This was the Evil-Splitting Sword that could slice through everything in the universe. It was not at all inferior to the top three Ancient Weapons.

Anything from the system was de nitely top-tier.

Be it Cloning or the Evil-Splitting Sword, they were both heaven-defying.

A mighty Heavenly Overlord had been injured to such an extent by David, the partial Heavenly Overlord.

He did not understand why Lu an would focus on such a stupid question.
