"No matter how many ants there are, they are still just ants!" Lu an came back

to his senses and said disdainfully.

Judging by the fact that Lucian had hit him with all his strength, but he could still

It was a pity that they had found the wrong opponent.

Lu an was a Heavenly Overlord. If he could not even deal with ten partial

Ten more gures appeared in front of him.

Lu an looked at the twenty partial Heavenly Overlords not far away, his

Those were twenty partial Heavenly Overlords.

Even if Lu an was a Heavenly Overlord, he must treat this cautiously. After all, he had just stepped into Heavenly Overlord Rank not long ago and had

Now, Lu an wanted to make sure of one thing.

He wanted to know whether the twenty partial Heavenly Overlords in front of

him were real or fake.

"I have told you, no matter how many ants there are, they will still be ants after

all!"

After Lu an shouted those words, he rushed towards David again.

When he saw the enemy coming, David did not show any weakness.

He controlled twenty clones and rushed forward.

Fortunately, his soul power was much stronger than that of ordinary people.

Otherwise, he would not be able to control so many clones simultaneously.

Since the same person controlled the twenty clones, their thoughts were

There was a clear division of labor between which one was attacking, which one

In addition, every clone was brave and not afraid of death.

Moreover, even if they risked their lives, they would not know what the other was thinking, so there would not be any aws in the cooperation.

The combat power displayed by David's twenty clones surprised even Lu an. The cooperation between these people was perfect.

This was the difference between the two sides.
