An Understated Dominance by Marina Vittori Chapter 2209

Chapter 2209

This kid in front of me is only in his twenties, how could he be so powerful?

Even those monsters on the Prodigy List are nothing more than that, right?

At this moment, not only the man in black was shocked, but also all the killers showed horrified expressions.

They really didn't expect that the team leader, who had always been invincible, would lose, and he would lose so miserably.

"Hahaha...good! Good fight!"

After a brief silence, Xu Yang suddenly burst out laughing, looking extremely excited.

These killers in black are so fierce. Although they have a large number of people, they do not have any advantage in fighting, but they are at a disadvantage.

Fortunately, Dustin's strength was astonishing, and he defeated the killer leader, which undoubtedly greatly increased their morale.

"As expected of Brother Dustin, he has never let us down." Yan Buqi breathed a sigh of relief.

"I have to admit, this guy does have something." Liu Hongxue nodded with satisfaction.

Her initial dislike for Dustin has gradually turned into appreciation.

"Wait! Have you noticed that there is something wrong with the killer leader?"

At this time, Liu Rushuang seemed to see something, and her expression suddenly became solemn.

“Something’s wrong? What’s wrong?” Liu Hongxue was a little surprised.

“Of course there is something wrong with the two sword marks on the chest that are so big. That guy is just at the end of his strength.” Xu Yang didn’t take it seriously.

“No! Rushuang is right. The killer leader is indeed a bit weird. His momentum is still rising and has not weakened at all.” Yan Buqi’s eyes narrowed and he quickly saw the clues.

Normally, after being seriously injured, the momentum will be greatly weakened accordingly.

But the lion is just the opposite. His momentum does not decrease but increases, and he feels like he is about to explode.

“Hehehehe...hahaha...”

At this time, the lion suddenly laughed, and his voice gradually turned from low to unbridled and rampant: “Boy, I admit that you are very strong, stronger than any opponent I have ever encountered. Under normal circumstances, I am not your opponent. “

As the male lion spoke, he put his hands and fingers to his forehead and slowly combed his messy golden curly hair back, revealing a mixed-race face.

His facial features are strong and handsome, and his temperament is somewhat evil.

“Now, I can only say that you are honored to see me in another aspect.”

“To show my respect for you, next, I will release the restrictions and use my most powerful form to fight you happily!”

The lion grinned and his eyes gradually changed.

Its originally blue human eyes quickly turned into yellow animal eyes, appearing violent and bloodthirsty.

Seeing this scene, the warriors of the Dragon Kingdom did not react at all.

On the contrary, the black-clad and masked killers began to retreat quickly, away from the battlefield, as if they were facing a formidable enemy.

Outsiders don't know, but they know very well that in the next period of time, the team leader will show an extremely crazy and terrifying side.

By then, a disaster will befall this place.

Countless creatures will be destroyed as a result!

"What happened? How did those killers escape?"

"Could it be that you were scared out of your wits? You knew you were outmatched, so you ran away?"

"Something's not right, I feel weird."

Seeing the killers fleeing the scene, the warriors looked at each other in confusion.

However, at this moment, a shocking scene happened.
