An Understated Dominance by Marina Vittori Chapter 2198

# Chapter 2198

Facing the attack of the three killers, Dustin did not dodge, he just raised his foot and lightly stomped on the ground.

“Boom!”

There was a muffled sound, and a deep footprint was directly stepped on the ground.

At the same time, a powerful energy burst out from Dustin’s body, and soon formed a translucent protective shield in front of him.

The swords of the three killers just hit the protective shield.

“Buzz~!”

Accompanied by a roar.

After the three swords hit the protective shield, they still extended forward for more than three inches, but they did not penetrate the protective shield.

Dustin’s protective shield was like a steel mesh, extremely tough.

Even though he was deformed by the sword, there was still no damage.

“What?!”

Seeing that the attack was ineffective, the man in black couldn’t help but change his expression.

Since taking the secret medicine some time ago, he has broken through to the realm of Grandmaster, coupled with the two half-step Grandmaster level experts around him, and the black iron sword in his hand.

Normally, unless Dustin had some extremely defensive protective equipment, it would be impossible to block their swords.

But now, Dustin didn't have any defensive gear, and he easily defused their attacks with his own protective energy, which was really scary.

How powerful is this guy?

"Break it for me!"

The man in black didn't give up. He roared angrily and immediately mobilized all his energy to thrust forward with greater strength, trying to break Dustin's defense.

The other two killers assisted in the attack.

"Buzz~!"

The three swords began to vibrate crazily, and countless sharp sword energies began to continuously impact the protective shield.

The tip of the sword, covered with a translucent protective shield, was extended forward an inch again.

It was only one foot away from Dustin's chest.

The three killers gritted their teeth, clenched the handles of their swords with both hands, and kicked their legs hard on the ground, trying to increase the impact.

But even though the ground was beaten to pieces, even though the three of them were sweating profusely and panting, there was still no sign of damage to the protective shield.

Dustin just stood there quietly, without moving at all, with a calm expression on his face.

After the two sides were in a stalemate for about a minute, Dustin finally made a move.

He slowly raised his hand and flicked the protective shield in front of him.

“boom!”

There was a loud bang.

The protective shield exploded on the spot, and a powerful shock wave erupted instantly.

The three swords were directly shattered into pieces, and the three killers were also thrown away more than ten meters, and then fell heavily to the ground, vomiting blood.

I couldn't get up for a while.

“With your strength, you shouldn't be able to kill Kuang Chao. It seems there is a more powerful killer behind you.”

Dustin stood with his hands behind his hands, looking down at the three killers.
