

Chapter 1109 Strive For Favor

Laura's face contorted into a smirk as Liam finished speaking. She glanced at Shayla and snorted, "Did you catch that? Liam said I saved his life. So, by extension, now that he saved you, you're basically indebted to me! Show me some respect even if you're vying for Liam's affections!"

Determined not to be outdone, Shayla retorted, "I didn't even know you existed when I was by Liam's side! Besides, Liam's seen me naked! That's why he saved me! He feels responsible for me!"

Liam's brow furrowed in response to Shayla's bluntness.

This wasn't the first time she had brought that incident up, and while it was true, seeing her naked had been entirely unintentional.

Shayla had taken the initiative to do that.

Unaware of the details, Laura's cheeks puffed out in anger.

Her glare darted between Shayla and Liam. "So many affairs, Liam? You told me you only cared about your wife. Were you just playing the faithful husband role?" she said, her voice dripping with sarcasm.

Liam sighed. "It wasn't my doing. Shayla took the

affairs, Liam? You told me you only cared about your wife. Were you just playing the faithful husband role?" she said, her voice dripping with sarcasm.

Liam sighed. "It wasn't my doing. Shayla took the initiative to do that, and it's not like I could control her."

Laura, fueled by a strange competitive spirit, blurted out, "Fine! Shayla got naked for you, so I will, too! It doesn't matter to me. You'll also be responsible for me after seeing me naked!"

Liam felt a jolt of disbelief, taken aback.

Laura, however, was a woman of her word. She began unbuttoning her blouse, determined to follow through.

Thankfully, Liam intervened before she could expose herself.

He frowned, feeling resigned. Shayla was hard enough for him to deal with, and now, Laura was behaving the same way.

Exhausted by the situation, Liam said, "Enough! Julie is the only woman I love. You're both just my friends!"

The moment the words left Liam's lips, both Laura and Shayla spoke at once, questioning him.

This unexpected moment of unity left them staring at each other in surprise.

Then, they both snorted in unison and looked away.

Shayla's expression turned serious as she met Liam's gaze. "Liam, one question. Do you truly have no feelings for me at all?"

Laura, ever direct, grabbed Liam's hand and pressed it against her chest. "Liam, you know how I feel. I

don't ask for much, just to be with you forever. I'm willing to be with you even though you have a wife. But do you feel nothing for me?"

Liam squirmed under their advances, his focus entirely on the sensation of Laura's chest. How could he possibly think straight?

His mind in a jumble, Liam recognized he couldn't dwell on this forever. To divert their attention, he brought up the topic of the Zephyr Ape.

"We're not safe yet. The Zephyr Ape will find us eventually. We need a plan," he said.
