

Chapter 1101 Zephyr Ape

The violet punch sent Mateo sprawling. Laura, standing beside Liam, noticed something strange. Several small purple dots glowed brightly on the back of Liam's neck.

Liam and Laura were unaware that these dots weren't random markings. They were the work of the Zephyr Ape, a hulking ape-like primogem beast notorious for hunting Ghost Wolves.

The Ghost Wolf King had transferred the marks to Liam back when it had clawed Liam.

The glowing dots were a dead giveaway. This meant that Liam had become the hunting target of the Zephyr Ape!

Liam felt a shift within himself, an unsettling feeling he couldn't quite place.

He frowned as the gravity of the situation dawned on him. He realized he might be the target of a powerful primogem beast.

His fears soon came true. A colossal violet blur materialized, landing with a thunderous boom on top of the Lotus Lake.

When the dust settled, Liam gasped, finally seeing the creature's face.

It's the Zephyr Ape!

A sixth-tier, primal force to be reckoned with.

Now, Liam understood the purpose of the markings. He had been targeted by the Zephyr Ape all along!

When the final match persisted, the Zephyr Ape had arrived unseen.

This primogem beast was no mindless brute. Its intelligence rivaled humans. It sensed four powerful presences and the irresistible aroma of Universe Crystal Dew the second it neared the Lotus Lake.

Driven by its hunger for the Universe Crystal Dew, the Zephyr Ape waited patiently until the trio's intense battle subsided and their strength waned. Then, it flashed with a surprise attack.

But a single blow wasn't enough. Its eyes flashing with rage, the Zephyr Ape pounded the ground with its fists, sending tremors through the earth.

In a flash, it descended upon Mateo, the one it had already injured.

Despite its immense size, the Zephyr Ape moved with surprising agility.

Before Mateo could react, the Zephyr Ape landed a devastating blow to his chest, leaving a visible dent.

A crushing force tore through Mateo, assaulting his organs with excruciating pain.

Mateo's scream turned into a choked gasp as he quickly passed out.

Even after taking down Mateo, the Zephyr Ape's savage desire to kill burned bright.

The onlookers watched in terror as the Zephyr Ape pounded its chest and stomped its feet. A ferocious roar erupted from its maw, revealing rows of razor-sharp teeth. It was a display of dominance, a challenge to everyone present.

Then, to everyone's utter shock, the Zephyr Ape spoke in a deep voice. "This territory is now mine! Leave now, or face death!"

The Zephyr Ape wasn't bloodthirsty. It simply wanted to claim the Universe Crystal Dew without risking it being damaged in the heat of a battle.

Once the intruders departed, it would secure the Universe Crystal Dew and continue its mission.

Everyone's face paled at the sight of a primogem beast that could speak. They had never encountered such a creature. A wave of panic washed through them.

The Zephyr Ape possessed the strength of a peak sixth-level Primogem Warrior. They couldn't match it!

Even a coordinated attack from all three groups at full strength seemed futile.

Besides, their recent trials had left their top warriors weakened, and any semblance of unity was a distant
