An Understated Dominance by Marina Vittori Chapter 2213

# Chapter 2213

By this time, the lion's broken arm had completely grown out.

Just like before, still very strong.

After the lion scratched the ground with its newly grown paws, it pounced on Dustin again without any hesitation.

Dustin took a deep breath, slowly raised the sword to his chest, and then his body shook, and Xuanqing's true energy spurted out instantly.

"boom!"

There was a crack in the air.

Centered on Dustin's feet, a powerful wave of air suddenly erupted, sweeping around like a stormy sea.

In an instant, the lion's body trembled, and he felt a terrifying coercion, like a mountain, hitting his back, causing his sprinting speed to greatly decrease.

"Breaking the military!"

Dustin showed his true strength, and his aura changed drastically.

Just a little step was seen, and the sword and man merged into one, turning into a sharp sword light, piercing the lion's chest.

"Whoosh!"

I saw a flash of light and shadow, Dustin and his sword penetrated the lion's body in an instant.

A large bloody hole was left on his chest.

The charging lion's body trembled, and then fell to the ground.

The huge inertia caused its huge body to slide along the ground for more than ten meters before slowly stopping.

On the bluestone ground, a long blood trail was drawn.

"The knot... is over?"

"Holy shit! Is it true? Was the monster killed?"

"What a fast sword! What a sharp attack! It's so powerful!"

"..."

The lion fell to the ground, causing the entire scene to explode.

No one expected that Dustin could win against such a terrifying monster, and he could win so easily.

A simple sword strike completely ended the battle.

It's really powerful.

So the question is, who is the real monster?

"Wait! The monster is not dead yet, I saw it move!"

"No way? Even the heart is gone, how can it still survive?"

"It's moving, it's moving! It's really moving!"

Accompanied by bursts of exclamations, the body of the lion lying on the ground began to twitch non-stop.

The washbasin-sized wound on his chest was healing at a speed visible to the naked eye.

The sudden change shocked everyone.

They never dreamed that the lion with his chest pierced and his heart destroyed would still be alive.

Moreover, it is still recovering quickly.

What the hell—it's simply appalling!

At this moment, not only the warriors were shocked, but Dustin also felt that it was a bit outrageous.

Is there such a creature in the world that can still survive after its heart is destroyed?

Dustin held his sword and slowly walked up to the lion, looking down at him.

Yes, the lion's heart is indeed gone, but its body functions are still recovering quickly.

This goes beyond biology.

"I don't believe I can't kill you!"

Dustin raised his sword again and slashed at the lion's head.

You can still live without your heart, but what will happen if your head is destroyed?

"Keep someone under the sword!"

Just when Dustin was about to kill him, a loud shout suddenly exploded out of thin air.

At the same time, three ice needles came out of the air and pierced Dustin's three important points.
