

Chapter 1115 Liam's Determination

Liam paused before leaving, stealing one last glance at Laura.

"If I don't make it back," he began, his voice heavy. "You need to carry on. Live a good life. After you leave the secret realm, contact Carlden and Master. Don't dwell on revenge, but if possible, please help me save Julie and Asher."

Laura's mood was already sour. Liam's words felt no different than a final farewell. It plunged her further into despair. Tears welled up in her eyes.

However, seeing the unwavering resolve on Liam's face, the very words she longed to say—to accompany him—died on her lips.

Choking back sobs, Laura managed a heavy promise. "I will," she said.

A small smile played on Liam's lips. He reached out, gently ruffling her hair. "Be safe," he murmured.

With that, Liam turned and resolutely strode out of the valley.

Laura watched Liam's retreating figure, her heart heavy with a sadness she couldn't hide. Wiping away her tears, she forced a smile and waved him goodbye.

As Liam pressed on towards the Lotus Lake, he felt the Zephyr Ape's power intensifying with each passing step.

He took a deep breath to steady himself, his mind racing with possibilities.

He soon arrived at the Lotus Lake.

A vast expanse of purple light enveloped its surface, and within its depths, there was a colossal ape-shaped shadow. It was undoubtedly Zephyr Ape undergoing its breakthrough.

Fully absorbed in the process, Zephyr Ape remained oblivious to Liam's presence.

Maybe it had sensed Liam, but its focus on reaching the next level rendered Liam irrelevant.

Liam held back, opting for observation first.

He keenly detected a massive energy sphere forming above the Zephyr Ape, continuously nourishing its immense body.

At its core pulsed Zephyr Ape's beast crystal. Liam knew that this was the unique way for the primogem beast's breakthrough.

This realization sparked a surge of excitement in Liam. It was the perfect opportunity.

The Zephyr Ape, consumed by the process, wouldn't be able to defend itself against an attack now.

An idea began to take shape in Liam's mind.

Reaching the peak of Lotus Lake, Liam spotted four unabsorbed drops of Universe Crystal Dew.

Without hesitation, he snatched them.

The Zephyr Ape undoubtedly sensed his intrusion and the theft of the remaining Universe Crystal Dew.

Liam had clearly spotted the Zephyr Ape's form shifting slightly within the purple light.

Yet, it remained focused on the breakthrough and completely ignored Liam.

It was confident it could kill Liam afterward and reclaim the Universe Crystal Dew.

However, what the Zephyr Ape hadn't anticipated was Liam's continued ascent after stealing the Universe Crystal Dew.

Liam's aim was clearly the Zephyr Ape's beast crystal!
