An Understated Dominance by Marina Vittori Chapter 2216

Chapter 2216

Wei Yuxian had a natural birth. The birth went smoothly and there were no physical problems. The two babies were also very healthy. After staying in the hospital for another three days, they were able to be discharged and go home to recuperate.

Although it is much more convenient in the hospital, the care is ultimately inferior to that at home. In addition, people who give birth naturally can be discharged from the hospital in two or three days.

After returning home, Wei Yuxian was treated like a golden pimple.

Fu Xuanyi also stayed with her in the hospital for three days before going to work in the company. If possible, he would even like to spend more time with Wei Yuxian.

However, he couldn't be absent from the company for too long, so he had to go to work every day. But every day, he would leave work half an hour early, just to come back quickly and see the person he missed.

At three o'clock, Wei Yuxian felt much better and began her official confinement period.

The two babies have also become better-looking. The one with white and tender eyes and nose is very cute!

Wei Yuxian liked Shishi and Zhizhi very much. She would look at them every time, hold them in her arms and kiss them on the face.

Fu's father and Fu's mother are reluctant to leave here anymore, and the Fu family's old house is now empty.

Their grandchildren are all here, how could they be willing to leave?

In the evening, Fu Xuanyi, who had worked the first shift at the company, got off work early, drove as fast as he could, and returned home to Zheng as quickly as possible.

As soon as he entered the door, he asked: "Where is Madam?"

Aunt Fu said with a smile on her face: "The madam and the young master are in the room, and the old lady is also up there."

Fu Xuanyi said "hmm", changed his shoes, washed his hands, and went to Wei Yuxian's room.

The steps were a little hurried, wanting to see his obedience as soon as possible.

He opened the door and walked in. Sure enough, he saw the person he missed most in the room, and his mother and two children were also inside.

When Wei Yuxian saw the person coming back, she turned her head, a smile appeared on her face, and shouted: "Axuan."

"Yeah." He walked in, called "Mom" and sat down next to Wei Yuxian.

Wei Yuxian was chatting with the old lady in the room, while Shishi and Zhizhi were sleeping in their own beds.

The two guys were still holding hands together, a subconscious move.

Wei Yuxian never wanted to be separated from her two children for a moment. She wanted to see them every moment, even if they fell asleep.

Maybe it's because she just became a mother, and she really doesn't want to leave her two babies!

If it weren't for the fear of rolling over and crushing the two babies when she went to bed at night, she would have wanted to put the babies into bed and sleep together!

Fu Xuanyi took Wei Yuxian's hand into his own, played with it carefully, and asked, "Are you feeling uncomfortable today?"

Wei Yuxian shook her head, without pulling her hand back, and said, "I don't feel uncomfortable anymore. Everything is fine."

“That’s good.” Fu Xuanyi said, “Is the baby good?”

Wei Yuxian recalled the current situation of the babies and said, “Zhizhi cried five times, cried four times from time to time, and slept most of the time.”

“Are you tired?”

“I’m not tired. I don’t look at them all the time. I take a nap.” She replied one by one.

Seeing them getting along so peacefully, Fu’s mother was very pleased and said, “Don’t worry, A-Xuan, can you still make Yuxian tired at home? We are watching.”

“Thank you for your hard work, Mom.”
