

An Understated Dominance by Marina Vittori Chapter 2208

An Understated Dominance by Marina Vittori Chapter 2208

Chapter 2208

At this moment, the lion, with its man and sword, directly turned into a terrifying sword storm.

Wherever the storm swept through, no matter whether they were people or objects, they were all strangled to pieces and no one was spared.

The two parties, who were originally fighting fiercely, were frightened by the blade storm and fled in all directions, forcing a truce.

An indiscriminate attack like this doesn't distinguish between friend and foe at all. It will kill you if you touch it, and no one dares to get close.

“Hua Hua Hua...”

The blade storm was getting faster and bigger, sweeping towards Dustin with a devastating force.

“Um?”

Dustin raised his eyebrows, quite surprised.

This move of the male lion has already exerted a lethality that exceeds its own cultivation. If it is put on the battlefield, it will definitely be a big killer.

Of course, even if it is one-on-one, few masters of the same level can withstand it.

It has to be said that the Lions do have two brushes.

“Cross cut!”

Facing the storm of roaring swords, Dustin did not hesitate, raised his hand and struck out with two swords.

“Whizzing!”

Two white sword lights shot out of the air at the same time, slashing towards the blade storm in a “cross” shape.

“boom!”

There was a loud bang.

The energy surged and the sword energy flew everywhere.

Dustin’s cross-shaped sword light instantly burst out with a large number of sparks when it came into contact with the blade storm.

At the same time, powerful shock waves swept around like landslides and tsunamis.

Wherever he passed, the sky was dark and the earth was dark, with flying sand and rocks.

The men and horses on both sides were forced to retreat continuously, not daring to get close at all.

After a few breaths, when the storm gradually subsided, within a radius of thirty meters, there was already a mess.

A deep funnel-shaped pit was drilled out of the originally hard rock ground.

At this moment, Dustin stood expressionlessly on the edge of the pothole. He was dressed in white clothes that were better than snow and not stained by dust. He looked elegant and a bit like a good man from a troubled world.

On the other hand, the male lion stood in the pit in ragged clothes, panting.

The giant sword in his heavy hands was inserted in front of him, still trembling slightly because of the remaining strength.

The most shocking thing is that at some point, a “cross”-shaped blood mark appeared on the lion’s chest.

The blood marks were so deep that the bones could almost be seen, and blood was constantly overflowing from the wounds.

Obviously, in the previous confrontation, the Lions were defeated and seriously injured!

“What? How could this happen?!”

The man in black’s eyes widened and he was shocked.

You know, the lion is not only the leader of the lion group, but also the gold medal killer within the organization.

He is so strong that he can be ranked among the top five in the organization.

He thought that when the lion used the Blade Storm trick, it should be able to cut Dustin into pieces.

Unexpectedly, Dustin not only broke the lion’s blade storm with just one move of cross slash, but also seriously injured him.

He really couldn’t accept this result.

This kid in front of me is only in his twenties, how could he be so powerful?
