An Understated Dominance by Marina Vittori Chapter 2199

Chapter 2199

Dustin stood with his hands behind his hands, looking down at the three killers.

Although Kuangchao is a bit arrogant, he has superb swordsmanship and advanced cultivation. He is already a master at a young age.

But among the three people in front of them, only the man in black had barely managed to become a master. The other two assassins were far from breaking through the shackles.

Even if the three of them put together, it would be impossible to kill a genius with such profound knowledge as Kuang Chao.

“You...you are so powerful? Who are you?!”

The man in black covered his chest with a look of horror on his face.

Just one blow caused the three of them to be seriously injured and vomit blood. The strength of the person in front of him was far beyond his expectation.

“What? Didn’t you investigate me before you took action?” Dustin asked back.

“Of course we know your deeds of lifting the cauldron, otherwise the organization wouldn’t have sent the three of us to attack at the same time, but we didn’t expect...”

The man in black hesitated to speak.

“I didn’t expect that I’m a piece of iron that you three can’t kick?” Dustin smiled half-heartedly.

The man in black did not answer, his expression was uncertain.

I have to admit that it was the organization’s error in judgment that led them to underestimate the enemy.

If I had known that the person in front of me was so difficult to deal with, I should have sent that monster to take action.

“Okay, I won’t talk to you either. Now you only have two choices, either take the initiative to confess, or I will use severe punishment to force you to speak. Take your choice.” Dustin said in a cold tone.

“Hmph! Do you think you have won? To tell you the truth, any target we are targeting will never survive!” The man in black laughed ferociously.

Then he suddenly took out the flare from his arms and pulled it towards the sky.

“Boom~~Bang!”

The red flare shot straight into the sky a hundred meters high, and then exploded.

A group of gorgeous fireworks blooms in the night sky. It is beautiful and lasts for a long time.

In an instant, everyone within a ten-mile radius was attracted by the fireworks.

At the same time, a dozen black figures lurking near Longhu Mountain began to gather from all directions toward the point where the fireworks exploded.

These are all killers hiding in the dark.

“Signal for help?”

Dustin raised his head and looked at the fireworks blooming in the sky, with a sneer appearing on the corner of his mouth.

He was thinking about how to wipe out this killer organization.

It’s okay now. Once the signal flare goes off, he doesn’t need to take the initiative to look for it. The killers will come to the door themselves.

“Boy! This is the signal flare of our organization. As long as it is sent out, all members will move closer immediately. If I were you, it is time to escape at this time, otherwise once our reinforcements arrive, you will only die!” Black-clothed The man snapped.

Naturally, he didn't say this out of kindness to remind rhys, but purely to save his own life.

You can't defeat them with a fight, now you can only rely on scaring them off.

“To be honest, I didn't know where to look for you at first? But there's no need to worry now, because you've already thrown yourself into the trap.” Dustin smiled slightly.

“Boy! Don't be too arrogant! I know you have some abilities, but there are so many masters in our organization, and there are countless people who are better than you. With small characters like you, you still want to destroy our organization? You are really asking for your own death!” The man in black said Full of disdain.

They dare to cause trouble near Longhu Mountain, so they naturally have strong strength and confidence.

If they can't even deal with the kid in front of them, how can they fight against the entire world?

How to achieve great things?
