

## An Understated Dominance by Marina Vittori Chapter 2205

An Understated Dominance by Marina Vittori Chapter 2205

### Chapter 2205

After hearing the order, more than a dozen killers rushed forward with swords in hand without any hesitation.

These killers are very fast and extremely flexible. They can move around and jump up and down, making it difficult to catch their traces.

Irregular movements like this are specially used to restrain long-range strikes. Killers who have been trained by the devil have almost become instinctive.

“Brothers! Kill me!”

When the killers launched their attack, the warriors hidden around them also drew their weapons and rushed out.

“Fight them!”

Yan Buqi shouted, holding a bladed folding fan, and rushed forward.

Liu Rushuang and the others followed closely behind, forming horns with each other and forming a simple attack formation.

The sudden ambush caused a brief confusion among the killers, but they quickly stabilized the situation.

Quickly divide the personnel into two groups, one in front and one in back, and kill the enemies in the front and back respectively.

The battle between the two sides broke out instantly.

In the entire scene, only two people remained motionless, watching what happened.

One is Dustin, and the other is the lion standing on the roof.

The two looked at each other in the air, filled with murderous intent.

An invisible coercion emanated from the two of them, and the air within a ten-meter radius seemed to freeze.

“Kill, kill, kill! Let these guys taste our power!”

A young warrior brandished a long sword, roaring and roaring, releasing his power to his heart's content.

However, the next second, there was a flash of sword light, and a black-clothed killer passed directly through him.

Immediately afterwards, the young warrior's body stiffened, his eyes widened, and the knife in his hand fell to the ground with a clang.

What fell at the same time as the long sword was the head of the young warrior.

The battle between the two sides was tragic.

Although the killers are few in number, they are strong in strength, and they have been trained by the devil. They are not afraid of pain or death, and they are sure to kill with their first move.

On the other hand, most of the warriors in the Dragon Kingdom are relatively young, lacking in strength and combat experience, and they all rely on passion.

After the fight, they quickly fell into a disadvantage and the situation was not optimistic.

“Um?”

Seeing this situation, Dustin couldn't help but frown slightly.

Killers are generally good at sneak attacks. Unexpectedly, these people's frontal combat capabilities are very good.

If the fight continues like this, the warriors will soon be exhausted.

Dustin didn't hesitate, grabbed a long sword from the ground with one hand, and then turned into an afterimage and rushed towards the battlefield.

"Boy! Your opponent is me!"

As soon as Dustin moved, the lion also moved.

I saw the lion taking a step forward, and his whole body rose into the air like a cannonball.

He then held the sword in both hands and slashed at Dustin from the air.

"Whoosh~!"

A fiery red sword light burst out, drawing a long trace in the air.

In an instant, the whole street lit up.

The sword light was more than ten meters long, like a giant blade holding up the sky. It was so fast, and like a meteor falling to the ground, with unstoppable power, it pressed heavily against Dustin.

"Brother Dustin, be careful!"

Seeing this scene, Yan Buqi and others changed their expressions.

They really didn't expect that the lion had such terrifying strength.

This sword strike was simply devastating!
