An Understated Dominance by Marina Vittori Chapter 2224

Chapter 2224

“Ah~!!”

At this time, the lion roared again.

Then, as if going crazy, he rushed directly towards the female disciple in white.

Although the lion’s transformation into a beast can break through physical limits and greatly increase strength, it has a huge drawback.

That is easy to go crazy.

Especially when the body is seriously injured and the mind is not strong, there is a high probability that the animal nature will devour the human nature.

At that time, even if it returns to human form, it will behave like a crazy beast.

It was obvious that the current male lion’s brain had been taken over by animal nature, and he instinctively pounced on the female disciple in white who had just attacked him.

“Mr. Dong! Save me!”

Seeing that the situation was not good, the female disciple in white immediately shouted for help.

The lion’s palm blow just now had damaged her internal organs. She couldn’t move now and had no ability to protect herself.

“Stop being so arrogant!”

After being slightly startled, Dong Qianqiu reacted immediately.

Just a little step away, he flashed in front of the female disciple in white, and then slapped the charging lion fiercely.

The lion did not dodge and continued to charge forward. When Dong Qianqiu was slapped, his nails also scratched several blood marks on his body.

“boom!”

There was a muffled sound.

The mad lion was sent flying more than ten meters away by Dong Qianqiu’s palm.

Dong Qianqiu was also forced to take two steps back, secretly frightened.

Although he had the upper hand, he was almost disemboweled just now.

He didn’t expect that the lion’s finger strength was so strong, and it easily broke through his defense.

You know, the current male lion is extremely weak, far inferior to its previous state after animal transformation.

Even so, the Lion can pose a threat to him, which shows how strong the opponent is.

“Ah~!!”

The repulsed lion ignored it and still roared and rushed forward.

But this time, the target changed from the female disciple in white to Dong Qianqiu.

The instinct of the beast told him that Dong Qianqiu was more threatening to him.

“presumptuous!”

“Be bold!”

At this time, the people from Longhu Mountain finally moved.

I saw two Longhushan disciples wearing green Taoist robes suddenly jumped out from the crowd, and then attacked the lion one from the left and one from the right.

The two men were about thirty years old and had average looks, but their strength was extraordinary. They were both master-level experts.

Individually, they are no worse than Dong Qianqiu. Together, they are even more invincible.

“Ah~!!”

The lion roared angrily, its claws like knives, and suddenly grabbed the two Longhu Mountain disciples.

The two Longhushan disciples did not dodge, and a layer of golden light suddenly appeared on their bodies, blocking the lion’s attack.

Then the two of them grabbed the lion’s left and right shoulders, pulling and twisting.

“Click! Click!”

With just two crisp sounds, the lion’s arms were instantly dislocated and hung down helplessly.
