An Understated Dominance by Marina Vittori Chapter 2265

The second round started soon.

There are eight arenas and eight games taking place at the same time.

Compared with the auditoriums in other directions, Huang Yinyin's side was undoubtedly much more lively.

There were nearly a hundred people gathered in front of a large table, most of whom had placed bets.

When the game started, the people in the audience were more excited than the players on the stage.

Shouts and cheers came and went, one wave after another.

Everyone who bets is cheering for the player they like, shouting at the top of their lungs.

Because now, for them, it is not just about having fun, but also about their own interests.

If you win, you will have the opportunity to earn a lot of spiritual stones, if you lose, you will lose blood.

Under such a premise, they couldn't help but be excited.

Time passed little by little, and the atmosphere at the scene became more and more intense.

Among the eight arenas, two arenas have already decided the winner early.

The winner is cheering and excited, while the loser is upset and regretful.

Although they live in the same environment, their joys and sorrows are different.

"No. 68! Attack, attack! Attack quickly! Don't give your opponent a chance to breathe!"

Xu Yang shouted excitedly in the audience, his face was a little red, and his whole body was full of enthusiasm.

“Come on, come on! Come on, No. 68!”

Liu Hongxue, who was next to her, seemed to be infected as well, her face turned red and she kept waving her fists.

The focus of the two men’s attention was contestant No. 68 on stage eight.

This man was tall and tall, holding a mountain ax in his hand, and when he swung it, he was powerful and unstoppable.

His opponent was a man in his thirties, his weapon was a broadsword, and his fighting style was also fierce.

Generally speaking, warriors who use broadswords are more powerful, and can open and close widely, and few weapons can fight head-on.

However, the mountain ax is an exception.

The mountain ax is a weapon that completely sacrifices flexibility and flexibility. It is famous for its powerful force and heavy weight. It can be said to be invincible when faced head-on.

Unless one is truly born with divine power, few people would use such a cumbersome weapon.

If the mountain ax is used against a light weapon that focuses on dexterity, then it may not necessarily gain any advantage.

But it just happened that the mountain ax met the broadsword. It can be said that the eldest brother meets the second brother, but it happened to be one end.

Moreover, player No. 68 is stronger than his opponent in terms of size and strength.

So he kept fighting and soon gained the upper hand.

It’s all about chasing the opponent and slashing them with explosive force.

The man who used the knife was beaten back and forth, and could only barely parry.

Finally, after holding on for several minutes, the man was cut off from the ring by contestant No. 36, even with a knife.

This time, player No. 68 won.

“Hahahaha... win, win! We won!”

Seeing that contestant No. 68 successfully won, Xu Yang jumped up with excitement, looking particularly excited.

“Great, great! Now we have won back all our capital and profits!” Liu Hongxue was very excited.

This feeling after winning the bet is so wonderful.

“How about it, junior sister, senior brother didn’t lie to you, did he? I told you, contestant No. 68 will definitely win!” Xu Yangzhi said with a proud smile.

“As expected of senior brother! You really have good eyesight!” Liu Hongxue gave a thumbs up.

The previous haze disappeared in an instant, replaced by the anticipation for the next gambling game.
