

## Chapter 1023 Bloodbath In The Sky Orchid Garden

Carsen's death was just the beginning. This group of Primogem Warriors wantonly started a bloodbath in the Sky Orchid Garden.

No one was spared, and no life remained.

When Yesenia brought Asher back, she didn't notice anything unusual. But to her surprise, a group of men in black suddenly surrounded them and slowly forced them into a corner.

Since she was cornered, she had nowhere to retreat. She looked at them in a panic, but she still firmly protected Asher behind her. She struggled and snapped, "Who the hell are you? What do you want from us?"

One of the men in black grinned hideously and replied, "You are Liam's mother-in-law, right?"

When Yesenia heard the man mention Liam's name, she felt a little confident. She said coldly, "Since you know that, how dare you still come here at will! Get out of here!"

"We will get out of here after we kill Liam's mother-in-law."

As soon as the leader of the men in black said this, he

waved his hand to his men, hinting at them to make  
a move.

While watching the men in black swarming towards  
her, Yesenia's face turned pale.

She finally realized that this group of people had  
come here for her and Asher.

Yesenia couldn't help looking at the innocent Asher.  
He was still unfamiliar with how cruel the world was.  
It was rare for her to do something for others. But this  
time, in despair, she decided to sacrifice herself and  
let Asher run away.

However, her effort was in vain.

The men in black enjoyed the pleasure brought to  
them by their two preys. They let Asher run away  
slowly while beating Yesenia to death.

While running, Asher stopped and looked back, only to  
see Yesenia lying in a pool of blood. Although he was  
still young, he understood what it meant. This scene  
stimulated him, and his face turned pale.

Before Asher could move again, the leader of the men  
in black grabbed him. He tore off the mask on his  
face and smiled strangely. "Little bastard, don't blame  
me. If you want to blame someone, it should be your  
father."

Half of his face looked normal, while the other half  
was deformed, making him look ferocious.

This man was Tyler Riley. He was the one who had been made disabled by Liam before.

Liam was in the Hoffman family's house in Pleeyson.

After dealing with the matters of the Hoffman family, he felt the anger that had accumulated in his heart for a long time was released a lot.

He stayed in the mourning hall with his grandfather's coffin for a long time before returning to his room.

As soon as he opened the door, he saw Julie in a sexy uniform, accentuating her perfect curves. She was sitting on the couch, waiting for him.

When Julie saw Liam, she quickly stood up, causing her plump breasts to shake. She knew Liam's current mood, so she slowly approached him and comforted him in a soft voice, "Don't feel sorry for those people. They don't deserve it. Let's just be happy that the Hoffman family was finally purged of those scums. If your grandfather is still alive now, he will definitely support you. I know he's happy watching you from heaven at this moment."

After saying this, Julie leaned on Liam's shoulder and kissed his neck.

"Thank you, Julie. I feel fine now," Liam replied.

This way of comforting was effective for Liam.

He stroked Julie's cheek and gently kissed her. The haze in his heart dissipated.

Julie quickly responded. She also began to fondle him. She reached out, grabbed his cock, and gently caressed it.

She exhaled next to his ear, and her warm breath sprayed on his earlobe.

Liam was a hot-blooded man. So, Julie's teasing immediately excited him. He was turned on all of a sudden.

He was a little surprised when he looked at her face and saw her seducing look. Liam was not sure why Julie suddenly acted like this. Was this because she had been irritated by Shayla last time?

Julie raised her head and said gently, "Forget all the trouble. The night is good, so let's enjoy it. We won't have this opportunity again once Asher is here."

Upon hearing these words, Liam's furrowed brows gradually relaxed.

He had desires just like other men. So, he didn't think of anything else anymore. He lowered his head and kissed Julie. Then, he reached out and slowly caressed her skin under her clothes.

Finally, they took off their clothes one after another and enjoyed the pleasure of lovemaking.

They had no idea that someone was outside the room

at the moment.

Shayla heard Julie's coquettish moans, and she was boiling with anger.

"Damn! Doesn't she know how to restrain herself? Has she forgotten I'm still here?" Shayla muttered in anger.
