

## Married At First Sight

**Married At First Sight Chapter 2960**-“Sonny, didn’t you go to your Uncle Lewis’s place today?” Remy asked Sonny.

“Uncle Lewis is not free. Auntie went to pick me up and came over to see the baby. The baby was asleep, and I didn’t see him.” Sonny said.

Sonny was articulate and spoke clearly.

Remy felt that Sonny was just like Titus.

Titus was more than a year old and was unable to speak clearly when Jane, his sister-in-law, first picked him up. But when he became fluent in speaking, he became sharp-tongued and sometimes spoke in an old-fashioned manner. Although he was over three years old now, he behaved like a little adult. He was taller and smarter than other children of the same age.

Titus had a particularly good memory, which was the most surprising thing. And when he first met Sonny, Sonny was also a little one and couldn’t speak well. Now he was just like a little ghost.

He hoped that the children he and Elisa would have in the future would be as smart as Sonny and Titus.

Ben said, “The baby is still small now and sleeps more. When he gets older, he can play with Sonny.”

Sonny hummed, “My aunt said the same thing. Uncle Johnson, are you always busy? I see Uncle Johnson every time I come to my aunt’s place.”

In Sonny’s eyes, uncle Zack, uncle Josh, and uncle Duncan were all very busy.

Duncan had limited use of his legs and feet. He had to return to the company in a wheelchair, and he was just as busy as Liberty.

But Remy was not busy. If he was busy, he would not see Remy every time he came over.

Remy smiled and said, "I'm busy, but I was worried about Elisa coming back alone, so I put down my work and sent her back home."

Sonny raised his little face and said innocently, "Uncle Johnson, you can arrange for a bodyguard uncle to follow my auntie like my uncle Zachary did. My aunt has a bodyguard uncle to follow her wherever she goes. My uncle Zachary said that this way, he can work with confidence. Also, my aunt is good at beating up bad guys. My aunt is very good, and I like her the most."

Remy smiled. "Yes, yes, your aunt is very powerful, and your aunt Eliza can also beat up bad guys, but I still want to send her back and stay for dinner, by the way."

Sonny said with a knowing expression, "Uncle Johnson, you're here to eat; your parents are not here, and there is no one to cook for you, so you only eat shamelessly at my aunt's house."

Remy burst into laughter.

Sonny was so good at talking.

He also said he was shameless.

Well, he was really cheeky too.

In the past, Mrs. Stone didn't agree with Remy and Elisa.

Every time Remy came over, Mrs. Stone would not want to see him with a sullen face, but he still stayed for dinner shamelessly.

Elisa and Serenity turned to look at Remy and Sonny, then went back to talking about their own business.

With Sonny chatting with Remy, Remy was not bored.

Remy said, "Sonny, you're so smart. I just don't have anyone to cook for me, so I sent your auntie back and stayed for dinner."

Sonny asked again, "Uncle Johnson, don't you know how to cook?"

In Sonny's impression, except for Duncan's mobility difficulties, he didn't see him cooking, but Zachary and Josh both knew how to cook.

There were also other uncles, Zachary's brothers, in Zachary's family who could cook.

Remy replied: "I can cook."

"Uncle Johnson, then why don't you cook on your own?"

Remy replied, "Eating alone doesn't taste good. Don't Sonny think that when eating, food tastes good when there are many people? Eating by yourself, even the delicacies don't taste good."

Sonny thought about how he and Liberty usually ate and how they ate in kindergarten. Despite the fact that Liberty's food was more delectable, he preferred to eat in the kindergarten because it was busy and full of kids.

Sonny nodded in understanding. "That seems to be the case."

Remy said, "So, I'm too lazy to cook for myself and eat at your aunt's house. I can also see Sonny. I really like you, Sonny."

Sonny raised her head and puffed out her chest. "There are many people who like me!"

**Married At First Sight Chapter 2958**-Serenity remembered: "Oh, yes, he is just a child. Jane's adopted son Titus, whose surname is Labbe, is still a child. I remembered that last time Jane and her husband brought Titus over to play, Josh told Zachary that a powerful boss appeared in Wiltspoon, but he left quickly, and he didn't find out where he was from or what his last name was."

Thinking of Titus's life experience, Serenity used her imagination to ask, "Auntie, do you think it's possible that that person came to Wiltspoon to find someone to be his chess piece to lay out something in Wiltspoon?"

Mrs. Stone said, "That's not right. He wants to make plans and do something. He shouldn't be at Wiltspoon. He should go to Annenburg."

If it were for Titus, it really shouldn't be deployed in Wiltspoon.

