An Understated Dominance by Marina Vittori Chapter 2005

When Dustin drew his sword and the black dragon's head was chopped off, the whole process happened so fast that no one could react.

In fact, even after the black dragon's head fell to the ground, it was still grinning, as if he wanted to eat people.

Didn't realize the seriousness of the problem at all.

It wasn't until it reacted that it realized that its head and body had been separated.

What just happened?

How can this tiny human being in front of me cut off its head?

It is a sacred object enshrined by the royal family. After hundreds of years of practice, it has already ascended to the throne of all things.

Nothing can stop it, and all living things should be its food.

It doesn't understand why it died at the hands of a human?

"Boom!"

The black dragon's huge body twisted and twitched a few times before finally crashing to the ground.

The gushing blood quickly stained an area of dozens of meters in radius.

"Dead...dead?"

Seeing the black dragon's body separated, everyone was frightened.

Everyone was stunned and in disbelief.

They never dreamed that Dustin could kill the black dragon with just one sword.

You know, that is a powerful beast that even martial arts master Billy Ruso can't deal with.

How could a little-known boy have such tyrannical strength?

"No...impossible...absolutely impossible!"

Leo Alexander's eyes widened and he kept shaking his head, unable to accept the result in front of him.

He never took Dustin seriously, thinking that he was just a charlatan.

In addition, because of Margaret, he was very hostile to Dustin. At first, he even wanted to kill Dustin and silence him.

However, he really didn't expect that Dustin, such a pretty boy, would be so powerful, so powerful that...it scared him!

"I...did I read it correctly? The black dragon was actually killed? And he also died in Dustin's hands?"

Thomas Grey was stunned, and his voice was trembling.

He had clearly seen the power of the black dragon just now. Hundreds of people could not do anything to the black dragon.

Even Billy Ruso, known as the desert dragon, was seriously injured by the black dragon.

It is God's blessing to be able to escape such a terrifying beast.

And to kill it is simply as difficult as climbing to the sky!

But as luck would have it, Dustin did it.

A young boy whom I had never heard of before actually killed the vicious black dragon by himself.

If he hadn't seen it with his own eyes, he wouldn't have believed it would happen.

"How could this happen? The black dragon that even Senior Ruso couldn't defeat was actually killed by this guy. Could it be that... he has already reached the martial arts master level?!"

Andrew Young's face was full of horror, and he broke out in a cold sweat.

The black dragon could seriously injure Billy Ruso, but died in Dustin's hands.

This is enough to prove that Dustin is stronger than Billy Ruso.

In other words, Dustin, at such a young age, is already a martial arts master!

A young grandmaster in his twenties, looking at the entire southwest, he couldn't find anyone else!

Oh shit! Where does this kid come from?

Andrew Young shuddered unconsciously when he thought that he was planning to cause trouble for Dustin before.

If he really angered the other party, he might have been killed!

"This kid... really hides his secrets!"

Billy Ruso frowned, his face serious.

He had just been seriously injured by the black dragon. Although he underestimated the enemy, even if he went all out, the hope of victory was very slim.

But Dustin defeated the vicious black dragon with just one sword strike.

The strength is unheard of.

However, the other party is still so young, which is the most scary thing.

"Could it be...that he?!"

As if he thought of something, Billy Ruso's pupils shrank and his breathing became rapid.

The sword light that Dustin struck out just now was almost exactly the same as the black sword light that cut through the golden tree vines last night.

In other words, the senior who secretly helped last night was Dustin!

At the thought of this, Billy Ruso's heart trembled.

Last night, he estimated that the senior's strength had reached the level of a grand master.

Could it be that Dustin is a hidden ultimate Grandmaster? !

But...how is that possible? !

Judging from the other party's age, he is less than thirty years old!

What kind of monster is this? ! !

"Holy shit! Brother Dustin is actually such a dick?!"

After a brief moment of confusion, Kevin Snow jumped up, looking extremely excited.

When Dustin walked towards the black dragon, he thought that the other party would definitely die.

Unexpectedly, after a few rounds, the extremely powerful black dragon was killed by Dustin with a single sword.

The contrast between before and after made his mind wander for a while.

Man, if I had known you were so awesome, why would I have been worried for so long?

"Grandmaster...he turned out to be a martial arts grandmaster!"

Lily Zhang covered her mouth in surprise, her beautiful eyes shining brightly.

There were shocks and surprises, but more of them were excitement and joy, as if they had discovered some treasure.

So handsome and so strong.

Young talents like this are too rare. She must seize the opportunity, even if she falls out with the Golden Blade Sect.

Although there is a martial arts master in Jindaomen, he is already over fifty years old.

Dustin, on the other hand, is only in his twenties, has a bright future, and his future achievements are limitless.

Which one is better and which one is worse, she naturally knows clearly.

"You deserve to be at the top of the list of geniuses. You are indeed amazing." Margaret curled up her lips.

She felt at ease with such a powerful bodyguard.

At this moment, Dustin stood with a sword in his hand, majestic.

Although he did not display a strong aura, in the hearts of everyone, he was already a powerful being like a god or a demon.

"Whoa!"

Dustin waved his Sky Sword, shaking off a little bit of blood. Then he walked up to Margaret without changing his expression and said, "It's time to call it a day!" "

Thank you for your hard work."

Margaret smiled slightly and followed up. Gesture: "Teams 5 and 6, peel off the skin of the black dragon and take out the inner bladder. Move quickly!"

The black dragon is full of treasures. The skin of the dragon can be used to make soft armor, which is invulnerable to fire and water. Dragon gallbladder is a great tonic, it can improve one's cultivation, so it cannot be wasted.
