An Understated Dominance by Marina Vittori Chapter 2207

Chapter 2207

Seeing that two capable generals were slaughtered, the lion roared again and again, kicked his feet violently, and rushed towards Dustin like a cannonball.

Every time he takes a step, he will leave a deep footprint on the ground.

The explosive power is amazing.

“die!”

After getting close, the lion held a giant sword in both hands and struck Dustin on the head.

This sword’s light was restrained and did not spill out at all, but it was extremely sharp and heavy.

Wherever the sword passed, even the air began to twist, and the ground seemed to be unable to withstand the pressure and kept trembling.

However, facing the lion’s attack, Dustin didn’t even look at it, and didn’t even turn his head. He just raised his sword and swiped back.

“Qiang!”

The thin sword and the giant sword collided together, sending out a shower of sparks.

At the same time, a powerful energy suddenly erupted, sweeping around like a landslide and tsunami.

Dustin was blown away so much that his clothes rustled and his hair stood on end, but his whole body remained motionless.

On the other hand, the male lion grunted, his burly body retreating continuously from the impact, and even the hand holding the sword trembled unconsciously.

“How can it be?!”

The lion’s pupils shrank, his face showing shock.

As for the first move, sword light versus sword light, Dustin used his arrancar to gain the upper hand with his skills.

So the sword-to-sword competition just now was a real collision of cultivation and strength.

He is born with supernatural power, so he uses a giant sword. He fights extremely fiercely, especially when fighting, he is invincible.

He thought Dustin would be killed or disabled with one strike of his sword, but he didn’t expect that the other party would knock him back several meters with a casual strike of his sword.

This is enough to prove that Dustin’s power is superior to him.

“die!”

After forcing the lion back with one sword, Dustin did not hesitate and used his sword again to slash at the killer in the crowd.

“Whoa! Whoa!”

I saw two sword lights flashing by, and before the two killers in black could react, they were torn into pieces by Dustin’s sword energy.

“Ahhhhh~! I’m going to kill you!”

Seeing his subordinates being cut into pieces, the lion couldn’t help but get angry.

He didn’t care, he picked up the giant sword and started to attack crazily.

The giant sword, which was more than two meters long, was waving in his hand, causing strong winds.

It blew sand and rocks in a radius of ten meters, and smoke and dust were everywhere.

Even Dustin's offensive was stopped.

“Storm Sword Dance!”

The lion roared, and his body suddenly began to spin, spinning in circles along with the giant sword.

Near its body, sword shadows formed out of thin air.

The lion spun faster and faster, like a top.

The giant sword in his hand turned into a tornado.

The storm was composed of sharp sword energy. It was initially more than ten meters high and expanded rapidly.

Wherever it passes, it is destroyed and no grass can grow!

Even the ground was cut with deep marks.

“What...what is this?!”

“Quick! Get out of the way! Don't touch it!”

“ ... ”

Seeing the terrifying tornado, everyone was frightened and scattered.

There was a warrior who couldn't dodge, and was sucked into the tornado for just a moment.

In an instant, the terrifying sword energy around him was like a meat grinder, directly cutting the warrior's body into pieces.

Only blood and broken flesh were left on the ground.
