

Chapter 5 Diana's Pov Alpha Nathan is a born fighter. When he appeared, the onlookers around him fell silent. Zoe was even more proud. She snuggled into Nathan's arms and looked at me provocatively as if to show off Nathan's love for her. "Who said you wanted to throw Zoe out just now?" Nathan glanced at everyone. The official standing next to me was trembling. I took a step forward and stood in front of the official. "Alpha Nathan, before blaming around, why not first ask what Zoe just said?" Nathan looked at Zoe. Zoe immediately explained, "I didn't say anything. I just told everyone that I love you very much. Maybe...maybe this sentence annoyed Diana." Zoe looked at Nathan with those innocent eyes. The ladies and young ladies surrounding her all agreed with her. "Yes, Alpha Nathan, you must not listen to Diana's nonsense. Zoe told us just now that no matter what happens, she will always be with you and never leave you." "Zoe is so kind! It was obviously Diana who slandered her." Zoe's eyes were red, and there were faint signs of tears falling. I sneered and had to admire the superb acting skills of these people. Nathan hugged Zoe tighter and looked at me with cold eyes. "Apologise to Zoe." He said coldly. I met his gaze without fear. Does he still think that I am the humble Luna who couldn't fight back or scold me a year ago? "Stop giving me orders." I sneered, "Do you need me to remind you? Alpha Nathan, we are no longer mates." Nathan frowned slightly. There was a trace of doubt in his eyes as if he didn't expect that I would contradict him in front of everyone. "Alpha Nathan, with all due respect, it was indeed your female companion who spoke rudely to Diana first. She has been ridiculing Diana." The official beside me couldn't stand it anymore, so he stood up and spoke for me. Zoe burst into tears. "I didn't!" she choked, "Nathan, I just feel it's not worth it for you. Diana would rather give up on you to be Marc's mistress... I didn't mean to belittle her." Nathan's face instantly darkened. Zoe's words undoubtedly reminded him of one of the few humiliating moments in his life. For example, I rejected him in public. Seeing that she had successfully changed the focus of the topic, Zoe raised her eyebrows happily. Then, she pretended to be tolerant and tugged on Nathan's clothes and said, "Forget it, Nathan. I don't care if others misunderstand me, as long as you believe me. I'm a little tired, and I want to go back to the room to rest." I couldn't help but roll my eyes. Zoe was clearly afraid that if she continued to stay, the truth would be revealed and she would speak harshly and ridicule me, so she left in a hurry. Interestingly, Nathan did not follow her wishes.. Instead, he let go of her waist and walked in front of me. Zoe's expression was visibly stiff. She seemed to want to step forward to stop him, but she didn't dare to disobey Nathan and could only stand awkwardly. I looked away from her and looked up at Nathan. "I wonder if Alpha Nathan has anything else to say?" I asked. "You are really becoming more and more courageous." He said in a low voice. I chuckled. "Then you really don't know me well enough. My courage is not getting bigger, but I've always been brave enough to stand up to bullies." "You mean, everything you showed in front of me in the past was just your disguise?" Nathan gritted his teeth. I raised my eyebrows and looked at him without answering. Nathan stared at me closely. His deep gaze suddenly reminded me of the night before we separated completely a year ago. The same... eyes that look like hunting. I felt flustered. But soon, I calmed down./ It's not a year ago now, and I can confront him with dignity. "It's time for you to take your beloved lover to rest. She looks very uncomfortable now."

I curled my lips. At this time, Zoe was looking at Nathan in a panic, her face as pale as paper, as if she was afraid that I would snatch away the man she had worked so hard to get. However, Nathan didn't even look back This was unexpected. Hasn't Nathan always cherished his "different" lover? "Our matter has not been resolved yet," Nathan said coldly, "What?" I raised my eyebrows, Nathan suddenly leaned close to me. The familiar scent made my body stiffen. Theard Nathan say, "I want you to apologize to Zoe," My patience ran out. "Are you deaf? You want me to apologize to a woman

who belittled me. In your dream!" Nathan scoffed. "Demeaning?" He sneered, "Isn't what Zoe said the truth? Aren't you Alpha Marc's mistress? Or do you think you are with Alpha Mare, so I can't do anything to you? Let me tell you, I His voice stopped abruptly. Just as he was questioning me, a strong arm suddenly appeared behind me, hugged my waist, and kept me from Nathan. "Alpha Nathan, you are too close to Diana!" Mare appeared at some point, his face full of displeasure at the moment. Nathan's eyes fell on Marc's arm around my waist, and the anger in his eyes grew stronger. Zoe seemed to finally be unable to hold on any longer and trotted up to Nathan's side, hugging Nathan's arm as if to declare her sovereignty. Looking at the scene in front of me, I couldn't help but feel funny. Zoe bit her red lip in anger and blurted out "Alpha Marc, today is such an important occasion, how could you let a mistress be here?" She was trying to disparage me in this way. Marc looked at Zoe lightly and asked, "I wonder, young lady, how did you get here without an invitation? Are you Dark Pack's Luna? Why don't I remember that Alpha Nathan got his new Luna?" An embarrassed look appeared on Zoe's face. "...Although I am not Luna from Dark Pack, but, I am...I am Nathan's date today." She said. "Date?" Mare's eyes mocked and he said sarcastically, "Are you a date or a mistress? I think you didn't make it clear." "I'm not a mistress! I'm different from Diana!" Zoe screamed immediately. "No? Then how do I remember that at the Pack meeting a year ago, before Diana and Alpha Nathan released their mate bond, you were already with Nathan?" As soon as Marc finished speaking, there was a discussion in the hall. "I also remember it. The woman beside Alpha Nathan a year ago seems to be indeed this Zoe!" "At that time, Diana was still the Dark Pack's Luna. According to this, Zoe is the real mistress!" Zoe's face became ugly, and she cast a pleading look at Nathan. But I don't know what's going on with Nathan. He kept staring at me with no intention of helping Zoe. At this time, April came towards us holding her pregnant belly. "What happened? Why are everyone gathered here?" April asked. Seeing April, Zoe's eyes suddenly flashed with light. "Luna, you came just in time. Diana is seducing your husband!" she shouted. April blinked, looking confused. "What seduction? Diana is our sister, biological sister!" April's light words stunned many people around her. Especially Zoe and Nathan. Nathan looked at me in surprise, his usually cold eyes full of disbelief. I pretended I didn't see it at all. Compared to his shock, Zoe's expression attracted my attention more. "How, how is it possible?" Zoe's lips trembled, "Isn't Diana a poor orphan? How can she be the sister of Alpha Marc!" Marc glanced at her coldly. Then, Marc announced loudly in front of everyone- — "The lady next to me, Diana Reist, is my biological sister. She is smart, kind, pretty, and everything nice in the world, with an Alpha bloodline. If she leaves a man, that man would be a dumbass who failed to please her. If she gets wronged, it will be Blade Moon gets wronged. If anyone dares to bully her, Blade Moon pack would make them pay to the end." As soon as he finished speaking, the ladies who had just joined Zoe in teasing me all looked frightened and trembled. April took my hand and said, "Don't bother being with those boring peeps here, a partner just wanted to see you." I nodded and was about to leave with Marc and April. Suddenly, Nathan, who had been silent all this time, grabbed my hand. "Wait a moment!" His voice was a little urgent, and he looked at me with a heavy look. "If you are not Alpha Marc's mistress then "What seduction? Diana is our sister, biological sister!" April's light words stunned many people around her. Especially Zoe and Nathan.