Also, if the powerful boss who suddenly appeared last time was targeting Titus, he would have taken action long ago. Titus's enemies didn't even pay attention to the Johnson family.

They're just afraid of the worldly experts behind Dr. Carden.

Mrs. Stone didn't know Titus's life experience; she couldn't understand it, and she didn't take it to heart, so she said to Serenity, "If you don't understand it, forget about it. Do not think about it. It could be after a few meetings or just by chance.

If you still want to meet her next time, you might as well ask her for her contact information, keep a distance, slowly get to know her, and get to know her clearly. Regardless of whether she has a relationship with Carrie or not, after getting along for a long time, the flaws will always be revealed. But, Seren, you must pay attention to safety and protect yourself and the child in your belly."

Serenity nodded and said, "Auntie, I can do it. Mrs. Labbe always brings a bodyguard with her, and I always go out with a bodyguard. I also have the ability to protect myself."

"It's best to let Camryn find the loopholes. She is most familiar with her and can find the loopholes most easily."

Mrs. Stone said, "Camryn's vision has not fully recovered yet."

Sonny ran over at this time and threw herself into Mrs. Stone's arms.

"Sonny, what's wrong?" Mrs. Stone picked him up and asked with concern.

"Auntie, I want to eat." Sonny touched his belly sheepishly.

Mrs. Stone smiled and said, "Dinner is not ready yet. How about Sonny eat some snacks to cushion his stomach?"

With that said, Mrs. Stone took a piece of snack to Sonny.

Sonny didn't answer, and he said, "I played with toys and haven't washed my hands yet. Auntie, I'm going to wash my hands."

Mrs. Stone put him down and asked him to wash his hands.

After Sonny walked away, Mrs. Stone said to Serenity, "That person doesn't affect your life, so don't think so much about it."

Serenity nodded, and she also took a piece of snack to eat.

After eating some snacks and other snacks, she said, “Elisa’s mouth is trustworthy. These things are so delicious.”

**Married At First Sight Chapter 2959**-While talking, Serenity heard the voices of Elisa and Remy talking.

“Elisa is back.” Serenity said.

When Sonny heard that Elisa was back, he immediately ran out, holding the toy he was playing with.

Worried that Sonny would fall, Serenity quickly got up and followed him.

Mrs. Stone didn’t follow them. She just sat on the sofa, turning her head and looking at Serenity’s back with a smile.

Suddenly, she stopped smiling. Her smile disappeared because she thought of her mother, who died long ago. It would be great if her mother was there.

She wondered if her mother’s former assistant was still alive.

Her mother’s assistant was a very key figure. Looking for him, they all used their available contacts to look for him, but there was no news.

After all, many people had no impression of the old assistant. She still vaguely remembers it, and she didn’t know if the portrait she drew based on her memory was correct.

The Matriarch Farrell family had not given up looking for her old assistant for decades, but she had not found him yet.

Matriarch Farrell was even more impressed by the assistant.

Furthermore, if the assistant is still alive and very old, she wonders if he recalls what happened that year.

Mrs. Stone sighed in her heart, and soon her eyes were firm again, and she said silently in her heart, Mom, I will definitely avenge you, and I will take back what belongs to us! Mom, you have a spirit in heaven, and you must keep your granddaughter, Liberty, safe and sound in Jiangcheng, and I hope that she can regain everything that belongs to us.”

Whenever she thought of her mother, Mrs. Stone felt heavy.

Outside of the house, Elisa had already picked up Sonny, who was rushing towards her.

She hugged Sonny happily and spun around twice.

Sonny was so amused that he laughed and shouted, "I want to lift it high, lift it high."

Elisa turned around and stuffed Sonny into Remy's arms and said with a smile, "If you want to lift it high, let your uncle Johnson do it. I'm not that strong."

Remy satisfied Sonny's request to hold the title high.

Sonny laughed until his mouth was tired.

Remy still hugged Sonny and spun him around several times. Elisa laughed at the side and said, "Remy, please stop spinning around; Sonny will feel dizzy."

Sonny laughed and said, "It's fun. I don't feel dizzy."

Remy let Sonny go.

Serenity came over and said, "What brought you two back together again?"

Elisa was originally with the company.

Elisa responded, "Nothing happened; I just went to Remy Company to sit for a while, and then he followed me back. I really didn't follow him back; he insisted on following me back."

Remy smiled innocently and said, "I don't trust you."

"Why don't you worry? My driving skills are very good. I'm an experienced driver."

Serenity said, "Elisa, just have fun secretly; Remy loves you dearly."

She stepped forward, took Elisa's arm affectionately, and greeted Remy: "Come in."

Remy naturally took Sonny's little hand and followed them into the house.
